BOARD OF  
COUNTY COMMISSIONERS

## Message From Your Clerk

### To the Citizens of Pinellas County

As your elected Clerk, I serve as the Chief Financial Officer of the Board of County Commissioners and share fiscal responsibility for county funds with them. It is my pleasure to provide you with the Pinellas County Debt Report. The purpose of this report is to present information related to the debt of the County clearly and concisely so that you may understand the extent, nature, and purpose of the debt. This report provides a detailed look at the County's debt as of September 30, 2025, a ten-year history showing the change in debt over time, and a comparison of Pinellas County's debt with four other Counties of comparable population.

The Finance Division of the Clerk of the Circuit Court and Comptroller issues an Annual Comprehensive Financial Report (ACFR), which conforms to generally accepted accounting principles. The ACFR is subject to an annual audit by independent auditors who opine that the report presents fairly the County's financial condition for the fiscal year. The information presented in the Debt Report is consistent with the disclosures in the ACFR.

The Finance Division also prepares the Citizens' Guide to County Finances, which briefly analyzes the source and use of county revenues during the current and three previous fiscal years. This report gives the Citizens an easy-to-read synopsis of the County's financial health.

The ACFR and Citizen's Guides are available at [mypinellasclerk.gov/Home/Finance#60691-financial-reports](http://mypinellasclerk.gov/Home/Finance#60691-financial-reports).

We hope this report helps enhance your understanding of the County's debt. If you need additional information or have questions about the report, please do not hesitate to contact my office for assistance at (727) 464-8300 or email [clerkinfo@mypinellasclerk.gov](mailto:clerkinfo@mypinellasclerk.gov).

Sincerely,

A handwritten signature in blue ink that reads "Ken Burke". The signature is fluid and cursive, written over a light blue background.

# Types of Debt and Debt Ratings

## Types of Debt

Local government debt is generally categorized as general obligation debt, non-self-supporting revenue debt, or self-supporting revenue debt. As of September 30, 2025, Pinellas County reported no outstanding balances for general obligation or non-self-supporting revenue debt, and \$57,244,000 in self-supporting revenue debt.

1

### GENERAL OBLIGATION DEBT

pledges the full faith and credit of the County, with general taxing power as the repayment method.

The County had no general obligation debt outstanding at fiscal year-end.

2

### NON-SELF-SUPPORTING REVENUE DEBT

pledges a specific revenue source as a method of repayment of the outstanding debt. This type of debt is a special obligation of the County and does not constitute a general obligation.

The County had no non-self-supporting revenue debt outstanding at fiscal year-end.

3

### SELF-SUPPORTING REVENUE DEBT

by user revenues generated from operations.

In Pinellas County, revenues from the Sewer System have been pledged to repay outstanding debt.

Note: The interest rates listed in each debt issue represent the current fixed rates for the outstanding maturities. Currently, all County debt is in the form of bank loans, which are not rated.

## Debt Ratings

Many debt issues are assigned a rating by a rating agency, such as Moody's Investment Services, Inc., Standard & Poor's Ratings Services, and Fitch Ratings. The rating is an important factor for determining an issue's marketability and the interest rate the County will pay. Investors rely on ratings to make investment decisions and underwriters to decide whether to underwrite a particular issue.

