EXHIBIT C- SOURCEWELL AGREEMENT**Solicitation Number: RFP #093021****CONTRACT**

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and Elgin Sweeper Company, 1300 West Bartlett Road, Elgin, IL 60120 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Street Sweepers and Specialty Sweepers, with Related Equipment, Accessories, and Supplies from which Supplier was awarded a contract.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

- A. **EFFECTIVE DATE.** This Contract is effective upon the date of the final signature below.
- B. **EXPIRATION DATE AND EXTENSION.** This Contract expires November 16, 2025, unless it is cancelled sooner pursuant to Article 22. This Contract may be extended one additional year upon the request of Sourcewell and written agreement by Supplier.
- C. **SURVIVAL OF TERMS.** Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All rights will cease upon expiration or termination of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

- A. **EQUIPMENT, PRODUCTS, OR SERVICES.** Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above.

Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. **WARRANTY.** Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Supplier warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Supplier's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that extends beyond the expiration of the Supplier's warranty will be passed on to the Participating Entity.

C. **DEALERS, DISTRIBUTORS, AND/OR RESELLERS.** Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be

returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. SALES TAX. Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;

- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Change Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Supplier. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell

contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum; the terms of which will be negotiated directly between the Participating Entity and the Supplier. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. TERMINATION OF ORDERS. Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased

by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

No other understanding regarding this Contract, whether written or oral, may be used to bind either party. 11. INDEMNITY AND HOLD HARMLESS

Supplier must indemnify, defend, save, and hold Sourcewell and its Participating Entities, including their agents and employees, harmless from any claims or causes of action, including attorneys' fees incurred by Sourcewell or its Participating Entities, arising out of any act or omission in the performance of this Contract by the Supplier or its agents or employees; this indemnification includes injury or death to person(s) or property alleged to have been caused by some defect in the Equipment, Products, or Services under this Contract to the extent the Equipment, Product, or Service has been used according to its specifications. 20. BANKRUPTCY, DEBARMENT, OR SUSPENSION CERTIFICATION

Supplier certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this Contract. Supplier further warrants that it will provide immediate written notice to Sourcewell if this certification changes at any time.

21. PROVISIONS FOR NON-UNITED STATES FEDERAL ENTITY PROCUREMENTS UNDER UNITED STATES FEDERAL AWARDS OR OTHER AWARDS

Participating Entities that use United States federal grant or FEMA funds to purchase goods or services from this Contract may be subject to additional requirements including the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 C.F.R. § 200. Participating Entities may have additional requirements based on specific funding source terms or conditions. Within this Article, all references to “federal” should be interpreted to mean the United States federal government. The following list only applies when a Participating Entity accesses Supplier’s Equipment, Products, or Services with United States federal funds.

A. **EQUAL EMPLOYMENT OPPORTUNITY.** Except as otherwise provided under 41 C.F.R. § 60, all contracts that meet the definition of “federally assisted construction contract” in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. §60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 C.F.R. §, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 C.F.R. § 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.” The equal opportunity clause is incorporated herein by reference.

B. **DAVIS-BACON ACT, AS AMENDED (40 U.S.C. § 3141-3148).** When required by federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. § 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. § 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. § 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency. Supplier must be in compliance with all applicable Davis-Bacon Act provisions.

C. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C. § 3701-3708). Where applicable, all contracts awarded by the non-federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 C.F.R. § 5). Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. This provision is hereby incorporated by reference into this Contract. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

E. CLEAN AIR ACT (42 U.S.C. § 7401-7671Q.) AND THE FEDERAL WATER POLLUTION CONTROL ACT (33 U.S.C. § 1251-1387). Contracts and subgrants of amounts in excess of \$150,000 require the non-federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. § 7401- 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). Supplier certifies that during the term of this Contract will comply with applicable requirements as referenced above.

