Judiciary

Sixth Judicial Circuit: Shawn Crane, Chief Judge

OMB Analyst: Veronica Ettel

Purpose

The Judiciary includes operational and administrative support for the Circuit and County Courts within Pinellas County. The Board of County Commissioners provides funding for statutorily required positions, communications, technology, and certain local option programs.

Budget Summary

| Grand Total | 44.2 | 46.3 | 46.3 | 47.3 | 49.3 |

Budget Drivers

- The total FY26 Budget increases \$329,980 (5.5%) to \$6.4M.
- Personnel Services is increasing by \$205,330 (4.5%) to \$4.8M. The changes include pay adjustments made during FY25, and \$50,060 (11.8%) primarily due to a projected 8.0% increase in FRS rates for FY26.
- The FTE count increased to 49.3 with the addition of two grant funded positions for the Drug Court during FY25.
- Operating Expenses increase by \$125,030 (9.8%) to \$1.4M primarily due to increased cost of technology supplies and intergovernmental charges for Risk Management.
- There is no increase in the Capital Outlay Budget. Most of the funds are for equipment in Court Technology and resources for the Law Library (West Law print and online access, Lexis publications, and other legal publications).

FY26 Decision Packages

• Court Program Specialist III (CPS)/Mental Health Court (ranked 1, \$87,570, recurring)

- The Court seeks a 1.0 FTE Court Program Specialist III/Mental Health Court position to continue direct case management support for individuals presenting with mental health and substance abuse disorders in the criminal justice system. This position, which works very closely with the Mental Health Court (MHC) Program, facilitates service connection and supervision for defendants with mental health diagnosis. The position is currently funded by a grant awarded to Pinellas County Government through the Bureau of Justice Assistance and is operating under a No Cost Extension with a project end date of September 30, 2025.
- The funding presented in this document includes the County Administrator's preliminary recommendation not to fund this decision package for the FY26 Proposed Budget.

• Court Technology Office (CTO) Security Analyst Position (ranked 2, \$87,000, recurring)

- With the consistently increasing numbers of cybersecurity incidents and threats to the Courts IT networks; and the increasing amount of time and resources being allocated to it, the CTO are requesting a dedicated Security Analyst position to assist with securing the Pinellas County enterprise network. BTS secures and provides support to the network, but it is the Court Technology Office's responsibility to administer and secure the Courts' sensitive electronic data, Windows Active Directory (AD) domains, Office 365 (O365) tenant, thousands of endpoints and network based electronic systems that are independent from the County.
- The funding presented in this document includes the County Administrator's preliminary recommendation not to fund this decision package for the FY26 Proposed Budget.

Budget Summary by Program and Fund

Court Technology

Funding as required by Article V of the State Constitution to provide all reasonable and necessary technology and communications functions for the Judiciary. Funding is partially supported by Court fees. Includes technical support to the judges and staff; video and audio systems; computer systems and networks; new products and upgrades to applications; training; and teleconferencing, video conferencing, and case management system support.

| | FY22 Actual | FY23 Actual | FY24 Actual | FY25 Budget | FY26 Budget |
|--------------|-------------|-------------|-------------|-------------|-------------|
| General Fund | \$1,977,082 | \$1,900,765 | \$2,086,995 | \$2,323,110 | \$2,448,940 |

| Grand Total | 12.0 | 12.0 | 12.0 | 12.0 | 12.0 |

Court-County's Statutory Requirements

Funding as required by Article V of the State Constitution for certain court-related activities such as communication costs associated with Court Operations - including telephone fax and network communications. Contains the Guardianship Monitor Program which supports the Probate Judges to ensure that the requirements of court rules and statutes pertaining to guardians are followed, and the Alternative Sanctions Coordinator who attends detention calendars to link families to community social services and provides information to families in unusual or difficult delinquency cases making referrals as appropriate. Included are Intergovernmental Risk Management cost allocations.

Teen Court

Non-judicial juvenile diversion program for youth under 18 years of age as part of the Juvenile Arbitration Program. Teen Court's purpose for the teen offender is to interrupt developing patterns of criminal behavior in juveniles by promoting self-esteem, motivation for self-improvement, and a healthy attitude toward authority.

| Grand Total | 6.0 | 5.0 | 5.0 | 5.0 | 5.0 |

Juvenile Behavioral Evaluation

Supports the Unified Family Court by providing information regarding the social, emotional, behavioral, and cognitive abilities of juveniles, the overall functioning of the family, the child/adult's competence to understand proceedings, and recommended sanctions based on treatment needs. Enhances the safety and well-being of the community through client referrals for psychiatric evaluations and further treatment as deemed appropriate. The program was expanded with new Juvenile Welfare Board funding in FY18 to 1) provide follow-up assistance to families in connecting with needed resources; and 2) to coordinate stakeholder communications and family support resources for participants in the Early Childhood Court. Promotes child safety while aiming to reunify families where possible by addressing trauma histories of parents that interfere with safe parenting.

