Description & Comments

(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)

This item is a resolution to receive the annual EMS Trust Fund Grant for FY18. This grant will be used to improve and expand pre-hospital emergency medical services. For FY18, the award will be for \$168,870. The funds will be used towards improving the Fire and EMS Training Academy with heat index monitoring and a covered pavilion area with cooling misters (\$25,000) and a Mobile Oxygen Generator System that will allow Pinellas County EMS to provide continuous oxygen for up to one hundred (100) patients requiring continuous oxygen at special needs shelters or in the event of an oxygen system failure at hospitals or other medical facilities (\$143,870). There will also be funds carried over from FY17 award. This grant cycle runs from 1/1-12/31 every year. In January, a final report for the FY17 award will be submitted and EMS staff will request the remaining funds from that award be carried over to the new award. For FY18 budget, \$148,980 was appropriated to the EMS Ambulance program and \$148,980 was appropriated to First Responders program. The total award, including carryover funds, is estimated at \$297,960. The funds are advanced to the County each year, and interest is tracked. After approval, the accrued interest from prior year award is also carried over to new award.