F. DEBARMENT AND SUSPENSION (EXECUTIVE ORDERS 12549 AND 12689). Line Item	Question	Response *
9	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	Aligned with Federal Signal, Elgin Sweeper works to enhance the cleanliness, safety and well being of our communities and work places. We are an American manufacturer with 107 years of street sweeper design and manufacturing experience. We are focused on designing, manufacturing and distributing high-quality street sweeping equipment that serves municipal, governmental, industrial and institutional customers. We are focused on doing this with high regard for our employees and our environment.
10	What are your company's expectations in the event of an award?	We would expect to continue cooperation with Sourcewell as we work to serve its membership and work to provide effective and simple solutions for environmental cleaning challenges. This would include Sourcewell commitment to expand membership and promotion of their contracts to support their contract holders. We have over a decade of cooperation and growth working together with Sourcewell and their members, and we would work together to continue serve the membership with the latest advances in street sweeper designs and product offerings.
11	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	Elgin Sweeper Co. has been manufacturing street sweepers for over 107 years. Today we are the leading manufacturer of sweepers for municipalities and governmental agencies in North America. We offer the the broadest selection of street sweepers across various sweeping technologies. We utilize mechanical, regenerative air, pure vacuum sweeper and we offer alternative fuels including CNG and hybrid electric sweeping. Elgin is a subsidiary of Federal Signal - a publicly traded company with more than \$1.2 billion in revenue last year. The link shown here can be used to access the latest quarterly reports as well as other financial related topics and will clearly show Federal Signal's financial strength and stability. https://www.federalsignal.com/annual-quarterly-reports
12	What is your US market share for the solutions that you are proposing?	Our industry is a non-reporting industry. Therefore, no independent data of market share exists. Based on our market knowledge and across all sweeping model/technologies, we believe our market share to be 40+%.
13	What is your Canadian market share for the solutions that you are proposing?	Again, we do not have empirical data supporting market share in Canada but our research shows that we are approximately 35% market share across all types of sweeping technologies.
14	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	Elgin Sweeper Co. and Federal Signal Corp. have never been the subject of a bankruptcy action.
15	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	We are a manufacturer. We have a network of third-party dealerships across North America that are trained to sell and service our products. The dealerships are specifically contracted and trained to represent our products in their local areas. We also have Regional Sales Reps (located throughout N. America) that support the sales process and are available to meet and work with end-user. We also have a Field Service and Support team. They too are located within their regions, and are dedicated to support our dealers and their efforts to ensure customer satisfaction with our products. The Regional Sales Reps and the Regional Service and Support Reps are employees of the company.
16	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.	All of our contracted dealers are required to have valid state equipment dealer license. All of our dealers must comply with this requirement as part of their contract with us. While not required, Elgin is ISO 9001 certified. ISO is the International Standards Organization and being certified means that we have policies and procedures commensurate with our business (heavy manufacturing) and that we adhere to those policies, procedures and quality standards. We are audited annually.
17	Provide all "Suspension or Debarment" information that has applied to your organization during the past ten years.	None

Table 6: Ability to Sell and Deliver Service

Describe your company's capability to meet the needs of Sourcewell participating entities across the US and Canada, as applicable. Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