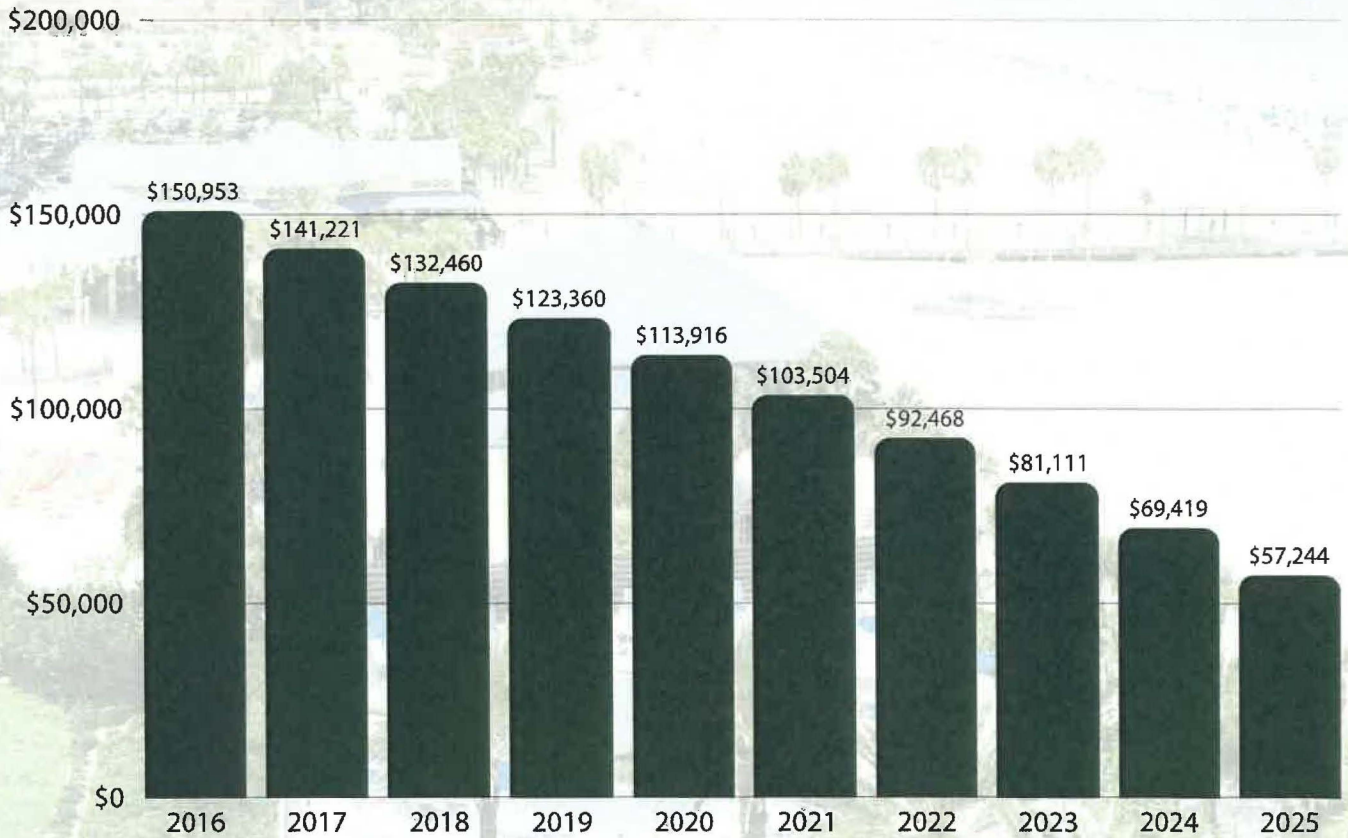

For a debt issue to be rated, the government must contract with a rating agency and pay a fee. The government provides the rating agency with operational and financial information. The agency assesses the risk and rates the debt issue based on a detailed analysis of this information. Although somewhat different in their letter usage, debt is rated in descending order. Debt rating codes may be appended by Moody's (1, 2, or 3), Standard and Poor's ("+" or "-"), and Fitch ("+" or "-") to denote relative status in a major rating category.

RATING	MOODY'S	S&P	FITCH
Highest Quality	Aaa	AAA	AAA
High Quality	Aa	AA	AA
Upper Medium Quality	A	A	A
Medium Grade	Baa	BBB	BBB
Somewhat Speculative	Ba	BB	BB
Low Grade, Speculative	B	B	B
Low Grade, Default Possible	Caa	CCC	CCC
Low Grade, Partial Recovery Possible	Ca	CC	CC