Court Counsel

Staff attorneys and administrative assistant that are local options and are classified as Court Innovations under Article V of the State Constitution. Assist 30 Circuit Court judges and 17 County Court judges in Pinellas County. Review and act on post-conviction motions, prepare orders, respond to judges' requests for trial and pre-trial assistance, and respond to requests from the Chief Judge and the public.

Change Request AUTO - 1542 - Court Program Specialist III (CPS)/Mental Health Court

Budget Year 2026

Change Request Type Operating Decision Package Request

Change Request Stage OMB Review [Operating Decision Package Request]

Acct. Reference

Publish Date

The Court seeks a 1.0 FTE Court Program Specialist III/Mental Health Court position in order to continue direct case management support for individuals presenting with mental health and substance abuse disorders in the criminal justice system. The position is currently funded by a grant

awarded to Pinellas County Government through the Bureau of Justice Assistance, JMHC Program and is operating under a No Cost Extension with a project end date of September 30, 2025. This position, which works very closely with the Mental Health Court (MHC) Program, facilitates service

connection and supervision for defendants with mental health diagnosis.

Summary of Request

Description (What is it) *

The CPS III is crucial in assisting the Court in supporting justice involved individuals suffering with mental health and co-occurring disorders. This Justification * position is the primary link between the Court and community resources, facilitating connections to appropriate therapeutic services for defendants in

need. This position manages all data collection and reporting requirements for the MHC program and supports other specialty court programs.

Change Request AUTO - 1543 - Court Technology Office (CTO) - Security Analyst Position

Budget Year

Change Request Type Operating Decision Package Request

Change Request Stage OMB Review [Operating Decision Package Request]

Acct. Reference

Publish Date

With the consistently increasing numbers of cybersecurity incidents and threats to the Courts IT networks; and the increasing amount of time and resources being allocated to it, the CTO are requesting a dedicated Security Analyst position to assist with securing the Pinellas County enterprise network. BTS secures and provides support to the network, but it is the Court Technology Office's responsibility to administer and secure the Courts' sensitive electronic data, Windows Active Directory (AD) domains, Office 365 (O365) tenant, thousands of endpoints and network based electronic systems that are independent from the county. This position will work with BTS to ensure the Courts become NIST (National Institute of Standards and Technology) compliant which is a county and state mandated requirement.

Description (What is it) *

In today's digital age, safeguarding the integrity of our state's judicial system is paramount. A dedicated cybersecurity position within our court organization is not just a necessity; it's our shield against evolving cyber threats that could compromise sensitive legal proceedings, personal data, and the trust of our citizens. Cybersecurity is a labor-intensive specialty, and it is a weakness in our system to use already overburdened IT staff to defend the court's digital assets from advanced cybercriminals and nation-states. With this role, we can proactively fortify our defenses, ensuring the confidentiality, availability, and integrity of critical court information. By investing in cybersecurity expertise, we demonstrate our commitment to upholding justice, protecting citizen rights, and maintaining the public's trust in our judicial system.

Summary of Request

The Courts feel it is very important to emphasize that the potential cost of our systems being compromised is difficult to quantify as a dollar value. Not just in overtime hours to get things up and running again, but the real chance that the entire circuit would be at a standstill for an undetermined amount of time until the situation was resolved.

Justification *

The CTO is currently supporting over 260 users and 69 elected officials with their AD and O365 accounts. In addition to its users, the CTO must actively support thousands of IP based devices residing on the County's enterprise network. These devices provide mission critical services in the daily operation of the Court. They include computers, printers, servers, cell phones, tablets, IP based digital audio systems, digitally controlled wireless presentation systems, ADA systems, digital court reporting systems, stenographic court reporting equipment, virtual remote interpreting systems and digital signage. All of these devices require consistent monitoring to ensure they have up to date firmware and security patches to minimize cybersecurity threats. The CTO also administers user level security for systems like Navigator, JAWS, CCIS, E-Portal, Westlaw, CloudGavel, DAVID, Zoom, FDLE Level 4 security, LexisNexis credit card system, DocuSign, and Security Awareness Training.