Line Item	Question	Response *	
25	Sales force.	Elgin has six Regional Sales Managers (RSMs) tasked with supporting our dealer's sales efforts. The RSMs set sales targets and are involved in the end-user sales process as needed. The RSMs report to a Director of Municipal/Governmental Sales who reports to a Group level Vice President	*
26	Dealer network or other distribution methods.	Our dealer network consists of 34 dealer entities with over 70 location throughout North America. All dealers are assigned an area of responsibility that cover all of the US, Canada and the US Territories. Total dealer sales reps/territory managers for North American total over 230.	*
27	Service force.	Internally, Elgin has an Inside Service organization with seven technical reps that support our dealer's daily need for technical support. We also have four Regional Service and Support Managers (RSSMs) that live and work with specific dealers within their assigned regions to provide warranty support, training, consultation and end-user interaction. All of our internal reps support approximately 225 dealer technicians tasked with providing end-user service.	*
28	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	Sourcewell members will order through their local dealer who will, in-turn, place an order with us. Our dealer will be responsible for assisting the member with equipment configuration recommendations and providing a detailed proposal/quotation to the member. Once the sweeper is manufactured and delivered to our dealer, they will be responsible for preparing, delivering, training and supporting the end-user's needs with the sweeper. History is showing that Elgin dealers are knowledgeable, experienced and anxious to use our Sourcewell contract.	*
29	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	Customer Service starts from the delivery process with Sweeper installation/operation training. Shortly after delivery, we request a customer satisfaction survey be filled out so we can understand the level of satisfaction from product quality, to dealer support and overall product satisfaction. Any negative responses are recorded and assigned to a field rep for appropriate follow-up. All Elgin Dealers have trained and certified technicians with the vast majority of dealers providing road (go to customer location) service complete with well-equipped service trucks. This allows for quicker support of possible inoperative vehicles. Also, at Elgin we have a 24-hour toll free helpline that is staffed by factory personnel. The objective is to provide an immediate contact and response for both our dealers and end-user customers. Lastly, we support our products with a comprehensive warranty that is provided through our trained dealer network. Our philosophy is that quality products with high-levels of service support will ensure the best value for our customers - this, in turn, will create their desire to continue their business relationship with Elgin and our dealers.	*
30	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	Our dealer network allows us to sell and service our products throughout all of North America. Our dealers are assigned geographic areas (or territories) of responsibility that include all states and provinces. The assigned territories are listed in the dealer contract.	*
31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	We support, service and actively pursue business opportunities with all Canadian entities that use street sweepers.	*
32	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	We will service all geographic areas of the US and Canada.	*
33	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	We will service any and all Sourcewell participating entities.	*
34	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	Hawaii, Alaska and the US Territories are serviced the same as other states. We have dealers that are contractually assigned these geographic regions.	*

Table 7: Marketing Plan

Line Item	Question	Response *	
35	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	We advertise our Sourcewell contract at trade shows, on our public website, on our marketing collateral and at our internal dealer events. We invite our Sourcewell Contract Administrator to attend and participate at our trade shows and internal dealer sales training events. We have facilitated contract training with both our Regional Sales Managers and dealerships. We encourage our dealers to attend and network at Sourcewell sponsored events like GTKU and Sourcewell University.	*
36	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	Elgin utilizes a number of social media platforms to inform and communicate with the public and our followers. Our Marketing Communications Group does an excellent job of utilizing these technologies to promote our products and keep our users informed of what's happening. We use Facebook, LinkedIn, YouTube and Twitter to keep users and followers up-to-date with the latest product releases including videos; application specific information, new option availability (to enhance the functionality), and the latest press releases. Our website allows users to connect to information including our Sourcewell relationship and contract information.	*
37	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	We would expect Sourcewell to promote our contracts to their membership as a way to simplify the procurement process and that membership understands that contract holders are part of an elite group of product/solution providers that have proven to be reputable and responsive to member's needs. We expect that Sourcewell works to continue to expand membership so that additional entities would be able to experience the benefits for all parties. Our Sourcewell contract is currently well integrated within our sales process. Our RSMS, as well as our dealers, have been trained in using our contract as a preferred method of selling/procuring our products. Our dealers currently have the ability to create Sourcewell compliant proposals/quotes within our on-line configurator and ordering tool. By making a simple selection (check box) within our CPQ tool a dealer sales rep can create a proposal that is compliant with our Sourcewell contract. The tool applies the appropriate pricing, contract information, inserts the approved Sourcewell logo and tracks orders for reporting purposes.	*
38	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	We do not have an e-procurement system for end-customer use. However, we do have an on-line product configuration and ordering tool that our dealers use to configure customers specific units and place orders with us. Our dealers use this on-line tool to prepare Sourcewell compliant proposal/quotes for members and then to place that Sourcewell order upon award.	*

