Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to Pinellas County, Florida for its annual budget for the fiscal year beginning October 1, 2021. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting to GFOA to determine its eligibility for another award.

INTRODUCTION TO THE COUNTY BUDGET DOCUMENT FOR FY23

The FY23 Annual Operating and Capital Budget document is designed in a user-friendly fashion. The book is divided into a series of sections, with each section representing a major functional or organizational division in the budget. The first three sections are the ***Table of Contents***, ***Budget Message***, and ***Summaries***.

The ***Budget Message*** from the County Administrator to the Board of County Commissioners includes a transmittal letter followed by related information that explains the significant issues and processes affecting the budget.

The ***Summaries*** section contains a series of charts and tables that present the budget in an aggregated fashion together with various economic and population trend data for Pinellas County.

The next series of three sections contains budgets based on organizational responsibility with dividers for sub-sections. The sections and sub-sections are as follows:

Board of County Commissioners

- *Board of County Commissioners and County Attorney*
- *County Administrator Departments*

Constitutional Officers

Other Agencies

- *Court Support*
- *Independent Agencies*
- *Support Funding*

These sections of the document present the department and agency budgets utilizing a standard format. This format was designed to present budgetary information in a clear, concise manner.

The department section begins with a ***Department Description***, which explains the nature and purpose of the department. County Administrator departments contain an additional sub-section, ***Accomplishments***. The ***Accomplishments*** sub-section provides an overview of the department's recent accomplishments. The next sub-section for all departments is the Office of Management and Budget's ***Analysis*** of the department's budget request. This is followed by the ***Department Budget Summary*** which includes ***Expenditures by Program***, ***Expenditures by Fund***, and a ***Personnel Summary***, which presents full-time equivalent positions by program and fund. The final sub-section is the ***Budget Summary by Program***. Within each program budget, funding is separated by fund for FY20, FY21, FY22, and FY23, and full-time equivalent positions are given for this same time frame.

The ***Capital*** section presents the FY23 Budget for the governmental and enterprise capital projects funds. The capital budget is grouped by program, such as flood control or intersection improvements. Additional Capital Improvement Program (CIP) information, including a summary of changes from the previous fiscal year's plan and operating budget impacts, are also included in the ***Capital*** section. Specific project detail will be contained in a separate document, the Capital Improvement Program Six-Year Work Plan.

The ***Fund Resources*** section presents information on the various types of County funds and how

they relate to the departmental budgets. For each fund, a Summary of Resources and Requirements describes the fund's purpose and summarizes the fund beginning balances, revenues, expenditures, and reserves for FY20, FY21, FY22, and FY23. This page is followed by detailed revenue information for each fund. The General Fund also includes a summary of requirements by department and agency within that fund.

The **Appendix** includes a glossary, a description of the budget policies, process and calendar, the user fee schedule, the Pinellas Planning Council budget, and other supplementary information.

Overview of the Fiscal Year 2023 Budget.....	A-9

July 19, 2022

To: The Honorable Chairman Charlie Justice and
Members of the Pinellas County Board of County Commissioners

In accordance with Sec. 4.01(5) of the Pinellas County Charter, Florida Statutes Chapter 129, and general best practice, I am pleased to present the Proposed Fiscal Year 2022-23 (FY23) Annual Operating and Capital Budget, which begins October 1, 2022, and ends September 30, 2023. I, along with all County Departments, Constitutional Officers, Independent Agencies, and Special Districts, have strategically formulated this Proposed Budget based on your guidance and recommendations.

Following a strong history of transparency and thorough input, this Proposed Budget represents what will be the annual implementation of our County's strategic plan and associated priorities that we have discussed over the last several months as we all strive to achieve our vision to be the standard for public service in America.

I am also pleased to communicate to you that the fiscal and operational condition of Pinellas County is strong as we approach FY23. This proposed budget for the second consecutive year lowers the Countywide property tax rate, increases investments in roads, bridges, sidewalks, and other transportation infrastructure; and fully implements the mental health coordinated access model, while maintaining and using the County's reserves appropriately.

This balanced budget proposes a partially rolled-back Countywide property tax millage rate for the second year in a row – the first two-year property tax rate reduction since the great recession. It is only the second time in 35 years that the millage rate has been reduced for two consecutive years. We are proposing to reduce from the current year millage rate of 5.1302 mills to 4.7398 mills, including the 0.1279 mills dedicated to stabilizing the Transportation Trust Fund approved during the FY22 budget process. We are now proposing an additional millage rate of 0.1738 mills dedicated to enhancing the maintenance of the County's roads, bridges, and transportation infrastructure.

General Fund	4.4381 mills	Countywide functions
Approved TTF Support	0.1279 mills	dedicated in FY22 for the TTF
New Support for TTF	0.1738 mills	new millage for transportation infrastructure
Total Countywide Rate	4.7398 mills	

This new millage for transportation infrastructure represents **half** of what is needed over a nine-year period to bring current road resurfacing levels of service from "BCD" (B: Arterial Roads; C: Collector Roads; D: Local Roads) to a "BBC" (B: Arterial Roads; B: Collector Roads; C: Local Roads) and **half** of what is needed over a five-year period to bring bridges and other

transportation to a “B” level of service (from a current range of B to D, depending on the type of the infrastructure asset).

To understand what this means to our citizens and property owners, consider that a homesteaded household with a taxable value of \$300,000 would save just over \$117 on the Countywide millage. This will vary from household to household and holds true on average. Because businesses do not have homestead exemptions, they would realize the full value of this property tax rate reduction.

While COVID-19 continues to affect our citizens, visitors, and workforce; the financial and societal impacts are much clearer than they have been during the preparation of the last two County budgets. Pinellas County has proved resilient and has financially recovered as evidenced by strong property tax values and tourism numbers. It is now time to adapt and manage to the future instead of reacting to the uncertainty of the recent past.

In addition to priority investment in transportation infrastructure presented above, we are recommending strategically prioritized enhancement in two additional priority areas – both contained in the rolled-back millage rate and using the County’s reserves for one-time expenditures. The first of these two priorities is our continued commitment to behavioral health efforts, in particular a \$1.3 million one-time investment in the Human Services’ Coordinated Access Model (CAM). This investment of County reserves, as presented at the June 23, 2022, Budget Information Session, combined with previously approved American Rescue Plan Act funding, will bring the CAM to realization in FY23. This investment, along with continued funding of the Sheriff’s mental health squad and continued effort to implement the Optimal Data Set, illustrate the commitment to improving the behavioral health of those that live, work, and visit our County.

The second priority is an investment in our workforce. Like the rest of the nation, Pinellas County has experienced high turnover and increased difficulty in filling positions in our most valuable asset, our employees. We have addressed this, in part, over the last several years by enhancing the career paths and ladders program, reclassifying certain positions to better align with the job duties that they were performing, implementing departmental recognition programs and County Board recognition, implementing a remote work program, and working with Human Resources through the Benefits Advisory Committee to create a customizable benefits package for employees with additional voluntary benefits. To continue to increase success in retention and recruitment efforts, the Proposed Budget includes for every employee:

- a three percent salary increase on the midpoint of their pay range,
- an increase of \$1,200 to each employee’s base salary, which equates to an additional two percent overall, but is distributed as a flat, constant amount to assist our front-line employees more, and
- a non-recurring pay supplement of \$1,200, also equating to an additional two percent, to be funded from the County’s reserves and to be paid in two installments during FY23.

This total of seven percent in the aggregate is targeted to assist front-line and entry-level employees in a more impactful way and bolster retention and recruitment efforts amid inflationary pressures and a highly competitive labor market.

I am also pleased to point out that the Penny for Pinellas is balanced for the 10-year term of the sales tax levy. Focusing our efforts on the projects presented in 2017, updating cost estimates, using appropriate additional funding sources (such as ARPA funding and prior-year general fund), as well as updated revenue forecasts (based on State data) have brought us to a properly balanced Penny. Guidance from the Board for the past year and strong efforts by each department's capital teams have helped get us to this point.

Even as we propose these enhancements to the budget, we continue to recommend a conservative approach to the County's finances. We have all seen how recessions, pandemics, and hurricanes impact the fiscal health of local governments. It bears noting that we are already witnessing cost increases of goods and services – especially fuel costs, insurance costs, and construction costs. The fiscal conservatism that we have employed through the recent past has placed us in a position where we can propose these enhancements and remain cautiously optimistic.

While the proposed budget brings focus to the four priorities of assisting our workforce, continuing and enhancing behavioral health efforts, improving our transportation infrastructure, and keeping our tax burden low; there are several other enhancements contained therein. The remainder of this budget document contains a wealth of information, including additional context about the priorities explained above. I encourage you to absorb these materials, engage me and my staff with questions, and continue to refine our shared priorities as we lead up to adopting a budget in the month of September. We will also be reviewing certain aspects of the budget (such as user fees) between this Proposed Budget and the Tentative Budget presented in September for your consideration.

Fiscal Year 2023 will be a good year for Pinellas County. I look forward to working with the Board of County Commissioners, Constitutional Officers, Appointing Authorities, and all partners of the County on this budget and on all of our efforts in the new year.

Sincerely,

Fiscal Year 2023 Budget Overview

Introduction

Pinellas County's Budget is so much more than just a financial document. It reflects the priorities developed from the Strategic Plan, informs the public of what we will achieve in the upcoming year, and outlines the financial health of the County. This is why it is often said that the Budget is the single most important policy decision that a County can make each year.

The Proposed Fiscal Year 2022-23 (FY23) Annual Operating and Capital Budget is no exception. It prioritizes those services that are most important to the Board of County Commissioners, and thereby important to our citizens. It clearly communicates those priorities and a great deal of other information. Generally, this budget document is organized such that the highest-level information is presented first with more detailed information available the further into the document one reads. It is, has been, and continues to be a planning document – born of a seven-month process involving stakeholders at all levels. The Budget is the FY23 implementation of the multi-year Strategic Plan. And, at its core it is a financial document that illustrates the financial health of the County to all.

The Structure of the Budget

The Budget is not one, singular budget. It is instead a series of budgets that, taken as a whole make up the entirety of the Pinellas County spending plan and spending authority for FY23.

The first major distinction is that the budget contains an Operating Budget (\$2.5B) and a Capital Budget, more properly called a Multi-Year Capital Improvement Plan (\$794.2M is the FY23 portion of the six-year plan). The operating budget funds the day-to-day expenses of the County such as personnel, materials and supplies, electricity, insurance, service contracts, etc. The capital budget funds larger projects, usually construction projects with discrete beginnings and ends. These include projects like park enhancements, road projects, transportation infrastructure like bridges and traffic lights, or facilities construction and renovation.

Drilling further into the operating budget reveals that there are many funds and fund types that make up the budget. The County's primary operating fund is the General fund (\$917.8M). There are also Proprietary funds that account for revenues that are restricted to specific purposes (grants, fees for service, the Transportation Trust Fund, and donations are some examples). The County has three Enterprise funds that are fully self-contained – the Airport Fund, Solid Waste Funds, and Utilities Funds. Additionally, there are internal service funds that account for internal cost allocations between various cost centers (such as fleet or risk funds).

The General fund of the County has the most flexibility of spending and therefore has the most pressure upon it. Most County services are funded through this fund. The largest revenue source for the General fund is property taxes (\$499.2M).

Needs, Enhancements to Services, and Decision Packages

The letter of transmittal in the immediate prior pages describes the highlights of the Proposed Fiscal Year 2022-23 (FY23) Annual Operating and Capital Budget. They are, once again:

- supporting our workforce,
- continuing and enhancing behavioral health efforts,
- improving transportation infrastructure, and
- keeping the tax burden low.

Fiscal Year 2023 Budget Overview

In addition to these priorities there are several decision packages, or service enhancements, contained in the Proposed Budget. For clarity, these are listed by department in the following paragraphs. Each of these decision packages have been thoroughly vetted to establish need. More information on each can be reviewed in the Departmental pages in Sections C, D, and E.

It is recommended that the Amadeus ACUS (Airport Common Use Service) Software Solution (\$400,000) and the Redundancy Security Camera Server (\$113,000) both be funded using Airport enterprise revenues.

It is proposed that all five decision packages proffered by the Building and Development Review Services Department be funded. These include an additional Project Manager I (\$84,110) and two additional Plans Examiners (\$171,390) to assist with meeting required turn-around times mandated by changes in State law, as well as continued funding for three separate temporary positions (\$29,820) to assist with intake, scanning, and routing of plans. The cost of the addition of permanent positions is partially offset by the reduction of overtime and plans review contractual expenses. Natural revenue increases, largely due to volume, also partially offset the cost of these positions.

It is recommended that the Contractor Licensing Department budget include continued funding for two temporary positions (\$77,460) to assist with clerical duties, support contractor registration and renewal, and supplement cashiering responsibilities.

It is proposed that Tourism Development funds in the amount of \$200,000 be set aside for a Local Co-op Arts and Culture Advertising and Marketing Pilot Program. This funding amount is set lower than originally requested to test its effectiveness with the resultant data. The Proposed budget also includes \$240,000 for a new Pinellas County Cultural Plan. These two efforts will be coordinated jointly between Creative Pinellas and the Convention and Visitors Bureau (CVB). It is also recommended that two Destination Marketing Interns (\$93,880) be added to the CVB budget.

The proposed budget includes funding to convert one part-time position to full-time to support planning and coordinating (\$14,770) in Emergency Management.

In the Human Services Department, as noted in the letter transmitting this budget, it is recommended that \$1.3M of one-time funding be budgeted for the Coordinated Access Model software solution. Also recommended for inclusion in the budget is increased funding for non-profit organizations (\$313,930). This represents a five percent increase - the first increase in several years.

The Parks and Conservation Resources proposed budget includes partial funding for the next year of parks level of service increases (\$365,000) to include two additional Parks Rangers at Weedon Island Preserve and three additional maintenance trades workers (two to be dedicated to Fort De Soto Park). As well, it includes funding to add two part-time positions to the Weedon Island Educational Center (\$78,050).

The Public Works Department includes funding from the dedicated millage as described in the transmittal letter as well as additional funding for urban forestry efforts (\$4,120) and funding for two Engineering Trainees (\$225,600) across three funds.

Fiscal Year 2023 Budget Overview

The proposed budget for Safety and Emergency Services (SES) includes funding for the SES share of the new computer-aided dispatch system (PRIME) (\$877,990), new funding to support video for 9-1-1 (\$150,000), improvements to the wide-area network technology support for 9-1-1 (\$340,000), and an additional position (\$125,100) to increase billing - the anticipated revenues far more than the cost of this position.

Also included is recommended EMS support to the following fire districts: Dunedin (\$575,230), Largo (\$323,440), North County (\$500,000), Pinellas Suncoast Fire District (\$360,320), and St. Petersburg (\$242,520).

Funding for the Sheriff includes salary increases for nursing staff support at the Pinellas County Jail facility (\$1,184,720) and increased funding for vehicles (\$700,000).

The proposed budget includes one-time funding for the Supervisor of Elections to purchase a new Canon Titan Printer (\$151,000).

It is recommended that funding be included for Judiciary to continue the current Assisted Outpatient Treatment (AOT) grant-funded program providing mental health services to individuals who have serious mental illness that have been court-ordered to receive treatment services under Florida's Mental Health Act (\$28,810).

A series of decision packages are proposed to be funded on behalf of the Public Defender including six technology requests totaling \$136,470, two programs previously funded by the Sheriff – the Jail Diversion/MAT Case Managers (\$161,760) and the Jail Diversion Mental Health Therapist (\$82,170), and partial funding for the Mental Health Court Pilot Program (\$100,000). The original request was for \$249,910 but has been set at this lower to collect data on its effectiveness and to be revisited in future years.

Several decision packages are recommended to be funded for Business Technology Services (BTS) as presented in the Budget Information Session meeting on June 17, 2022:

- Oracle ERP Modernization Release Three, which is the final of three upgrades over recent years and includes funding for both BTS and the Clerk of the Circuit Court and Comptroller (\$1,963,120),
- Security - Privileged Access Management/Vendor Access Management (\$205,000),
- Oracle Enterprise Management Platform (\$354,800), and
- Security - Email Impersonation Protection (\$115,000)

The proposed budget includes funding for three enhancements in Human Resources including additional organizational and talent development (\$22,000), a learning and development consultant (\$126,720), and funding for a new employee referral incentive program (\$142,000).

Of course, not all requests that were made are proposed to be funded. All of the proposed decisions have been clearly communicated to the Constitutional Officers, Appointing Authorities, Departments, and other entities whose budgets are approved by the Board of County Commissioners.

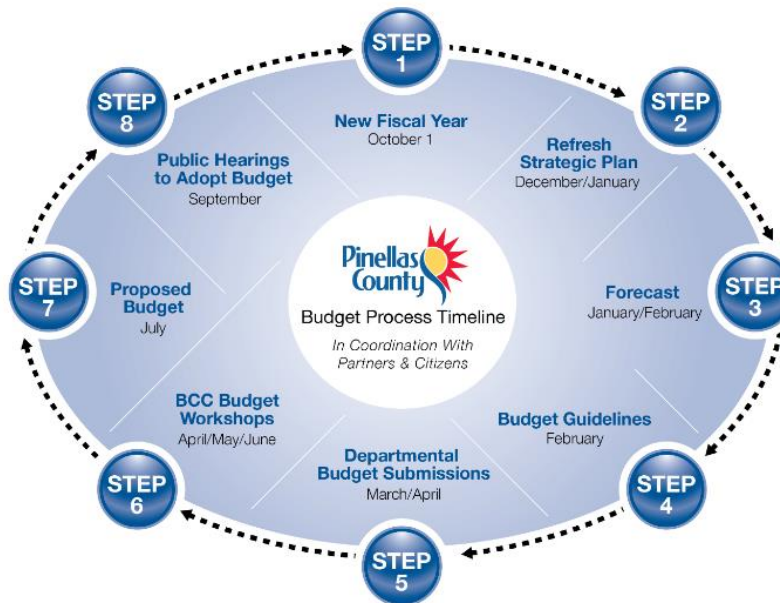

Decision packages that are partially recommended include reduced funding for the Local Co-op Arts and Culture Advertising and Marketing Pilot Program and the Mental Health Court Pilot Program as described above. Decision packages that were requested, but not recommended for funding at this time are changing the Star Tec funding Contract in Economic Development from

proprietary funding to the General fund (\$175,000), Office 365 Backup funding in BTS (\$70,000), radios for the 9-1-1 training room (\$100,000, likely to be absorbed in the FY22 SES operating budget), funding for the Feast Food Pantry (\$250,000, expected to be eligible for funding from the ARPA Not-for-Profit Capital Fund), Sustainability and Reliance Organizational Framework (\$96,860), Clearwater Transit Center and Initial Ferry Network Investments (\$15.0M), upgrades to gallery programming activities (\$200,000), Countywide Capacity Building for Cultural and Arts activities (\$150,000), and Accessible High Quality Arts Programming (\$175,000).

The Budget Development Process

Hundreds of steps have been taken to arrive at this point of proposing the budget. Preparation, monitoring, and execution of the budget is a year-round process as shown in the graphic below.

Refresh the Strategic Plan (January)

During this period, the BCC reviews its Strategic Plan and shares feedback and guidance that departments use to refine operational plans and build their budget requests. Throughout the year, departments under the County Administrator report on ongoing and emerging tactics - the projects and programs - that link back to the BCC Strategic Plan. This process ensures that projects and programs funded in the annual budget support the five goals of the Strategic Plan, tying sound strategy to the big picture to drive budget decisions.

Budget Guidelines (January)

Also in January, County Administration develops budget guidelines based on the Financial Forecast. These guidelines, along with instructions and resources for preparing budget requests, are communicated to the County's departments and agencies for use during budget development. Prior to FY22, targets were provided to all County departments, agencies, and Constitutional Officers. For FY22 and FY23 budget development, only Constitutional Officers were provided a target.

Budget Submissions (March/April)

County departments and agencies provide their completed budget submissions in March and April, except for the Constitutional Officers who have a due date of May 1 per state statute. Office

of Management & Budget staff analyze budget submissions in preparation for budget workshops with the County Administrator and budget information sessions with the BCC. These workshops lead to further refinement of the budgets and help inform the Proposed Budget that is presented in July.

Budget Information Sessions (June)

Budget information sessions this year were held in June, allowing the BCC to be engaged in the development of key elements of the Proposed Budget such as millage rate policy, proposed program enhancements or reductions, and revenue adjustments. All departments, agencies, and Constitutional Officers participate in these work sessions.

Financial Forecast (June)

The Financial Forecast, also called the Estimate, was presented at the beginning of the Budget Information Sessions. The Office of Management & Budget updates the Financial Forecast annually to inform the development of the budget guidelines. Published each January/February, the Forecast is built upon an individual assessment of 10 of the County's major funds: General Fund, Tourist Development Tax Fund, Transportation Trust Fund, Surface Water Utility Fund, Capital Projects Fund, Emergency Medical Services Fund, Airport Fund, and Water, Sewer, and Solid Waste Funds.

The Forecast development process starts shortly after the new fiscal year begins in October and includes updating prior fiscal year projections with actual revenue and expenditure information. At the same time, current fiscal year revenues and expenditures are projected on a preliminary basis by analyzing the actual year-to-date numbers and projecting the remaining months left in the fiscal year. Later in the process these projections are further refined as departments update revenue and expenditure projections. The forecast for the upcoming budget year is based on available information and serves as the foundation for developing the strategy to balance the budget. In addition to focusing on the upcoming fiscal year, the Forecast's multi-year horizon helps determine the long-term financial position of the County's funds and the impact of today's budget decisions on the future. The "out-years" through the end of the six-year horizon are forecasted using various projection methods such as trend analysis, linear regression, and moving averages. Developing a multi-year forecast provides decision-makers with at least three key benefits: (1) assessing the long-term financial sustainability of the County's funds; (2) understanding the impact of today's decisions on the future; and (3) providing a holistic financial picture.

