**Solicitation Number: RFP #031121****CONTRACT**

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and Deere & Company, 2000 John Deere Run, Cary, NC 27513 (Vendor).

Sourcewell is a State of Minnesota local government agency and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Grounds Maintenance Equipment, Attachments, and Accessories with Related Services from which Vendor was awarded a contract.

Vendor desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

- A. **EFFECTIVE DATE.** This Contract is effective upon the date of the final signature below.
- B. **EXPIRATION DATE AND EXTENSION.** This Contract expires April 30, 2025, unless it is cancelled sooner pursuant to Article 22. This Contract may be extended up to one additional one-year period upon request of Sourcewell and with written agreement by Vendor.
- C. **SURVIVAL OF TERMS.** Articles 11 through 14 survive the expiration or cancellation of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

- A. **EQUIPMENT, PRODUCTS, OR SERVICES.** Vendor will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above. Vendor's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new/current model. Vendor may offer close-out or refurbished Equipment or Products if they are clearly indicated in Vendor's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. **WARRANTY.** Vendor warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Vendor warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Vendor's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that is effective past the expiration of the Vendor's warranty will be passed on to the Participating Entity.

C. **DEALERS, DISTRIBUTORS, AND/OR RESELLERS.** Upon Contract execution, Vendor will make available to Sourcewell a means to validate or authenticate Vendor's authorized dealers, distributors, and/or resellers relative to the Equipment, Products, and Services related to this Contract. This list may be updated from time-to-time and is incorporated into this Contract by reference. It is the Vendor's responsibility to ensure Sourcewell receives the most current version of this list.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced as stated in Vendor's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Vendor must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable

time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery.

Vendor must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcwell may declare the Vendor in breach of this Contract if the Vendor intentionally delivers substandard or inferior Equipment or Products. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Vendor as soon as possible and the Vendor will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

B. SALES TAX. Each Participating Entity is responsible for supplying the Vendor with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Vendor may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Vendor determines it will offer Hot List Pricing, it must be submitted electronically to Sourcwell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcwell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Vendor may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcwell Price and Product Change Request Form to the assigned Sourcwell Contract Administrator. This form is available from the assigned Sourcwell Contract Administrator. At a minimum, the request must:

- Identify the applicable Sourcwell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing

restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Request Form will become an amendment to this Contract and be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Vendor understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Vendor is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Vendor's employees may be required to perform work at government-owned facilities, including schools. Vendor's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Vendor that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Vendor. Typically, a Participating Entity will issue an order directly to Vendor. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration of this Contract; however, Vendor performance, Participating Entity payment, and any applicable warranty periods or other Vendor or Participating Entity obligations may extend beyond the term of this Contract.

Vendor's acceptable forms of payment are included in Attachment A. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. **ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM.** Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Vendor, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum; the terms of which will be worked out directly between the Participating Entity and the Vendor. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. **SPECIALIZED SERVICE REQUIREMENTS.** In the event that the Participating Entity requires service or specialized performance requirements (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements) not addressed in this Contract, the Participating Entity and the Vendor may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. **TERMINATION OF ORDERS.** Participating Entities may terminate an order, in whole or in part, immediately upon notice to Vendor in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the goods to be purchased;
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements; or
3. Vendor commits any material breach of this Contract or the additional terms agreed to between the Vendor and a Participating Entity.

E. **GOVERNING LAW AND VENUE.** The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

7. CUSTOMER SERVICE

B. BUSINESS REVIEWS. Vendor must perform a minimum of one business review with Sourcewell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

A. CONTRACT SALES ACTIVITY REPORT. Each calendar quarter, Vendor must provide a contract sales activity report (Report) to the Sourcewell Contract Administrator assigned to this Contract. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Vendor must submit a report indicating no sales were made).

The Report must contain the following fields:

- Customer Name (e.g., City of Staples Highway Department);

B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcewell, the Vendor will pay an administrative fee to Sourcewell on all Equipment, Products, and Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Vendor may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Vendor will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter. Payments should note the Vendor's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Vendor agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Vendor is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Vendor in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcewell's Authorized Representative is its Chief Procurement Officer.

Vendor's Authorized Representative is the person named in the Vendor's Proposal. If Vendor's Authorized Representative changes at any time during this Contract, Vendor must promptly notify Sourcewell in writing.

10. AUDIT, ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE

A. **AUDIT.** Pursuant to Minnesota Statutes Section 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Agreement are subject to examination by Sourcewell or the Minnesota State Auditor for a minimum of six years from the end of this Contract. This clause extends to Participating Entities as it relates to business conducted by that Participating Entity under this Contract.

