Happy Friday!

In advance of your BOCC meeting on Tuesday, September 21st, and your consideration of the Interlocal Agreement to bring the Cross Bay Ferry back to Tampa Bay for another season, I am forwarding you the attached letters of support from members of our Board of Governors.

You will find letters from small business owners, bank officers, non-profit leaders, and hospitality operators. You will also hear from our Young Professionals, the future of our region.

I humbly ask that you consider this outpouring of support when voting on the Cross Bay Ferry ILA on Tuesday.

As always, I am available if you have any questions and I will be in attendance on Tuesday to make a statement on behalf of the St. Pete Chamber.

Have a great weekend and thank you for your service to our community!

Matt

Clearwater, FL 33756

Dear Commissioners,

As a nonprofit organization, representing the arts community within Pinellas County, I want to express my support for the return of the Cross Bay Ferry.

The Ferry has been a positive driver of economic activity in Pinellas County during its operation and the plan to expand service over the next 4 years is a move in the right direction.

The ferry keeps cars off our roadways and provides a fun, safe, and unique experience that delivers day-trippers to our local businesses and our museums, galleries, performance arts and other arts venues.

I stand with the St. Petersburg Area Chamber of Commerce and the City of St. Petersburg in asking the BOCC to provide the modest subsidy necessary to bring the Cross Bay Ferry back this year.

Sincerely,

Terry Marks, CEO

Clearwater, FL 33756

Dear Commissioners,

As a local business leader in Pinellas County and past Chamber Chair, I want to express my support for the return of the Cross Bay Ferry.

We have been strong advocates for transportation and the Ferry has been a positive driver of economic activity in Pinellas County during its operation and the plan to expand service over the next 4 years is a move in the right direction.

I personally chatted with a young couple who had a baby in a stroller who had come across the Bay for a Rays game. They said they would not have come without the Ferry. The ferry keeps cars off our roadways and provides a fun, safe, and unique experience that delivers day-trippers to our local businesses and gives our residents alternative means to attend Lightning games and concerts in Tampa without the need to drive or find parking.

I stand with the St. Petersburg Area Chamber of Commerce and the City of St. Petersburg in asking the BOCC to provide the modest subsidy necessary to bring the Cross Bay Ferry back this year.

Sincerely,

Anne

September 9, 2021

Pinellas County Board of County Commissioners
315 Court Street #501
Clearwater, FL 33756

Dear Commissioners,

As a local business leader in Pinellas County and someone committed to equitable, accessible transportation, I want to express my support for the return of the Cross Bay Ferry. My years of volunteer service as Transportation Committee chair and then Advocacy vice-chair of the St. Petersburg Area Chamber of Commerce brought home to me the need for a variety of transportation options to support our businesses and our communities.

The ferry has been a positive driver of economic activity in Pinellas County during its operation. The plan to expand service over the next four years is a move in the right direction.

The ferry keeps cars off our roadways and provides a fun, safe, and unique experience that delivers day-trippers to our local businesses. It also gives our residents alternative means to attend Lightning games and concerts in Tampa without the need to drive or find parking. Given how tied our community is to the water that surrounds us, a reliable ferry service seems an essential transportation option.

I stand with the St. Petersburg Area Chamber of Commerce and the City of St. Petersburg in asking the BOCC to provide the modest subsidy necessary to bring the Cross Bay Ferry back this year.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Martha Boden', is written over a light blue circular stamp.

spread the **humanity**.

Pinellas County Board of County Commissioners
315 Court Street #501
Clearwater, FL 33756

Dear Commissioners,

Thank you for your commitment to our great Pinellas County. We recognize your continued leadership and commitment to making our county and region a great place to live, work, and play – particularly for young professionals.

As the Executive Board of the St. Petersburg Young Professionals, we write you today to express our disappointment in the lack of commitment to the Cross Bay Ferry. As young professionals, we enjoy the vibrant, eclectic city of St. Petersburg and the Tampa Bay region that we live in. Many of these reasons why we chose to call this place home involves the numerous events that are constantly happening in the Tampa Bay Region. This includes sporting events, concerts, music festivals, shows, performances and other festivities that are all part of what made us choose to call St. Petersburg, Pinellas County, and greater Tampa Bay home. As Young Professionals that live in St. Petersburg but work all over the Tampa Bay region, we are reminded that the entire region has an impact in our lives. A big impact however is the lack of transportation options.

