Trust the Established Area Leader in Care

Established in 1976, R'Club Child Care, Inc. is one of the largest not for profit childcare providers in the Tampa Bay area serving children ages 8 weeks through 8th grade and those with disabilities ages 3 through 22 years old.

With close to 50 locations and a local board of directors, R'Club provides high quality, educational and affordable child care solutions for families. Over 4,000 children are served daily through full day preschool, before and after school programs for elementary and middle school-age students, extended learning and social support programs, and even in-home learning for parents and young children alike through the Home Instruction for Parents of Preschool Youngsters (HIPPY) program.

Our affordable programs offer competitive rates, scholarship opportunities, and several no-cost programs for qualified families. We believe that no parent should ever have to sacrifice quality of care and we are committed to providing award winning, high quality curricula tailored for each child's development and success in school and life. Strengthening our community begins with our youngest members and we take that responsibility seriously.

don't forget to follow us!

Programs We Offer

Early Learning Academies

R'Club's Early Learning Academies, located in Pinellas and Hillsborough counties, provide a safe, secure, caring and positive environment where children have the opportunity to acquire the skills that will help prepare them for future success in school and life. The programs promote physical, social, emotional and cognitive development of young children while responding to the needs of the family. Our primary goal is to help children develop to their greatest potential and become enthusiastic learners.

Several of our Early Learning Academies serve children beginning at 8 weeks of age.

Voluntary Prekindergarten (VPK) is a free, state funded early childhood education program designed to prepare 4-year-old children for success in Kindergarten.

Head Start and Early Head Start These two programs are free, federally-funded early learning and preschool programs for children between 1 year and 5 years of age. Much like VPK, the goal of these programs is to increase school readiness in children from low income families and prepare them for success in school.

HIPPY

Home Instruction for Parents of Preschool Youngsters (HIPPY) is a national model, research based, highly structured in-home early literacy and school readiness program. The key to the program is teaching parents how to prepare their 3, 4, and 5-year-old children for success in school. Parents are provided with carefully developed curricula, books and materials designed to strengthen their children's cognitive and early literacy skills. The proof is in the 92% of HIPPY graduates who test ready for school when entering Kindergarten.

Lew Williams Center for Early Learning

This center is a model preschool and professional development center partnership with Pinellas County Schools, the Juvenile Welfare Board of Pinellas (JWB), the Early Learning Coalition of Pinellas, and Lutheran Services Florida/Head Start and Early Head Start.

Special Services

R'Club is proud to partner with the Juvenile Welfare Board (JWB) to offer consultative training and support for preschool children with behavioral issues that can lead to difficulties finding and maintaining stable childcare placement. The issues can be the result of physical or emotional disabilities, drug or substance abuse in the home, being victims of child abuse or other unstable living conditions.

Exceptional Students Program

R'Club serves children and young adults ages 3-22 years with varying exceptionalities such as Autism Spectrum Disorder, Down Syndrome, Cerebral Palsy and hearing and vision impairments. Students are served within the schools where R'Club has programs and at Pinellas County Schools' two exceptional student education centers; Paul B. Stephens and Nina Harris. R'Club staff work closely with school personnel and parents to provide programs with the development needs and abilities of each student in mind. Children and young people enjoy activities like field trips, structured outdoor fun, games, music, plays and more.

Middle School 21st Century Community Learning Centers

Located at middle schools in Pinellas County and offered at no cost to participants, the 21st Century Community Learning Centers focus on providing expanded learning and academic enrichment opportunities before and after school for youth attending targeted high poverty and low performing middle schools. The program helps students meet state and local student standards in core academic subjects such as reading, math and science. They offer a broad array of enrichment activities that complement their regular academic program, including STEM (Science, Technology, Engineering and Math). R'Club takes very seriously our commitment to keeping kids safe and on-track to academic success as well as preparing them for a healthy and productive future.

Elementary School Program

Conveniently located at your child's public elementary school in Pinellas County, R'Club's school-age programs serve children from Pre-K through fifth grade. With both before and after school care options, children have fun while experiencing hands-on learning activities that extend the impact of the school day. Homework assistance, tutoring, structured outdoor activities, STEM activities, special interest clubs, field trips and a variety of character building exercises keep children engaged and challenged. Additionally, full day services are available during most school holidays, teacher planning days and other days when school is out.

Corporate Child Care Program

Did you know that R'Club is the preferred child care provider of the Tampa Bay Rays; or that R'Club operates excellent public/private day care centers for businesses like Honeywell and Progressive/ASI? Our superior staff provides the highest quality childcare tailored to meet the specific needs of the children and families in our centers.

R'Club Community Pride a Homeless Early Learning Program (HELP)

R'Club Community Pride Early Learning Academies at Breeden and Gateway are licensed for a total of 182 children from 8 weeks to 5 years of age. The families served are predominantly low income, at or below the poverty level, homeless or at risk of being homeless due to unstable living situations. Many of the children are minority and in single parent homes. These children are very likely to enter Kindergarten behind their peers and as they progress through school, they will fall further behind. Our goal is to assist these children in being ready for school, help stabilize their family situations, help with securing parent employment and transitioning the family to stable living situations.

It's Child Development, Not Babysitting

Where to place your child for care is an important decision and our staff welcomes the opportunity to provide tours of our locations, get to know you and your family, and answer any questions. Whether it's one of our Early Learning Academies located in Pinellas and Hillsborough Counties or our school age centers throughout Pinellas, we have a place for your family.

R'Club's Early Learning Academies are nationally accredited and hold the Governor's Gold Seal Award for Quality and also accredited with APPLE and NAC. R'Club is a highly regarded leader in early childhood education and youth development. Our diverse list of program offerings promotes school readiness and ongoing academic success.

All R'Club staff meet stringent requirements set by the Florida Department of Children and Families, Pinellas County License Board, Florida Department of Law Enforcement and FBI fingerprint and background checks. R'Club programs and staff consistently receive 100% on Health Department and license board reviews. The safety and security of all children is our number one priority.

Happy Workers, an R'Club Early Learning Academy

Lic. # 52511737517

R'Club Child Care, Inc. is proud to announce that as of June 6, 2017, we are now the licensed operator of Happy Workers Learning Center. The formal ownership transfer will occur over the next couple of months. The newly licensed name is Happy Workers, an R'Club Early Learning Academy. As the legacy of Mrs. Willie Lee Adams proudly lives on, the preschool will continue to serve children 8 weeks through 5 years of age. The program provides high quality early learning educational and developmental opportunities that promote the physical, social, emotional and cognitive development of young children while responding to the needs of the family. We look forward to ongoing high quality early childhood development services to help ensure our children acquire the skills that will better prepare them for future success in school and in life. Coming soon to the surrounding community will be a newly renovated facility that will provide an exceptional and safe learning environment for those children we currently serve and those we look forward to serving in the future. Thank you for your patience and support. Working together, we can truly make a difference in our community.