B. **ASSIGNMENT.** Neither the Vendor nor Sourcewell may assign or transfer any rights or obligations under this Contract without the prior consent of the parties and a fully executed assignment agreement. Such consent will not be unreasonably withheld.

C. **AMENDMENTS.** Any amendment to this Contract must be in writing and will not be effective until it has been fully executed by the parties.

D. **WAIVER.** If either party fails to enforce any provision of this Contract, that failure does not waive the provision or the right to enforce it.

E. **CONTRACT COMPLETE.** This Contract contains all negotiations and agreements between Sourcewell and Vendor. No other understanding regarding this Contract, whether written or oral, may be used to bind either party. For any conflict between the attached Proposal and the terms set out in Articles 1-22, the terms of Articles 1-22 will govern.

F. **RELATIONSHIP OF THE PARTIES.** The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. This Contract does not create a partnership, joint venture, or any other relationship such as master-servant, or principal-agent.

11. LIABILITY

Vendor must indemnify, save, and hold Sourcewell and its Participating Entities, including their agents and employees, harmless from any claims or causes of action, including attorneys' fees, arising out of the performance of this Contract by the Vendor or its agents or employees; this indemnification includes injury or death to person(s) or property alleged to have been caused by some defect in the Equipment, Products, or Services under this Contract to the extent the Equipment, Product, or Service has been used according to its specifications.

The following list only applies when a Participating Entity accesses Vendor’s Equipment, Products, or Services with United States federal funds.

A. **EQUAL EMPLOYMENT OPPORTUNITY.** Except as otherwise provided under 41 C.F.R. § 60, all contracts that meet the definition of “federally assisted construction contract” in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. §60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 C.F.R. §, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing

regulations at 41 C.F.R. § 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor." The equal opportunity clause is incorporated herein by reference.

B. DAVIS-BACON ACT, AS AMENDED (40 U.S.C. § 3141-3148). When required by federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. § 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. § 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. § 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency. Vendor must be in compliance with all applicable Davis-Bacon Act provisions.

Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. This provision is hereby incorporated by reference into this Contract. Vendors must file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).

H. RECORD RETENTION REQUIREMENTS. To the extent applicable, Vendor must comply with the record retention requirements detailed in 2 C.F.R. § 200.333. The Vendor further certifies that it will retain all records as required by 2 C.F.R. § 200.333 for a period of 3 years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

K. ACCESS TO RECORDS (2 C.F.R. § 200.336). Vendor agrees that duly authorized representatives of a federal agency must have access to any books, documents, papers and records of Vendor that are directly pertinent to Vendor's discharge of its obligations under this Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to Vendor's personnel for the purpose of interview and discussion relating to such documents.

A non-federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. § 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

Table 6: Ability to Sell and Deliver Service

Describe your company's capability to meet the needs of Sourcewell participating entities across the US and Canada, as applicable. Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