SHAWN CRANE CHIEF JUDGE LOUISE SMITH
JUDICIAL ASSISTANT

May 1, 2025

Chris Rose, Director Office of Management and Budget, Pinellas County 400 South Fort Harrison Avenue, 3rd Floor Clearwater, FL 33756

Dear Mr. Rose:

Attached are copies of the Sixth Judicial Circuit's budget requests for Statutory Requirements, the Law Library, Juvenile Diversion, Court Innovations, Behavioral Evaluations, Early Childhood Court, and Court Technology.

The Court's total budget request for Fiscal Year 2026 is \$6,355,580, which is an increase of \$329,980 from our FY 2025 budget allocation of \$6,025,600. This increase is due to salary increases of 4.5% for county employees, increased cost of employee benefits, Risk Cost Allocation, and technology costs. Revenue collections from existing revenue streams, carryover revenue from FY 2025, grant awards, and possible new revenue sources will affect the amount of funding needed from General Revenue to maintain current staffing and service levels. Every effort is being made to reduce expenditures to limit the impact on the General Fund.

The Court has seven county operating budgets that help support our mission, which is to protect and declare the rights and responsibilities of the people, uphold and interpret the law, provide a forum for the just and peaceful resolution of legal and factual disputes, and to provide meaningful, proactive solutions to chronic social, human and legal problems of those who come before the Court in cases and disputes that lend themselves to such approaches. The Court's Statutory Requirements budget is the only Court operating budget that the Pinellas County General Revenue Fund fully funds. The other five (Law Library Juvenile Diversion, Court Innovations, Behavioral Evaluations, Early Childhood Court, and Court Technology) are supported by revenue collections, Pinellas County general revenue, and grant awards.

Our total budget submission in the Statutory Requirements is \$202,590, which includes the Risk Allocation of \$840. The following narrative details the Court's Statutory Requirements Budget:

Statutory Requirements: \$202,590

FTE: 1-Guardianship Monitor, 1-Alternative Sanctions Coordinator

The Statutory Requirements budget request for FY 2026 is \$202,590. This Court budget is funded by the Pinellas County General Revenue Fund, as mandated by Florida Statute 29.008. This budget houses the Court's Risk Management allocation, ADA accommodations that the County is required to fund, minimal operating costs, and two (2) FTE statutorily mandated positions: Alternative Sanctions Coordinator and Guardianship Monitor.

The Alternative Sanctions Coordinator attends detention calendars and delinquency arraignments to identify Unified Family Court-related cases and makes requested alternative sanctions recommendations. The Coordinator also provides information to families in unusual or difficult delinquency cases, connects juveniles found incompetent to proceed on misdemeanor cases (who are ineligible for competency training) with appropriate services, and attends Truancy Court and other Court calendars to steer families into the proper community social services program.

The Guardianship Monitor provides initial and ongoing investigations and monitors court-appointed Guardians. The Guardianship Monitor supports judges assigned to the Probate, Guardianship, and Mental Health Division to help ensure that the requirements of the Court rules and statutes on the appointment and removal of guardians are followed. The monitor reports on the well-being of the ward and the protection of the ward's assets and assists judges and general magistrates by managing case flow and monitoring case reporting and recording requirements specified under Probate Rules of Court, Part III and Chapter 744, Florida Statutes. The monitor provides safeguards to Pinellas County citizens who, through illness and incapacity, are under the Court's supervision. The Monitor notes any discrepancies, non-compliance with statutory requirements, and any other problems, and reports her findings to the Court.

We have been asked to remain revenue-neutral in our revenue-supported cost centers. However, due to declining revenue collections, I request General Revenue support to maintain our current staffing and service levels in the other Court operating budgets. The following narratives detail each of the Court's revenue-supported operating budgets in Pinellas County:

Law Library:

\$262,870

FTE: 1-Law Library Manager

The Law Library budget request for FY 2026 is \$262,870. The Law Library budget is fully supported by revenue generated under s.939.185, Fla. Statutes (25% of the \$65 Court cost). The Court and the Law Library Board of Trustees continue to evaluate sources for additional

revenue to help offset the decline in revenue from the 939.185 funding. Currently, the Law Library generates about \$2,000 in fees for copies/faxes annually.

The Law Library is designed to promote trust and confidence in the judicial system by providing an access point for equal justice under the law. This access to legal information assists any interested citizen of Pinellas County in determining their legal rights and responsibilities. The Law Librarian selects and maintains a collection of legal material per the County Law Library Standards of the American Association of Law Libraries. Typical expenditures associated with this budget include salary and benefits for one (1) FTE position, office supplies, printing, legal publications, risk management, operating supplies, and copier maintenance.