Line Item	Question	Response *
39	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	We offer training at several levels. Initial training is basic installation training and is provided by our dealers at or shortly after delivery of a new sweeper as agreed to with customer. This would include basic operation, cleaning and maintenance training. This is generally free of charge unless the member requests multiple sessions or more in-depth training that requires more time. This initial training is considered standard or can be optionally upgraded if a deeper level of training is desired. We also offer product model specific training at the factory. This covers multiple days and is also free of charge with the only costs being travel and hotel accommodations if needed. Dealers usually assist the member/customer with registration for this training.
40	Describe any technological advances that your proposed products or services offer.	We have a number of technological advances on current product offerings including single-engine sweepers. We use advance variable planetary drive system (VPD) to drive sweeper components without sacrificing sweep performance. This drive system is a unique technology for our industry. We currently offer this single-engine technology for two of our four air sweeper models. More are in development. We also have an electric-hybrid sweeper that is available mounted on a diesel or CNG powered chassis. Sweeping is powered electrically while the chassis propulsion and battery re-charging is done with the diesel or clean CNG chassis power. Our pipeline of development items is significant as well. Users will see a number of new products utilizing technological advances in the coming years. This is all attributable to our Engineering and Product Development group where we focus on employing new technologies for our products.
41	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	We have a working relationship and agreement with NASCAR Green, the sustainability arm of NASCAR sweeping. We have worked with them for approximately eight years and we are the exclusive sweeper for all major NASCAR events. We were chosen after comprehensive testing of our sweeper product and we were chosen because of benefits such as fuel efficiency and ability to design and deliver very specific features required for use on race tracks. We offer single-engine sweep technologies on several models and we are able to show improved fuel efficiency and noise reduction. This theme has continued most recently with development of our hybrid-electric sweeping technology that is now available with our Broom Bear sweeper. Sourcewell members can look forward to additional "green" solutions in the near future.
42	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	Elgin Sweeper Company is committed to providing environmental solutions that reduce storm water runoff pollution and air pollution. Years ago we introduced our "Eco-Infused" Technology to our brand which is development platform that combines science and innovation to produce more environmentally efficient sweepers. From alternative fuel to waterless dust control to singled-engine sweeper technology to electric hybrid powered sweepers, Elgin is a technology leader in developing products that result in cleaner streets, water and air. We have been recognized by NASCAR green with a long-term partnership (9 years running) based on our ability to provide track sweeping and drying in the most efficient manner available.
43	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	While Elgin does not qualify under any of these business heading, several of our partner/dealers do. This includes WMBE and SBE. This is not a requirement of our dealer/partners and therefore access to documentation is not readily available.
44	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	Elgin's unique attributes include a full-line of street/road sweepers that can be configured for virtually any road sweeping application. The full line includes multiple units of purpose build mechanical, chassis mounted mechanical, regenerative air, pure vacuum sweepers, as well as alternative fuel. Our dealer network positions us to serve and support virtually any Sourcewell member in the US and Canada. We have long-term relationships with our dealer network which means we work well together and ultimately, our customers and Sourcewell members benefit. Together, and with our complete-line of sweeper offerings, we can focus on specific sweeping applications that would best serve our customers and Sourcewell membership. We do not need to push one technology or nudge customers in a certain direction as we offer all types of sweeping. We have a full service engineering department which provides tremendous flexibility to offer unique option requests to meet specific customer/member requirements. Lastly, our long relationship with Sourcewell means that we are familiar with member needs and also with vendor requirements - such as reporting and managing our contract effectively to the mutual benefit of all parties.

Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	
45	Do your warranties cover all products, parts, and labor?	Yes	*
46	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	No usage limitation. Standard warranty is for 1 year bumper-to -bumper exclusive of wear items such as brooms.	*
47	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Yes	*
48	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	Our dealer contracts require that they provide service for all customer within their area of responsibility. This would of course include Sourcewell member customers. In very rare situations and with the agreement of the customer, authorizations for a specific customer to perform their own warranty repair can be given. Elgin and our dealer would support this by providing parts, work instructions and compensation at pre-established rates. Authorization would only be given if the required repair is considered relatively easy to accomplish and did not present any risk for the customer.	*
49	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Our warranty covers all items with the exception of engines, truck chassis, tires and other components that carry their own manufacturers warranty. These items are typically supported by local dealer facilities. Any items/components that do not have local service would be cover by Elgin and our dealers. We have been know to assist our end user by leveraging our contacts with engine and chassis manufacturers and dealers.	*
50	What are your proposed exchange and return programs and policies?	It is extremely rare that we would need to exchange or have a sweeper returned. If one of our sweepers was determined to be wrong for a specific customer need/application, we would work with them to modify or exchange a product for one that would work better. Ultimately, we are all better off if the customer is satisfied with their sweeper - that's what we work toward.	*
51	Describe any service contract options for the items included in your proposal.	We are not specifically offering service contracts with this proposal. However, most of our dealer offer a variety service contract options and service specials. The offerings can be from full-service turnkey parts and service solutions to specific seasonal specials in preparation for sweeping season. These are dealer specific.	*