Line Item	Question	Response *
-----------	----------	------------

23	Sales force.	John Deere has dedicated governmental sales department, based out of Cary, NC, that focuses 100% of their time on the sales and processing of agricultural and turf equipment to governmental and other public agencies. We have a total of 5 Government Account Managers, one of which is dedicated strictly to federal sales. The 4 remaining Government Account Managers are ultimately responsible for state governmental sales in their respective geographies, dedicating 100% of their time to growing the John Deere governmental sales business. The government account managers develop relationships and understand the equipment needs of federal purchasing agents, state purchasing agents and state fleet administrators, i.e. Department of Transportation, Department of Natural Resources. The government account managers also work with John Deere dealers to provide training and a greater understanding of the selling process. The John Deere dealer is ultimately responsible for delivering and supporting the equipment. In relation to the potential Sourcewell Grounds Maintenance Equipment Contract, the government account managers would promote the contract to state purchasing agents and state fleet administrators, who either do not have their own state purchasing contract or have product gaps in their contracts.	*
24	Dealer network or other distribution methods.	John Deere has a nationwide independent dealer network offering best-in-class parts, service, and support. We know the government customer and make everything easy, from the initial purchase to service and support. Our dealer network, with over 1,700 locations nationwide, would be responsible for delivering and servicing the equipment sold to end users using this contract. John Deere dealers offer a combination of after-hours service (varies by dealer) and online support (online parts ordering system), which gives end-users the service needed to avoid costly downtime. The John Deere parts ordering system is available for all dealers and gives them access to over 800,000 unique parts which are ready to ship overnight, if needed. Most dealers also offer some form of mobile maintenance service, which provides on-site service. Dealer technicians are factory-trained on the service and support of the products offered in this RFP.	*
25	Service force.	John Deere has a nationwide independent dealer network offering best-in-class parts, service, and support. 26	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	<p>The support of the equipment ultimately takes place through the John Deere dealer network. While customer service inevitably varies within the dealer network, the consistent training that is offered by John Deere Company to dealer technicians and parts personnel helps provide each agency with a similar customer experience. Should there be a need for equipment service, it will be the Sourcewell member's responsibility to contact the delivering dealer for service. The member can also work with other dealers if necessary, as warranty and service work can be performed by any authorized John Deere dealer. In the event of service issues that cannot be solved by the John Deere dealer, the dealer works with John Deere Company's dealer technical assistance center for elevated support.</p> <p>As far as the John Deere Government Sales Department, we have an entire department of approximately 30 people dedicated to government sales. This includes an Order Management Team, that within an average of 7 days of submission, audits and processes every PO to verify contract pricing and verify the items quoted are eligible for the contract. Contract Administrators in the department ensure contract compliance is maintained.</p>	*
27	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	<p>John Deere will serve Sourcewell member agencies in the United States. The nationwide John Deere dealer network is able to provide products and services throughout the United States.</p> <p>Equipment Delivery Time After Receipt of Order (ARO) is as follows:</p> <ol style="list-style-type: none"> 1. Lawn & Garden - 30 to 60 days after receipt of order. 2. Commercial - 60 to 90 days after receipt of order. 	*
28	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	John Deere will serve Sourcewell member agencies in Canada. The Canadian John Deere dealer network is able to provide products and services throughout Canada.	*
29	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	John Deere will serve the entire United States, including Alaska and Hawaii and Canada.	*

30	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	John Deere will serve all Sourcewell Member sectors.	*
31	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	John Deere will only ship to Alaska and Hawaii. For deliveries to Alaska or Hawaii, factory freight to the delivering dealer will be paid by the Sourcewell member. The equipment will be FOB origin. Factory freight is known at the time of quoting and will be included on the quote to the Sourcewell member. For all other deliveries within the continental US, the equipment will be FOB destination (the Sourcewell member will NOT be charged factory freight to the delivering dealer).	*

Table 7: Marketing Plan

Line Item	Question	Response *	
32	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	<p>John Deere currently uses several forms of marketing to target the governmental and public customer segment:</p> <ol style="list-style-type: none"> 1. We have created a website where we prominently advertise the cooperative contracts we currently hold. 2. Each year, the company produces a purchasing guide for government equipment. This purchasing guide, available in both print and electronic Flash Drive format, is used by the John Deere dealer network to promote the products. 3. John Deere provides templates online for dealers to create their own mailings to promote products to governmental and public agencies. 4. John Deere also prints detailed marketing brochures for the products being offered in this RFP. This literature is made available to dealers and includes features and benefits and equipment specifications. <p>A sample of marketing materials have been uploaded for review and include: Government Municipal Lease Literature, Government Sales Folder Packet and Government Sport Turf Banner.</p>	*
33	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	JohnDeere.com provides detailed product information for the products being offered in this RFP. Customers are able to view information on product features, specifications, and accessories. Utilizing JohnDeere.com, Sourcewell members would be able to "build-their-own" product. Customers choose the product category and subsequent product options to configure their desired piece of equipment. Manufacturer's Suggested Retail List Price is shown. The website will not show the Sourcewell contract discount, but if the Sourcewell member knows the discount on the particular product category, they will be able to determine their purchase price.	*
34	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	Sourcewell will play a key role in working with and supporting the John Deere Government Account Managers, by helping the Account Managers promote the Sourcewell contract and recognize key opportunities in states that show a willingness to adopt Sourcewell. Conference calls and/or webinars with the John Deere Government Account Managers will be a valuable tool. Because the Account Managers have a strong relationship with the John Deere dealers, the account managers will help the dealers understand the contract and market it in their particular areas. The account managers will help the John Deere dealers understand the steps necessary to sign up new Sourcewell members as well. Furthermore, in certain geographies, webinars could be used to help John Deere dealers understand the Sourcewell contract. These opportunities would typically be initiated by John Deere and considered on an individual basis depending on the needs of a particular region.	*
35	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	We currently use E-procurement systems in North Carolina and Virginia (eVA) because we are contractually required to do so. The system does provide the state a constant record of sales activity, however, administratively, E-procurement is not a seamless process for us. When it comes to John Deere equipment, there are thousands of equipment configurations. Because Deere's price pages are in pdf format, we cannot just simply upload the pricing into the E-procurement systems. We have to manually construct base machines by model and enter them individually. Doing it this way means the agency is not getting the complete picture of what we have available. They're only getting a "sample". For the most part, agencies still feel most comfortable with working directly with the dealer to ensure they're getting equipment that will best suit their needs.	*

