Good afternoon Samantha,

We have updated the dollar amounts and want you to be aware. The request is remaining the same \$2.5M, but we have adjusted our match from \$500K to \$625K. That will give us the 80/20 requirement. Our consultant is almost complete with the grant application.

**Subject:** RE: Grants Database - Safe Streets and Roads for All (SS4A)

Hello Joan,

OMB has no objection to *Public Works* submitting a grant application to the US Department of Transportation for the Safe Streets and Roads for All (SS4A) grant which will benefit the County by **implementing** solutions to save pedestrians' and cyclists' lives by planning, analyzing, and engaging with local stakeholders, medical examiners, and industry leaders to study this epidemic while testing low-cost, context-sensitive solutions in historically disadvantaged and underserved areas to reach the goal of zero fatalities and serious injuries.

This is a **multi-year reimbursement** grant project that will likely impact FY24-FY28. The total **requested funding is \$ 2,500,000.00** with **\$500,000.00 expected match**. The total project is estimated to cost \$3,000,000.00.

Based on the thresholds for delegated approval, this grant application will require **County Administrator** approval to apply. Please route the grant application through Legistar / Granicus ([based on the Grants Granicus Approval Flowchart](#)) to receive **County Administrator** approval. Please include this email when you send the application through Legistar / Granicus.

Once the application approval is complete, apply for the grant. **Good Luck!**

In the event you receive the award, please [follow these instructions](#) to execute the grant agreement. If you have any questions, do not hesitate to contact me. Thank you!
