Dear Mr. Woodard:

Please find enclosed a copy of the adopted City of St. Pete Beach Community Redevelopment Plan. The City of St. Pete Beach City Commission reviewed and adopted the revised plan along with amendments presented on the floor at their March 8th meeting. The City is requesting placement on the Board of County Commissioners public hearing calendar for April 12th, 2016 to authorize the BCC's consideration of the Plan on April 26th, 2016 and the delegation of authority to the Community Redevelopment Agency to advertise and establish the Tax Increment Financing for the Plan. I have also provided you a memo from me to the City Manager outlining the changes that were made from the December 2015 Plan. This process is as provided for by §163.346, Florida Statutes.

If you have any questions, please contact me.

Best Regards,
