**WHEREAS**, the City and County have and will likely continue to apply if not initially successful to Florida Communities Trust for a Florida Forever Grant in the amount of up to two million four hundred thousand dollars (\$2,400,000.00) to reimburse the City and County for a portion of their respective acquisition costs (hereinafter the "FCT Grant"); and

**WHEREAS**, the FCT Grant requires the property to be utilized for certain environmental, educational, and recreational purposes and requires the construction of certain improvements in furtherance thereof; and

**WHEREAS**, the City, in furtherance of the FCT Grant and in consideration of the County Contribution, and other good and valuable consideration, agrees to place restrictions, covenants, conditions, and easements over approximately eighteen (18) acres of the Property

being more particularly described on Exhibit "B" as the "Sand Pine Scrub Area" and "Rosemary Bald Area", (the Sand Pine Scrub Area and Rosemary Bald Area hereinafter collectively referred to as the "Conservation Easement Area") pursuant to and in accordance with the provisions of Section 704.06, Florida Statutes, the FCT Grant, and the terms outlined herein.

**NOW THEREFORE**, the City hereby unconditionally and irrevocably declares and covenants with the County that the Property and Conservation Easement Area shall be held and subject to the restrictions and conditions set forth herein, which shall constitute a perpetual servitude on the Property and be binding on all parties that have or shall have any right, title or interest in the Property, pursuant to the following terms:

#### **ARTICLE I. INTENT; AUTHORITY**

It is the purpose of this Declaration, and it is the City's intent, to place restrictions, covenants, and conditions on the Conservation Easement Area to conserve the Conservation Easement Area in its predominantly natural condition.

The City states that it is lawfully seized of said Property in fee simple; that the Property is free and clear of all encumbrances that are inconsistent with the terms of this Declaration; and that the City has good right and lawful authority to make this Declaration.

#### **ARTICLE II. PROHIBITED AND RESTRICTED ACTIVITIES**

The Conservation Easement Area shall be maintained in its scenic and open condition and restricted from any development or use that would impair or interfere with the purposes of this Declaration. The portions of the Property and facilities thereon that are to be enhanced, created, or restored pursuant to the FCT Grant shall be constructed, retained, and maintained in the enhanced, created, or restored conditions required by the FCT Grant. Except for activities that are permitted or required by the FCT Grant (or any modification thereto), any activity on or use of the Conservation Easement Area inconsistent with the purpose of this Declaration is prohibited. Without limiting the generality of the foregoing, the following activities are expressly prohibited within or on the Conservation Easement Area consistent with Section 704.06, Florida Statutes:

- i. Construction of any structures or placement of improvements of any kind that will have a negative impact on the Conservation Easement Area as determined by the County;

- vii. Surface use except for purposes that permit the land or water area to remain predominantly in its natural or enhanced condition and
- viii. Excavation, dredging, or removal of loam, peat, gravel, soil, rock, or other material substance in such manner as to affect the surface.

In addition to the above, public entry or use within the Rosemary Bald Area of the Conservation Easement Area is prohibited. The County shall have the right but not the obligation to fence the Rosemary Bald Area at its discretion, with the type and location of the fencing to be determined by the County. If the County elects to fence said area, it will be done in a manner that does not negatively impact the Conservation Easement Area and still allows public viewing of the Rosemary Bald Area.

Construction or installation of structures that will not have a negative impact, which may include boardwalks, natural walking paths, educational kiosks, and like improvements may be allowed within the Sand Pine Area of the Conservation Easement Area with the written consent of the County.

No later than thirty (30) days before commencing any activities within the Conservation Easement Area, the City shall notify the County in writing of its intent to commence such activities. All such activities may only be completed upon consent of the County, which may be granted by the County's Administrator.

### **ARTICLE III. ACCESS, ENFORCEMENT AND REMEDIES**

A. Access. The City hereby grants site access to the County or its successors and assigns, with any necessary equipment or vehicles, for the purpose of determining compliance with this Declaration upon reasonable notice to the City except for emergencies. In addition to the County's right to monitor activities on the Property and enforce the terms herein, the City hereby grants the County the right to access the Conservation Easement Area to conduct limited non-invasive biological research thereon upon reasonable notice to the City except for emergencies.

B. Enforcement. The terms and conditions of this Declaration may be enforced by the County and its assigns at law or equity, at the County's reasonable discretion, to prevent the occurrence of any of the prohibited activities set forth herein.

C. Remedies. In the event of noncompliance with the terms of this Declaration, the County may require the restoration of such areas or features of the Property that may be damaged by any activity or use that is inconsistent with this Declaration. Any forbearance on behalf of the County to exercise its rights in the event of the failure of the City to comply with the provisions of this Declaration shall not be deemed or construed to be a waiver of the County's rights hereunder in the event of any subsequent failure of the City to comply. The County shall not be obligated to the City, or to any other person or entity, to enforce the provisions of this Declaration.

### **ARTICLE IV. DURATION, TERMINATION, MODIFICATION**

A. Duration. It is the intention of the City that the restrictions contained in this Declaration shall run with the land and with the title to the Property in perpetuity, and shall apply to and be binding upon and inure to the benefit of the successors and assigns of the City and to any and all parties hereafter having any right, title or interest in the Property or any part thereof.

B. Termination or Modification. This Declaration shall not be terminated or modified without the express written consent of the County. Any agreed upon termination or modification shall be recorded in the public records of Pinellas County, Florida.