Proposed Budget (July)

In July, the County Administrator prepares the Proposed Budget based on feedback from the budget information sessions and the County's Strategic Plan priorities. The Proposed Budget document presents a balanced budget for the coming year and represents the County Administrator's recommended budget. The maximum millage rate is also adopted at the end of July or very early in August.

Public Hearings to Adopt Budget (September)

Once the Proposed Budget is distributed, additional budget information sessions may be held to provide further guidance to the County Administrator. All changes to the Proposed Budget are finalized and announced at two public Budget Hearings as required by State Law. The public hearings represent an opportunity for residents to provide input to the BCC regarding the budget process. In accordance with state statutes, the BCC approves the tentative millages and budgets at the first public hearing. The BCC adopts the final millages and budgets at the second public hearing.

Fiscal Year 2023 Budget Overview

New Fiscal Year

In October, the new fiscal year begins based on the Adopted Budget and the annual budget process starts over. Departments and OMB are also working to close the books on the prior fiscal year during this time. For specific dates applicable to the current budget process, see the Budget Calendar in the Appendix of this document and on the Budget website at www.pinellascounty.org/budget.

Citizen Engagement

The people of Pinellas County are partners in every stage of the budget process and are encouraged to learn more about the County's sources of revenue and expenditures. The Guide to the Budget website provides an excellent source of information about upcoming budget meetings and supporting materials, including presentations and video files, for past meetings. A Budget Timetable lists upcoming meetings so residents can stay engaged during the budget process.

OpenBook offers an interactive look at the revenue and expenditures for different departments and funding sources. Pinellas County was one of the first counties in the state to publish budget data on an interactive platform. Pinellas County Government has continued to find ways to improve how we serve, reach, and connect with the public; online services allow customers to pay bills, reserve picnic shelters at parks, make appointments, and get in touch with their commissioners. Social media channels allow us to connect daily with our residents.

The Nextdoor website offers another way for the County to reach out to residents and for residents to connect with their local government and each other. The public can call or use the convenient LiveChat feature on the County website to get information. The Pinellas County mobile app allows residents to report potholes, broken streetlights, and other issues quickly and easily from their mobile devices. This community engagement builds upon a foundation of customer service as well as partnership to strengthen the ties between and among the people of Pinellas County and their local governments. Opportunities to participate online or by phone in public meetings have made it easier for residents and businesses to be engaged in policy discussions.

Strategic Planning

The FY23 budget aligns the organizations' resources to support the work - the ongoing programs, capital projects, and work plan initiatives – being delivered to advance the goals of the BCC Strategic Plan:

- Create a Quality Workforce in a Positive, Supportive Organization
- Ensure Public Health, Safety, and Welfare
- Practice Superior Environmental Stewardship
- Foster Continual Economic Growth and Vitality
- Deliver First Class Services to the Public and our Customers

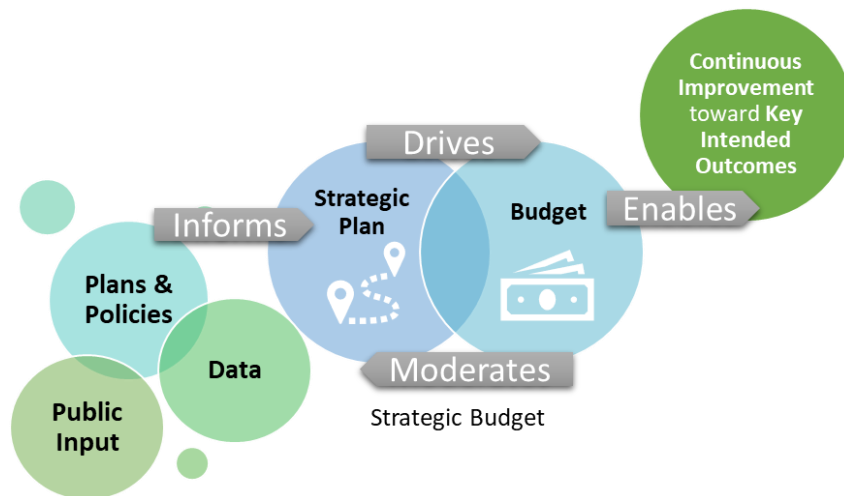

Following an initial organizational scan in Fall 2021, County Administrator departments focused on strengthening strategy deployment during 2022 as a foundation for engaging employees and the community in updating the BCC Strategic Plan in 2023.

During the annual Strategic Planning Workshop in January, the BCC reflected on key accomplishments and current initiatives, reviewed the elements of the BCC Strategic Plan, aired

Fiscal Year 2023 Budget Overview

select economic and operational concerns and emphasized the significant County efforts related to infrastructure. Commissioners applauded the collaboration and partnerships in responding to and delivering services during COVID-19 while discussing key issues warranting focus in the near-term as discussed further throughout this budget document.

As stated earlier, the budget is the annual implementation of Pinellas County's Strategic Plan and associated Board of County Commissioner priorities. The Strategic Plan, informed by public input, data, and other County plans and policies, drives the budget while the budget process moderates the Strategic Plan and prioritizes resources to support service delivery.

As discussed in detail in the next sections of this overview, there are internal and external topics and forces that have affected the development and proposal of the County's Budget. Some topics are discussed in this overview, though the following discussions are by no means exhaustive.

Priority Topic – Workforce Retention and Recruitment

Pinellas County, along with the nation, has experienced record high position vacancies and voluntary resignations. Our annual turnover rate has increased from 11.7% in 2020 to 20.0% in 2022. The national average 2020 turnover rate is approximately the same as Pinellas County. The number of vacant positions (per month) has also increased from 321 in October 2021 to 421 in June of 2022. Chief amongst the reasons for employees leaving is better pay/benefits and re-evaluation of priorities amid the pandemic.

Helping to address high turnover, the County has continued and accelerated programs that financially incentivize employees for elevating their knowledge and ability to perform a wider variety of work, reclassified employees/positions performing more responsible work, implemented employee recognition programs, and conducted in-service training programs to enhance career development.

The high vacancy and turnover rates have created a challenging landscape that make it difficult to attract and retain top performing talent. Several of the enhancements contained in the Proposed Budget are designed to address this – including the general increase targeted to help front-line workers and the employee referral incentive program. The development of additional programs that address working conditions, to include career development, should assist with both retention and recruitment.

Fiscal Year 2023 Budget Overview

Cost of living projections for 2023 are 7.3% to 10.8%, Consumer Price Index is trending at 7.7% and employers are granting increases in the range of 4% to 10%. The proposed increase will help employees deal with the rising cost of living. It will also assist the County in maintaining pay practices that are competitive with the market, while developing programs and implementing strategies that identify and address employees' changing expectations in the workplace. Creating a work culture that is responsive to both employee and operational needs, in addition to competitive wages and benefits, are essential factors to our endeavor to be an employer of choice.

Priority Topic – Transportation Funding

Since 2017 the County has recognized that the Transportation Trust Fund has not had revenue sources adequate to maintain the County's vast transportation infrastructure. Forecasts predicted a growing imbalance as a result of factors including the lack of indexing of fuel taxes to inflation, lower fuel consumption as vehicles became more fuel efficient or use alternative fuel sources, and the cost of transportation services and materials increasing at a higher rate than the supporting revenues.

Despite focused efforts to implement operational efficiencies, secure grant funding, and decrease expenditures, the lack of funding has significantly impacted sidewalk repairs, mowing and tree trimming frequencies, and the maintenance of curbs, underdrain systems, pavement, and other critical infrastructure.

To address these challenges, a dedicated millage of 0.1279 was approved for FY22 to stabilize the fund and maintain existing operations. An additional \$4.0M of one-time General fund support was dedicated to reducing the sidewalk backlog over a 24-month period and \$480,000 in reoccurring costs, including a maintenance crew, was added to maintain the improved sidewalk program level of service. As of the beginning of July 2022, 63.0% of the backlog has been completed. In FY23 this dedicated millage will provide \$13.3M to stabilize the fund.

In FY23 a dedicated millage of 0.1738 (\$18.3M) is proposed to improve the level of service of our local roads from a Pavement Condition Index (PCI) D to a C over nine years, replace signage and pavement markings at 172 Pinellas Trail crossings in one year. This funding will also be used to enhance preventative maintenance of bridges, box culverts, road underdrains, and curbs with the goal of improving transportation safety and promote the return on investment for these important transportation assets. Lastly, while local road conditions will improve with this additional funding, arterial and collector roads are expected to decline to a PCI of C are projected to stabilize at that level. Staff is drafting an implementation plan for this effort to include types of resources needed.

The set aside of designated property tax millage allows the County to maintain or improve certain transportation levels of service. These are steps in a positive direction and the County will continue to develop additional strategies to fund the transportation infrastructure that is critical to our local economy, community resiliency, and quality of life.

Priority Topic – Behavioral Health

During FY21, the County continued to partner with KPMG to implement two key initiatives that were outlined in the Elevate Pinellas Behavioral Health Action Plan.

- Establish a systemic performance management approach collectively with behavioral health public service funders and institute a contractual Optimal Data Set (ODS) requirement for all providers of behavioral health care; and

Fiscal Year 2023 Budget Overview

- Establish a robust coordinated access model (CAM) with a centralized intake process to access care including standardized screening, triage, and scheduling practices.

The ODS is a performance management dashboard that focuses on identifying key performance indicators (KPIs) related to access, quality, and capacity. The ODS information aims to provide a better understanding of the health of the behavioral health care system. This past year, KPMG conducted a national scan of behavioral health indicators, conducted workshops and one-on-one meetings with local providers and reviewed State metrics to recommend an initial set of twenty-nine key performance indicators that will be contractually required of all County funded behavioral health providers. These indicators will reflect access to care as well as capacity and quality indicators of behavioral health case management.

Additionally, this fiscal year marked the completion of design and procurement of the CAM System. The CAM allows for increased transparency and facilitation in how clients, families, caregivers, and professionals access appropriate behavioral health services throughout the County. Specifically, the CAM is designed to provide centralized intake, standardized screening and assessment practices, coordinated warm handoffs between care providers, and a foundation for performance management, strategic resource allocation, and consumer choice.

This initiative will continue to augment Human Services' coordination and leadership of a multi-faceted approach to supporting County residents with mental health and addiction needs. A key element of this coordination is the Pinellas Integrated Care Alliance (PICA) partners, which includes Central Florida Behavioral Health Network, the Juvenile Welfare Board, the Florida Department of Health, Pinellas County Government, and the Sheriff. This cross-sector initiative aims to address continuing gaps within the behavioral health continuum of care with an emphasis on improving service utilization for individuals served by multiple systems including the jail, county health program, emergency departments, homeless services, and behavioral health acute/crisis care centers.

In addition to the high impact work completed with KPMG, Human Services initiated a Quick Response Team model aimed at increasing access to care for persons who have experienced an overdose and were treated by first responders within the community. The first iteration of this model increases proactive engagement by a local substance use treatment provider immediately following an interaction with EMS. This proactive engagement strategy seeks to remove barriers when accessing treatment. Future iterations of this model will include additional first responder organizations such as law enforcement and fire personnel.

Funding for various programs is included in department/agency budgets of Human Services, Sheriff, Judiciary, Public Defender, and Florida Department of Health. Human Services also aggressively pursues grant funding opportunities; more than \$5.7M is awarded to specifically target unmet behavioral health services needs in Pinellas County.

Priority Topic – Sustainability and Resiliency

The impact of Pinellas County's sustainability and resiliency efforts have been significant in FY22 and will continue to grow and progress in FY23.

The Board of County Commissioners signed the first resolution in support of sustainability efforts in 2006, and the County has made strides to achieve those original goals and additional goals since, including the creation of "Green Pinellas," adopting an energy and water conservation directive, and creating the County's unique tool to analyze the impacts of sea-level rise on capital

Fiscal Year 2023 Budget Overview

infrastructure. Much of progress in FY22 can be attributed to creating a new Strategic Plan objective committing to “foster a sustainable and resilient community that is prepared for sea level rise and a changing climate”. The County continues to align goals, operations, and services through the first-ever Sustainability & Resiliency Action Plan (SRAP). After being finalized in FY22, the SRAP will create a structure and pathways to inform internal processes, such as annual budgets, performance measures, departmental workplan items that will enhance sustainable impacts throughout the organization and community. At nearly every level, staff strive to consider the current and future needs of residents, the natural environment, and the economy while simultaneously ensuring that the County is adaptable and prepared for abrupt changes. This reinvigorated culture and strategic approach will be solidified through the SRAP’s goals, guiding principles, implementation measures, and six new focus areas.

In FY22, the Board of County Commissioners passed a resolution establishing clean energy targets for our departments and operations. The County also subscribed to purchase renewable energy through Duke’s Clean Energy Connection Program. Following a green fleet analysis, our Fleet Division not only set a new goal to transition all light-duty vehicles to electric by 2032 but also purchased the first electric vehicles toward this goal. The County also secured federal and state grant funding for sustainability-based and resiliency-based infrastructure and planning projects.

In FY23, the County will quantify and track connections of our broad portfolio to sustainability and resiliency. For instance, the following list of activities are embedded within the budget document and may be better highlighted and quantified: staff time on relevant projects; capital funds spent for hazard mitigation; facilities retrofits to improve energy efficiency, resources allocated to preserve and maintain green space; planning for community and neighborhood revitalization; savings from flood insurance; etc. Most notably is the money allocated to the Capital Improvement Program and the resulting impacts from those expenditures. The Sustainability and Resiliency Coordinator will continue to work with the Office of Management and Budget to add additional value to the budgeting process and quantify the results of these efforts.

Priority Topic – Housing Affordability

Housing affordability remains a top issue in Pinellas County and the Tampa Bay region as home prices and rents have risen dramatically in recent years. Rent prices in the Tampa Bay Area increased 24% in 2021 and continue to rise in 2022.

Pinellas County housing programs include home buyer counseling classes, down payment and home repair loans, rental assistance, and funding for affordable housing development that includes both homeownership and rental housing. Housing program funding is provided by the federal government and Florida’s State Housing Initiatives Partnership program.

Pinellas County received \$45.7M of federal Emergency Rental Assistance Program funds in response to the pandemic and has assisted 5,443 households through May of 2022.

In addition to leveraging state and federal funds through partnership with the Pinellas County Housing Finance Authority, the County and cities created the Penny for Pinellas Affordable Housing Program, an \$80.0M fund dedicated to supporting qualified development and rehabilitation projects to expand affordable housing in Pinellas County. The program uses revenue from the voter approved 1.0% sales surtax (see Penny for Pinellas section below for more details) along with other public and private investment to preserve and develop more affordable housing. The County assists many different types of applicants, including developers

Fiscal Year 2023 Budget Overview

who specialize in affordable housing and those who traditionally build market-rate developments as well as municipal and nonprofit partners.

In FY22, the Advantage Pinellas Housing Compact was adopted. This is an agreement between multiple local partners and municipalities to establish a framework for multi-jurisdictional cooperation, making it easier to address affordable housing issues across boundaries. In the upcoming year, Pinellas County, Forward Pinellas, and municipal partners will continue work on initiatives to incentivize production of affordable housing in designated corridors and redevelopment areas.

Even more recently, Pinellas County has been developing a Tenants Bill of Rights that would prohibit landlords from refusing to rent to people with housing vouchers and require landlords to provide tenants written notice of late fees and notice of their rights under federal and state law.

Also recently, the County compiled a web page with resources for renters and homeowners at www.pinellascounty.org/resident/housing.htm. This page contains links to help individuals find housing that fits their individual needs.

Priority Topics - Penny for Pinellas

Penny revenues are proceeds of a 1.0% Local Government Infrastructure Surtax on sales in Pinellas County, pursuant to Section 212.055(2) of the Florida Statutes. The Penny surtax is collected on the first \$5,000 of all purchases excluding groceries and medications. The authorized use of these funds is generally restricted to infrastructure projects only and cannot be used for ongoing operation or maintenance costs. The Penny became effective February 1, 1990, for an initial period of 10 years and has been extended by referendums in 1997, 2007, and 2017 for additional 10-year periods (currently lasting until December 31, 2029). The Penny revenue is distributed in accordance with statutory requirements and an interlocal agreement with all 24 municipalities in Pinellas County using a population-based formula. Beginning January 1, 2020, according to the referendum vote, the interlocal agreement sets aside 11.3% of net proceeds for countywide investments consisting of Economic Development Capital Projects and Housing (8.3%) and Court and Jail facilities (3.0%). The County's percentage for the Penny ending December 31, 2029, referred to as Penny IV, is 51.75%, after the countywide investment distribution.

Approximately 70% of the County's Governmental Capital Improvement Program (CIP) for FY23 is funded with Penny for Pinellas revenues. These are the non-enterprise construction projects such as roads, drainage, buildings, public safety, and park projects.

During the 2017 Penny renewal education campaign, priority projects were identified. Over the past year, OMB has worked with departments and agency partners to prioritize those identified projects, determine realistic schedules, and include preliminary construction cost estimates in the CIP. Nearly all the projects on the "2017 list" are included in the CIP, with updated cost estimates. The exceptions are the Sheriff's vehicles and hazmat vehicles which have other funding sources, and several watershed management plan projects that are pending completion of project development studies. The projects are funded based upon current cost estimates. The Penny Ten-Year Plan is balanced within projected revenues.

The Penny funding is also used as a match to leverage grant funding for projects. In FY23, projected grant funding for governmental Capital Improvement Program (CIP) projects is \$26.4M. In addition, the County has been allocated \$189.4M from the American Rescue Plan Act (ARPA)

DESCRIPTION OF PINELLAS COUNTY GOVERNMENT

Pinellas County was established in 1912 and is located at the approximate midpoint of the west coast of Florida, bounded on the east by Tampa Bay and on the west by the Gulf of Mexico. The County contains a total area of 608 square miles, of which approximately 274 square miles are land and the remaining is water area. With a 2020 estimated population of 983,186, Pinellas County ranks sixth in terms of county population in Florida. With the second smallest total land area, Pinellas County is the most densely populated county in Florida with 3,591 people per square land mile. There are 24 incorporated municipalities in Pinellas County. St. Petersburg is the largest city in the County with a 2020 estimated population of 270,623. Clearwater, the County seat, is the second-largest city, with an estimated 2020 population of 118,017. Approximately 277,059 people reside within unincorporated Pinellas County.

Seven-Member Commission Elected to Govern County

Pinellas County is a political subdivision of the State of Florida. In October 1980, the voters approved a Home Rule Charter for Pinellas County. In accordance with this Charter, the Board of County Commissioners is the legislative body of county government responsible for the formulation of policy. The County Administrator, a professional appointed by the Board, and his staff are responsible for the implementation of those policies. On November 2, 1999, Pinellas County voters changed the composition of the Board from five at-large members to a seven-member commission. Four of the members are elected from single-member districts and three are elected as at-large members.

Commissioners Serve on Other Boards

The Board of County Commissioners also serves as the Emergency Medical Services Authority, Fire Protection Authority, Economic Development Authority, Lealman Community Redevelopment Agency, and Water and Navigation Authority. Individual board members serve on various other boards, authorities, and commissions, including Tampa Bay Regional Planning Council, Tampa Bay Water, Business Technology Services Board, Forward Pinellas (Metropolitan Planning Organization), Pinellas County Cultural Council, Pinellas Suncoast Transit Authority, Election Canvassing Board, Juvenile Welfare Board, and the Tourist Development Council.

Elected Officials

Elected Officials include the Board of County Commissioners, the Judiciary, the State Attorney, Public Defender, and five Constitutional Officers: the Clerk of the Circuit Court and Comptroller, the Property Appraiser, the Sheriff, the Supervisor of Elections, and the Tax Collector. Constitutional Officers are elected to administer a specific function of County government and are directly accountable to the public for its proper operation. The Board funds all or, in some cases, a portion of the operating budgets of the Elected Officials. The Constitutional Officers maintain separate accounting systems and budgets.

Other Government Agencies

Based on the degree of budgetary authority, taxing authority, and reporting and alignments with independent boards/councils, several other governmental entities also have their budgets reviewed and approved by the Board of County Commissioners. These independent agencies include Business Technology Services, Human Resources, and the Office of Human Rights. The budgets of these agencies and the Constitutional Officers, as well as the County portion of support for Courts, are included in this document.

Role of the County Administrator

In 1964, Pinellas was the first Florida county to adopt the Commission/Administrator form of Government. The County Administrator is appointed by the Board of County Commissioners and is responsible for carrying out the directives and policies of the Board. The County Administrator is also responsible for the management and supervision of all functions and personnel under the Board of County Commissioners in accordance with Section 4.01 of the Pinellas County Charter.

Property taxes, also known as, "Ad Valorem" (according to value) taxes, are assessed on real property and on tangible personal (business) property. The tax rate is expressed in "mills". One mill is one dollar of taxes for each thousand dollars of taxable value. For example, a tax rate of 5.9000 mills on a taxable value of \$100,000 yields \$590 in taxes. The taxable values as of January 1 are established annually by the County Property Appraiser and certified for budget purposes in June. Final taxable values are certified following the appeal and adjustment process. The FY22 final taxable value of one mill reflects post-Value Adjustment Board values. Estimated revenue is calculated at 95% and represents the expected collection amounts for FY22 based on historical trends. Budgeted revenue for FY23 reflects anticipated collection amounts in eTRIM and may slightly differ from amounts in the budget software.

The millage rate is approved annually by the Board of County Commissioners by resolution as part of the budget process. This process must follow the "Truth in Millage" (TRI) law (Ch. 200.065 F.S.), regarding timing, advertisement, and conduct of public hearings. By Florida Law, local governments must budget at least 95% of the calculated revenue for property taxes. The difference from 100% allows for collection fees, discounts, and revenue that is not received during the fiscal year.

DEBT SERVICE SUMMARY

Pinellas County has historically assumed a "pay-as-you-go" philosophy in the funding of infrastructure. However, when circumstances have dictated that this is not a viable approach, the County has utilized the bond market to generate additional capital.

