Subject: Proposed revision to TNVR ordinance

Dear Mark and John,

MEOW Now enthusiastically supports the proposed revision to the TNVR ordinance, eliminating the sunset provision. We have worked hard over the past 30 months to accomplish as much TNVR as possible and have much more work to do, for which we would like to have the time and opportunity. In addition, eliminating the sunset and supporting TNVR in perpetuity may serve to encourage other organizations to join in this endeavor, which benefits both community cats and citizens.

Thank you for your consideration,

Cathy Unruh
President
MEOW Now Board of Directors
