Emergency/Disaster Response Program

Program facilitates disaster response and recovery activities following major disasters and emergencies. Funding may be used to cover a broad range of recovery activities to help the County recover from natural disasters and emergencies. Funding may be used for activities necessary for disaster relief, long-term recovery, restoration of infrastructure and housing, and economic revitalization in impacted and distressed areas. Activities will benefit eligible families with housing needs, agencies providing public services, businesses with economic development or revitalization needs and local planning and infrastructure needs. Uncommitted current or prior year funds or unanticipated program income may be used to fund disaster response activities.