CATEGORIES OF DEBT

There are several categories of governmental debt:

General obligation bonds are backed by the full faith and credit of the local government, and they are required to be approved by voter referendum. Revenues collected from the ad valorem taxes on real estate and other sources of general revenue are used to service the government's debt. Pinellas County has no general obligation bond issues outstanding currently.

Self-supporting revenue bonds and notes, unlike general obligation bonds, are financed by those directly benefiting from the capital improvement. Revenue obtained from the issuance of these bonds and notes is used to finance publicly owned facilities, such as water, sewer, and solid waste systems. Charges collected from the users of these facilities are used, in turn, to retire the bond and note obligations. In this respect, the capital project is self-supporting. The debt service payments for the County's enterprise activities are budgeted in their respective funds.

Non-self-supporting revenue bonds, which pledge specific sources of revenue other than ad valorem taxes, are used to fund non-enterprise infrastructure needs. Pinellas County has no bond issues supported from general revenues at this time.

DEBT LIMITATIONS

The Florida Constitution (Article VII, Section 12) requires County bonds supported by ad valorem taxes to be approved by public referendum. Chapter 130 of the Florida Statutes defines the purposes for which County debt may be issued and procedural restrictions. There are no statutory limitations on the amount of debt that may be issued in terms of total dollars, millage rates, or percentage of assessed values. Self-supporting revenue bonds are limited by the requirement to maintain adequate revenue streams to cover debt in ratios prescribed by the authorizing Bond Resolutions.

DEBT CAPACITY, ISSUANCE, & MANAGEMENT POLICIES

The County has established the following budget policies related to debt:

- Minimize debt service costs through the judicious use of available debt instruments, consistent with the desirability of maintaining stable current tax rates and distributing the costs of certain long-lived facilities among all users, present and future.
- Define appropriate uses for debt.
- Define the maximum amount of debt and debt service that should be outstanding at any one time (target financial ratios).
- Maintain a high credit rating while making attempts to strengthen credit rating; identify factors and strategies to address them.
- Consider investment in equipment, land or facilities, and other expenditure actions, in the present, to reduce or avoid costs in the future.
- Capital project proposals should include cost estimates that are as complete, reliable, and attainable as possible.
- Prior to undertaking a capital project, all ongoing Operating & Maintenance (O&M) costs should be identified and considered as part of the policy discussion.

SUMMARY OF EXISTING & ANTICIPATED DEBT

There are presently five outstanding debt issues for Pinellas County: the \$42,005,000 Sewer Revenue Bonds, Series 2008A; the \$32,700,000 Sewer Revenue Refunding Bonds, Series 2008B; the \$14,733,000 Sewer Revenue Refunding Note, Series 2016; the \$44,400,000 Taxable Sewer Revenue Refunding Note, Series 2021A; and the \$5,292,000 Sewer Revenue Refunding Note, Series 2021B. All debt issues are bank loans.

EXISTING DEBT: CURRENT SELF-SUPPORTING (ENTERPRISE) REVENUE BONDS:

\$42,005,000 Sewer Revenue Bonds, Series 2008A*

These bonds were issued in the form of a bank loan to finance improvements at the South Cross and W.E. Dunn Facilities and various improvements to pump stations, force mains, and the collection systems; as well as the required deposit to the reserve fund; and to pay related costs and expenses in connection with the issuance of the Series 2008 Bonds. Payments of principal and interest are supported by the net revenues derived from the operation of the County's Sewer System.

\$32,700,000 Sewer Revenue Refunding Bonds, Series 2008B*

These bonds were issued in the form of a bank loan to refund a portion of the County's outstanding Sewer Revenue and Revenue Refunding Bonds, Series 1998. Payments of principal and interest are supported by the net revenues derived from the operation of the County's Sewer System.

\$14,733,000 Sewer Revenue Refunding Note, Series 2016*

This note was issued in the form of a bank loan to refund the outstanding principal amount of the County's Sewer Revenue Refunding Bonds, Series 2006, maturing on and after October 1, 2017. Payments of principal and interest are supported by the net revenues derived from the operation of the County's Sewer System.

\$5,292,000 Sewer Revenue Refunding Note, Series 2021B

This note was issued in the form of a bank loan to refund the outstanding principal amount of the County's Sewer Revenue Bonds, Series 2003, maturing on and after October 1, 2032. Payments of principal and interest are supported by the net revenues derived from the operation of the County's Sewer System.

\$40,862,000 Taxable Sewer Revenue Refunding Note, Series 2022

This note was issued in the form of a bank loan to refund the outstanding principal amount of the County's Sewer Revenue Refunding Bonds, Series 2012, maturing on and after October 1, 2031. Payments of principal and interest are supported by the net revenues derived from the operation of the County's Sewer System.

* Minimum annual debt service coverage of 115% is required by the Bond Resolution rate covenant. If net revenues together with Impact Fees are pledged and legally available to meet the Debt Service requirement, then 125.0% minimum annual debt service coverage is required.

ANTICIPATED DEBT

No new debt issues are included in the FY23 Budget.

ECONOMIC TRENDS & MAJOR REVENUES

The following section briefly discusses key economic trends and major revenue statistics related to Pinellas County.

For all of the graphics and charts relating to the County's taxable value, the data is presented on a budget year basis. Therefore, the data reflects actual activity occurring through December 31 of the preceding year. However, the FY23 County taxable value is the official 2022 Tax Year estimate from the Pinellas County Property Appraiser. All other data through 2021 is actual annual information.

Population: Pinellas County's estimated 2021 population of 964,490 reflects a decrease of 2.0% (19,564) from the County's 2020 population estimate. Since 2012, the population has increased an average of 0.5% per year.

The 2021 population estimate reflects a 5.2% increase, or 33,377 residents, from the 2010 Census' low of 916,542.

Source: Bureau of Economic and Business Research, University of Florida (BEBR)

Between 2012 and 2021, the portion of the total population living in incorporated areas of the county grew from 70.7% to 71.4% of the total population. This trend is attributable to a combination of voluntary annexation of the unincorporated area and residential building activity shown in the subsequent chart: *Housing Units Permitted*.

Average Daily Rate and Occupancy Rate: Tourism is a key indicator of the economic growth and strength of Pinellas County. Overnight visitors stay in a variety of hotels throughout Pinellas County. From the high-rise hotels on Clearwater Beach to the low-rise hotels up and down U.S. Highway 19, prices paid by visitors vary as much as the hotels themselves. Since 2012, the average daily rate (ADR), which measures the rate paid per occupied room, has increased an average of 5.5% per year through 2021 to \$171.74 per night. Prior to the onset of the COVID-19 pandemic and the almost complete shut-down of tourism in Pinellas County in 2020, ADR had increased by 44.1% from 2011 to 2019, before falling 14.0% in 2020.

This increase, combined with the increase in the tax levy from 5.0% to 6.0% in January 2016, led to a record-setting collection of Tourist Development Tax (TDT) revenue from FY12 to FY19. In FY20, revenue fell 22.6% to \$48.8M before rebounding in FY21 as shown in the subsequent chart: *Tourist Development Tax*.

Average Daily Rate

Unemployment Statistics: The County's unemployment rate had seen a steady decline following a monthly high of 10.8% during the Great Recession of 2008 -2009, falling to a low of 3.0% in 2019 before spiking to 14.7% in April 2020 due to the COVID-19 pandemic. The County's unemployment rate has since recovered to pre-pandemic levels, dropping to 2.1% as of April 2022.

Unemployment Statistics, 2012-2021

Source: Florida Department of Economic Opportunity/Bureau of Labor Statistics

Total Labor Force: As with the County's total population, the total labor force has seen modest growth. Since 2012, the total size of the labor force has grown an average of 0.5% annually, with 2020 dropping 0.3% as laid-off and displaced workers left the job market. In 2021, the total labor force recovered to pre-pandemic levels, increasing 0.3%.

Pinellas County - Total Labor Force, 2012-2021

Source: Florida Department of Economic Opportunity

Housing Units Permitted: Total housing unit permits increased 133.6% to 2,735 between 2020 and 2021, recovering to almost 81.0% of the units permitted in 2019. Housing unit permits precede construction and indicate the strength of a prominent industry with high employment. Permitting information could also indicate the level of new construction (square footage) added to future tax rolls. However, a decrease in housing unit permits can reflect the timing of the data collection, and not an indicator of future industry trends.

Taxable Value – New Construction: New construction taxable values include both residential and commercial construction developments that were added to the County's tax rolls. New construction currently accounts for 1.0% of the total taxable value in Pinellas County, Florida

County. In FY23, newly completed square footage added \$1.1B of new taxable value, a 33.3% increase from FY22. Of the total new construction, \$1.0B in taxable value was added in the incorporated area (municipalities) and \$101.7M in the unincorporated area.

Taxable Value - Countywide (includes new construction): Taxable values were depressed from FY09 – FY13 as the County endured the effects of the Great Recession on real estate and the addition of a second Homestead Exemption in 2008, among other factors. Since FY14 however, taxable values have increased 97.6%, to \$110.9B. The estimated increase of 13.2% between FY22 and FY23 is the tenth year of taxable values rising since 2013.

Countywide Property Tax Collections and Millage Rate: Countywide property tax revenue is projected to increase 5.9% in FY23, continuing a trend of increasing property tax revenue for the twelfth consecutive year. This run of increasing revenue follows the year-over-year decline in revenue from FY08 – FY11, due to a change in the Florida Constitution increasing the Homestead Exemption as well as a general decline in property values during the Great Recession.

The countywide collective property tax rate of 5.7346 mills is 0.3904 mills lower in FY23. The countywide aggregate tax rate includes three tax rates: General Fund (4.7398 mills, 0.3904 mills lower); Health Department (0.0790 mills, unchanged); and Emergency Medical Services (0.9158 mills, unchanged). Emergency Medical Services millage is levied on real property only. The taxable value estimate for all taxable property (real and tangible property) is \$110.9B versus the taxable value estimate of \$105.6B for real property only.

Taxable Value - MSTU (includes new construction): Taxable values within the unincorporated area of the County, also known as the Municipal Services Taxing Unit (MSTU), have increased by \$2.5B, or 11.0%, in FY23 to \$24.8B. The taxable value in the MSTU as a percentage of the total countywide taxable value has decreased from 25.4% in FY14 to 22.4% in FY23. The MSTU has a separate millage collected to fund services within the MSTU.

MSTU Property Tax Collections and the MSTU Property Tax Rate: The MSTU property tax collections are a direct result of the MSTU property tax rate and the MSTU taxable value. The FY23 budgeted property tax collections are 11.5% greater than FY22, increasing to \$49.2M. The MSTU property tax collections are used to fund a variety of services benefiting only the unincorporated area of the County. These services include, but are not limited to, community policing, development review services, and code enforcement. The MSTU millage rate remains 2.0857 mills in FY23.

Taxable Sales: Taxable sales are transactions subject to Chapter 212, Florida Statutes, such as sales of goods, but not services (with limited exceptions). Taxable sales are an indication of the strength of the County's overall economy. In Pinellas County, taxable sales increased 10.2% during State Fiscal Year 2021 (July 2020 – June 2021). As the chart below shows, Pinellas County has historically performed below, but in step with, the state. Pinellas' growth has slightly exceeded that experienced statewide for the last two years. Statewide, taxable sales increased 9.8% during fiscal year 2021

1/2 -Cent Sales Tax and Revenue Sharing with Counties: Both the local 1/2 Cent sales tax and the county revenue sharing receipts are part of the Florida Revenue Sharing Act of 1972. The chart reflects the County's share of the proceeds from both distributions that are allocated based on specific state-mandated formulas.

The 1/2-Cent sales tax program generates the largest amount of revenue for local governments among the state-shared revenue sources currently authorized by the State Legislature. The State of Florida levies a sales tax of 6.0% on the purchase of consumer goods, with a variety of exemptions for non-prepared food items, prescription drugs, services, etc. The state returns "8.9744 percent" of net sales tax proceeds to local governments. The County's share of 1/2- Cent Sales Tax increased 18.1% in FY21 to \$54.4M.

The State's revenue sharing with counties is a portion of the State sales tax and the net State-levied cigarette/tobacco taxes. The County's share of their share of State Revenue Sharing increased by 26.8% in FY21 to \$21.7M. Pinellas County uses these revenues in support of general fund operations.

Penny for Pinellas - County Share: Penny for Pinellas (Penny) revenues are proceeds of an additional one-percent Local Government Infrastructure Surtax on Sales imposed in Pinellas County, pursuant to Section 212.055(2), Florida Statutes. The Penny surtax is collected on the first \$5,000 of all purchases excluding groceries and medications. The authorized use of these funds is generally restricted to infrastructure projects only and cannot be used for ongoing operation or maintenance costs. Sales tax as a revenue source is highly elastic and is sensitive to local and national economic conditions, such as inflation, wage growth, unemployment, and tourism.

The Penny became effective February 1, 1990, for an initial period of ten years and has been extended by referendums in 1997, 2007, and 2017 for three additional ten-year periods, with the most recent extension effective until December 31, 2029. Beginning January 1, 2020, the interlocal agreement for Penny IV sets aside 11.3% of net proceeds for countywide investments in Economic Development Capital Projects, 8.3% for those in Housing, and 3.0% for Jail and Courts Facilities. The County's percentage for Penny IV is 51.75%, after the countywide investment distribution, with the remaining revenues split with the municipalities based on set terms.

Penny for Pinellas revenue increased 17.6% to \$115.3M between FY20 and FY21.

Local Option Fuel Tax: In accordance with Section 336.025(7) Florida Statutes, Pinellas County levies a six (6) cents per gallon tax on motor fuel sold. The tax is in effect through December 2027. Beginning in January 2022, the County will levy an additional five (5) cents per gallon. Pursuant to interlocal agreements, the County retains 60.0% of the proceeds from the local option fuel tax and the remaining 40.0% is allocated to the municipalities within the County.

The chart reflects the County's share of the proceeds. The County uses the proceeds to fund operations and maintenance of the County's transportation system and transportation capital projects. In FY23, revenue is projected to increase \$1.1M (9.2%) over FY22 Budget, to \$12.8M.

Tourist Development Tax: The County collects a Local Option Resort/Tourist Tax, also known as the Tourist Development Tax (TDT), on most rents, leases, or lets, which have been contracted for periods of six months or less, or living accommodations in hotels, motels, apartment houses, rooming houses, and mobile home parks. In 1988, the Tourist Development Tax was increased from the initial 2.0% (levied in 1978) to 3.0% to provide additional revenue for tourist development activity. In 1996 the tax was increased to 4.0%, with the additional percent restricted to debt service for the City of St. Petersburg's Tropicana Field. In 2006, the tax was increased to 5.0%, which was dedicated to marketing purposes. Due to Pinellas County being designated a "high tourism impact" county pursuant to Florida Statutes, the County was able to increase its existing tourist tax levy to 6.0% in 2016.

The TDT is used to fund beach renourishment, contribute to tourist-related capital projects throughout the county, and provide marketing and promotion resources for the Pinellas County Convention and Visitors Bureau (CVB). The CVB advertises and promotes Pinellas County as a top tourist destination for Florida, national, and international travelers.

Total revenue collected has set records for nine of the past ten years. However, due to COVID-19, FY20 was the lowest collection since FY15, when the TDT was at 5.0%. Revenue collections have since recovered increasing 49.9% from FY20 to \$73.2M in FY21, the highest ever in Pinellas County.

Tourist Development Tax FY14 - FY23

Source: Pinellas County Tax Collector

Between FY12 and FY21, the value of each percentage of TDT has increased an average of 10.3% per year from \$5.7M to \$12.2M each (through FY21). Due to the COVID-19 pandemic and the almost complete shutdown of the County's tourism industry, revenue per percent of TDT dropped 22.7% in FY20 before increasing 49.9% in FY21.

Because the County has increased the TDT rate from 2.0% when it was first levied in 1978 to the current rate of 6.0% (January 2016), the value of each percent of TDT is a better gauge of revenue growth over time.

General Fund Beginning Fund Balance: Beginning Fund Balance reflects the amount of revenue remaining after all expenditures have been paid in the prior fiscal year. The Beginning Fund Balance is part of the Total Resources available, in addition to current year revenue, to fund the annual budget for the General Fund. The categories of fund balance are defined in the County's budget policies.

The General Fund is the primary fund for the County. The Fund provides the resources necessary to sustain the day-to-day activities of the County and pays for all administrative and operating expenses that are not assigned to a special purpose fund.

Board of County Commissioners

Description

The Board of County Commissioners (BCC) is the chief legislative and governing body for Pinellas County. The BCC formulates policy and strategy and directs the County Administrator to implement these policies and the Strategic Plan. As such, the accomplishments and strategic initiatives attributed to each of the departments under the County Administrator are a direct result of the guidance provided by the BCC. The BCC consists of seven commissioners elected by the voters of Pinellas County for terms of four years each. The composition of the BCC is four members elected from single districts and three members elected as at-large members.

For additional information, please visit <http://www.pinellascounty.org/commission/default.htm>

Analysis

Overall, the Board of County Commissioners combined budget is increasing by \$129,450 or 5.8%. Personal Services are increasing \$142,920, or 6.7%, over FY22. A 2.0% increase has been factored into the Commissioners salaries based on an average of prior year increases. Personal Services for the Commissioners' staff reflect an annual increase of 3 percent from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023. Funding for FY23 includes staffing costs for the change of one Commissioner to follow policy set forth by the Board in 2020.

The Operating expenses are decreasing from FY22 by 12.5%, or \$13,470. Each Commission District was provided an operating budget of \$11,050, an 8.0% increase over the FY22 budget of \$10,230, to appropriate for discretionary purposes such as travel. All Districts came in at or below target. District 4 (\$5,100) and District 5 (\$2,100) came in below target.

County Attorney

Description

The Office of the County Attorney is responsible for the representation of the Board of County Commissioners, Constitutional Officers, and all of the departments, divisions, regulatory boards, and advisory boards of county government in all legal matters relating to their official responsibilities. The Office of the County Attorney is also responsible for the prosecution and defense of all civil actions for and on behalf of county government and reviews all ordinances, resolutions, contracts, bonds, and other written instruments.

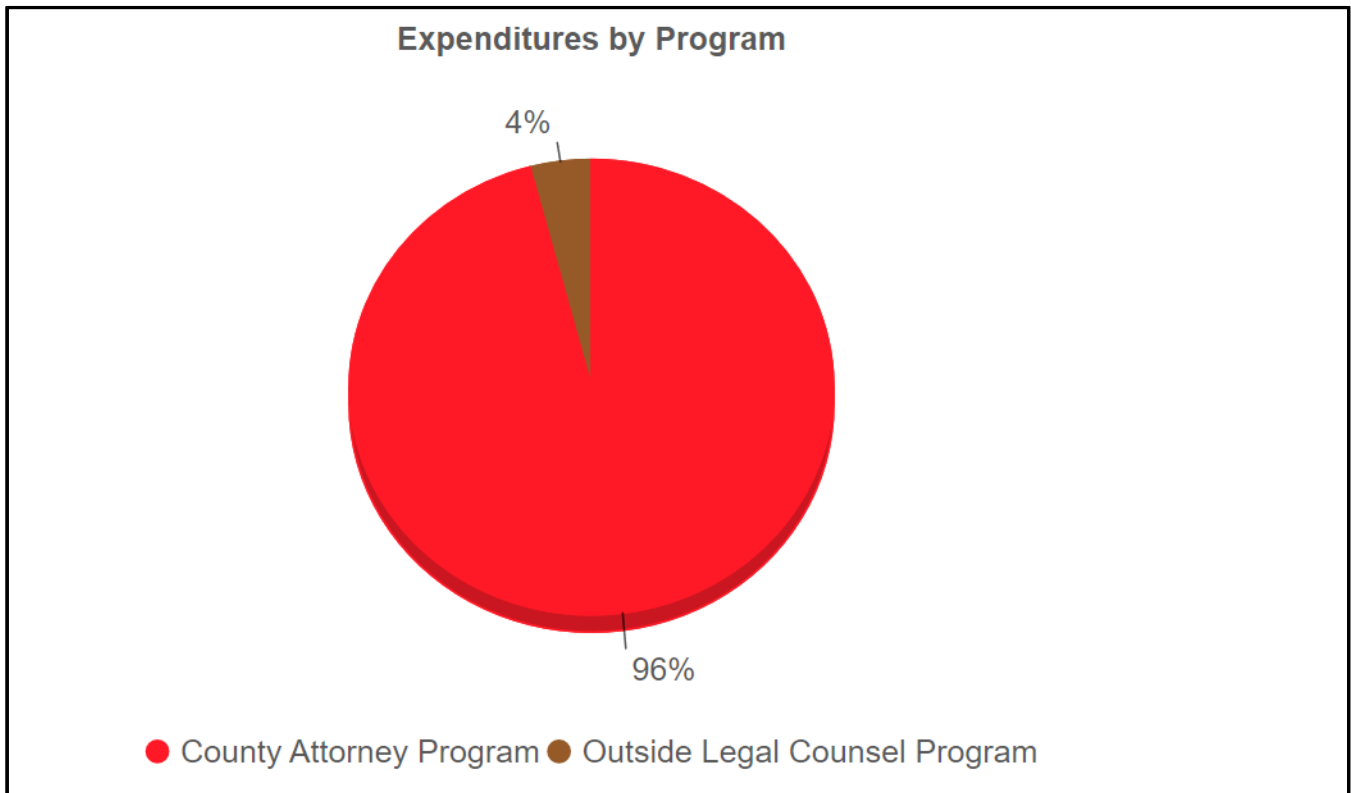

For additional information, please visit <http://www.pinellascounty.org/attorney/default.htm>

Analysis

The FY23 Budget for County Attorney is increasing by \$623,360, or 11.4%, over the FY22 Budget. Personnel Services are increasing by \$587,910, or 11.6%. This is attributed to double encumbrance of two high level positions for six weeks, leave payout (over \$60,000), multiple promotions and positions reclassifications. The Personal Services for the department also reflects an annual increase of 3.0% from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023. A request for an increase in the Outside Legal Counsel budget is being made due to a current construction issue that is nearing litigation and several looming construction litigation lawsuits that are anticipated to be filed. Historically, this program's budget was reduced based on the prior year trends. Capital Outlay is decreasing by over \$22,000 due to decrease in computer replacements.

