Message Dear Pinellas Board of County Commissioners,

Clearwater Marine Aquarium (CMA) has been a community gem for over 50 years. They protect one of our state's most valuable resources, the marine ecosystem by rescuing, rehabilitating and releasing marine life. Animals that are non-releasable, or unable to survive in the wild sometimes become permanent residents at the facility on Island Way in Clearwater Beach. These animals become ambassadors for their species, teaching guests the significance of preservation.

I am writing this letter on behalf of CMA as a Community Leader, former CMA Board member, retired CEO of Morton Plan Mease Healthcare and a founder and Executive VP of the BayCare Health System. While serving on the CMA board I appreciated the support of the TDC and the county commission at the that time in providing the necessary capital funds allowing us to create the excellent and modern CMA facility we enjoy today. Without your support, we would not have thrived during the past years, and it is much appreciated.

On Tuesday, March 25, 2025, you will vote on Visit St Pete Clearwater's recommendation to the Tourist Development Council (TDC), granting CMA \$6,050,000 to revitalize its facility for welcoming sea lions. Please vote to approve this funding.

As a working marine life animal hospital, CMA is dedicated to preserving our environment and inspiring the human spirit through leadership in the rescue, rehabilitation, and release of marine life, environmental education, research, and conservation. An internationally respected center for animal care, public education, and marine research, CMA is home to over 100 species, including five dolphins, three river otters, four eastern white pelicans, nine different reptiles, and many more marine animals. Adding sea lions, each with a distinct personality, will draw in new audiences.

Thank you for all you do for Pinellas County, I appreciate your service to our community.

Sincerely,

Phil

Philip Beauchamp

Subject Clearwater Marine Aquarium Agenda Item.

Message

Dear Commissioner Vince Nowicki, I am writing as an advocate for Clearwater Marine Aquarium, asking that you support CMA's TDC application at the March 25th BCC meeting. CMA has been a staple in the Pinellas County community for over 50 years, bringing in tourism as they complete their work of rescue, rehab and release. I have been associated with CMA for many years, completing thousands of hours of volunteer service. In this capacity I have witnessed first-hand the impact of CMA, in its role as a vital member of the local community and as a destination to the countless visitors that come from all corners of the world. This doesn't even begin to address the children with disabilities who find hope and inspiration at Clearwater Marine Aquarium. As you know, CMA took a big risk expanding their facility to accommodate more rescues, and to enhance the visitor's experience. To do so, parts of the iconic structure had to be removed. For many of us, that was a sad but very necessary change, as the needs of marine life today are so great. CMA's ability to take in our beloved manatees came at a time when their numbers have been decimated. By approving the \$6,050,000 TDC grant opportunity. CMA will utilize this funding to refurbish an existing habitat to welcome sea lions needing a new home. Sea lions will be an excellent addition to CMA, bringing in new tourism and teaching about marine life conservation. I apologize for being so verbose, but this is so important. Thank you for your time and consideration.