We believe that the Cross Bay Ferry has brought an exciting new model of transportation to get back and forth between downtown St. Petersburg and downtown Tampa. While we understand that the ferry can be greatly improved, doing away with it would be a major step backwards. Routinely we have been planning our schedules and activities to travel back and forth in Tampa Bay on the weekends around the ferry schedule. Getting to enjoy beautiful Tampa Bay while arriving to a night out in either city has only enhanced our entertainment options and outlook on the progress of transportation in this region.

The ferry is successful by keeping our cars off of our roadways and provides a fun, safe and unique experience that delivers Tampa Bay citizens back and forth to their favorite destinations.

We support the St. Petersburg area Chamber of Commerce and the City of St. Petersburg in asking the Board of County Commissioners to provide the modest subsidy necessary to bring the Cross Bay Ferry back this year.

The St. Petersburg Young Professionals choose to call the Sunshine City our home because we believe there is no better place to live, work or play. We support any effort in keeping the Cross Bay Ferry a transportation option for years to come.

Sincerely,

Brittany Ranew
Chair of St. Petersburg Young Professionals

The following individuals unanimously approve this effort in keeping the Cross Bay Ferry.

Re: Cross Bay Ferry BOCC Board Letter

Dear Commissioners,

As the owner of several bars and restaurants in Pinellas County (the Mandarin Hide, Trophy Fish, etc.) as a shareholder at the law firm of Johnson, Pope, Bokor, Ruppel, & Burns, LLP, I want to express my support for the return of the Cross Bay Ferry.

The Ferry is a huge success and provided a great economic impact to Pinellas County during its operation. The plan to expand service over the next four (4) years is a move in the right direction to provide an additional important link to not only Downtown Tampa, but to East Hillsborough and MacDill Air Force Base as well.

The ferry keeps cars off our roadways and provides a fun, safe, and unique experience that delivers day-trippers to our local businesses and gives our residents alternative means to attend Lightning games and concerts in Tampa without the need to drive or find parking. More importantly, in a time where labor is at a premium, especially in the hospitality industry, the ferry provides an affordable and an efficient transportation options to allow people around Tampa Bay to fill employment opportunities which will make a significant economic impact to our community.

I stand with the St. Petersburg Area Chamber of Commerce and the City of St. Petersburg in asking the BOCC to provide the modest subsidy necessary to bring the Cross Bay Ferry back this year.

Direction of Inquiry	General Information
Subject	Tampa - St Pete Ferry
Message	PLEASE fund the ferry! We live in The Vinoy Place and watch as so many individuals come from Tampa and go to Tampa multiple times a day. This service is instrumental to our tourism both in Tampa and St Pete and has enabled us to enjoy going to Tampa without the inconvenience and drain on our highway infrastructure. Our two cities have the opportunity to become the most wonderful environments in which to live and enjoy life as well as becoming established as international destinations...let's not lose that opportunity. Please continue to fund this amazing transportation opportunity for our cities.

Please vote "Yes" to continue and expand the Cross Bay Ferry.

As our county continues to grow, alternate forms of transportation must be developed. Adding more bridges, car & bus lanes is not the answer.

Please vote "Yes."

Thank you,

Sally Behler

Message

I have use the Cross Bay ferry service a couple times, and found it to be wonderful experience! I believe that it needs to remain a travel alternative for our community , and should by all means be kept afloat.
It is a draw for both residents in our community, and for all the visiting tourists, and folks who winter here.
We should keep it for out future generations!

Your Stand on the Issue Support

Comments
The ferry is a wonderful tourist attraction for each side of bay. Ferry service could be expanded for commuter traffic....check out Stockholm, where ferries are an essential part of transportation. Honestly, it is time to build for the future....too much auto traffic and there is a need to be bold and creative. Ferry issue has not been given that....time to dream and build for the future.

