# Countywide Planning Authority Countywide Plan Map Amendment

CW 20-05

Tarpon Springs

June 2, 2020

# City of Tarpon Springs Requested Action

- The purpose of the proposed amendment is to allow the development of townhomes on the property, by amending the local zoning designation from T5d (North Pinellas Ave. Character District) to T4c (Residential High Character District) within their Activity Center
- Restrictive Covenant limits allowable residential density to current provisions
- Amendment formally addresses Planning and Urban Design Principles not addressed when the Special Area Plan was established in 2010

\*Conditional uses

## Countywide Consideration: Coastal High Hazard Area

- Approximately 0.03 acres of the subject property falls within the CHHA
- However, the Restrictive Covenant prevents any increase in the allowable residential density over current provisions, therefore, the proposed amendment will not impact the CHHA

### **Conclusion:**

- The proposed amendment is appropriate for the intended purpose, and is consistent with the locational characteristics for the Activity Center category.
- On balance, it can be concluded that the proposed amendment is consistent with the Relevant Countywide Considerations contained in Section 6.5.3.1 of the Countywide Rules.

## Analysis of the Relevant Countywide Considerations

### Relevant Countywide Considerations

1. Consistency with the Countywide Rules: Consistent with purpose and locational characteristics.
2. Adopted Roadway Level of Service (LOS) Standard: The amendment area is located near a roadway segment where the existing Level of Service is operating at a LOS “D” or better, therefore those policies are not applicable.
3. Location on a Scenic/Noncommercial Corridor (SNCC): The amendment area is not located on a SNCC; therefore, those policies are not applicable.
4. Coastal High Hazard Areas (CHHA): A portion of the amendment area (0.03 acres) is located within the CHHA. However, the Restrictive Covenant prevents any increase in the allowable residential density over current provisions therefore, the proposed amendment would not impact the CHHA.
5. Activity Center and Multimodal Corridor Plan Categories: The amendment area lies within an Activity Center. The subject property is located within the Sponge Docks Character District of the Special Area Plan (SAP) and the proposed amendment is consistent with the objectives of the SAP.
6. Adjacent to or Impacting an Adjoining Jurisdiction or Public Educational Facility: Will not negatively impact the adjacent jurisdiction nor will negatively impact a public educational facility.
7. Reservation of Industrial Land: Does not involve the conversion of Employment, Industrial, or Target Employment Center-designated land to another category.

# Public Comments

- Two members of the public spoke at the Board of Commissioners hearing citing the presence of a gopher tortoise and live oak tree on the property. They expressed the desire that these natural resources be worked around, or saved and relocated.