Juvenile Diversion: \$960.810

FTE: 1-Program Coordinator, 1-Senior Court Program Specialist, 1-Lead Court Program Specialist, 6-Court Program Specialist II, 2-Administrative Assistants

The Juvenile Diversion budget request for FY 2026 is \$960,810. The Juvenile Diversion program is supported by revenue generated under s.939.185, Fla. Statutes (25% of the \$65 Court cost fee) and revenue generated from the Teen Court Trust fund for those services directly related to Teen Court operations. To maintain current staffing and service levels, I am requesting supplemental support from Pinellas County General Revenue. The exact need cannot be determined at this time; however, my staff will be working with OMB staff to establish a funding amount. Fiscal Year 2025 expenditures and revenue collections have to be finalized to determine an exact number.

The Juvenile Diversion Program is comprised of the Juvenile Arbitration Program, Teen Court Programs, Juvenile Arrest Avoidance Programs (our County's civil citation-like program which is one of only two such programs statewide to have earned an A grade for level of participation and diversion), and Juvenile Drug Court Program, all of which divert juvenile delinquents from Juvenile Court, Traffic Court, local law enforcement, school resource officers, and from the State Attorney's Office. Last year, the Juvenile Diversion Program served over 1,242 youthful offenders. The programs maintain an average 81-90% successful completion rate and a 6-7% recidivism rate. The Court's Juvenile Diversion program has been in existence since 1979 in Pinellas County. Typical program expenditures include salary and benefits for eleven (11) FTE, office supplies, printing, postage, copier maintenance, arbitrator fees, and mileage reimbursement.

Court Innovations Budget:

\$1,475,800

FTE: 2-Administrative Assistants, 4-Staff Attorneys, 1-Court Operations Manager, 1-Drug Court Program Specialist III, 1-Court Program Specialist II, 1-Lead Court Program Specialist 1, .25 General Magistrate

The Court Innovations budget request for FY 2026 is \$1,475,800. The operating goals for the Adult Drug Court program are to provide cost-effective alternatives to incarceration and timely access to supportive treatment intervention, to promote community safety by addressing

substance abuse factors contributing to local criminal activity, and to break the cycle of addiction affecting drug court participants and their families.

Court Counsel personnel funded through the Court Innovations budget assist in providing legal services to the 30 Circuit and 17 County judges assigned to Pinellas County. Personnel also review and take action on post-conviction motions within six months of filing, prepare proposed orders for post-conviction motions, respond to requests by judges for trial and pre-trial assistance, and respond to requests from the Chief Judge. Office staff also provide administrative and clerical support for all of these tasks and respond to inquiries from the public.

The Court Innovations budget is supported by revenue under Florida Statute 939.185, F.S. (25% of the \$65 Court cost) and two grant awards, one of which, a Substance Abuse and Mental Health Services Administration grant, can be found in the Justice Coordination budget. In addition to the revenue generated by 939.185 F.S. and the grant award, I will be asking for General Revenue support to maintain current staffing and service levels. As I indicated earlier, the exact amount cannot be determined at this time. Typical expenditures include salary and benefits, office supplies, printing, postage, copier maintenance, mileage reimbursement, and contractual services.

Behavioral Evaluation Budget: \$809,690

FTE: 3-Psychologists, 2-Community Resource Advocates, and 2-Administrative Assistants

The Behavioral Evaluation Program (BEP) budget request for FY 2026 is \$809,690. The program evaluates approximately 500 Pinellas County youth annually and provides consultation, training, and testimony in Court as needed. The Behavioral Evaluation Program provides information through a report and/or testimony that will help the Court understand the unique problems of the individual and family, including identification of any of the following: mental health problems, academic and vocational issues, substance abuse, violence history, and behavior problems. Makes recommendations to the court regarding disposition and needed treatment interventions and provides the court with evaluations of the child or adult defendant's competency to understand court proceedings and assist in their defense. Provides testimony to the court when needed and consultation with families regarding test results and recommendations, links families to appropriate resources, assists with placement or advocacy as needed or provides crisis intervention. Provides training, consultation, and collaboration to court personnel, including judges, attorneys, juvenile justice personnel, administrative staff, and community providers and agencies working with youth.

The BEP program is supported by a grant from the Juvenile Welfare Board and revenue generated under Florida Statutes s.939.185, F.S. (25% of the \$65 Court cost fee for Court innovations). Typical expenditures include salary and benefits, office supplies, printing, postage, copier maintenance, communications, forms, testing materials, mileage reimbursement, and contractual services.

