

Appendix A

Reclassification of Special Centers and Special Corridors

In the Countywide Plan adopted August 7, 2015, the longstanding Special Area Plan process was retired in favor of new requirements for the utilization of the Activity Center and Multimodal Corridor categories. Subcategories of the Activity Center and Multimodal Corridor categories were created to recognize Special Area Plans adopted prior to that date, respectively known as Special Centers (shown on Map A1) and Special Corridors (shown on Map A2).

In response to local government input, during the next major Countywide Plan update on [effective date], the Activity Center and Multimodal Corridor categories were revised, and the Special Centers and Special Corridors were reclassified to other subcategories consistent with their adopted density/intensity standards, size and locational criteria. Activity Centers and Multimodal Corridors adopted subsequent to August 7, 2015 were not affected by this reclassification and remain designated with their initial adopted subcategories.

The reclassified subcategories for the former Special Centers and Special Corridors are shown in Tables A1 and A2, respectively. Each area designated with one of these subcategories will continue to be governed by the density, intensity, use, and other standards of the applicable special area plan, as amended through the Countywide Plan process by the local government with jurisdiction.
