Section 1. That Chapter 3. Land Use Plan/Redevelopment Plan of the Clearwater Downtown Redevelopment Plan, Old Bay District, District Vision, pages 63 through 66, be amended to read as follows:

District Vision

Uses

The Old Bay District is envisioned to be a mixed-use neighborhood supporting the Downtown employment base with residential, limited neighborhood commercial and office uses. A variety of densities and housing styles are encouraged throughout the District, as well as renovations of existing older structures.

This District provides an opportunity for higher-density residential uses along Clearwater Harbor west of North Osceola Avenue, provided such development is sensitive to the established low-rise historic character of the District. The area west of North Osceola Avenue may also consider tourism-related development, such as retail and restaurants. Hotel development, however, may only occur in the area west of North Osceola Avenue and north of Seminole Street. The eastern frontage of North Osceola Avenue may retain its residential use, convert existing buildings to offices, redevelop with residential scale offices or combine these two uses on the same site. North Fort Harrison Avenue is envisioned as the main commercial area providing neighborhood commercial uses on properties on both sides of the street. The area between North Fort Harrison Avenue and North Garden Avenue should continue to be a mixed-use area permitting commercial and office development and encouraging the incorporation of residential uses in mixed-use projects. Properties located east of North Garden Avenue may be redeveloped with residential uses, residential scale office development or a mix of these two uses. Neighborhood-scale restaurant or commercial development is permitted along the Pinellas Trail. The parcel within the District east of the Pinellas Trail through to North Myrtle Avenue is envisioned to remain as the City's Gas Department administrative offices and warehouse.