Early Childhood Court Budget: \$194,880

FTE: 1-Community Coordinator, 1-Family Parenting Coordinator

The Early Childhood Court (ECC) 1) provides follow-up assistance to families in connecting with needed resources and 2) coordinates stakeholder communications and family support resources for participants in the Early Childhood Court. The Early Childhood Court aims to promote child safety while aiming to reunify families where possible by addressing the trauma histories of parents that interfere with safe parenting. Children in ECC will not return to care as measured at one-year post-reunification and will have fewer placement changes than children in the traditional dependency system. ECC cases will achieve permanency within 12 months. The caregiver and bio-parent will participate in co-parenting. The bio parent will participate in parenting time opportunities and receive parenting time feedback from the Parenting Time Coordinator, when appropriate.

Participating parents on track for reunification will be able to safely parent their child in unsupervised visitation sessions within eight months. All children in ECC will have an opportunity for education readiness or quality daycare, and have their physical and mental health needs addressed.

The ECC program is supported by a grant from the Juvenile Welfare Board. Typical expenditures include salary and benefits, office supplies, printing, postage, communications, mileage reimbursement, and sponsorships.

Court Technology Budget:

\$2,448,940

FTE: 1-Court Technology Manager, 1-Electronic System Manager, 1-Court Technology Assistant Manager, 1-Electronic Systems Assistant Manager, 1-Court Technology Sr. Server Administrator, 2-Court Technologist III, 2-Court Technologist II, 3-Court Technologist I

The Court Technology Budget request for FY 2026 is \$2,448,940. Court Technology staff support four courthouse locations in Pinellas County and 234 Court personnel. The Court technology budget is supported by revenue generated under Section 28.24(12) (e) 1, F.S., and from Pinellas County general revenue.

Court Technology staff design, install, program, and maintain courtroom audio, video, computer, data management, and database systems. Maintains servers hosting applications, file shares, user and systems accounts, court records, user's PC's, updating OS, applications, drivers, antivirus, antimalware, and VPN connections. Maintains daily recording of the Court's digital electronic record. Managing over 500 channels of incoming audio, digital multi-rack recordings, and remote monitoring systems.

Systems supported include video telepresence systems, electronic evidence presentation equipment, digital court recording systems, digital calendaring, and digital signage systems. The office provides subject matter expertise to the Circuit in multiple areas, including broadcast engineering, remote video interpreting, computerized graphics/non-linear video editing, and digital signal processing-based audio and control systems. Technology staff also support and maintain security for multiple electronic case management and database systems, including

JAWS, Odyssey, E Portal, CCIS, WBDQ, and Office 365. They provide end-user support and training for all hardware, software, desktops, laptops, tablets, and smart devices used by the circuit. They facilitate training and arrange video-telepresence conferencing and electronic evidence presentation with all end users of court facilities.

The technology office also installs, supports, and maintains all network-based servers, including SANS (storage area networks), a VMware server farm, a Microsoft Active Directory domain, an Office 365 tenant, Exagrid backup/disaster recovery system, and all networking gear associated with them.

The Court Technology office is charged with providing technological solutions to improve efficiencies for the Court and other agencies interacting with the Court. The Court Technology office also troubleshoots problems associated with all video and audio systems, databases, servers, computer systems, and networks; researches new products and solutions; and provides upgrades and new applications, including general user instruction as necessary. The department is also involved in all Court renovation projects.

Typical program expenditures include salary and benefits, office supplies, printing, copier lease and maintenance, software licenses, communications, training, mileage reimbursement, and equipment purchases (non-capital/capital). Court Technology staff is located in three of the six courthouse locations in Pinellas County. They are responsible for all Court-related emergency management procedures, technology staff training, hardware, software, audio, video, and teleconference activity for Court staff, 49 courtrooms, 34 file servers, 432 Computers, numerous other hearing conference rooms, and approximately 45 video conferencing endpoints.

Respectfully, I submit the Court's FY 2026 budget, which is very similar to our FY 2025 submission with an increase of 5%. The Court strives to stay within its budget allocation. Due to declining revenue collections, I am asking for General Revenue support in the areas of Juvenile Diversion, Adult Drug Court, and legal assistance from staff attorneys. I intend to continue to work with the Commission and reduce operational costs whenever possible.

Thank you for your understanding. As always, should you have any questions or require further information, please contact me.

Shawn Crane
