Topic Masks
BCC Agenda Date 9-10-2020
Your Stand on the Issue Support

Thank you again for protecting the citizens of Pinellas County. As you know, this past weekend created another surge in the covid-19 virus. We are now entering the flu season and our snowbirds will start filtering down to the Sunshine state. Approximately 22% of our population is over the age of 65, not to mention the fact that Florida rated 3rd for covid-19 deaths in LTC (long term care) facilities. One out of every five persons infected with the virus are afflicted with serious symptoms. By continuing with your mask ordinance, more lives will be saved.

Comments
Please continue to do the right thing and continue to enforce mask wearing in our county. Please continue to follow the advice of our medical and scientific professionals. Possibly mandating masks in all facilities for a longer period of time, will stop this need for everyone to voice their opinion every week! It seems very clear to me, that masks save lives and why would our leaders NOT support protecting us? Last week, a commissioner referred to this virus as a vascular disease several times while speaking. This is a respiratory virus that attacks one of the two major cells in our lungs. Then it continues to damage many parts of our bodies and particularly our heart and vascular system are damaged. I implore you to keep masks in place and thank you for all of your hard work.

| Comments | Ignorant people are trying to oppose this mandate even though scientists are saying masks are absolutely essential to stopping the spread of COVID-19. My father who is a firefighter and paramedic for the county is on the front lines and is most at risk. Not to mention my brother who is an EMT for sunstar and my mother being a nurse. It hurts my heart to see many people oppose a simple mask mandate. |

Direction of Inquiry General Information

Subject Mask Mandate Renewal

Message Dear Commissioners,

I write to encourage you to continue the mask mandate. We have done an excellent job in Pinellas County, throughout the summer, at controlling the spread of COVID-19. I know people are tired of wearing masks, but if doing so contributes to everyone's safety and health, we absolutely must keep doing it. If the mask mandate is repealed, it will be very difficult to continue to insist upon them in our schools and, combined with bars opening back up to 50% capacity, we will see numbers rise. Indeed, numbers are already rising due in part to the reopening of schools.

Please do not let the loudest voices carry the day and make you think everyone wants the mask mandate repealed. We do not. Let's continue doing our part and wear masks. Thank you.

The Rev. Ryan R. Whitley
Rector, St. Thomas Episcopal Church

| Direction of Inquiry | General Information |
| Subject | Continue Mask Mandate |
| Message | I am a Pinellas County Teacher. It is essential to continue our low positivity rate in the community by extending the mask mandate. Research shows that the spread of COVID is slowed by wearing masks. Also, many people feel safer to conduct their errands if others are wearing masks. This helps keep local businesses doing well and maintains the health of our community. This will be important heading into flu season with schools open. |

| Direction of Inquiry | General Information |
| Subject | Masks during pandemic |
| Message | I read in the paper that you are considering rescinding the present mask ordinance. Please do not change anything until we have at least two weeks of consistent decreases in infections. It is obvious that the early re-opening of our state caused a severe spike, which in turn caused unnecessary deaths. Our president and governor have been irresponsible. Please do not follow their example. I am 75 years old, and will continue to wear a mask, and I am pleading with you that I get to celebrate my 76th birthday. We are all in this together. |

| Direction of Inquiry | Report a Problem |
| Subject | To the Commissioners - Mask mandate |
| Message | I was outraged reading in the Tampa Times this morning that you are considering dropping the mask mandate in Pinellas County. It's your job to protect the public health and you are removing the one method that keeps us all safe and brings the case numbers down. You are catering to the bullies writing in and not the silent majority who want to protect our fellow citizens. Once again, it's a political move and not one based in science. Until there's a vaccine we should continue with what works, not make it more dangerous for those of us at risk to go to a public place. |

| Subject | Mask mandate |
| Message | It would be absolutely crazy to repeal the mask mandate which is what has gotten us to these lower numbers. We will spike again right during flu season and many more people will die. You really cannot be considering such a reckless endangerment of Pinellas County residents. |