Janet,

Please inform the county commissioners that my wife and I both support this Ferry project as we enjoy the ease of going to downtown Tampa from downtown St. Pete to see the Tampa Bay History Museum, the Aquarium and Hockey games. This Ferry Boat is so convenient, inexpensive and is a safer route for us than driving.

In addition, it provides locals and tourists an opportunity to meet and for the locals to enhance the experience of the tourists by providing them additional information about St. Pete and suggestions of places to see and things to do while here.

We hope they will vote in favor of the project.

Thanks,

Steve

Dear County Commissioners,

As a resident of Pinellas County, I'd like to ask you to please vote yes for keeping the ferry service active. My sole reason for asking you to do so is on behalf of my sister. She currently lives with learning disabilities that prevent her from driving. She is an avid sports fan who attends every sporting event: Rowdies, Rays & Lightning. Our family has season tickets to all so that she can continue to support her teams. The ferry provided her a whole new freedom no other opportunity could provide. In the event one of the family members is unable to take her to Tampa, living across the street from the ferry dock, it is safe for her to walk to catch the ferry, attend the lightning games and catch the ferry home. She made friends with staff of the ferry, she made friends with fellow lightning attendees, all on her own. There is no replacing the freedom this ferry provides to individuals like my sister. Thank you for your consideration!

Hello my name is Scott Nicholls. I live at 865 5th Avenue North St. Petersburg, FL 33701 and I am writing you today in support of helping to expand the ferry service and getting it to a base to where it is self sufficient for commuter and tourist purposes. I live in 33701 and do not own a car. I mainly use PSTA for any transportation needs outside of downtown. When going to Tampa I rely on Uber or Lyft or a friend which is still being in a single use car contributing to traffic and pollution. I have used the ferry service before for my out of town guests and absolutely loved it and would be my preferred method of travel for my guests and myself when when going over to Tampa for the weekends. The last time I rode it, it was nearly sold out. I know there is a strong demand for a year round regular service. Thank you for your time reading this and considering the economic and quality of life benefits a year round permanent service would provide to our communities here in Pinellas County and in Hillsborough County.

Scott Nicholls.

Dear Commissioners:

Please vote YES on Expanded Ferry Service. It is a tourist and local delight, as well as providing some traffic relief and incremental public transport benefits. I have enjoyed it many times myself and look forward to having it is a much expanded option throughout the year. From everything I have read about it, the ferry service would also generate a strongly positive ROI!!

Thanks in advance for your support!!

Best,
Mark

My name is Joanna Ward and I have lived in in downtown St.Petersburg since 1993. I have witnessed many changes and improvements to our city.

One of the best advancements has been the addition of the crossbay ferry service. It helped me enjoy and explore our local Tampa Bay communities that I otherwise would never visit as a consumer because of the HUGE aggravation of traffic and the bother or cost of parking.

I know for a fact there were others like me that lived in Tampa, utilizing the ferry, because of many conversations I had.

It's really sad to think anyone would not want to keep this service in place while figuring out the details of the operations.

Please do not take away one of the BEST things to happen to our city.

Thank you for your time and consideration,

Mrs. Joanna Ward

Please vote yes to keep the crossbay ferry service and to make it a permanent service with expanded Tampa destinations like McDill. This yes vote will alleviate some of the traffic, bring revenue to both cities, and be one more way to expand access to employment and entertainment in the Tampa Bay area.

Thank you
Kathleen

Hello to all and thank you for your consideration,

As a year-round resident of St. Petersburg, I urge you to vote in support of the expanded ferry service to Tampa.

I grew up in St. Pete and over the years I lived in other cities. I believe that the #1 thing holding back our region is a lack of good public transportation.

Ferry service - not a novel idea but something that is operating in hundreds of cities - will help people get to work, but it will do more than that. It will create an inviting way for people to visit St. Petersburg and Pinellas County for recreation. When the Sunrunner begins service next year, it would be possible to travel from downtown Tampa to St. Pete Beach in a little over an hour, without having to worry about traffic or parking.

