Mr. Christopher D. Moore:

The governing board of the Crystal Beach Community Association supports the Crystal Beach Overlay to the Pinellas County Comprehensive Plan in concept and in content. The CBCA has been instrumental in drafting the language of the overlay, in its exposure to the residents of the community and public approval of the final document. We held a public meeting in March, 2015, to solicit ideas for the overlay. The results of that effort contributed to the contents of the present text. We also helped fund the referendum of community homeowners on the document. Based on the positive results of that referendum, the leadership of the CBCA urges the county to incorporate the overlay as it exists in all planning decisions involving the Crystal Beach community.