County Administrator

Description

The Office of the County Administrator is responsible for implementing all policy directives of the Board of County Commissioners (BCC), regulatory compliance, proposing and administering the annual budget, sustaining a quality workforce, and ensuring the efficient and equitable delivery of services in accordance with Pinellas County's Mission, Vision, Values, and Strategic Plan.

Accomplishments

- Published first comprehensive Sustainability and Resiliency report and website.
- Approved subscription for the Duke Energy Florida's Clean Energy Connection Program which will offset County energy use with solar power and advance our renewable energy goals.
- Community plans were developed for unincorporated areas to establish community strategies and goals and guide the County in identifying projects and project funding (examples: Highpoint and Ridgecrest).
- Several projects were completed in the unincorporated areas to further enhance the communities and their infrastructure (examples: Palm Harbor Museum, Greater Ridgecrest, and Dansville gateway signs installation).
- The career paths and ladders program implementation started in nine (9) departments, representing about 1,200 employees, half of which were eligible for career path incentives.
- Working from lessons learned during COVID-19, a Remote Work Policy for classifications under the County Administrator was implemented to establish criteria and work rules for employees that may work remotely, subject to written approval and on-going performance expectations.

Analysis

The FY23 Request reflects a net increase of \$147,630, or 4.32%, in comparison to the FY22 Budget. This is primarily due to the addition of 1.0 FTE to support the implementation of workforce initiatives and Personal Services. The Personal Services for the department reflects an annual increase of 3 percent from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023. Note that two positions dedicated to serving the Lealman Community Redevelopment Agency (CRA) are funded by the Lealman CRA Trust Fund, and the appropriation associated with those positions is reflected in that budget.

Operating reflects a moderate reduction due to shifting workforce development priorities to address market competitiveness to Human Resources and the anticipated completion of the Sustainability and Resiliency Action Plan, which will move into the implementation phase in FY23. Implementation will focus on short-term actions, coordination of services, product development, and data analysis. The FY23 budget also supports the continuation of two ICMA Fellowship program interns for career-development.

Administrative Services

Description

The Department of Administrative Services (DAS) centralizes services for purchasing, risk, real property, design and construction, facility, and fleet operations to one internal department for the efficient delivery of those services to all departments under the Pinellas County Board of County Commissioners (BCC), select appointing authorities, and all constitutional offices.

Accomplishments

- Started and completed implementation of the new GPS System in all County rolling stock; the new GPS System will provide many operating metrics pertaining but not limited to driving dynamics, fuel usage, idle time, and vehicle usage.
- Developed a 10-year replacement plan to replace the County light duty Fleet (pick-up trucks, sedans, vans) with alternative fueled (Electric Vehicles).
- Completed the Purchasing SharePoint intake site to enable departments to enter requests along with all appropriate information necessary to competitively procure goods and services; this improvement provides Purchasing customers an efficient method of requesting competitive processes.
- Onboarded new Amazon centralized business account for greatly improved ordering and delivery of everyday operational supplies; this action eliminated all personal Amazon accounts providing greater and improved controls along with improved purchasing economy of scale
- Developed detailed inventory of County properties enabling staff to begin the process of disposing and/or repurposing properties no longer needed by County government.

Analysis

The total FY23 Expenditure Budget for DAS increased \$3.4M or 3.7%. over the FY22 Budget.

In the General Fund, which funds the Purchasing and Facilities and Real Property (FRP) divisions, expenditures increased \$2.0M or 5.0%. Increased operating expenses for leases, new land management and radio tower facility maintenance programs, and new operating costs for the purchase of the South County Service Center drove the increase. Personal Services would have increased by \$582,401 or 4.5% but after factoring in the recent transfer of three Procure to Pay positions to other departments, the adjusted increase is \$735,750 or 5.7%. The adjusted increase aligns with the cost of pay adjustments and budgeted increases for 43 career paths. Capital Outlay decreased \$198,200 or 35.2%. The Personal Services for the department reflects an annual increase of 3.0% from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023.

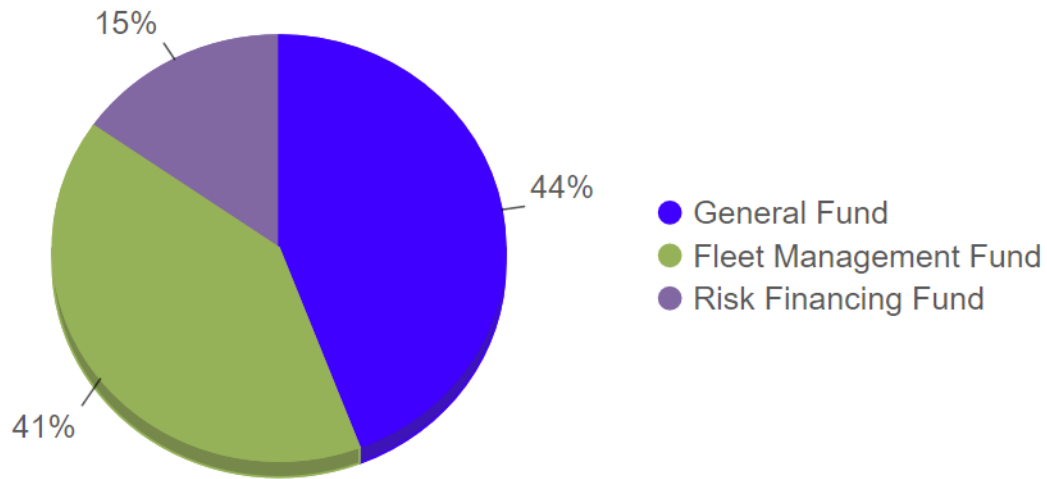

Non-General Fund expenditures excluding reserves, for Fleet Management and Risk Management increased \$6.6M or 22.4%.

For FY23 excluding reserves, the Fleet Management budget increased \$4.9M or 29.4%. Planned Vehicle Replacement Plan (VRP) purchases combined with higher pricing due to the current supply chain issues increased their budget by \$3.8M from FY22. Fleet Management's efforts to reduce other operating expenses helped offset their \$799,890 or 16.8% increase for fuel to a net increase of \$573,580 or 6.2% increase for total operating expenditures.

For FY23 excluding reserves, the Risk Management budget increased \$1.7M or 13.2%. Decreases in several operating expenses helped offset the \$1.6M or 14.9% increase for property and casualty insurance premiums.

Airport

Description

The St. Pete-Clearwater International Airport (PIE) operates and maintains the runways, taxiways, buildings, equipment, and vehicles belonging to PIE, and provides aviation fire protection services. The airport provides a full range of customer, aviation, and facility services to support the transportation and commerce infrastructure used by airlines, passengers, airport customers, tenants, and federal agencies. The airport fosters continual economic growth and vitality with the direct and indirect economic impacts associated with the tenants/businesses located at the airport and capital improvement program, as well as the spending from visitors arriving via the airport to the Tampa Bay area. PIE is entirely self-supported by user fees, leases and concessions, and federal and state grant revenue.

Accomplishments

- PIE expanded to 65 non-stop destinations, the most in its history, and added two new commercial airlines, and achieved busiest month of July 2021 in PIE's history
- Completed the \$22.0M rehabilitation of primary Runway 18-36
- Installed new work order software system used to track airfield safety inspections and facilities' maintenance and provides trend analysis for better analytics and preventative planning
- Under construction to replace existing passenger exit lane equipment with an automated anti-pass-back system to increase passenger throughput
- Implemented a new electronic noise compliant reporting system for public noise complaints that is more efficient and user friendly
- Awarded \$18.7M in Federal Aviation Administration (FAA) and Florida Department of Transportation (FDOT) grants for the design/construction of the new economy parking lot, the COVID-19 affiliated grants, and parallel taxiways

Analysis

Excluding Reserves, the FY23 Budget for the St. Pete-Clearwater International Airport (PIE) is increasing by \$13,319,230, or 50.7%, over the FY22 Budget. The overall budget increase is primarily driven by the Capital Improvement Program due to two projects scheduled to begin construction in FY23: Cargo Apron Rehabilitation & Runway 9/27 Conversion (\$8.2M) and the Construction of the New General Aviation Taxiways and Roads (\$8.0M). Capital Outlay expenses also include: one non-recurring decision package for a cloud-based software and hardware system for airline ticket counters to improve functionality and allows multiple airlines to use the same terminals; one non-recurring decision package for a security camera server for the Airport's closed-circuit network for access control and security cameras to create a backup system to prevent loss of data and security; and vehicle replacements (dump trailers, tractor mowers, utility carts) due to the Airport not participating in the County's Vehicle Replacement Program.

Personal Services for the department reflect an annual increase of 3.0% from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023. Personal Services increases also includes career paths/ladder accomplishments.

Operating Expenses increases include an FAA requirement of pavement repair and maintenance and electricity cost increases. Grants and Aids is remaining flat for a Customs and Border Protection technology contract.

In FY23, Airport will spend existing FAA ARPA grant funding in the amount of \$7.6M (received in FY22) to offset COVID-19 expenses (payroll and benefits costs) and supplement CIP projects.

For FY23, FTE increased by 0.1, or 0.2%, over FY22 due to an increase in weekly hours for a part-time intern position.

Animal Services

Description

Pinellas County Animal Services is the largest open-admission shelter for dogs and cats in Pinellas County that is responsible for ensuring animal-related health, welfare, and safety for the citizens and animals of Pinellas County. Animal Services provides pet adoption services, spay and neuter grant programs, microchipping, found pet reunification services, rabies control, animal bite investigations, dangerous dog investigations, pet licensing, kennel permitting, pet dealer permitting, hobby breeder permitting, code enforcement, and cruelty investigations.

Accomplishments

- Recipient of the Maddie's Fund and the Michelson Found Animal Foundation grant award (\$10,000) for piloting the "Best Overall Effort" to open doors to adopters and volunteers and welcome the entire community during their Open Arms Challenge
- Animal Control Officers completed nearly 13,000 field visits to ensure animal welfare and safety
- Implemented Return to Field Program in collaboration with Friends of Strays, reducing cat intake
- Implementation of Retail Pet Store Ordinance to address the retail sale of dogs and cats in Pinellas County

Analysis

The FY23 General Fund Budget for Animal Services is increasing by \$373,460, or 6.5%, over the FY22 Budget. The overall budget increase is mostly related to salaries and wages due to the addition of one full-time position, transferred from the Department of Administrative Services. This position will manage the department's operating budget, accounts payable, and financial services as they transition from full-service to non-full-service. Salaries and wages also include the realignment of one full-time position (Animal Services Representative) from Animal Services' Gifts for Animal Welfare Trust Fund. Personal Services for the department also reflect an annual increase of 3.0% from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023.

Operating Expenses decreases include a reduction in Veterinary Services operations due to a vacant Veterinarian position, reductions in postage costs for renewal notices and permit fees, and reductions in travel costs for meetings and conferences. Postage costs and travel costs were reduced to align with historical spending.

Excluding Reserves, the FY23 Gifts for Animal Welfare Trust Fund Budget is decreasing by \$80,790, or 38.8%, over the FY22 Budget. The overall budget decrease is mostly related to salaries, wages, and benefits due to the realignment of one full-time position (Grant Worker) from the General Fund and reducing the position to part-time due to the decreased availability of cats for pet stores. Grants and Aids decreased to align with historical spending. Operating expenses decreased due to the department's ineligibility for the Florida Animal Friends Grant (FAF Grant) since the department was awarded in FY22 and the grant is only available biennially.

For FY23, FTE increased by 0.5, or 0.9%, over FY22 due to the addition of one full-time position from the Department of Administrative Services and the reduction of one full-time position to part-time.

Building and Development Review Services

Description

Building and Development Review Services (BDRS) oversees development and construction activities within Pinellas County to ensure compliance with codes and ordinances and help shape and safeguard the County's built environment while protecting its natural habitat.

Accomplishments

- BDRS completed its review and update of all Development Code chapters and associated regulations relating to development services. The County Stormwater manual was also updated, and several code flexibilities were identified to assist customers with developing challenging sites.
- DRS completed the second phase to evaluate the County's Development Process. The Project Management pilot program was implemented as a result of recommendations for efficiencies and improvements stemming from this evaluation. Initial performance measures have been identified, and a customer survey created to gauge the success of the project management testing program.
- Management identified more than 30 initiatives for process improvement, prioritized by Operational Impact (Customer Service, Technology, Operations, Organizational Change Management, and Governance), budget impact, and funding requirements. Teams are managing project plans, tracking milestones, and effecting change.
- The department implemented QLess to help manage in-person queueing and provide customer service data.

Analysis

The Building and Development Review Services Department's FY23 Budget, excluding reserves, reflects an increase of \$1.9M, or 14.4% when compared to the FY22 Revised Budget. This increase is primarily attributable to an increase of \$1.093M in Personnel Services (explained below) and an increase of \$798,630 in Operating Expenses (also as explained below). The Departmental budget is divided into two funds – the Building Services Fund (supporting review and enforcement of the Florida Building Code) and the General Fund (supporting review and enforcement of all other development services).

The Building Services Fund FY23 Budget, excluding reserves, reflects an increase of \$1.3M, or 15.3% when compared to the FY22 Revised Budget. This increase is primarily attributable to an increase of \$568,070 in Personnel Services and an increase of \$710,050 in Operating Expenses. The Personnel Services increase includes an annual increase of 3 percent from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023. The Personnel Services increase also includes three proposed decision packages totaling \$191,530. The first adds two Plans Examiners to ensure that the Department meets the turnaround times required by State of Florida House Bill 423 and thereby increasing the personnel count of the Department by two. The second and third proposed decision packages continue funding for two temporary positions to assist with intake and scanning of plans, both of which will conclude at the end of the fiscal year. Operating Expenses are proposed to increase \$710,050 attributable to increases in cost allocations of internal services. Implementation of electronic plans review (EPermit Hub) may require that the Department incur additional costs during implementation in the Fall of 2022. The Department will work to minimize service disruptions and delays as part of the implementation and will fully communicate potential disruptions to BDRS patrons.

Building and Development Review Services

The General Fund portion of the Building and Development Review Services Department's FY23 Proposed Budget does not have reserves (being a part of the County's General Fund) and reflects a total increase of \$634,310, or 12.9% when compared to the FY22 Revised Budget. This increase is primarily attributable to an increase of \$525,730 in Personnel Services, an increase of \$88,580 in Operating Expenses, and an increase of \$20,000 in Capital Outlay expenditures. The Personal Services increase includes the same annual salary increases stated above and includes two proposed decision packages totaling \$93,790. The first adds a BDRS Project Manager I to ensure that the Department meets the turnaround times required by State of Florida House Bill 423 and thereby increasing the personnel count of the Department by one. The second proposed decision package continues funding for a temporary position to assist with intake and routing of plans. The temporary position will also conclude at the end of the calendar year.

The FY23 Revenue Budget for BDRS programs is increasing by \$422,790. Most of this change is in the revenues associated with the Building Services fund. This is primarily the result of the elimination of a \$1.633M transfer to the Building Services fund from the Business Technology Services (BTS) fund. This transfer, budgeted and received in FY22, is a one-time refund of Accela costs that were previously overcharged to Building Services. Most of the offsetting increase in revenues (also in the Building Services program and fund) is seen in the permit revenue. Permit revenue is expected to increase \$1.521M. This increase is a result of the proposed user fee increases as year two of a three-year plan as well as expected permit volume increases.

As the second year of a three-year review of permits and user fees, several changes are recommended to keep fees current with the cost of providing services required by County and State laws. BDRS and OMB continue to review the allocation between the Building Services (funded by Building Fees) and will review development services fees before the beginning of the FY23 budget cycle.

Communications

Description

The Pinellas County Communications Department (PCC) manages daily, long-term and emergency public communications that help the County empower residents and partners with important and reliable information.

For additional information, please visit <https://www.pinellascounty.org/communications/default.htm>

Accomplishments

- Since its launch in 2020, Pinellas County's bilingual COVID-19 website has shared resources and data to over 7.5M page viewers.
- Expanded communication support within unincorporated communities such as Lealman, Palm Harbor, and Ridgecrest/Dansville. There have been eight projects completed in FY22, which includes implementing branding and supporting recognition events.
- Provided communications support for key priorities of the Pinellas County Board of County Commissioners (BCC), including a 5-year annual report on affordable housing, the Crystal Beach Historical Marker dedication, Joe's Creek grant, and Lealman farm share event.
- Developed a new pre-registration form and process for BCC public participation. Since January 2021, it has been used 342 times (88 in FY22).
- Provided Building and Development Review Services project management pilot communications support and strategy for customer service improvements.
- Coordinated public information response on high level BCC initiatives, including Gladys Douglas property acquisition, and affordable housing developments at Eagle Ridge and Palmetto Point.

Analysis

The FY23 Budget for PCC increased \$176,060 or 6.04%, over the FY22 Budget. The cost of personal services increased by \$173,200, or 6.53% and represents 98.4% of the overall FY23 Budget increase. The Personal Services for the department reflects an annual increase of 3 percent from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023.

Operating expenses increased \$19,860 or 9.1% because of personal computer (PC) replacement expenses shifting from capital outlay to operating expenses, which is in accordance with the Clerk Finance increasing dollar value thresholds to capitalize information technology equipment.

Contractor Licensing Department

Description

The Contractor Licensing Department (CLD) licenses contractors, monitors insurance, and investigates reports of unlicensed contracting and complaints against licensed contractors to reduce risk to consumers and protect workers in the construction trades on behalf of the Pinellas County Construction Licensing Board (PCCLB).

Accomplishments

- The department was reorganized to support the Director with the additional responsibilities as newly appointed Deputy Director of BDRS.
 - The department completed an overhaul of the new contractor application and change of status process to improve transparency, accountability, and data collection.
 - As of May 2022, 19 Exam Committees have reviewed 112 applications, 58 change of status requests, and conducted seven in-person interviews. One-hundred-eight of 112 applicants (96.4%) were approved for testing or licensure. All 58 (100%) change of status applications were approved or conditionally approved. Fifteen Special Magistrate hearings were held, covering 294 citations. As well, 233 new liens have been filed, and 77 liens released (fines paid).
 - The department shifted workload and task assignments so staff can focus on either in-person or phone/email customers on a rotating basis.
- The first-ever Building Officials Roundtable was hosted to improve communications with County and Municipal Building Officials.

Analysis

The Contractor Licensing Department's FY23 Budget, excluding reserves, reflects a decrease of \$56,350, or 3.3% when compared to the FY22 Revised Budget. This decrease is attributable to a \$69,830, or 7.2% decrease in Personal Services due to cost sharing the Department Director's compensation between the Contractor Licensing Department and the Building and Development Review Services Department. The Personal Services for the department includes an annual increase of 3 percent from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023. Operating Expenses are proposed to increase \$13,480, or 1.9% primarily attributable to increases in Court Reporter Services and Contractual Services.

The FY23 Budget also reflects decreased revenues, excluding reserves, of \$138,740 primarily due to the Statewide July 2023 implementation of the Preemption of Local Occupational Licensing, also known as HB 735, also known as HB 735, which will eliminate 18 local specialty license classifications, reducing the number of licensed contractors from approx. 14,000 to approx. 12,500. The elimination of these licenses will have an expected annual revenue reduction of \$225,000. Revenues are not expected to be impacted by the Accela implementation expected in Fall of 2022, although customers may experience some delays.

Two decision packages are proposed to be included in the FY23 operating budget representing continued funding for two temporary positions to process mail, field phone calls, return voice mail messages, support contractor registration and renewal, and supplement cashiering responsibilities. Both are non-recurring, temporary positions concluding at the end of the fiscal year with a total fiscal impact of \$76,740.

Convention & Visitors Bureau

Description

The Convention & Visitors Bureau (CVB), doing business as Visit St. Pete/Clearwater (VSPC), partners with local stakeholders to develop and implement year-round domestic and international sales and marketing programs that are aimed at expanding the overall economic impact of tourism to the County.

Accomplishments

- Kicked off the "Unwind & Be Kind," campaign to welcome travelers while providing socially responsible ways to visit, in addition to reminding visitors and locals to practice patience with one another and respect the destination.
- Pinellas County continues to be a market leader within the Top 25 MSA's in three key areas (Occupancy, Average Daily Rate (ADR) and RevPar)
 - For Calendar 2021 we led in occupancy, were 4th in ADR and 3rd in RevPar
 - For February 2022 we were 4th in occupancy, 3rd in ADR and 2nd in RevPar
 - For the week of March 13, 2022, we led in occupancy, were 2nd in both ADR and RevPar
- Department had three marketing programs recognized nationally by the Hospitality Sales & Marketing Association (HSMIA)
 - Silver for our PR Campaign around Super Bowl and the CMA Dolphin predictions
 - Bronze for an integrated marketing campaign with Visit Florida and Life's Rewards
 - Bronze for Atlas Obscura Brand Alliance

Analysis

The FY22 Budget for the Convention & Visitors Bureau (CVB), excluding reserves, reflects an increase of \$7.9M, or 18.3%, from the FY22 Revised Budget to \$51.3M. Including reserves, the FY23 Budget increased \$71.3M, or 53.7%, to \$203.9M. Staffing increases to 49.5 FTE in FY23, a change of 1.5 FTE. The Personal Services for the department reflects an annual increase of 3 percent from midpoint salary, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023.

The Pinellas County CVB is supported by the collection of a 6.0% Tourist Development Tax (TDT) on rents collected for temporary lodging, also known as the bed tax. Revenue from the bed tax is increases by \$19.5M, or 29.1%, to \$86.6M in FY23.

