#### **Department Purpose**

The Pinellas County Communications Department (PCC) manages daily, long-term and emergency public communications that help the County empower residents and partners with important and reliable information.

#### **Topics for Discussion**

#### Operating

- The cost of personal services represents 97.5% of the overall budget increase for FY23.
- With the cost of personal services continuing to rise and faced with the need to re-purpose
  a position to accommodate the loss of budget oversight and development from the Office
  of Management and Budget's current reorganization, PCC anticipates their ability to offset
  increases in personal services with decreases in operating expenses much more difficult in
  future fiscal years.

#### **Budget Summary**

The FY23 Budget for PCC increased \$97,680 or 3.4%, over the FY22 Budget. The cost of personal services increased by \$95,270, or 3.6% and represents 97.5% of the overall FY23 Budget increase.

Operating expenses increased \$19,410 or 8.9% because of personal computer (PC) replacement expenses shifting from capital outlay to operating expenses, which is in accordance with the Clerk Finance increasing dollar value thresholds to capitalize information technology equipment. If it were not for the Clerk Finance, the overall budget for operating expenses would have remained relatively flat.
