\* The "Project Amount" may change during final reconciliation at closeout as projects are obligated based on estimates.

\*\* The "Project Amount" used for these projects differ from the "Attachment A Budget and Project List" in the funding agreement. This is due to receiving updated costs estimates or actuals after the project was obligated.

\*\*\* The figure used for DAC is the anticipated amount that the County will spend on project management costs. This estimate does not include the total amount allotted to us (5% reimbursement cap) by FEMA.