Bed tax revenue is restricted to certain uses as outlined in Florida Statutes and County Code. According to the Tourist Development Plan, 60.0% of the revenue is to be used to promote tourism in Pinellas County, with the remaining 40.0% available for capital project funding. The CVB uses these proceeds to secure advertising and promotions in targeted markets in the United States and select international markets in Europe, South America, and Canada, as well as to bring high-profile events to Pinellas County. Compared to the FY22 Revised Budget, the budget for the Sales & Marketing program reflects an increase of \$3.6M, or 10.9%, to \$36.5M, while the budget for the Tourism Support program increases by \$839,270, or 22.1%, to \$4.6M.

Another restricted use of the revenue is for the renourishment of Pinellas County beaches. The Board of County Commissioners (BCC) has historically dedicated the equivalent revenue from one-half of one of the six percents of the TDT to capital improvement projects for the beaches, which supports the BCC's goal to Practice Superior Environmental Stewardship, as well as attracting visitors to Pinellas County. The budget for renourishment reflects an increase of \$3.4M, or 60.8%, from the FY22 Revised Budget to \$9.0M. This amount includes additional dedicated revenue collected in FY21 that was not distributed during that fiscal year.

Convention & Visitors Bureau

The TDT revenue can also be used to pay for certain capital projects. The budget for the Capital Outlay Program reflects an increase of \$101,500, or 22.2%, in FY23 to \$558,000. The FY23 Budget Request includes funding for the Florida Holocaust Museum in St. Petersburg (\$350,000), as well as a consultant to evaluate the economic impact of a potential new stadium in St. Petersburg for the Tampa Bay Rays.

The Tourist Development Tax Fund, which provides all funding for CVB, maintains total reserves of \$152.6M, an increase of \$63.3M, or 70.9%, from the FY22 Revised Budget. Reserves for operating increased \$30.4M, or 64.2%, to \$77.8M, while reserves for capital projects increased \$32.9M, or 78.5%. In total, the fund maintains reserves of 175.3% of FY23 revenues.

Economic Development

Description

Pinellas County Economic Development (PCED) fosters a pro-business climate that focuses on business retention, expansion, and attraction of targeted industries, entrepreneurial development, and redevelopment. PCED is committed to retaining and attracting high wage jobs, supporting small businesses, and building a resilient, equitable economy and strong workforce.

Accomplishments

- Launched the Economic Development Penny IV Program. This was approved by voters in November 2017 and PCED established an Employment Sites Program to utilize efficiently and effectively the 4.2% of Penny IV funds set aside for the development of new office and industrial space suitable for target industry employers.
- Three conditionally approved Employment Sites Program (ESP) projects will create 256,350 square feet of new industrial and manufacturing space as well as a new, multi-use sensitive compartmented information facility to attract and serve targeted industries.
- Reached over 500,000 employed in Pinellas County in December and Pinellas County had a 2.6% unemployment rate (0.3 points below the Florida average).
- Awarded over \$12.1 million in County contracts to 66 local small businesses enrolled in the Small Business Enterprise (SBE) Program.
- Helped local, small businesses secure an additional \$10.9M in federal, state, and commercial awards.
- Pinellas County employees provided over 1,595 hours of one-on-one consulting, 13 new businesses opened their doors and created over 62 jobs. These efforts brought in over \$5.0M in loans and grants for Pinellas companies, increased sales by over \$11.0M and created or retained nearly 2,000 jobs and \$85.0M in capital investment through business assistance, expansion, and relocation efforts.

Analysis

Revenues for the Economic Development Division (General Fund) decreased \$75,000, or 20.1% compared to the FY22 Revised Budget, resulting from the one-time Florida State Minority Supplier Development Council (FSMSDC) Consultants Services Agreement ending in FY22. The Personal Services for the Department reflects an annual increase of 3% from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023. Operating Expenses decreased \$83,240, or 12.8%, resulting from the one-time Florida State Minority Supplier Development Council (FSMSDC) Consultant Service Agreement ending in FY22 and decreases in Promotion Activities Expense. Grants & Aids increased \$25,640, or 31.0%, resulting from increases in annual payments from the QTI Program, which is now sunset, that are due on incentives approved by various Board of County Commissioners resolutions. The overall budget for Economic Development increased \$80,320, or 2.5% over the FY22 Revised Budget.

Revenues for the STAR Center (Non-General Fund) increased \$247,670, or 3.6% when compared to the FY22 Revised Budget, resulting from additional revenues projected in leased space and in ground leases. Operating Expenses are remaining relatively flat when compared to FY22. Capital Outlay increased \$56,000, or 1.5%. Reserves decreased \$702,490, or 73.2%. The overall budget for STAR Center decreased \$682,170, or 6.2%, when compared to the FY22 Revised Budget.

Emergency Management

Description

Pinellas County Emergency Management (PCEM) is responsible for the planning and coordination of resources and dissemination of information to promote the readiness, response, and recovery measures of community partners and the community for all hazards.

Accomplishments

- Increased operational and tactical plans for community response and recovery.
- Updated the evacuation zones and communicated changes to the community.
- Hosted 2022 Hurricane Season Preparedness Day at Lealman Exchange with community partners.
- Produced and distributed 2022 Hurricane Guides to the public and 35,000 middle school children.
- Developed and distributed COVID-19 After Action Report.
- Awarded \$58,000 grant for the purchase of commercial kitchen equipment to use at the Lealman Exchange to support community sheltering.
- Awarded \$50,000 grant to procure and distribute 1,672 weather alert radios for at-risk populations.

Analysis

Overall, the budget for Emergency Management is increasing \$189,470, or 10.4%, from FY22.

Personal services costs are increasing \$204,370, or 13.9%. FTE are increasing 0.5 from 15.5 to 16.0 as the result of converting a part-time position to full-time in order to address gaps in disaster planning and coordination. The increase in the personal services budget is the result of the upward classification of several positions as recommended by HR. Additionally, personal services reflect an annual increase of 3 percent from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023.

Operating expenses are decreasing 1.6%, or \$5,200. The FY23 Operating Budget includes \$30,000 for printing hurricane guides with the Newspapers In Education initiative with the Tampa Bay Times. Delivery costs are included, and it increases distribution to 35,000 middle school students countywide.

Housing & Community Development

Description

The Housing and Community Development Department (HCD) works to make communities vibrant and livable through the implementation of long-term County policies and strategic initiatives in land use, community redevelopment, transportation, and affordable housing.

Accomplishments

- The Advantage Pinellas Housing Compact was adopted. This is an agreement between multiple local partners and municipalities to establish a framework for multi-jurisdictional cooperation, making it easier to address affordable housing issues across boundaries.
- The Pinellas County's Emergency Rental Assistance Program was administered, distributing \$47.9 million in federal financial assistance for rent and utilities to more than 5,200 individuals and families since it launched in March 2021. This aligns with the one of the goals of the department's Community Vitality & Improvement Program, which is to support investing in low-income communities.
- A housing information website, Homes for Pinellas, was launched for residents and partners seeking information about the collective efforts to increase affordable housing. The website can be found at: <https://advantagepinellas.org/homes-for-pinellas/>
- The updated Pinellas County Comprehensive Plan, PLAN Pinellas, was completed and is in the adoption process. PLAN Pinellas is the policy document that guides decision-making by setting policies for future land use, mobility, public services, and many other issues that shape the quality of life for Pinellas residents.

Analysis

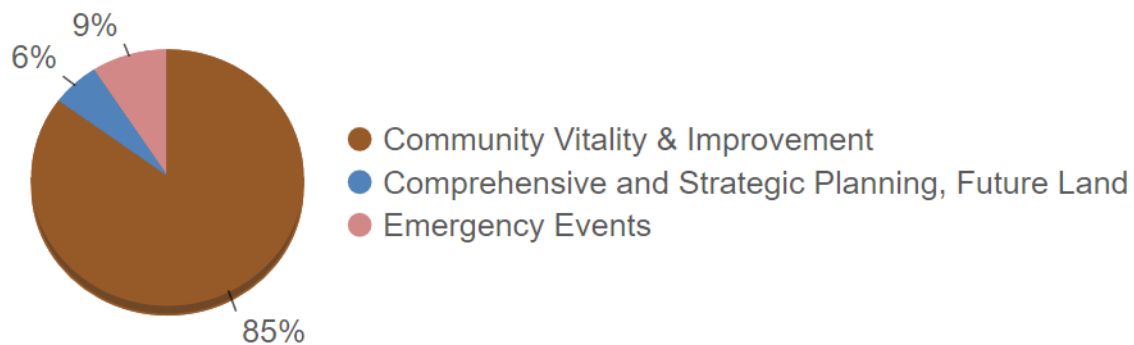

The FY23 Budget for Housing and Community Development Department is increasing \$5.1M, or 12.1% when compared to the FY22 Revised Budget. With the efficiencies in FTE and a more strategic use of consultants by the Planning Division and corresponding adjustments to the work plan, the anticipated net impact to the General Fund portion of the Department's Budget is a reduction of \$414,150, or 13.3% when compared to the FY22 Revised Budget. The increases in the overall Housing and Community Development Department Budget are from the Community Development Division. Total Revenues are increasing \$1.4M, or 4.9% resulting from increases in revenues from the Community Development Division from expected new entitlements in federal and state grants for FY23. The Personal Services for the Department reflects an annual increase of 3% from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023. Operating Expenses are decreasing \$1.1M, or 33.2% mainly in Community Development due to more accurate budgeting of the CARES Act administrative expenditures for the grants. Additional decreases are in the Planning Division Budget mainly in Professional Services. Grants and Aids is increasing \$6.9M, or 19.3% resulting from new federal and state entitlements, carryforward from existing entitlements, and program income.

Human Services

Description

Human Services facilitates access to critical supportive programs and services across Pinellas County. Through both direct administration of programs and coordination with a broad array of contracted partners, the department seeks to support services, capacity, and community solutions to promote health and stability. Human Services strives to protect consumers, connect veterans to benefits and resources, expand justice system supports, reduce homelessness and housing instability, improve access to health and behavioral health resources, fight food instability, support local emergency response, and coordinate with local system partners for program development, service planning and continuous improvement.

Accomplishments

- In collaboration with the Pinellas Integrated Care Alliance, prioritized the Pinellas County Behavioral Health System Elevation.
- Optimal Data Set : Established a systemic performance management approach in terms of access, quality, capacity, productivity, and outcomes.
- Coordinated Access Model: Developed the robust Behavioral Health Coordinated Access Model (CAM).
- Purchased New Mobile Medical Unit (MMU) for the Healthcare for the Homeless Program.
- Successfully implemented the 5-year Pinellas County's Age-Friendly Plan.
- Expanded Opioid Mitigation efforts to respond to the ongoing substance abuse crisis.
- Created a Quick Response Team to proactively engage individuals in substance use treatment.

Analysis

The Human Services Department expenditures total \$67,734,000, an increase of \$215,430, or 0.32% compared to the FY22 Adopted Budget. The Personal Services for the department reflects an annual increase of 3 percent from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023. Personal Services also reflect increases for Career Path and Ladder initiatives. Total increases in Personal Services amount to \$779,680 compared to the FY22 Adopted Budget.

Pharmacy costs reflects a decrease of \$658,730 due to a reduction in encounters and specialty prescriptions due to COVID-19. These costs are expected to rebound as clients return to practicing normal healthcare activities.

Non-contract Specialist costs reflect a decrease of \$751,810 due to a reduction in encounters due to COVID-19. These costs are expected to rebound as clients return to practicing normal healthcare activities.

Other contractual services within the Justice Coordination program reflect an increase of \$612,800, or 15.7%. This increase is largely related to several new grants being awarded in FY23. Additionally, several grants that were originally awarded in FY22, have been extended into FY23, which has increased the estimated expenditures as more work can be completed than expected.

Included in the FY23 Budget is \$1.0M in continued funding for the Behavioral Health Coordinated Access model, a centralized intake system which is intended to streamline access to care for persons experiencing behavioral health symptoms and other conditions as well as a cost of operations increase for non-profit organizations for \$313,930 to more adequately cover the increases in expenses these organizations have experienced since the last cost adjustment (2017).

The Drug Abuse Trust fund expenditures are increasing in FY23. The department previously has been awarding more grants than revenues received in this fund with the intent to lower fund balance. For FY23, fund expenditures were lowered due to continued declines in revenues.

Office of Asset Management

Description

The Office of Asset Management (OAM) implements industry best management standards to extend the life and optimize the performance of County-owned physical assets.

Accomplishments

- Office of Asset Management (OAM) facilitated and completed the implementation of the Cityworks project for Pinellas County.
- Developed and implemented a comprehensive training program that accounts for organizational competency analysis, skills matrices, and business readiness.
- Began Duke Energy Clean Energy Connection Subscription.
- Completed an Annual Countywide Energy Use report and State of the Assets report.

Analysis

The FY23 budget request increased by \$53,650 (7.2%) compared to the FY22 Budget. This increase was primarily due to an annual increase of 3.0% from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023. Travel and Per Diem budget increased by \$9,800, with more training expected to become in-person with COVID-19 restrictions being lifted. Capital Outlay budget request decreased by \$8,380 per the Business Technology Systems (BTS) PC replacement schedule. FY21 Expenditures will be distributed as intergovernmental charges in the FY23 Budget. Revenue (Cost Recovery for these services) is deposited into the General Fund.

Office of Management & Budget

Description

The Pinellas County Office of Management and Budget provides financial and strategic insight for improved performance.

Accomplishments

- Received the GFOA Distinguished Budget Presentation Award for the FY22 Budget for the 17th consecutive year. Pinellas County continues to have the lowest per capita debt among large Florida counties in FY22.
- Supported the stabilization of the Transportation Trust Fund in FY22, which pays for patching potholes, building, and fixing sidewalks, keeping traffic signals in shape, clearing ditches and other drainage structures, and maintaining bridges among other Public Works services.
- Completed an evaluation of a centralized customer service transition was completed in February 2022. Final deliverables included a sample roadmap and system requirements to inform future efforts to improve customer service technologies, standards, and training.
- Reviewed, updated, and documented survey instruments and distribution methodologies for conducting periodic surveys related to customer satisfaction with internal services. The final department was completed in December 2021.
- Completed the OMB organizational study and began implementation of the recommendations in FY22.
- Completed initial development of the County's integrated performance management system, establishing consistent performance reporting standards and systems and initiating quarterly strategy and operational updates to the BCC.

Analysis

The overall change from the FY22 Budget to FY23 is -\$121,950 or -3.1%. The decrease is entirely in Personal Services and is the result of realigning 3.0 FTE to Public Works (2) and Utilities (1) as part of the organizational realignment to transition financial services to formerly full-service departments.

- Two (2) of OMB's FTE are funded through ARPA. The positions are reflected in the Department's FTE count; however, the budget for these positions are reflected in the approved appropriation for the Program Management and Accounting for ARPA.
- Two (2) positions are repurposed to create a dedicated grant team who will provide centralized grant support, training, and guidance to Board of County Commissioner (BCC) departments and will manage Countywide grants such as those from the Federal Emergency Management Agency (FEMA).

The Personal Services for the department reflects an annual increase of 3 percent from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023.

Parks & Conservation Resources

Description

The Parks and Conservation Resources (PCR) department maintains and protects the County's parks, environmental lands, beaches, and recreational and cultural resources through access, education, and stewardship that enhances the quality of life for the community, visitors, and future generations.

Accomplishments

- Implemented CityWorks asset management software department wide
- Trained more than 100 participants using the Integrated Vegetation Management Program and Guidelines
- Developed an Injured and Nuisance Wildlife Management Policy
- Established Curator-in-Residence Program for Gulf Beaches Historical Museum
- Developed site plans for Highpoint Community Park, and Lealman's Raymond Neri Park
- Completed the Weedon Island Management Plan Update as required by State Division of Lands
- Created a process for Pinellas Trail Connections for business development and assistance

Analysis

The FY23 General Fund Budget for Parks and Conservation Resources is increasing by \$583,980, or 2.6%, over the FY22 Budget. The overall budget increase is due to Personal Services expenses that includes two decision packages. The first is a recurring Level of Service decision package for the addition of two Park Rangers and three Tradesmen which will provide customer service enforcement and maintenance capacity during preserve operating hours at Weedon Island Preserve and reverse the ratio of preventive/predictive maintenance work hours to corrective maintenance work hours within the department as it currently exists, respectively. The second is a non-recurring decision package to upgrade two current part-time staff to full-time at Weedon Island Education Center to maximize public outreach and achieve staffing parity with its sister center, Brooker Creek Preserve. Personal Services for the department also reflect an annual increase of 3.0% from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023.

Changes in Operating Expenses include the following: the reallocation of four Real Estate Management landscape and mowing contracts to the Department of Administrative Services to be managed internally; the removal of two non-recurring FY22 decision packages for license plate recognition software and parking meter upgrades; an increase in funding for operating supplies (uniforms, trainings, vehicle operation and maintenance costs, etc.) via a recurring Level of Service decision package to support positions that were added in FY23; and the reduction to PCR's faculty contract contribution due to the University of Florida fully absorbing a position that was originally split funded.

Changes in Capital Outlay include the following: a decrease in funding for capital equipment (radios, utility carts, vehicles) via a recurring Level of Service decision package to support positions that were added in FY23; the removal of funding for an FY22 Carryforward Amendment for scheduled vehicle purchases that were not received in FY21; and the reallocation of funding to Operating Expenses for pressure washing and radio replacements.

Excluding Reserves, the FY23 Tree Bank Fund Budget is decreasing by \$2,000, or 2.1%, over the FY22 Budget. The overall budget decrease is due to the alignment of salaries and wages with historical spending.

For FY23, FTE increased by 1.7, or 0.9%, over FY22 due to the following: the addition of five positions (two Park Rangers / three Tradesmen) via a recurring Level of Service decision package; the upgrade of two current part-time staff to full-time via a non-recurring decision package for Weedon Island Education Center; the reduction of part-time Lifeguard positions that are only active during swimming season (approximately seven months of the fiscal year); and the reallocation of a full-time Horticulture Field Inspector position to the Department of Administrative Services to manage Real Estate Management landscape and mowing contracts.

Public Works

Description

Public Works manages environmental, stormwater, and transportation systems to provide a safe, sustainable, and vibrant community for the people of Pinellas County.

Accomplishments

- Milled and resurfaced approximately 80 lane miles as part of the Pavement Preservation Program.
- Developed a proactive sidewalk maintenance plan to enhance pedestrian and bike safety.
- Developed visioning plan for county trail system.
- Completed the Pinellas Trail North Gap project which added 6.8 miles of trail from John Chestnut Park to the Duke Energy Trailhead at Enterprise Rd.
- Received over \$17M in a Community Development Block Grant (CDBG) for the Joe's Creek Greenway Restoration Project to improve resiliency, floodplain capacity and water quality while offering recreational opportunities and supporting multimodal transportation.
- Received over \$829K in Resilient Florida Funding to support living shorelines and resiliency planning.

Analysis

The FY23 Budget for Department of Public Works is increasing by \$24.3M or 21.7% when excluding reserves. \$18.3M of the total increase is due to a new designated millage into the Transportation Trust Fund from the General Fund to fund an initiative to raise the level of service for resurfacing programs as well as transportation infrastructure maintenance. The total new designated millage is .1738 mills.

The cost of personal services is increasing by \$2.6M or 2.3%. The Personal Services for the department reflects an annual increase of 3 percent from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023. Increases are also due to the roll-out of Career Path and Ladder incentives. The estimated cost of Career Path and Ladder budgeted for FY23 is \$250,018. Other increases are due to salary increases, health insurance costs, and position reclassifications on non-GF sources.

There has been an increase in seven (7.0) FTE since FY22. Three (3.0) of the new FTE are related to the reorganization occurring at OMB moving away from "full-service," and one (1.0) position was created during budget development that had originated as a decision package but was approved and implemented in FY22, this was an additional position (Environmental Specialist 1) for Water and Navigation that is covered by water and navigation permit revenues. Three (3.0) more FTE were approved as decision packages. Two (2.0) FTE are for Engineering Trainee positions to support both transportation and stormwater engineering projects as part of a pilot trainee program, and one (1.0) FTE in Urban Forestry to convert a contracted temporary position to full-time role. The General Fund is experiencing an increased cost in personal service expenses of \$364,690.

Operating Expenses have increased by \$22.9M, or 57.6%. \$18.3M of this total accounts for the new designated transportation millage. These expenses are driven by increases in cost allocations in TTF and on the General Fund in the Capital Improvement and Environmental Services programs. The Transportation Trust Fund has increasing operating expenses, excluding the new designated millage, of \$1.5M (3.8%). This increase is a result of the expected increase to the BTS Cost Allocation, and the costs associated with Cityworks users being fully leveraged in FY23. These increases have been delayed for two years but will be implemented in FY23. This is an increase of \$1.9M over the Adopted FY22 Budget; however, this substantial increase is offset by a decrease for the completed portion of the contracted service currently addressing the two-year sidewalk backlog, which is expected to be completed in FY23. The Surface Water Fund also experienced a significant increase in its BTS Cost Allocation of \$677,030 over the FY22 Adopted Budget.

Public Works

Other intergovernmental charges have increased (excluding the BTS Cost Allocation) by \$343,880 (2.3%). Fleet Operating and Maintenance account for the majority of the increase, while Vehicle Replacement and Risk Financing costs have declined.