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	
52	Describe your payment terms and accepted payment methods?	Payment terms are established between the Elgin dealer and the Sourcewell member. Generally, this is net 15 or net 30-days. However, our dealers do most of their business municipally and understand that some entities need to apply different payment terms. Most of the time the specific member requirements can be met if within reason. The standard payment terms between our dealer and u is net 30-days.	*
53	Describe any leasing or financing options available for use by educational or governmental entities.	Again, leasing and financing options are determined between the Egin dealer and the Sourcewell member. All of our dealers offer some type of leasing and/or financing option. This is usually with a third-party that we or they have established relationships with. We often recommend NCL and many of our dealers have an established relationship with NCL and use NCL's Sourcewell contract solution for lease/financing options.	*
54	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	We do not have a standard transaction document that is provided to the end-user/member. Typically, the entity issues a purchase order to our dealer based on a Sourcewell proposal/quote that is generated through our configurator tool. The dealer submits the "quote" to us as an order once the member issues a PO. We, in turn, issue an electronic acknowledgement document to the dealer confirming what was ordered. This is our standard process today, for all orders, and Sourcewell orders fit nicely within our existing process. I am including example documents in the upload section.	*
55	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	The payment process for members is a transaction between Sourcewell member and Elgin dealer. I do not believe P-card transactions are used. We do not accept P-Card payments from our dealers. We have no hidden or undisclosed costs.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *
56	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	We are offering our full-line of sweepers. Our pricing model is a simple 3% discount from list price on all sweeper products including options, exclusive of chassis and freight (from factory to dealer location) costs. We are also offering the rental of our sweepers. Rental rates apply across the US and Canada (in Canadian dollars). The rates provided on the rental rate sheets are the Sourcewell member's price. Used Sweepers, primarily from rental fleet, are generally late model and because of various usage and condition of specific units, the pricing will be a negotiated and agreed to price between the member and Elgin dealer. This allows members a method of obtaining a quality sweeper at a much lower initial acquisition cost.
57	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	For new equipment a 3% discount from list price applies. This discount applies to all Elgin manufactured content including options. The rental pricing is a pre-established rental rate and is consistent throughout the US and Canada. These rates are at the lower end of the regional rate study that was conducted. Used equipment pricing will be negotiated and agreed to between member and Elgin dealer.
58	Describe any quantity or volume discounts or rebate programs that you offer.	Additional volume discounts could be considered on a case-by-case basis.
59	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	Sourced products or open market items fall into three categories for us. This could be items that would be provided by our dealer. The items in this category would be quoted by our dealer to the member and could include items such as special radios, decals or exterior wraps, lighting, and other dealer installed accessories. These items would not be subject to the 3% discount. Also included in this category would be unique equipment or options that would be designed, manufactured or procured and installed by Elgin. This is common for us and would be handled through our RFQ/Specials process. This allows us to provide a unique (off price list) solution for our customers and would be priced consistently with the 3% discount from list price. Our "Special" solution would be included in the Sourcewell proposal/quote. The last category would be factory supplied chassis. Because most of our product are mounted and integrated to a commercial chassis, we work with commercial chassis manufacturers and their local dealers to provide chassis specifically engineered for Elgin sweeper-mounting and use. We typically get favorable pricing from the manufacturer/dealer because of our volume. These chassis are very competitively priced and specifically designed for use with our sweepers. This is the easiest, least risky, and most often cost-effective turnkey solution. Because chassis availability/inventory is inconsistent and lead times vary, we do not provide chassis pricing. We will provide chassis quote through our dealer at the time a Sourcewell quote/proposal is being developed - the 3% discount does not apply to chassis that we or our dealers provide.
60	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Additional costs not included with our submittal would include dealer charges for items such as pre-delivery inspection and unit preparation, local freight charges, additional training above and beyond initial training at or shortly after delivery. Also, as mentioned above, any dealer installed item would not be identified in our price sheets but would be identified in the member's Sourcewell proposal/quote.
61	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	The freight from our factory to the local dealer facility would be included with the Sourcewell quote but not subject to the 3% discount. Freight is a pass thru cost and not a profit item for us. Local freight and delivery is handled by our local dealers and is not specifically listed in our response. This cost would be additional and should be listed on the member's pricing quote (often listed as part of the PDI process). This price would also vary by dealer and complexity of local shipping requirements.
62	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Alaska, Hawaii, Canada or other "offshore" delivery requirement would include a special quote from us. With offshore shipping requirements we typically containerize the sweeper, deliver to a coastal port via truck and then load the container to a boat for delivery to location. This usually requires additional handling charges including protective coatings and dock charges. These charges can vary and would be disclosed in a member's proposal/quote.
63	Describe any unique distribution and/or delivery methods or options offered in your proposal.	We have a dedicated traffic department which is tasked with arranging any unique delivery requirement. This is their focus and the department is knowledgeable and skilled at finding competitively priced shipping options that best meet requirements.