A reliable and frequent link between the two largest downtowns in our region would be a huge asset for all. Please vote accordingly.

Please vote YES to continue and expand the Cross Bay Ferry. I personally have used the service many times. It is a great connection between Tampa and St Pete, not only for a reduction in road traffic but for businesses on both side of the bay. Additionally, it is a valuable economic driver, safer than driving and overall, just a wonderful experience for both locals and tourists.

Sincerely,
Juniper Duffin Rodriguez

Please vote in support of the Cross Bay Ferry service to extend to a year round program. I personally have found the service to be helpful mode of transit when I attend events in Tampa. Instead of driving and trying to find a parking spot, it is much more convenient to take the ferry when it is available. If the ferry was an option, I think attendance at the Rays games would see an increase as well as other Pinellas county destinations, bringing in more visitors. I also can envision that it could become a commuter option, depending on service hours.

This summer, while visiting my daughter in Sausalito, California - I took the ferry between Sausalito and San Francisco on two occasions. There are 2 different companies providing services. One operates during commuter hours and has a much upscale vessel with nicer seating, wi-go and amenities and docks at the Main Ferry Building while the other is more directed at tourist who just want to enjoy the trip across the bay, avoid traffic and parking hassles and drops off at Fisherman Wharf.

I enjoy taking the ferry and hope to have it as a year round transportation option. Please support by voting in favor of this service for the residents and visitors to Pinellas County.

Thank you,

Martha Shibley

I have really enjoyed taking the ferry ride to and from Tampa with groups of friends. But it is also a very practical solution for easing traffic and parking. I'd say it is environmentally friendly as well! It's a win/win! Please vote to extend the service to eventually make it a permanent option! Thank you!

Dear Commissioners

I wanted to add my voice to those who support the Cross Bay Ferry Service. I live in Uptown, St Petersburg, and have used the service for both work-related trips and for many enjoyable days entertaining tourists and friends in the area. Like most modern and forward-looking cities situated by such a rich water resource, St. Petersburg deserves a good, reliable, extensive ferry system! Please vote to continue this excellent beginning and keep the Cross Bay Ferry alive!

Respectfully,
Darius Suziedelis

Pinellas county thrives due to its connection with our waterways. This is why I always support the conservation efforts for our waters but at the same time encourage everyone to enjoy them as well. The Tampa Bay ferry project will take thousands of cars off our crowded roadways and bridges every week. It will connect our region with an easy, fun and congestion-proof travel option. And it will remind people as they travel across the bay of a precious resource they should both enjoy and conserve and by taking so many cars off the roads they are helping with that. This also allows Pinellas residents to enjoy events in neighboring counties that we would otherwise not want to join. I for one love taking the ferry to see lightning games for example.

Please vote YES to continue to expand the cross bay ferry service.

Good Morning,

It was brought to my attention that the fate of the crossbay ferry is in limbo.

I for one believe it is a vital resource to our ever growing metropolis. We need less lanes for car traffic, but more safe ways of getting people around outside of streets and highways.

Not only should the crossbay ferry stay in place, it should be expanded to include the rest of the calendar year, and at least another ferry to accommodate the volume of users.

As a city of St.Petersburg resident, I have personally used the ferry to attend events across the bay. The tickets are always sold out, showing the great demand for this means of transportation.

Thank you for your time and please feel free to reach out to me with any further questions or concerns.

CAUTION: This message has originated from outside of the organization. Do not click on links or open attachments unless you are expecting the correspondence from the sender and know the content is safe.

Dear Commissioners:

A permanent ferry service would be an unparalleled asset to the Tampa Bay area. As a native of St Pete and now a resident in Tampa working downtown, I implore you to not only to vote for a regular service, but to create passes for residents that would put us on par with other major US cities. I've taken this ferry—accessed it by bike—and took part in the vibrant arts and culture offerings of both port cities. It is priceless to be able to commute without the bridges, and I hope you will consider installing this route for COMMUTERS and RESIDENTS by expanding hours of service. More than tourists reside in Tampa Bay. Make this a place a young professional like me, and her family, wants to stay.