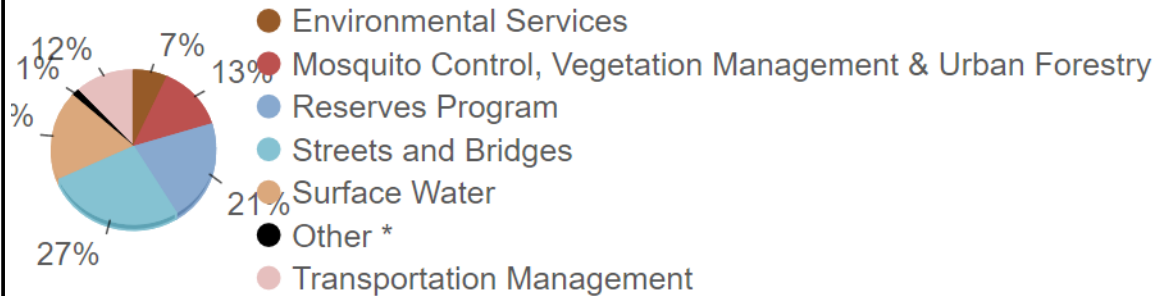

Public Works has worked to remove communication service costs that do not currently align with its cell-phone stipend policy. The FY23 budget reflects a department wide savings of \$37,480 in communication services (11.4%) by removing unnecessary cell-phone stipends and MiFi devices.

The Public Works Capital Outlay budget is decreasing by \$1.1M, or 12.9% over the Revised FY22 Budget due to the removal of one-time equipment purchases in FY22 from various programs and removal of non-recurring decision packages.

Safety and Emergency Services

Description

Safety and Emergency Services (SES) ensures the effective delivery of public safety services to residents and visitors within Pinellas County. The department collaborates with partner agencies through administration of the following five (5) programs: Sunstar Ambulance, First Responder, Regional 911, Radio Communications, and Fire Regional (Hazardous Material & Technical Rescue Responses).

Accomplishments

- EMS and Fire Departments received an average of 788 calls per day, with a 4.5-minute average response time.
- Through an interlocal agreement, Lealman Fire Station 19 was constructed with Penny for Pinellas funds.
- Completed the Motor Vehicle Pilot Program, which generated net revenues of approximately \$1.2M.
- Department created strategic ambulance transport alternatives during times of crisis.
- Secured \$2.1M CARES Funds to purchase personal protective equipment for EMS.
- Close and continuous collaboration with the Veterans Administration (VA) led to improvements in the processing and collections of on-going ambulance claims billed to VA, resulting in outstanding balances of \$4.0M collected over the last 18 months.

Analysis

The Safety and Emergency Services Department's FY23 total revenue budget is increasing by \$17.5M, or 11.0%, over the FY22 Revenue Budget. The increase is driven by ambulance transport user fees and projected growth in Ad Valorem taxes in the EMS Fund. With a 13.6% increase in taxable property values for EMS, at the current millage rate of 0.9158, projected tax revenue increases \$11.1M, to \$91.9M for FY23. Ambulance revenue from service charges increases \$4.3M, or 7.4%, to \$62.7M. Total revenue also includes transfers from the General Fund to the Intergovernmental Radio Communication Fund (21.1% increase of \$70,000 to \$402,000) and the Emergency Communications 9-1-1 System Fund (70.4% increase of \$2.0M to \$4.9M). Total salary and benefits expense increases \$1.9M (11.0%), to \$19.5M. Personal Services for the department reflect an annual increase of 3% from midpoint salary, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023. The increase in Personal Services also includes the addition of one position (1.0 FTE) to facilitate strategies to increase ABFS revenue streams. Results of these revenue generating initiatives have the potential to generate over \$1.5M net annual revenues for the EMS Fund. Capital outlay decreases \$3.6M (-42.1%), as equipment expenses fluctuate each year. Operating expenses are increasing by \$13.4M, or 9.0%, over the FY22 Budget. Primary drivers of the increase in operating expenditures are contracted ambulance and first responder services. Ambulance contract expense increases \$1.9M (3.0%), reflecting an inflation factor on current services. The first responder budget increase of \$6.7M (10.8%) reflects a 7.2% increase to maintain the current level of EMS service provided under contract with the 19 fire department, and five (5) system enhancements totaling \$2.0M (\$1.1M recurring cost and \$850,000 capital). The additional funds are allocated to 1) Dunedin for Rescue 60, 2) Largo for a peak-time Medic Unit, 3) North County for two reserve rescue units, 4) Pinellas Suncoast for full staffing of Truck 28, and 5) St. Petersburg for implementation of Rescue 13. Other contractual service increases are for EMS Medical Director services (\$667,860) and the interlocal agreement with Pinellas Regional Information Management Enterprise (PRIME) to manage the Computer Aided Dispatch system for EMS and Law Enforcement response countywide (\$877,990 share of cost allocated to Regional 911).

Solid Waste

Description

The Department of Solid Waste administers and manages solid waste disposal services for Pinellas County citizens and businesses in a safe, sustainable, and cost-efficient manner.

Accomplishments

- Staff has determined the reuse of WTE ash residue as block construction materials to erect nearly vertical side slopes on the active landfill to be non-economical. While the technical solution is possible, the existing side slope foundation is not physically suitable to support vertical wall construction. The cost to redesign and construct new foundations is not justified and would also introduce physical transportation constraints on-site. However, this technology is a very good candidate for future landfill section construction (east of 28th St. N.) and will be included in the plan at that time.
- State leader in recycling for the sixth consecutive year.
- Ferrous Metals Cleaning Operations moved from Pasco County to Pinellas County. Project result is an annual increase in recovered metals revenue of approximately \$125,000 and a guaranteed annual host fee of \$150,000.
- Began selling Renewal Energy Credits (RECs) on the open market. Each MWH generated by the Waste to Energy Facility equals 1 credit. RECs from 2019 through December 2021 have been sold. At the onset, the forecasted RECs purchase price was \$0.25 - \$0.35. The most recent credits sold for \$0.65 each. In FY22, the sale of RECs total under \$500,000.
- The Industrial Water Treatment Facility (IWTF) flow capacity has been increased by almost 200% with the transition to ferric sulfate as a coagulant, chloramines at the reverse osmosis (RO) membranes, and added RO membrane backwash capability. The FY23 CIP projects for new intake pumps and new clarifier tank will further increase flow capacity and create a level of redundancy to mitigate non-compliant discharges.

Analysis

The Solid Waste Department's FY23 Budget, excluding reserves, reflects an increase of \$5.2M, or 4.3% when compared to the FY22 Revised Budget. This increase is primarily attributable to planned expenditures in the capital outlay reserves in the Solid Waste Renew and Replacement Fund. The Departmental budget is divided into two funds – the Renew and Replacement Fund (primarily for current capital expenditures and reserves for future capital projects) and the Revenue and Operating Fund (for day-to-day operations).

The Solid Waste Department's main operating fund, the "Revenue and Operating Fund", excluding reserves, reflects a decrease of \$1.4M, or -1.4% when compared to the FY22 Revised Budget. This decrease is due to a decrease of \$2.2M in operating expenses at the Waste to Energy Plant. The FY22 budget included \$2.0M for replacement of structural steel. The work is not able to begin until FY23, and Clerk Finance has determined that the structural steel replacement can be considered a Capital Improvement Program (CIP) project. In the future, Waste-to-Energy service fee agreement renegotiation with the plant operator may result in greater than CPI increases to Contract Services Other. Due to the pandemic, Solid Waste began requiring credit/debit payments only for tipping fee payments. This allowed the Department to eliminate armored carrier service to transport cash fee payments. This efficiency is also safer and lower risk for staff who no longer have to retrieve cash twice a day. The cashless policy is expected to continue.

Personal Services are increasing \$252,690, or 3.9% which includes an annual increase of 3% from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023. This increase is offset with the full year impact of eliminating two FTE that supported the tire shredding operation as approved by the BCC on January 11, 2022. No decision packages are proposed to be included in the FY23 operating budget.

Solid Waste

The FY23 Revenue Budget for the Department's programs are increasing \$11.6M, or 7.6%. The three main components of these increases are Tipping Fees, Electrical Capacity, and Electricity Sales. Tipping Fees are increasing \$4.9M, or 10.9%, resulting from the recommended per-ton tipping fee increase of 6.8%. Electrical Capacity is increasing \$4.4M, or 6.4%, based on the Power Purchase Agreement with Duke Energy. Electricity Sales are increasing \$1.8M, or 19.8%, resulting from increased electricity generation at the Waste-to-Energy facility. In the future, due to changes in State Law, the Power Purchase Agreement with Duke Energy will expire in December 2024, causing a sharp decrease in revenues in that fiscal year and in those following.

Utilities

Description

Pinellas County Utilities (PCU) distributes clean drinking water, collects and treats wastewater, and delivers reclaimed water to County residents, businesses, and visitors. These vital and reliable services sustain life; support the local economy and a vibrant community; and protect public health and the environment.

Accomplishments

- Completed 2nd-year implementation of the Utilities Strategic Plan.
- Updated Water System Master Plan to be used as a guide for implementing improvements.
- Obtained two grants totaling \$27.1M, with no local match required, for Wastewater Collection System Improvements in 15 mobile home parks identified through the Mobile Home Parks (MHP) initiative; \$2.1M from the Gulf Coast Ecosystem Restoration Council for engineering and design work; and a \$25.0 M Resilient Florida Grant from the Florida Department of Environmental Protection (FDEP) for construction of the Mobile Home Community Sewer Collection System Improvements.
- Obtained a \$3.4M Resilient Florida grant from FDEP for Utilities Building Hardening and Reliability Improvements to support staging and emergency operations during hurricane related events.
- Collected \$1,832,547 out of \$1,833,371 (99.96%) past-due dollars owed to PCU from customers financially challenged due to COVID-19 impact on the economy.
- Delivered over 18 billion gallons of safe drinking water to Pinellas County customers, treated over 10 billion gallons of wastewater, and produced 6.93 billion gallons of reclaimed water, and successfully lined 12,382 linear feet of pipe.
- Added over 24,000 new vertical assets to the GIS database as part of the Cityworks implementation.

Analysis

The proposed FY23 operating and capital expenditure budget for the Utilities Department, without Transfers and Reserves, totals \$288.6M. This is an increase of \$36.4M, or 14.4%, over the FY22 Budget. The Water and Sewer Capital Improvement Program (CIP) is the primary driver, increasing by \$20.7M (20.5%), to \$121.8M for FY23. Total salary and benefits expense increases \$2.8M (7.4%), to \$40.8M. Personal Services for the department reflect an annual increase of 3.0% from midpoint salary, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023. Other changes in Personal Services include the transfer of two existing full-time financial support positions (2.0 FTE) from the Office of Management and Budget (OMB) and the Department of Administrative Services. Seven new full-time positions (7.0 FTE) are added to implement the Board-approved Private Sewer Lateral Initiative. Operating expenses increase by \$7.6M (7.7%), to \$106.6M. Significant increases are: \$800,000 added for the Rebates element of the Private Sewer Lateral Initiative; \$900,390 (21.3%) increase in chemicals due to vendor price increases; \$700,000 increase (53.9%) in Repair and Maintenance of water and sewer lines; \$439,060 increase (9.3%) in electricity costs due to Duke Energy rate increases; and \$700,000 increase (1.6%), from \$43.5M to \$44.2M, due to rate increases for regional water purchases from Tampa Bay Water.

Constitutional Officers Agencies
Organization Department Summary

The five Constitutional Officers are the Clerk of the Circuit Court and Comptroller, the Property Appraiser, the Sheriff, the Supervisor of Elections and the Tax Collector. Constitutional Officers are elected to administer a specific function of County Government and are directly accountable to the public for its proper operation. The duties, responsibilities and powers of these officials are defined by the state constitution and laws. Other elected officials include the Board of County Commissioners, the Judiciary, the State Attorney, and the Public Defender.

Clerk of the Circuit Court and Comptroller

Description

Pursuant to Article V, Revision 7, the Clerk of the Circuit Court has three distinct functions: recording legal documents such as real estate transfers; performing statutorily-mandated support for the court system and the legal community; and providing services to the Board of County Commissioners. The Clerk serves as Accountant and Clerk to the Board of County Commissioners, Custodian of County funds, Ex-Officio County Auditor, and Clerk of the Water and Navigation Control Authority. Additionally, the Clerk provides printing services and mail services to County departments. The Clerk's varied court responsibilities are not reflected in the County budget, as they are a state budget responsibility, supported by fees. The recording function is also supported by fees, and if the revenues exceed expenditures the County receives excess fees from the Clerk at fiscal year end.

Analysis

The FY23 Budget Request for the Clerk is \$16,819,020. This increase includes several items above the original target. The Clerk received a budget amendment during FY22 increasing their budget to \$15,250,030. Of the amendment increase, \$48,230 was ongoing expenses for Questica budgeting software that will continue forward in FY23.

Personal Services are increasing by 24.7%, or \$3.0M compared to the FY22 Budget. This increase is driven by career path and ladder initiatives, salary and health insurance increases, as well as turnover. Included in this increase is an additional \$454,469. This amount represents the gap funding required to address ongoing health insurance costs associated with the drop in blended health insurance rates. Also included in this increase is an additional \$1.6M for \$1,200 flat increases, one time bonuses and salary adjustments, and additional support for state funded employees in FY23 to assist in keeping salaries compensatory across the department. This support will be one-time only.

Operating expenses have decreased by 45.2%, or \$1.1M; however, this is primarily due to one-time expenses associated with a budget amendment in FY22. The one-time amounts amended were for Functional Resources for EBS Upgrades (\$750,000), Questica Budget Software (\$156,375 nonrecurring), and Renovations of the Clerk's Technology Building (\$400,000). Additionally the Clerk has completed its ADA remediation contract (\$30,658). These items have been removed from the FY23 Budget leaving the total operating budget increase to be \$159,545 from the FY22 Adopted Budget. Major operating increases are for Communication Services, as well as additional training and education costs occurring with many opportunities for travel and training opening up after COVID-19 (\$64,883). Intergovernmentals have increased for vehicle replacement and maintenance (\$16,412) as well as Risk (\$4,580).

Additional three (3) FTE reflected in FY23 represent temporary double encumbrances for planned retirement positions in Clerk's Administration and the Finance Division, and one new finance systems support position in the Finance Division.

Property Appraiser

Description

The Property Appraiser is responsible for placing a fair, equitable, and just value on all property in Pinellas County. While the Property Appraiser determines the value on over 450,000 parcels of real estate and tangible personal property accounts, for the purpose of levying taxes, the Property Appraiser does not set tax rates. These tax rates are set by the Board of County Commissioners, by municipalities, by the Pinellas County School Board and other tax levying boards such as the Southwest Florida Water Management District and Pinellas Suncoast Transit Authority, etc. The Property Appraiser also administers any tax exemptions granted by statute such as widows and disabled exemptions and the standard Homestead Exemptions. The Property Appraiser is elected by the citizens of Pinellas County every four years.

For additional information, please visit <http://www.pcpao.org/>

Analysis

Total General Fund fee transfers are expected to increase \$700,120 (5.9%) to \$12.5M. The fees will be used to support the Property Appraiser's operating budget totaling \$14.6M submitted on May 1, 2022. The total operating budget reflects an increase of \$454,320 (3.2%) above the FY22 Adopted. The operating budget supports 129 positions, which is unchanged from FY22.

Sheriff

Description

Pursuant to Florida Statutes, the Sheriff is the chief law enforcement officer within the County. The Pinellas County Sheriff's Office (PCSO) is required to provide basic services to all citizens residing within Pinellas County. These include law enforcement, jail operations, and court security. The Sheriff also tracks sexual predators/offenders, conducts flight operations, investigates child protection cases, serves civil process, manages pre-trial services, administers the misdemeanor probation program, and conducts joint operations with state and federal law enforcement agencies. The Sheriff serves as the primary law enforcement officer to the unincorporated areas of Pinellas County and to 13 of the county's 24 municipalities pursuant to contract. Additionally, the Sheriff provides a variety of law enforcement services to the other 11 municipalities and contracts with many of these cities for specialized services.

For additional information, please visit <http://www.pcsoweb.com/>

Analysis

For FY23, PCSO is requesting \$362.6M, an increase of \$12.0M (3.4%) above the FY22 Revised Budget. PCSO met the revised Target. Personal Services increase \$12.1M (4.1%) to \$305.7M. Operating Expenses decrease \$468,490 (1.1%) to \$43.0M, while Capital Outlays increase \$2.0M (26.0%) to \$9.7M and Debt Service decreases \$1.6M (26.7%) to \$4.3M. The current debt service obligation will cease following FY24, with \$2.1M remaining.

Total staffing increases by seven (7) positions to 2,444. Staffing within the Law Enforcement Division increases by two (2) to 1,149, by four (4) within the Detention & Corrections Division to 1,043, and by one (1) within the Judicial Operations Division to 252.

Supervisor Of Elections

Description

The Supervisor of Elections (Supervisor) conducts federal, state, county, and municipal elections. The Supervisor registers voters and maintains accurate voter registration records using the Florida Voter Registration System (FVRS), in accordance with federal and state law. The Supervisor recruits, trains, and assigns poll workers, locates, and contracts with polling places, and surveys polling places, to make improvements to comply with Americans with Disabilities Act (ADA) accessibility requirements. The Supervisor conducts voter registration and education for college, high school, middle and elementary students. The Supervisor mails sample ballots to voters, as well as publishes them in newspapers. The Supervisor complies with bilingual requirements of Section 203 of the Voting Rights Act (VRA).

For additional information, please visit <http://www.voteinellas.gov/>

Analysis

The Supervisor of Elections is requesting \$10.2M, a decrease of \$251,610 (2.4%) from the FY22 Budget. The cost of personal services increases to accommodate annual salary increases and the reclassification of three positions to exempt class. The overall budget decrease is mostly related to reductions in Operating Expenditures resulting from cyclical budget needs as well as spending trends; and reduced Capital Outlay for one-time purchases budgeted for FY22.

Tax Collector

Description

The Tax Collector bills, collects, and distributes all taxes for the County, municipalities, Tourist Development Council, School Board, and taxing districts. The Tax Collector issues licenses and titles for cars, trucks, boats, and mobile homes; issues fishing and hunting licenses; processes applications for Concealed Weapons Licenses; issues Drivers Licenses and Birth Certificates; and takes application for voter ID cards. This budget reflects the funds associated with the Tax Collector fees related to the collection of the Countywide and Unincorporated area (MSTU) millage. The Tax Collector is elected by the citizens of Pinellas County every four years.

For additional information, please visit <http://www.taxcollect.com/>

Analysis

Total fee transfers are expected to increase \$4.0M (16.5%) to \$28.5M. The fees will be used to support the Tax Collector's operating budget totaling \$32.3M, an increase of \$2.1M (6.9%) above the FY22 Adopted Budget. Total FTE remains at 285. The return of un-used commissions is expected to increase \$821,520 (9.6%) to \$9.4M. These figures are based on a projected 13.1% increase in taxable value in Pinellas County.

Consolidated Case Management System

Description

The Consolidated Case Management System (CCMS) serves the Pinellas County portion of the Sixth Judicial Circuit for Criminal, Civil, Juvenile, Probate, and Traffic courts. CCMS serves as the central database for all the various justice related agencies including State Attorney, Public Defender, Sheriff, Clerk of the Circuit Court, and Judiciary. CCMS is the responsibility of the County pursuant to Article V, Revision 7 of the Constitution of the State of Florida.

Analysis

Operating expenditures for FY23 reflect an increase of \$156,270, or 2.63%, over the FY22 Revised Budget. This increase is due to labor inflation and operating costs associated with the continued enhancement and alignment of the system to satisfy the business and constitutional needs of system stakeholders. Costs are calculated and charged to this department via the County’s cost allocation process.

Judiciary

Description

The Judiciary includes operational and administrative support for the Circuit and County Courts within Pinellas County. The Board of County Commissioners provides funding for statutorily required positions, communications, technology, and certain local option programs. Facilities maintenance is budgeted in the Real Estate Management Department under the County Administrator. Court security is included in the Sheriff's budget. All other personnel and operating expenses are either funded through grant awards, fines, and court costs, or are the financial responsibility of the State pursuant to Article V, Revision 7 of the State Constitution.

For additional information, please visit <http://www.jud6.org/GeneralPublic/AboutTheCircuit.html>

Analysis

The Judiciary budget funded by the County provides statutorily mandated technology and operational support as well as various local options, including drug court, teen court, and juvenile alternatives. The FY23 budget reflects a decrease of \$421,720 (8.5%) compared to the FY22 Revised Budget. FTE increase by 1.3 to 45.5 in FY23. These additional FTE are the result of a new grant award (1.0 FTE) and approval of a decision package (0.3 FTE).

Personal Services, which includes salaries and employee benefits, increases by \$380,340 (10.7%). The Personal Services for the department reflects an annual increase of 3.0 from midpoint salary, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023. Also included in the increase are the additional FTE referenced above.

Operating expenditures increase by \$135,690 (15.7%), and Capital Outlays decrease \$94,310 (28.6%). Costs associated with many of the departments technology needs which are classified as Capital Outlays will be classified as Operating expenditures in FY23 due to a change in the County's accounting practices.

The Judiciary's FY23 Budget consists of nine programs: Court Technology; Court – County's Statutory Requirements; Juvenile Alternatives; Teen Court; Juvenile Behavioral Evaluation; Administrative Office of the Courts; Drug Court; Court Counsel; and Law Libraries.

The Court Technology program budget increases by \$60,710 (3.0%). This increase is due to the personal services cost increases referenced above. Also included in this program are software license renewal, maintenance contracts, and other technology items.

For some Judiciary programs, outside grants are a significant portion of funding. If any of these grant programs end, the associated programs will not be able to continue without additional funding from the Board of County Commissioners.

Public Defender

Description

The Public Defender's office provides legal advice, counsel, and defense services to needy and financially indigent citizens accused of crimes, as required by Florida law. The County portion of the budget funds Article V-related technology requirements, the Jail Diversion program, and the Incompetent to Proceed program.

For additional information, please visit <http://www.flpd6.gov/>

Analysis

The County's portion of the Public Defender's budget is used to maintain and replace various technology according to planned replacement schedule, as well as various programs. A portion of General Fund support is derived from the Document Recording Fee which is applied to Article V court technology expenses, while the other programs are funded through grants and other General Fund revenues.

