Re: Award/rescind of award for contract 167-0188-B(LN)
Odor Control Units – Preventative Maintenance and Repair

Dear Mr. Heuckeroth:

Your firm, DOer Products and Services, responded to a Pinellas County bid solicitation (167-0188-B) released March 8, 2017 pertaining to a contract for odor control unit's preventative maintenance and repair.

Your firm was the apparent low bidder; award of a contract to your firm was approved by the County Administrator on May 23, 2017.

After a protracted period of time, your firm was not able to meet staffing requirements and did not provide the necessary proof of certification as required in the bid document. As a result, the County Administrator rescinded award to your firm and approved the award of this contract to the next lowest bidder.

Due to your firm's inability to perform after contract award, per County Code 2-161(b)(1), DOer Products and Services has been suspended from participation in the Pinellas County contracting process for a period of two (2) years. Your firm is excluded from receiving new contracts, awards or otherwise providing new goods or services during this two (2) year period and will not have bids, proposals or quotations considered by Pinellas County. The date is effective July 26, 2017 through July 25, 2019.

Sincerely,

Joe Lauro, CPPO/PPB
Director of Purchasing