Table 8: Value-Added Attributes

Line Item	Question	Response *	
36	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	The John Deere dealer is ultimately responsible for delivering and supporting the equipment. However, any Sourcewell member will be encouraged to call the John Deere governmental sales direct toll-free number (800-358-5010, option 2) for assistance with locating their nearest dealer. John Deere does offer distance-learning classes on the operation and adjustment of equipment for certain products. To date, this has primarily been for larger equipment, targeted at farm customers. Many John Deere dealers offer local training, which is at the discretion of the dealer.	*

38	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	<p>John Deere has created a Product Sustainability goal where we offer machines and technology solutions that are not only more productive and efficient but also minimize the impact on the environment. Some Product Sustainability Goals include:</p> <ol style="list-style-type: none"> 1. Reduce environment impact including CO2 emissions on 90% of new products. 2. 41	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	John Deere's founder was best known for his work with the first commercially successful plow. And so it is today that we are perhaps best known for our quality agricultural equipment. We also take the lead worldwide in construction and forestry equipment. We're a major force in grounds maintenance and commercial landscape equipment. Also, John Deere Financial is one of the largest equipment finance companies.	*

Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	
42	Do your warranties cover all products, parts, and labor?	See paragraph A of the attached warranty statement.	*
43	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	Per the attached warranty statement paragraph B, the warranty term (time period and usage limits) varies by product.	*
44	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Per the attached warranty statement paragraph A, the purchaser will be responsible for any service call and/or transportation of equipment to and from the authorized dealer's place of business (except where prohibited by law), for any premium charged for overtime labor requested by the purchaser and for any service and/or maintenance not directly related to any defect covered under these warranties.	*
45	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	The John Deere dealer network is able to service equipment throughout the United States and Canada.	*

47	What are your proposed exchange and return programs and policies?	John Deere exchanges and returns will not be permitted.	*
48	Describe any service contract options for the items included in your proposal.	John Deere is not including service contract options with our proposal.	*

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	
49	What are your payment terms (e.g., net 10, net 30)?	John Deere's payment terms are Net 30.	*
50	Do you provide leasing or financing options, especially those options that schools and governmental entities may need to use in order to make certain acquisitions?	John Deere offers financing and leasing options through John Deere Financial. The John Deere Municipal Lease Purchase Plan is a special low- rate financing plan that is designed to provide flexibility of leasing while building equity toward ownership of the John Deere equipment. Any state or local government body or their political subdivisions may be eligible for the John Deere Municipal Lease Purchase Plan, subject to approval and if the agencies rules and guidelines allow. John Deere Financial also offers other leasing and financing options for governmental, educational, and non- profit entities, subject to approval.	*
51	Briefly describe your proposed order process. Include enough detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the Sourcewell participating entities' purchase orders.	The order process will follow a Business-to-Government order process. Our dealer network will be quoting equipment, accepting purchase orders, delivering and servicing the equipment. The Sourcewell Member or John Deere dealer will submit a purchase order to John Deere Government Sales for processing, noting the Sourcewell contract number on the PO and the Member's preferred delivering dealer. John Deere will invoice the member upon delivery of the product. The equipment will be delivered by the designated dealer.	*
52	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	No.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcwell Price and Product Change Request Form.

