

Electric Vehicle Transition

Administrative Services Department

17 June 2022

Our Vision: To Be the Standard for Public Service in America.

Today's Discussion

- 
- A photograph of several white electric vehicle charging stations with green accents, set in an outdoor parking lot with trees and a building in the background.
- **Electric Vehicle Transition Progress**
 - **Fleet Electric Vehicle Goals and Actions**
 - **Electric Vehicle Transition at a Glance**

Electric Vehicle (EV) Transition Progress

- **FY22 Equipment Purchase Plan EV Procurement**

- Application is key to operational success
- Electric Cargo Vans
- Electric Utility Carts (e-Carts)
- Electric Sedans
- Hybrid Bucket Trucks

- **EV Infrastructure Planning and Installation**

- American Rescue Plan Act (ARPA) Funding
- Results based Partnership

Fleet EV Goals and Actions

- **Goals**

- Electrify the 663 unit light vehicle fleet by FY32 with a stretch goal of FY30.
- Install appropriate charging infrastructure in advance of EV delivery.

- **Required Actions**

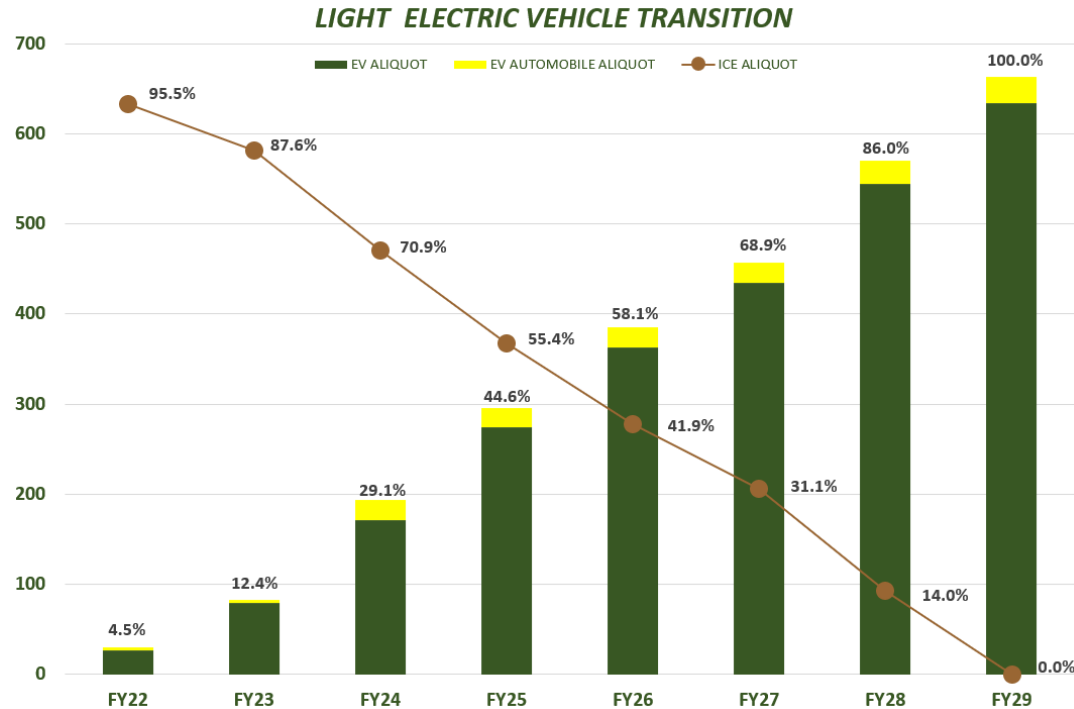

Now

- Defer light vehicle purchases pending EV equivalent availability.
- Reallocate light vehicles strategically.
- Optimize fleet size.
- Continue ICE vehicle replacement with electric vehicles.

Future

- Develop long term infrastructure design plan
- Plan, fund and install public facing and internal EV charging infrastructure.