Thank you.

All the best,
Amanda Sieradzki

Hello!

As a tax paying citizen of Pinellas county, I urge you to please vote yes to continue and expand the cross bay ferry on Sept 21! I love the cross bay ferry and think that as a permanent structure, we will rise to the likes of other cities with ferries, like Seattle and New York.

thank you!

Dear Commissioner,

First, We're surprised that we're having to write to you a second time to ask for your vote for year-round ferry service between St. Pete and Tampa.

Given the miniscule subsidy compared to your budget for other, less attractive transportation alternatives, this seems like a no-brainer.

All of the other stakeholders have voted in unanimity to support this. Please add your names to the list.

Thank you for your vote!

Genuinely,
Steven D. Dobbs & Family

I cannot think of a single rational reason to oppose a small subsidy to get the ferry service started. This would not be either a burdensome or permanent subsidy - just a modest contribution to get the project underway. Less than a total of \$250,000 from Pinellas County for a huge quality of life benefit for County citizens. Please - just do it!

Please vote yes. We live in Madeira Beach and utilize the ferry. We were looking forward to having the ferry year round. Now we understand there might be a chance the ferry will not happen at all. In the Tampa Bay Area, there is no mass transit across the bay. It was very convenient to use from St Pete to Tampa especially for an event at Amelia stadium. The Bay Area is only going to grow. It is a great tourist destination.

Please vote yes for our future plans

Jean Reed

I firmly SUPPORT the St. Petersburg:Tampa Cross Bay Ferry Service for the following reasons:

- By gathering important information on demographics, usage, and cost, it will shape the foundation for development of future transportation options between St. Petersburg and Tampa, i.e., providing enjoyable and affordable options of access.
- It brings the cities of St. Petersburg and Tampa closer together in commercial partnerships and culture by making the lines of communication more efficient and attractive, i.e., access to restaurants and other social venue.
- Like the pier, it will become an integral part of the long-term iconic image of the Tampa Bay physical ecosystem, e.g., Sydney, Australia.

Dear County Commissioners;

I ask for you to support the Cross Bay Ferry as a way to bring out community together. Each time we add cross pollination to the community we grow. All hands on deck. Clearwater has the fabulous world famous beaches and the bike trail along the Courtney Campbell Causeway. The opportunity to visit Tampa's waterfront via this ferry is a great asset. We are a destination and every amenity that adds distinction increases value. Someday perhaps I will be able to take a ferry from downtown St Pete for a leisurely journey to Clearwater beach. Driving is not the best way to get around.

Dear County Commissioners,

Transportation is a key issue for the Tampa Bay community, and the Cross Bay Ferry is a WONDERFUL addition to our choices! As automobile travel --whether commuting to work or going about daily errands--proves to be more and more problematic, the option of direct travel across the water is a great alternative.

As retirees who prefer not to drive long distances for evenings out, we have used the ferry for excursions to go to Tampa for dinner and an orchestra concert or other events there. It is easy, safe, and inexpensive to Uber from the ferry dock to the performing arts hall or restaurant, then return the same evening. The boat ride is a pleasure and an experience worth having just in itself!

The Ferry is a convenience and a draw for both tourists and local residents.

We have experienced the Seattle ferries and know how this can be a backbone for commuting and bringing an area together. Please support continuing and expanding the Cross Bay Ferry.

Sincerely,

Susan Betzer
St Petersburg resident and voter

Please vote yes to expand the Pinellas/Tampa ferry. I am a meet up organizer, and there is a huge amount of interest in doing fun day trips going across the bay. It would be a boost for businesses as well as keep cars off of the road. We would do it more often, if there were more availability.

Best regards,

Susan M. Fenster

I cannot think of a caring and logical reason to vote against permanent Ferry Service. It takes cars off the road, brings people together and it's a lovely ride.

Please vote in favor,

Arnold Freiman

Everyone else has voted yes, but you all won't? Does one of your cousins own their own ferry company or something? This is ridiculous. This is a great benefit to our counties. Vote yes.