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
64	c. better than the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	The pricing offered for our complete line of street sweepers for this Sourcewell proposal is typically better than what we offer for other purchasing contracts. It is possible that a dealer may offer a lesser price for a specific deal or customer but that is generally without our input.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *
65	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	Currently, we require our Regional Sales Managers to report Sourcewell Sales (using the provided Sourcewell template) on a quarterly basis. Late last year we refined and simplified that process by allowing our dealers to select "Sourcewell" within the CPQ/ordering tool and that would automatically apply the appropriate pricing. This also allows us the ability to track Sourcewell deals in our CPQ/on-line ordering tool. Each RSM now has the ability to view all sales, by specific dealer and region and can query for Sourcewell specific sales. By tracking sales within our CPQ ordering tool, we can verify "Sourcewell" sales and obtain the other required reporting details including transaction price. Once RSMs submit their territory Sourcewell sales reports, they are reviewed and reconciled by our Controller. Once approved, I submitted the quarterly report as required and our Controller initiates payment.
66	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	Quarterly sales are reviewed and compared to the previous year's quarterly results and are also reviewed as a percentage of overall sales. As Business Development Manager, I am task with ensuring growth targets are achieved specific to several business development objectives that are set. This includes overall Sourcewell Sales increases. I am also charged with ensuring compliance to requirements.
67	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	As with past contracts, we propose a 0.5% administrative fee exclusive of chassis pricing and freight. We remove chassis pricing and freight as these items are not profit generating but rather cost items. This fee will be paid by us (Elgin) and is not a line item past on to the member.

Table 14A: Depth and Breadth of Offered Equipment Products and Services

Line Item	Question	Response *
68	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	We are offering for purchase or rental, a full-line of street sweepers. We offer purpose-built mechanical sweepers, chassis-mounted mechanical, regenerative air and pure vacuum sweeping technologies. We also offer a number of our models utilizing alternative fuels including Compressed Natural Gas (CNG) and hybrid electric sweepers. Our product offering represents the most comprehensive line-up of full-sized street sweepers for use in municipal, county highway and state DOT applications. Because of recent popularity of renting sweepers, we are offering rental option for our line of sweepers as well as the sale of late model used sweeper equipment.
69	Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services. [Refer also to RFP Section II. B. 2 for potential subcategory descriptors.]	Our focus is on street, highway, runway, construction, and large parking lot sweepers. Our subcategories include purpose-built, chassis-mounted diesel and alternative fuels including Compressed natural gas (CNG) and hybrid (electric) solutions. It should be noted that our sweepers have a comprehensive list of options and accessories that are available to customize our products for specific and geographic applications including waterless sweeping and high-altitude sweeping. These options are including in our offering.