The Public Defender's budget consists of expenses related to technology and communications that are statutorily required to be funded by the County, as well as programs focused on jail diversion. The FY23 Budget reflects an increase of \$699,760, or 32.9%, from the FY22 Revised Budget.

The Public Defender's budget consists of three programs: Technology; Jail Diversion – BCC Funds; and Special Programs.

The Technology program's budget reflects an increase of \$330,560, or 89.4%, from the FY22 Revised Budget. The increase is primarily due to the need to replace various computers according to the county's replacement policy, as well as desktop scanners, and the cost to convert digital files for STACWeb, the department's new case management system. The Public Defender will also upgrade a conference room to allow for more virtual interactions.

The Public Defender's budget also includes a Jail Diversion program to divert individuals with mental health or substance abuse issues from the criminal justice system to more effective and less costly alternatives. County funding for Jail Diversion in FY23 is \$800,990, an increase of \$139,230 (21.0%). This funding was provided by the BCC in recent years to replace grant funding that is no longer available.

The remainder of the Public Defender's budget includes funding for two Crossover Case Manager positions to continue support of juvenile offenders transitioning out of foster care. This program began in FY18 as a pilot program, and has continued through the current budget, providing consistent guidance for their clients between the ages of 12 to 19. Total FY23 budget for the Public Defender's Special program increases \$229,970, 20.1%, to \$1.3M.

State Attorney

Description

The State Attorney represents the State of Florida in the circuit and county courts and is responsible for conducting criminal prosecutions of all persons charged with violating state, county, and/or local laws and ordinances. The State Attorney reviews charges and complaints to determine whether they warrant prosecution and trial. In addition to court duties, the State Attorney provides legal advice in criminal matters to all law enforcement agencies and works with these agencies to provide in-service training. The County portion of the budget funds Article V related technology requirements.

For additional information, please visit <http://www.sao6.org/default.htm>

Analysis

The County's portion of the State Attorney's budget is used to maintain and replace various technology according to a planned replacement schedule. A portion of General Fund support is derived from the Document Recording Fee, which is applied to Article V court technology expenses, with the remaining amount funded with other non-dedicated General Fund revenues.

For FY23, the State Attorney's Office is requesting \$535,820. This is a decrease of \$11,640 (2.1%) below the FY22 Adopted Budget. The State Attorney's Office does not have county-funded FTE.

Business Technology Services

Description

Business Technology Services (BTS) is the central information technology service provider to Pinellas County Government. BTS provides a full suite of technology services to all BCC departments as well as continuing services to the Constitutional Officers, agencies, and the Courts. BTS is governed by the BTS Board, which consists of representation from the Board of County Commissioners (BCC), each Constitutional Officer, and the Judiciary.

For additional information, please visit <http://www.pinellascounty.org/bts/default.htm>.

Analysis

Excluding Transfers and Reserves, the FY23 Budget for Business Technology Services (BTS) is increasing by \$3.9M, or 6.8%, over the FY22 Budget. Personnel services are increasing by \$1.7M, or 7.5%, over the FY22 Budget. Effective FY23, two (2) Tax Collector Office (TCO) FTEs will be reinstated back within the BTS department to continue providing enterprise services to the TCO. The Personal Services for the department also reflects an annual increase of 3.0% from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023.

Operating expenditures are increasing by \$4.3M, or 17.1%, over FY22 Budget. The increase is partially attributed to the increase in both Risk (\$130,000) and Full Cost Allocation Plans (\$700,000). The rest of the operating increase is attributed to the following: \$430,000 increase in Justice CCMS to include additions of Cloud Gavel, a required change in the Tyler contract to increase level of service, and project enhancements that were re-budgeted for FY23; \$175,000 for CenturyLink Communications for data WAN/Internet; \$145,000 increase for Rubrik Support Enterprise system and backup solution, \$80,000 increase is due to growth in IP Address Management (IPAM) functionality. The department has also requested \$2.6M for four new initiatives.

Capital Outlay is decreasing by \$2.1M, or 35.8%, from the FY22 Budget. This decrease is attributed to the \$1.5M decrease in telephone EOL (end of life) equipment purchases and a \$600,000 decrease for the allocation for future years and network growth in the Capital Improvement Program (CIP): the BTS CIP program is cyclical in nature and is based on the lifecycle of the equipment and projected customer demand for the production growth. Network might include replacement schedules for such items as switches, routers, data center and any other network component.

There are four new initiatives for FY23. First, Oracle ERP Modernization Release 3 initiative for the total of \$2.0M, which will provide a complete rollout of process and application modernization of HCM (Human Capital Management) solution, Financial and Payroll System (funded by Clerk), Project Portfolio Management and Procurement. Second, Privileged Access Management/Vendor Access Management (PAM) for the total of \$205,000 to provide County's vendor remote access with such capabilities as auditing, monitoring, and reporting. Third, Email Impersonation Protection for the annual recurring cost of \$115,000. Fourth, purchase of the Oracle Enterprise Management Platform software that will improve the overall management of the Oracle systems and environments; provide support for production instances; will dramatically reduce the time needed to create new test instances. The cost for this initiative is \$354,800, where \$309,000 is one-time funding.

Human Resources

Description

Human Resources (HR) provides strategic and administrative support for the Unified Personnel System (UPS). Their driving motivation is to become a trusted solution partner for every member of the UPS. In addition, the HR team is committed to cultivating a diverse, talented, and engaged workforce prepared to serve the citizens of Pinellas County.

Human Resources is structured into Centers of Excellence (COE) to meet the service needs of their customers. Each COE contributes to all aspects of the HR mission. Service excellence is the hallmark of all of their strategies, programs, and day-to-day operations. The department is organized into five COEs: Communications & Outreach; Organizational & Talent Development; Planning & Performance; Total Rewards; and Workforce Strategy & Human Resources Management System.

For additional information, please visit <http://www.pinellascounty.org/hr/default.htm>

Accomplishments

- Planning for the Taleo and EBS (OPUS) integration is underway which will streamline the recruitment process, positively impact the hiring manager, and candidate experience, and enhance external visibility. Also, implementing an internal job board that will allow current employees to see job advertisements with classification specific information (classification title, pay range, etc.).
- Partnering with BTS and Appointing Authorities to develop the Performance Management Module in Oracle/OPUS, which includes standard and customized performance evaluation templates.
- Partnering with Appointing Authorities on analysis, communication, and action plans for improving strategies based on employee feedback from the Employee Voice Survey.
- Enhancing the learning culture to ensure new employees are engaged, culturally aware, and productive members of our workforce by enhancing the video platform — Click2Learn Library — and creating short welcome videos. Updating Supervisor Boot Camp and exploring the creation of a countywide Diversity and Inclusion Committee.
- In partnership with the Benefits Advisory Committee, data will be used to develop benefits that appeal to employees, that meets their needs no matter what stage of life they are in, and that enhances recruitment and retention of top talent.
- Implementing a new volunteer software system which will provide an interactive platform for our volunteers, improving recruiting capabilities, and more robust reporting for Site Coordinators.

Analysis

The FY23 Budget for the Human Resources Department reflects an increase of \$291,120, or 6.7%, from the FY22 Revised Budget. Staffing increases by one to 36.5 FTE due to the approval of a decision package. The Human Resources Department is supported by General Fund revenues.

Personal Services, which includes salaries and employee benefits, reflects an increase of \$249,210, or 6.1%. The Personal Services for the department reflects an annual increase of 3.0 from midpoint salary, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023. Operating expenses reflect an increase of \$50,410, or 19.2%, due mostly to the cyclical replacement of department computers (\$14,580) and a return to pre-pandemic participation in in-person job fairs and recruitment events (\$13,000).

Human Resources also manages the Employee Health Benefits Fund, an internal service fund that is used to account for all employee paid premiums, employer contributions, and claims for the employee health and dental plans.

Office of Human Rights

Description

The Office of Human Rights (OHR) is committed to protecting all residents of Pinellas County from cases of discrimination in the areas of fair housing, employment, public accommodations, wage theft assistance, and government programs and assistance.

Accomplishments

- The office fulfilled its contractual obligations to our federal partners, Equal Employment Opportunity Commission (EEOC) and the United States Department of Housing and Urban Development (HUD). To date, the office has closed 22 "Dual Filed" cases with EEOC, exceeding the FY22 number of seven cases, and the office is on track to meet additional benchmarks.
- The Office of Human Rights collaborated with the Board of County Commissioners (BCC) and assisted the County in developing resources and materials for tenant's rights.
- The office has successfully conducted an OHR Brochure Campaign to promote our services to agencies and organizations who provide housing, employment, education, and food services to local communities in Pinellas County. The office continues to conduct community outreach and education by participating in resource fairs, attending community programs, conducting Fair Housing training and more.
- The office has provided Anti-Harassment Policy training to over 700 employees as of May 2022.
- The office completed two mandatory federal reports and received an official letter of approval, good for two years:
 - The Equal Employment Opportunity Program (EEOC) ensures that recipients of financial assistance from the Justice Department are providing equal employment opportunities to men and women regardless of sex, race, or national origin.
 - The EEO-4 report requires demographic workforce data, including data by race/ethnicity, sex, job category, and salary band.

Analysis

Expenditures for FY23 reflect an increase of \$47,910 or 3.8%, over the FY22 Budget. The increase is mostly due to a rise in regular salaries and wages and countywide increases in health benefit costs. The Personal Services for the department reflects an annual increase of 3 percent from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023.

Operating reflects a nominal increase due to workplace related expenses for compliance with new requirements by HUD to mail all correspondence via certified mail. The budget supports human rights programs and services through educational outreach and 3rd party legal and mediation services for housing cases, employment violations, and wage theft.

OHR is supported by the General Fund and receives payment on a per-case basis for investigations from Housing and Urban Development (HUD) and the Equal Employment Opportunity Commission (EEOC).

Support Funding
Organization Department Summary

Support funding is provided by the Board of County Commissioners for those activities for which costs do not apply solely to any specific County department's function, but are either applicable to the operation of county government as a whole, or are provided for the public good. Included within Support Funding are various Special Dependent Districts such as the Public Library Cooperative, Palm Harbor Recreation and Library, and Feather Sound Community Services Agency which rely upon the general taxing powers of the Board of County Commissioners to levy an ad valorem tax. These ad valorem taxes, approved by voter referendum, are levied upon properties within their respective districts to provide specific amenities. Also included with the Support Funding are the costs associated with the County's self-insurance program and the County's employee benefits program.

Drug Abuse Trust

Description

The Drug Abuse Trust is utilized to account for additional assessments levied by the Court against drug offenders pursuant to Sections 893.13(4) and 893.165, Florida Statutes. These funds are used for assistance grants to local drug abuse programs.

For additional information, please visit <http://www.pinellascounty.org/justice/grants.htm>

Analysis

The Drug Abuse Trust fund revenues are decreasing \$8,790 or 23.7%, totaling \$28,250 in FY23. Trust Fund expenditures are also decreasing in FY23. The department previously has been awarding more grants than revenues received in this fund with the intent to lower fund balance. For FY23, fund expenditures were lowered due to continued declines in revenues.

East Lake Library Services District

Description

The East Lake Library Services District (East Lake Library SD) is a municipal services taxing district within unincorporated Pinellas County. This special taxing district was established in May 2013 by the Board of County Commissioners for the purpose of providing library facilities, services, and programs to the residents within the East Lake Fire District boundaries. These facilities and services are funded by ad valorem taxes. Property owners within the East Lake Library SD are levied a separate millage for this purpose. The maximum millage rate that can be levied is 0.25 mills.

For additional information, please visit <http://www.eastlakelibrary.org/>

Analysis

Excluding Reserves, the FY23 Budget for East Lake Library Services District expenditures totals \$886,630, reflecting an increase of \$71,420 or 8.8%, over the FY22 Revised Budget. Of the total expenditure budget, \$861,160 (97.1%) will be utilized for the program and \$25,470 (2.9%) for Tax Collector and Property Appraiser service commissions, as required by State statute. At a total resources of \$930,410, the FY23 Budget increased \$75,270, or 8.8%, over the FY22 Revised Budget, primarily due to the increase in taxable property values. For the total budget, reserve levels are at 4.7% (\$43,780), and expenditures are at 95.3% (\$886,630).

Employee Health Benefits

Description

Employee Health Benefits accounts for the costs associated with medical benefits, dental benefits, and the wellness program for County employees. The cost of these self-insured benefits are funded through an internal service fund established for the purpose of administering the County's comprehensive coverage for employees. The Employee Health Benefits Fund is administered by the Human Resources Department, whose budget is listed under Independent Agencies. In FY08, the reserve for accrued liabilities represented the County's cumulative funding for Other Post Employment Benefits (OPEB) obligations per Governmental Accounting Standards Board (GASB) Statement #45 requirements. With the issuance of the new GASB statement #75 effective for fiscal years starting after June 15, 2017, the rule requires that the entire obligation be recorded at implementation and updated each year. The expense to the County will be the change in the total obligation each year. This is a change of approach by the GASB.

For additional information, please visit <http://www.pinellascounty.org/hr/benefits.htm>

Analysis

The FY23 Budget for the Employee Health Benefits Fund reflects an increase of \$7.9M, or 4.6%, over FY22 Revised Budget, including reserves. Staffing remains at 2.0 FTE. Operating expenditures, which is mainly comprised of payments for healthcare related claims, reflect an increase of \$544,390, or 0.8%, below the FY22 Revised Budget. Reserves increased \$7.4M, or 6.8%, which is used to keep the fund in compliance with requirements from the State of Florida Office of Insurance Regulation for self-insured benefit plans, and to partially address the County's OPEB liability.

Feather Sound Community Services District

Description

The Feather Sound Community Services District (FSCSD) is a special taxing district within unincorporated Pinellas County. This special taxing district was created by a vote of the residents of Feather Sound. It was established for the purpose of providing street lighting and the acquisition, development, and maintenance of recreational areas and greenspace for the residents of Feather Sound. The services are funded by ad valorem taxes. Property owners within the district are levied a separate millage for this purpose. The maximum millage rate that can be levied is 1.0 mill.

Analysis

The Feather Sound Community Service District's (FSCSD) FY23 Budget of \$304,520 reflects an increase of \$34,740 or 12.9% over the FY22 Revised Budget. The increase is due to increases in budgeted ad valorem collections.

The Feather Sound Community Services District (FSCSD) is supported by a dedicated property tax levy, currently at 0.7000 mills. The FY23 estimated tax revenue is \$272,490. The FY23 payment of \$235,000 to FSCSD reflects a variance of \$37,490, or 16.0% more than estimated tax revenues. The increase in tax receipts allows the County's Fund Reserve Balance to increase with the disbursements at \$235,000. The district is a non-profit entity which provides street lighting and parkland maintenance services for the area. The annual payment to the non-profit sometimes exceeds the property tax revenues collected, due to various community improvements needed. This overage has historically been funded by reserves held both at Pinellas County and FSCSD.

Fire Protection Districts

Description

Fire protection is provided to the unincorporated areas of Pinellas County in 12 separate, dependent fire protection districts: Belleair Bluffs, Clearwater, Dunedin, Largo, Pinellas Park, Safety Harbor, South Pasadena, Tarpon Springs, Gandy, Tierra Verde, High Point and Seminole. Service is funded by ad valorem taxes collected from property owners in the districts, and is provided via contracts with cities and other independent agencies. The Safety and Emergency Services Department administers the fund and contracts.

For additional information, please visit <http://www.pinellascounty.org/publicsafety/default.htm>

Analysis

The Fire Protection Districts Fund accounts for the provision of fire protection services to residents of 12 unincorporated areas of Pinellas County. The primary source of revenue is the ad valorem tax levied on real properties within each separate district. The County budget for each Fire District is developed by applying the unincorporated pro-rata share of property values within the district to the contracted fire protection provider's annual operating and capital budget requests.

The FY23 Budget for all 12 Fire Districts totals \$58.7M, which is a net increase of \$8.8M, or 17.7%, over FY22. Total requirements include expenditures of \$21.6M and reserves of \$37.2M. The mix of reserves and expenditures can vary significantly each year with the amount of funds appropriated for major capital, including truck or engine replacement, and fire station replacement or renovations. The majority of FY23 expenditures are for provider contracts with fire departments that serve the districts. The total amount for the provider contracts is \$20.4M, which equates to 94.7% of the total expenditures. The remaining \$1.2M, or 5.3%, is for property appraisal, tax collection and fire administration expenses.

FY23 revenue for all the districts increases \$2.3M, to a total of \$22.8M, or 11.3%, over FY22. The total includes \$22.4M, for a 12.1% overall increase in ad valorem tax revenue. Separate budgets for each district's resources and requirements are provided in the Fund Resources section of this document. Growth in property values and associated tax revenue varies for each district, ranging from a high of 14.9% growth for the South Pasadena Fire District to a low of 7.2% for the Gandy Fire District.

General Government

Description

General Government is a non-departmental category which aggregates and allocates countywide funding needs that benefit all departments and agencies, as well as unincorporated area Municipal Services Taxing Unit (MSTU) expenditures, that are not attributable to specific departments. The following significant items are included: tax increment financing payments, enterprise technology service charges, miscellaneous government costs, county memberships in organizations, and General Fund Reserves.

Analysis

The total General Government FY23 Budget, excluding transfers and reserves, reflects a decrease of \$10.4M, or 12.1%, from the FY22 Revised Budget. This includes General Fund expenses as well as those in the American Rescue Plan Act (ARPA) Fund.

Within the General Fund, the FY23 Budget is decreasing \$27.0M, or 31.4%. This is the result of the Emergency Rental Assistance Program (\$30.8M) completing in FY22 and is reflected in the overall decrease for the Emergency Events program.

The Transfers from the General Fund to other funds are decreased by \$45.0M, or 53.8%. The decrease is due to removing the non-recurring transfer of \$62.7M to the Capital Projects Fund that was budgeted in FY22 to support capital for future facilities. For FY23, the transfer to support the Emergency 911 Fund, is increasing by \$2.0M. There are also two transfers from the General Fund to the Transportation Trust Fund. The first is \$13.3M which is the continuation of the 0.1279 in dedicated millage that was approved by the Board to help stabilize the Trust Fund. The second transfer is an additional \$18.3M, which is the equivalent of 0.1738 mills, to address level of service gaps related to resurfacing and road or bridge maintenance.

General Fund reserves is decreased by \$3.7M, or 2.3% from \$159.3M to \$155.5M for FY23 which reflects a reserve level for the fund of 21.0%.

The FY23 Budget for General Government in the ARPA Fund reflects a decrease of \$35.4M, or 68.0%, from FY22. When the budget for the ARPA Fund was first established in October 2021, all funding was appropriated to General Government in the Emergency Events program. As projects are approved and funded, the budget is realigned to the departments managing those projects resulting in a decrease to the General Government budget as reflected in FY23.

Health Department Support

Description

The Health Department Fund accounts for the collection of local ad valorem taxes and the subsequent distribution to the Florida Department of Health in Pinellas County (DOH-Pinellas) to fund health-related services to County residents. The majority of the budget comes from the State, local grants, and contracts. The DOH-Pinellas promotes and protects the health of citizens and visitors to Pinellas County through programs of disease prevention, diagnosis and treatment of disease, and environmental monitoring. Clinical services of the DOH-Pinellas include child health, maternity, family planning, refugee screening, and communicable disease services. Services are available in St. Petersburg, Clearwater, Pinellas Park, Largo, and Tarpon Springs. The current tax rate approved by the Board of County Commissioners is 0.0790 mills. This is a decrease of 0.0045 mills from FY21. The maximum millage cap is 0.5 mills.

For additional information, please visit <http://pinellas.floridahealth.gov/>

Analysis

The Health Department Fund resources and requirements for the FY23 Budget total \$10.4M, a \$1.2M or 12.0% increase over the FY22 Budget. This includes \$2.0M Beginning Fund Balance. Notable increases include an increase of \$950,580 or 13.6%, in Grants and Aids, the expenditure category for payments to the Health Department. Core Services (the primary care services as defined by F.S. 154) totals \$6,336,910, a \$891,000 increase, or 16.4% increase over FY22. The increase includes \$1,000,000 that will be used towards the first phase of a roof replacement at the St. Petersburg location. The State Employee increase and the minimum wage for the County portion from Salaries and Fringe is an increase of \$181,000. Core services funding does not include contract funds with Human Services for the healthcare programs. School Nurses program budget of \$1,627,430 reflects an increase of \$59,580, or 3.8% when compared to FY22. The increase is due to the School Nurse COLA increase of 3.8% to match the Cost of Living Adjustment for Pinellas County School Board (PCSB) employees.

Lealman CRA Trust

Description

The Lealman Community Redevelopment Area (CRA) Trust was established June 7, 2016 by the Board of County Commissioners (BCC) to support redevelopment activities specified in the Lealman CRA Plan. The CRA Trust undertakes activities/projects for the elimination and prevention of identified deterioration and economically distressed conditions in the designated area. Public funding is used to stimulate private sector investment in this endeavor. Public revenues to the CRA Trust are generated through Tax Increment Financing (TIF) as defined by State statute. Since this district is in the County's unincorporated area, the General Fund contributes TIF resources based on both the Countywide and the Municipal Service Taxing Unit (MSTU) property tax collections.

For additional information, please visit <http://pinellascounty.org/cra/lealman/default.htm>

Analysis

The FY23 budget for the Lealman CRA is increasing \$3.1M, or 96.9% when compared to the FY22 budget. The Personal Services for the department reflects an annual increase of 3 percent from midpoint salary increase, a \$1,200 base salary increase for each employee, and a \$1,200 non-recurring retention pay supplement to be paid in two installments of \$600 in November 2022 and May 2023. Grants and Aids increased \$3.0M, or 113.4% mainly for projects undetermined in future years.

Lealman Solid Waste

Description

This fund accounts for the revenues and operating expenditures associated with the Lealman Municipal Service Benefit Unit (MSBU). The Lealman MSBU was established to provide for residential waste collection and disposal services within the unincorporated Lealman area. A non-ad valorem special assessment is levied on Lealman MSBU property owners' tax bills annual to provide funding for these services.

