OMB has no objection to the department submitting a grant application to the US Environmental Protection Agency (USEPA) to obtain funding to continue the 2.5 particulate matter ambient monitoring program (EPA Section 103).

Requested funding is \$180,000 from the EPA Section 103, PM 2.5 Air Monitoring Network Program over a 2 year period. A match is not required. This is a 2+ year grant resulting in an estimate of \$90,000 per year, totaling \$180,000 over the program period.

The Department Director can sign off on this application package. Please include this email when you send the completed application submittal through Granicus to be a placed as an item on the County Administrator's Delegated Authority log.

If you have any questions, please do not hesitate to contact me.  
Thank you.