Dear Commissioners,

Please vote yes to keep the Ferry going. It is good for residents, tourists and families. Please give it a chance to become sustainable without government assistance.

Thank you for your consideration,

Georgia Earp

Please support the cross bay ferry service to move towards a year round schedule.
I believe the ferry is a quality of life feature that both residents and visitors find exciting.
Our out of town guests are always anxious to explore the waterside in Tampa from the ferry.
Sincerely,

Ed Everett
St Petersburg

Dear County Commissioners

I am writing today as a 4-year resident of St. Petersburg who has found the Tampa Bay Ferry to be a super convenient and affordable commuting service from St. Pete to Tampa. The current schedule eliminates the need to cross the bridge at evening rush hour - typically 1 hour commute time - and the need to pay to park for events in Amalie Arena and the Straz, and other events in Tampa. It is scenic, relaxing and most importantly puts you front and center in the middle of our vibrant waterfront communities. It is a highlight for tourists to enjoy our area, as well.

My husband commutes to Tampa and would take the ferry when service extends into more working time hours.

We are a BAY Community, and like other vibrant Waterfront communities (i.e. San Francisco, NYC/NJ to name a few), we should have a Water transportation system that is available all year.

PLEASE VOTE YES TO pay the fees requested to expand the ferry service.

Subject: Ferry Service = Less Cars On the Road

Follow Up Flag: Follow up
Flag Status: Flagged

CAUTION: *This message has originated from outside of the organization. [Do not](#) click on links or open attachments unless you are expecting the correspondence from the sender and know the content is safe.*

By utilizing our waterways we are taking more traffic off of our more populated roads. We have seen a huge increase in population in recent years and it would be wonderful to have more public transportation options. This would greatly help with the emission rates by taking less people off the road. We need to exist together and take care of the world we live in, even if it means we have to sit on a boat together. I mean can you think of anything worse? lol

By voting no on this, you are continuing the thought process that only cars exist. We have boats and trains that will lessen the burden on the planet. Please think about how other major cities operate and how you see the future of Pinellas county. We could one day be a big city with the current population uptick.

It's in your hands to be a little more forward thinking. Don't fall behind.

Best,

Kirsten

Hi folks,

My name is Dayna Himot and I am a registered voter in St. Petersburg. I am also 100% car-free, and I pay my taxes.

In the last three years, I've bike commuted more than 6,000 city bike miles, and I love being able to reduce the number of cars on the road and a healthy environment.

One of my favorite things to do is ride the ferry over to Tampa and bike around, catch a show or try new cuisine.

Without the year-round Ferry service, I miss out on many opportunities personally and professionally that I would love to experience.

I should note that I have my driver's license; I choose not to drive because traffic is out of control. I have found that as a 50-year-old woman, bike commuting keeps me in the best shape, and I am a lot happier. I think a lot more people would be happier too if they knew how easy it is to take their bike on the ferry and go to Tampa, and in general if there are fewer cars on the road in general.

I also love telling friends and family when they fly into Tampa to take an Uber downtown and ride the ferry over.

I love Pinellas County, and I love Florida; I love living in St. Petersburg. I hope you would consider adding to our quality of life by removing unnecessary traffic and help connect our communities with year round Ferry Service.

Thank you for all of your hard work!

Dayna Himot
St. Petersburg, FL 33713

Legislators:

Please seriously consider approving the Tampa Bay Ferry proposal. Governor DeSantis is allocating millions of dollars into infrastructure improvements in Tampa Bay and adding Ferry service would assist commuters in a big way, taking off the pressure on their daily commutes. We use this Ferry Service often and it's a relaxing way to cross the bay. Lastly, we have this natural water resource, let's utilize it for the betterment of all in Tampa Bay.

Hello,

Thank you for your ongoing support of the Ferry Project to make it full time. It adds value and convenience to experience both cities from it's best side. I will certainly use it often and spread the word.

Hopefully this will become an all year reality sooner than later!!!

Sincerely,

Bernie Lutz