Line Item	Question	Response *	
53	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcwell discounted price) on all of the items that you want Sourcwell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	John Deere is offering product-category discounts. See uploaded Price Schedule and Price Pages.pdf.	*
54	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	The percentage discount range is 4% to 24% off Current MSRP.	*
55	Describe any quantity or volume discounts or rebate programs that you offer.	John Deere offers a Multiple Unit Discount (MUD) based on the following schedule: 3-4 units – 1% 5-6 units – 2% 7-8 units – 3% 9 units or more – 4% For sales of three or more like self-propelled equipment sold to one customer on the same purchase order qualifies for an additional discount. Implements and attachments sold with and for self-propelled ride-on machines are also eligible for multi-unit discounts, but do not count towards the total number of ride-on units, which determines the multi-unit discount percentage. Frontier Equipment is excluded from the Multiple Unit Discount.	*
56	Propose a method of facilitating “sourced” products or related services, which may be referred to as “open market” items or “nonstandard options”. For example, you may supply such items “at cost” or “at cost plus a percentage,” or you may supply a quote for each such request.	John Deere can offer “Sourced Goods” to Sourcwell Members. What Sourcwell calls “Sourced Goods” John Deere calls non-contract items and allied items. We define non-contract as John Deere items that are not on contract (like parts and catalog items that say “See Parts” or “See Catalog” in our price pages). Allied equipment is defined as non-John Deere equipment (ex. Tiger mower). Non-contract and allied items would be sold as “open market” and the price of the item would be negotiated between the John Deere dealer and the Sourcwell Member. The non-contract/allied item would appear on the purchase order (PO) with the contract item but would be listed as “non-contract”.	*
57	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	For deliveries to Alaska, Hawaii, factory freight to the delivering dealer will be paid by the Sourcwell member. Factory freight is known at the time of quoting and will be included on the quote to the Sourcwell member. The dealer may charge \$4.00 per loaded mile to deliver equipment from the dealership to the agency's location. The charge must appear on the quote or purchase order.	*
58	If freight, delivery, or shipping is an additional cost to the Sourcwell participating entity, describe in detail the complete freight, shipping, and delivery program.	For deliveries to Alaska, Hawaii, factory freight to the delivering dealer will be paid by the Sourcwell member. Factory freight is known at the time of quoting and will be included on the quote to the Sourcwell member. The dealer may charge \$4.00 per loaded mile to deliver equipment from the dealership to the agency's location. The charge must appear on the quote or purchase order.	*
59	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	For deliveries to Alaska, Hawaii, factory freight to the delivering dealer will be paid by the Sourcwell member. Factory freight is known at the time of quoting and will be included on the quote to the Sourcwell member.	*
60	Describe any unique distribution and/or delivery methods or options offered in your proposal.	None.	*

Table 13: Audit and Administrative Fee

Line Item	Question	Response *	
62	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell.	The Sourcewell member will receive their equipment quote directly from the John Deere dealer. The dealer is able to create the quote by utilizing the contract information (discounts, contract guidelines, eligible equipment, etc.) that we have posted on our website as well as a quoting tool that we've made available to them. The member will submit their purchase order (PO), with contract number noted, to the dealer. John Deere will be listed as the vendor on the PO and the dealer, who created the quote, will be the delivering dealer. The dealer will then upload the quote and the PO to Deere's online order management system. Our Order Management Team will then retrieve the quote and the PO and audit them based on the contract guidelines. If an issue is discovered with PO and/or quote, the Order Management Team will then contact the dealer and work with the dealer and the member to get the issue resolved.	*
63	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	John Deere will pay a 1% administrative fee.	*

Table 15: Industry Specific Questions

Line Item	Question	Response *
70	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	John Deere looks forward to annual business reviews with Sourcewell account managers. During these reviews, we discuss plans and volume goals and normally include percentage sales increase. Our metrics & goals for 2021 and beyond includes this discussion.
71	Describe the serviceability of the products included in your proposal (parts availability, warranty and technical support, etc.).	John Deere has a nationwide independent dealer network offering best-in-class parts, service, and support. Our dealer network, with over 1,700 locations nationwide, would be responsible for delivering and servicing the equipment sold to end users using this contract. John Deere dealers offer a combination of after-hours service (varies by dealer) and online support (online parts ordering system), which gives end-users the service needed to avoid costly downtime. The John Deere parts ordering system is available for all dealers and gives them access to over 800,000 unique parts which are ready to ship overnight, if needed. Most dealers also offer some form of mobile maintenance service, which provides on-site service. Dealer technicians are factory-trained on the service and support of the products offered in this RFP.
72	Describe advancements reflected in the equipment or products offered in your proposal, such as safety, longevity or life cycle cost measures.	John Deere relies heavily on applicable safety standards as published by the International Standards Organization (ISO), the American National Standards Institute (ANSI), the American Society of Agricultural and Biological Engineers (ASABE), European Committee for Standardization (CEN), and other organizations. Our goal is to meet or surpass the intent of these standards. As part of our design process, we ensure safety information appears in pre-delivery instructions, operator's manuals, technical manuals, and other service publications. In addition, safety instructions in the form of safety signs are affixed to the product to appropriately warn an operator of potential hazards. We also provide training resources such as videos, posters, brochures, and guides.

Exceptions to Terms, Conditions, or Specifications Form

Only those Proposer Exceptions to Terms, Conditions, or Specifications that have been accepted by Sourcewell have been incorporated into the contract text.
