Comments	Thank you to Commisioner Kathleen, we applaud her for trying to have our condo pools open. Please open condo pools, we have members that need the physical therapy and exercise! Please open the pools to restore some normalcy and good mental health, it is not healthy for us to be living in such small condos. We will stay 6 ft apart, and will abide by CDC rules, please open our pools.

Respectfully request re-consideration to open beaches ONLY for walking, jogging and exercise. Maintain closed parking lots to restrict car access from out of towers, however, tax paying residents should be allowed to walk on the beach without hassle from local law enforcement. Perhaps tax paying residents could be issued a card or armband to identify themselves. Additionally there is disparity with enforcement. Folks that are walking are asked to leave while others who are laying on towels, blankets and beach chairs are allowed to stay!?! Very inconsistent enforcement especially by TI police and Sheriff Dept. What ever decision is made I would request that more specific guidelines are posted that let residents know that there is absolutely no access to the beach at all or state what is allowed, should a less severe consideration be made. There is much confusion on the Next Door site with many opinions on who is allowed on the beach, ability to walk on the waterline, etc. it is evident that everyone is interpreting this mandate differently. In addition, I respectfully request re-consideration to open Condo pools. It was very nicely articulated during the last meeting on Thursday that H O As could be allowed to make the decision to reopen pools following CDC guidelines of social distancing and limit # of people in the pool area. I also want to comment on the Sheriffs statement from last week. 99% of condo residents use pools for exercise. Most HOAs do not allow alcohol at the pools, therefore to say that residents are exercising drinking beer is quite insulting. Also, residents living in condos are paying considerable HOA fees, which pay for pools. These residents have not had access to the pools for which they pay to use. Is the county going to reimburse residents for the time that the pools have been closed? Thank you for your consideration.

Comments	Please get these open. We were doing a great job of social distancing and it allowed us to improve our health with the rehab therapy. Walking and biking aren't options for my back but swimming is amazing as it provides pain free mobility. I was doing so good and am now sliding backwards. Please treat these pools as therapy and not recreation. Reduce blanket decisions. The condos are all more empty than not to begin with. Thank you

Topic Vivid 19 public beach openings

BCC Agenda Date 4-21-2020

Your Stand on the Issue Support

Comments

What is the specific time line to open public beaches in pinellas county? The city of Jacksonville and the State of South Carolina have opened their public beaches. Who can be called directly to obtain weekly accurate numbers on new cases, ICU admissions, hospitalizations, and deaths of covid 19 in Pinellas County. Please stop using total vivid cases in Pinellas County and focus specifically on new cars for each zip code on a daily basis.

Topic Opening Condo Pools

BCC Agenda Date 4-21-2020

Your Stand on the Issue

Comments

Condo pools should be allowed to open. They are far different than apartment or hotel pools as condo owners are paying for the use of those pools while apartment renters and hotel occupants do not have a vested interest in them. Also, the numbers of people utilizing the condo pools is likely well under the numbers at apartments and hotels. It is quite simple to social distance and Covid 19 is not transmissible through the water. To continue the ban seems to be an overreach of authority as the public has had no voice in this.
