

# **Business Impact Estimate Guidance and Form**

*Last Updated September 13, 2023*

## ***Background***

- CS/SB 170 <https://www.flsenate.gov/Committees/BillSummaries/2023/html/2933> requires local governments to produce a “Business Impact Estimate” prior to passing an ordinance that does not qualify for an exemption.
- The business impact estimate must include certain information, such as the proposed ordinance’s purpose, estimated economic impact on businesses, and regulatory costs.
- The business impact estimate must be posted on the local government’s website at least ten days before the public hearing for the proposed ordinance. However, if the legal notice for the proposed ordinance is published earlier than ten days before the public hearing, the business impact estimate must be posted on the day that the legal notice is published or earlier.

## ***Process***

1. Before Legistar review for an Ordinance is initiated, complete the Exemption Checklist directly below.
2. If an Exemption does apply, cite the Exemption(s) in the Legistar Staff Report (under “Recommended Action”); no further action is needed and do not advance to Step 3. If an Exemption does not apply, advance to Step 3.
3. Alert Board Records and Communications that a Business Impact Estimate is being prepared. Then complete the Business Impact Estimate Form on Page 2.
4. Attach the completed Business Impact Estimate to the Legistar File. Ensure that OMB is on the Legistar review sequence. Then Legistar review may be initiated.
5. After Legistar review is completed, promptly forward the approved Business Impact Estimate to Board Records and Communications. Board Records and Communications must receive the Business Impact Estimate at least fifteen days before the public hearing for the Ordinance.