Analysis

The FY23 Expenditure Budget for Lealman Solid Waste programs (net of Reserves) is increasing \$100,370, or 6.7%. The main component of the increase is Contract Services-Other, which is increasing \$101,550, or 7.1%. The predominant driver of this is the recommended per-ton tipping fee increase of 6.8%. That tipping fee increase results in increased expenditures paid to the contract service provider in the Lealman community.

The current contract has been in place since January 2017 and includes roll carts for all residents. Roll carts serve to minimize litter while providing a consistent neighborhood appearance. All remaining expenses reflect an increase of \$270 across various accounts in support of departmental operations.

The FY23 Revenue Budget for Lealman Solid Waste programs is increasing \$17,610, or 1.4%. This is driven entirely by the number of customers receiving services. Customer growth is anticipated to increase by 100 for FY23. There are no proposed changes to user fees. Therefore, the monthly cost of service will remain \$16 (\$192 annually).

Medical Examiner

Description

The Medical Examiner safeguards the rights of each citizen who dies in Pinellas County by determining the cause and manner of death according to the responsibilities and obligations in Chapter 406, Florida Statutes. The Medical Examiner's Office provides both forensic medicine services (investigation of sudden, unexpected, or suspicious death) and forensic laboratory services (chemical and drug analyses) to Pinellas County on a contractual basis.

For additional information, please visit <http://www.pinellascounty.org/forensics>

Analysis

The FY23 expenditures for the Medical Examiner are increasing by \$289,740, or 3.9%, over the FY22 budget. The overall budget increase is mostly related to a rise in operating expenses resulting from Professional Services. Professional Services represents the contract for services with the Medical Examiner. Within this contract, the largest increase was to payroll expenses.

Operating Professional Services (ME contract) shows a net increase of \$469,980, or 6.9%. The increase is attributed to a rise in salary costs while total positions declined by one (or a half FTE). These positions are part of Professional Services because the employees of the Medical Examiner work directly for the ME the County or the State). These increases were not part of County or State-wide standard inflationary increases.

Machinery and equipment reflect a decrease of \$108,440, or 83.42%, resulting from the completion of the one-time planned purchase of a STRmix machine and rapid DNA equipment. This reduction is offset with the planned purchase of a UV crosslinker (\$5,560), Freezer mill (\$7,500), Autoclave (\$8,500) with grant funds.

Facility related costs not captured within the ME cost center total \$421,110, an increase of \$72,330 from the prior year (these costs are reflected in the Administrative Services department budget).

Palm Harbor Community Services District

Description

The Palm Harbor Community Services District (PHCSD) is a special taxing district within unincorporated Pinellas County. This special taxing district, voted for by the residents of Palm Harbor, was established for the purpose of providing library and recreation facilities, services, and programs to the residents of Palm Harbor. These facilities and services are funded by ad valorem taxes. Property owners within PHCSD are levied a separate millage for this purpose (1985 voter referendum). The maximum millage rate that can be levied is 0.5 mills.

Analysis

Including Reserves, the FY23 Budget for the Palm Harbor Community Services District totals \$3.0M, reflecting an increase of \$217,540 or 7.8%, over the FY22 Revised Budget. The FY23 Budget increase is primarily due to additional revenue from the increase in taxable property values. For the total district library and recreation services budget, reserve levels are at 4.7% (\$142,360), and expenditures are at 95.3% (\$2.9M).

Excluding Reserves, the FY23 Budget for the Palm Harbor Library expenditures totals \$1.4M, reflecting an increase of \$101,890 or 7.6%, over the FY22 Revised Budget. Of the total expenditure budget, \$1.4M (97.1%) will be utilized for the program and \$41,190 (2.9%) for Tax Collector and Property Appraiser service commissions, as required by State statute. Total program funding increased by \$108,840, or 7.8%, over the FY22 Revised Budget, primarily due to the increase in taxable property values. For the library program budget, reserve levels are at 4.7% (\$71,180), and expenditures are at 95.3% (\$1.4M).

Excluding Reserves, the FY23 Budget for Palm Harbor Recreation expenditures totals \$1.4M, reflecting an increase of \$101,750 or 7.6%, over the FY22 Revised Budget. Of the total expenditure budget, \$1.4M (97.1%) will be utilized for the program and \$41,190 (2.9%) for Tax Collector and Property Appraiser service commissions, as required by State statute. Total program funding increased by \$108,700, or 7.8%, over the FY22 Revised Budget, primarily due to the increase in taxable property values. For the recreation program budget, reserve levels are at 4.7% (\$71,180), and expenditures are at 95.3% (\$1.4M).

Public Library Cooperative

Description

The Public Library Cooperative (PLC) serves residents of Pinellas County and its member public libraries. The PLC serves these groups through the management of county, state, and federal funds for library development and by facilitating the sharing of materials and resources among its members. The PLC is funded by a millage levy in a portion of the unincorporated areas of the County. These funds support PLC administration and its member libraries pursuant to an interlocal agreement among the members and the County. The maximum millage rate that can be levied is 0.5 mills. Talking Book Library and Deaf Literacy Center services provided by PLC are primarily supported by the State Aid to Libraries annual grant funding from the State of Florida, although these funds are not reflected in the County's budget.

For additional information, please visit <http://www.pplc.us/>

Analysis

Excluding Reserves, the FY22 Budget for Public Library Cooperative (PLC) reflects an increase of \$568,390, or 8.53%, over the FY22 Adopted Budget. The increased appropriation is due primarily to the anticipated increased property values. Of the FY23 Budget, \$7.0M will be utilized for the program and \$250,800 for commissions (Tax Collector and Property Appraiser) as required by state statute.

The amount of program funds allocated for cooperative members and PLC operations is 96.4% of the Public Library Cooperative program budget. These funds support administrative expenses (approximately 10.5%) and payments to the 14 member libraries. The payments are intended to provide funding support in recognition of the services provided by the member libraries to unincorporated residents who are assessed the PLC millage.

Street Lighting Districts

Description

Street Lighting services for property owners in unincorporated areas of Pinellas County are provided through neighborhood area self-funded districts. The Street Lighting Districts (SLD) are created in the unincorporated areas of Pinellas County when 60.0% or more of the affected property owners in a given area petition the Board of County Commissioners to form a district. Once a year all property owners in these districts are assessed based on their pro-rata share of the costs of operation and maintenance of the district's lighting system, with the costs being added as a non-ad valorem assessment to their tax bill. Pinellas County Public Works coordinates and arranges for lighting installation and provides the annual assessment roll, while lighting services are provided by Duke Energy Corporation.

Analysis

Pinellas County has over 300 Street Lighting Districts within the unincorporated areas where property owners within each district are separately billed on their property tax bill for their proportional share of costs as a non-ad valorem assessment. Actual costs within each district and the Duke Energy projected rate increases/decreases are utilized to determine the budgetary projections for each district. The FY23 Budget reflects little change as compared to the FY22 Budget. The FY22 increase is primarily attributed to the reserves increasing by \$14,440. Total expenditures are increasing by \$80,110 or 6.3%. This is a result of electrical costs increasing. The Street Lighting District reserves have gradually increased each year.

In FY22, a one percent rate decrease was applied to the electric costs when calculating the Street Lighting Districts' revenues. This intentional rate decrease was intended to lower the Street Lighting District assessments for property owners and utilize accumulated reserves to cover a portion of the expenditures. This rate decrease was not applied again in FY23, the rate will remain flat.

Capital Improvement Program (CIP)

The Pinellas County Capital Improvement Program (CIP) is a comprehensive six-year plan of proposed capital projects intended to identify and balance the capital needs of the community within the fiscal capabilities and limitations of the County. It is primarily a planning document that is updated annually and subject to change as the needs of the community are defined. The CIP Plan is presented as a six-year plan, FY23 - FY28.

The first year of the program is the basis for actual appropriations authorized by the Board of County Commissioners for capital projects when adopting the annual budget. The remaining five years are a guide for the future development of the County's new and replacement infrastructure needs. The overall CIP schedule is formulated to reflect County priorities and needs by taking into consideration the County's goals and policies, the Pinellas County Strategic Plan, project urgency, the County's ability to administer the project, involvement of outside agencies, and the potential for future project funding. This includes developing a realistic fiscal impact on the operating budget once a project is complete. To facilitate multi-year budgetary planning, information on each project's estimated fiscal impact on future operating budgets is vital. Estimating the fiscal impact of each project provides for the thoughtful integration of the capital and operating budgets.

The CIP brings together needs identified through many capital processes. Projects are established in the CIP based upon input from citizen requests, public discussions, engagement with partners, safety needs, planned rehabilitation cycles, grant funding processes, County staff and Commissioners, as well as the County's Comprehensive Plan, Community Redevelopment Area (CRA) Plans, the Long-Range Transportation Plan, and other County master plans. While capital projects originate from a variety of sources, projects most often come forward through the sponsoring department that is responsible for their implementation.

The CIP is divided into two categories: Enterprise projects and Governmental projects. Enterprise projects support the Airport, Utilities systems of Water and Sewer, and Solid Waste. These areas are managed like businesses in which the revenues generated by these areas fully support their operations. These projects are funded by grants, airport fees, and user fee charges for water, sewer, and solid waste. All other capital projects such as roads, drainage, public safety, buildings, and park projects are included in the Governmental section of the CIP. Funding for the Governmental projects include the "Penny for Pinellas" (a one-percent local option sales surtax), grants and reimbursements, local option fuel taxes, and the tourist development tax.

CIP Project Definition and Criteria

Capital projects are defined as activities that lead to the acquisition, construction, or extension of the useful life of capital assets. Capital assets include land, buildings, parks, streets, utilities, and other items of value from which the community derives benefit for a minimum number of years.

The following criteria shall be utilized in determining the appropriateness of capital improvement project requests:

1. All projects in the Capital Improvement Program (CIP) Budget must have a total cost of \$50,000 or greater and a useful life of five or more years.
2. Capital projects are considered to be one-time outlays which are non-recurring in nature. Purchases involving ongoing debt service or lease/purchase costs are typically not budgeted in the CIP Budget.
3. Capital projects must add to, enhance the value of, or extend the life of the County's physical assets. Major equipment purchases must be associated with a capital project and must meet the definition of a capital item to be placed in the CIP Budget.
4. County Fleet appropriations are to be budgeted in a capital outlay account within the Operating Budget. Although vehicles in general are not considered as a Capital Improvement Project, pursuant to Florida Statute 212.055, public safety vehicles such as a fire department vehicle, emergency medical service vehicle, or a sheriff's office vehicle are allowable Penny for Pinellas (Penny) infrastructure sales surtax expenditures within the CIP Budget.
5. Expenditures for maintenance, supplies and materials, or replacement items shall be budgeted as an operating item. These items may not be expensed in the CIP Budget.

CIP Objectives

The objectives used to develop the CIP include:

- Preserve and improve the basic infrastructure of Pinellas County through public asset construction and rehabilitation;
- Maximize the useful life of capital investments by scheduling renovations and modifications at the appropriate time in the life cycle of the asset;
- Identify and examine current and future infrastructure needs and establish priorities among projects so that available resources are used to the community's best advantage; and

- Improve financial planning by comparing needs with resources, estimating future borrowing needs, and identifying fiscal implications.

The Board of County Commissioners conducts a review of the program at public budget workshops as part of the annual budget development process.

CIP Goals

The following are the goals of the County in developing its annual capital budget and associated CIP:

- Identify and prioritize infrastructure requirements based upon a coordinated needs assessment methodology. The CIP is a comprehensive guide for the allocation of financial resources and provision of public service for a six-year period. The CIP serves as a “blueprint” for the future of the community. It is a dynamic tool, not a static accounting document. The CIP requires each department to look to the future, anticipate the need for projects, and justify that need. This requires the thoughtful integration of financial, engineering, and planning functions.
- Classify projects to ensure that those submitted for inclusion in the CIP are capital projects, not operating requirements. An accurate CIP relies upon the proper classification of projects. Requests which do not meet the specified criteria for a capital project should be considered in the operating budget.
- Identify the state growth management Capital Improvement Element (CIE) projects from the non-CIE projects within the CIP. The CIP and CIE are closely related, but they are not the same. Some projects within the CIP will also be contained in the CIE; these projects should be separately identified. The funding of these projects is a high priority and must be balanced against the non-CIE projects that are also in the CIP.
- Develop a realistic funding scenario for the CIP that identifies resources on a project specific basis.

CIP Policy

It is the policy of the Pinellas County Board of County Commissioners to maintain a continuing Capital Improvement Program (CIP) that will, when implemented, provide physical assets that are:

- Responsive to the needs and demands of the public and county government;
- Supportive of the long- and short-range economic, social, and environmental development policies of the County aligned with the Board's Strategic Plan;
- Necessary to achieve the level of service identified in the adopted Comprehensive Plan;
- Ensure asset preservation encompasses supportive infrastructure (processes and databases), intellectual capacity and effective use of human capital, as well as physical capital assets.

The Capital Improvement Program represents the planned implementation of various comprehensive plans that serve as a guide for future growth and development as adopted and amended by the Board of County Commissioners.

Pay-As-You-Go Approach

The CIP is currently funded on a “Pay-As-You-Go” basis. The “Pay-As-You-Go” approach is recommended as the most prudent way of financing capital projects. The benefits of this approach include:

- Being fiscally conservative helps avoid financing costs.
- A “pay-as-you-go” plan can be a positive factor in future credit analysis of the County and its long-term debt rating.
- Providing a deliberate approach to the implementation of projects in accordance with the priorities and needs of the community.
- Specific projects can be considered for stand-alone bonding if warranted based on the priority and cost benefit.

The proposed Sewer CIP Plan may require borrowing in FY24. Various funding options will be considered based upon comparing needs with available resources and identifying fiscal implications.

Project Portfolio Management

The County has adopted a “portfolio” approach to Capital Improvement Program projects. All departments are required to view their projects in a systemic and holistic manner. Projects will be prioritized that can provide the County with multiple benefits; for example, projects that will improve drainage, prevent stormwater/wastewater overflows, and provide infrastructure to support economic development.

The goal of CIP Project Portfolio Management (PPM) is to adopt a portfolio approach that uses identified needs to prioritize capital projects and improve the process for managing projects to enhance delivery, reporting, and data-driven decision support. The focus is on improving project coordination, prioritization, management, delivery, and reporting Countywide. PPM is essentially managing our portfolio of hundreds of projects across all departments.

PPM Implementation Goals:

- Prioritized list of County projects
- Formalize generally consistent processes for project delivery
- Provide tools and training for project managers to effectively manage projects
- Use a consistent project tracking tool
- Evaluate performance on project delivery
- Improve coordination with internal and external stakeholders

Projects submitted for review and approval are ranked by defined evaluation criteria as a tool to help prioritize projects. The evaluation criteria are: Asset Preservation, Criticality, Economic Outcome, Environmental Stewardship, Community Sustainability and Resiliency, Service Delivery, Project Coordination, Public Demand, Regulatory Requirements, Public Health, Safety, and Welfare, and Employee Health and Safety. Funding Criteria, including Funding Availability, Future Budget Outcomes (potential operating costs or savings in future years), and Cost of Project, are secondary to selecting priority projects.

When completing the Project Request Form (PRF), the project requestor selects a statement that describes the state of the asset being replaced or why the new asset is needed. For example, Asset Preservation, is one of the priority guidelines for the CIP – renewing or replacing our existing assets. The criteria statements allow the requestor to identify whether the asset is beyond or approaching the end of its useful life, or if it doesn’t replace an existing asset. A score is applied in the background according to the respective statement selected. When viewing the completed form, each criteria has a score. The CIP review committees, Coordinating Committee (technical staff), Action Team (Directors), and Governance Committee (Administration), review what has been selected and can provide input. This provides for consistent consideration of all project requests for staff recommendation of which projects move forward for approval.

The CIP Project Portfolio Management Administrative Directive was issued in September 2019. Since that time, staff teams had led to successful efforts in GIS Mapping producing a public-facing map of projects and development of a Project Manager Handbook. These efforts are ongoing. Staff continues to build upon what has been developed and improving processes. Public Works is leading the effort with to further develop the Project Management Handbook with detailed procedures. Utilities is leading process improvements for project management technology and reporting. Staff continues to work with the County’s eGIS team on mapping which will also enhance reporting.

Penny for Pinellas

Penny for Pinellas (Penny) revenues are proceeds of an additional one-percent Local Government Infrastructure Surtax on sales, pursuant to Section 212.055(2), Florida Statutes, imposed in Pinellas County. The Penny surtax is collected on the first \$5,000 of all purchases excluding groceries and medications. The authorized use of these funds is generally restricted to infrastructure projects only and cannot be used for ongoing operation or maintenance costs. As a sales tax, the Penny is sensitive to general economic conditions. The revenue assumptions for the Penny have been updated and are consistent with the State sales tax revenue projections. Following a reduction of (3.3%) in FY20, the FY21 revenue reflected post-pandemic recovery increasing 18.0%. Current year, FY22, is estimated to continue to increase at 6.2%, but then a slowdown and minor increase of 0.7% for FY23. Thereafter, Penny revenue is projected to increase an average of 3.2% in FY24-FY30.

The Penny became effective February 1, 1990 for an initial period of ten years and has been extended by referendums in 1997, 2007, and 2017 for additional ten-year periods (until December 31, 2029). In accordance with statutory requirements and interlocal agreements with each municipality in Pinellas County for the Penny ending December 31, 2019, the County received approximately 52.3% of the total monthly collections generated by this tax, following the deduction of a dedicated amount to fund capital projects for Court & Jail facilities which provide a countywide benefit. Beginning January 1, 2020, the interlocal agreement sets aside 11.3% of net proceeds for countywide investments consisting of Economic Development Capital Projects and Housing @ 8.3% and Court & Jail facilities @ 3.0%. The County’s percentage for Penny ending December 31, 2029, referred to as Penny IV, is 51.75%, after the countywide investment distribution. The balance of collections is distributed to the 24 municipalities using a population-based formula.

A Joint Review Committee (JRC) was formed during 2019 in accordance with the interlocal agreement to establish guidelines for the net proceeds dedicated to Economic Development Capital Projects and Housing. The JRC consisted of professional staff with subject matter expertise in economic development, planning, and/or housing representing the County and municipalities. The twelve-member JRC approved the Penny IV Affordable Housing and Economic Development Program Guidelines at its October 25, 2019 meeting. In December 2019, the Board of County Commissioners approved Resolution 19-99 “adopting guidelines for the expenditure of a percentage of the 2020-2029 Local Government Infrastructure Surtax for Affordable Housing and Economic Development Capital Projects.” Applications for Penny IV affordable housing funding are accepted on an ongoing basis. Since the program was initiated in 2020,

approximately \$23.5 Million has been committed to eight affordable housing development projects that have been completed or are under development. The projects will produce a combined total of 1,182 units of which 890 units will be restricted to affordable rents. There have been three rounds of applications for the Economic Development Employment Sites Program. From the first two rounds, three projects have approved agreements in place for a total of \$2.9M and three projects have conditional approval for another \$3.7M. The Penny funding provides the financial gap for applicants' total project cost estimates of \$54.6M. The third round of applications are currently under review.

Without the Penny, the County's governmental capital improvements would require another funding source, potentially property taxes in the General Fund. It is estimated that property owners would have to pay another 2.2 mills on their property taxes to generate the equivalent funding, or many public projects would not be completed until years into the future or not done at all. Besides allowing for funding of capital projects without relying on property taxes, another benefit of the Penny is that non-residents pay about a third of the Penny, which relieves County residents of much of the tax burden. The Penny funds approximately 70% of the Governmental CIP.

During the 2017 Penny renewal education campaign, priority projects were identified. Over the past year, OMB has worked with the departments and agency partners to prioritize the identified projects, determine realistic schedules, and build in preliminary construction estimates in the CIP. Nearly all the projects on the "2017 list" are included in the CIP, with updated estimates. The exceptions are the Sheriff's vehicles and hazmat vehicles which have other funding sources, and several watershed management plan projects that are pending completion of project development studies. The projects are funded based upon current estimates and the Penny Ten-Year Plan is balanced within projected revenues.

The graphic below shows the Penny IV distributions by category. The table following is a comparison of the May 2017 projections prior to the approval of Penny IV, and current projections/ funded projects. Although the percentage of Penny for Community Vitality projects has decreased, these projects are still being done but with a new funding source, the American Rescue Plan Act (ARPA). Please note, this is the County's distribution of the Penny, after the distribution to the countywide investment categories of Economic Development Capital Projects and Housing, and Jail and Court Facilities.

	May 2017	May 2022
Roads, Bridges & Trails	45%	56%
Water Quality, Flood & Sewer Spill Prevention	20%	17%
Safe, Secure Community	10%	8%
Preserving Parks & Our Environment	7%	8%
Community Vitality	18%	11%

Other Revenues

The second largest source of revenue for Governmental CIP projects is grants. The CIP includes local, state, and federal grants from agencies such as the Southwest Florida Water Management District, Florida Department of Environmental Protection, and the Florida Department of Transportation. Grant revenues are highly variable. The CIP includes grants that have either been awarded or are highly anticipated to be awarded.

The County has been allocated \$189.4M from the American Rescue Plan Act (ARPA) State and Local Fiscal Recovery Fund (SLFRF). The first half of the funding has been received, and the second half is anticipated by year end. In May, the Board approved a revised spending plan which provides funding of \$139.7M for CIP projects. The ARPA funding will offset some projects that would have been Penny funded. It will also enable the county to complete other projects that weren't previously programmed in the CIP.

Other funding sources for Governmental CIP projects include General Fund transfers, Local Option Fuel Taxes, Tourist Development Tax, and Multi-Modal Impact Fees.

In FY22 and beyond, the General Fund transfer provides funding of \$650,000 for the Municipal Services Taxing Unit (MSTU) paving projects which began in FY14 to address the needs of secondary roads in unincorporated neighborhoods. In FY21 and FY22, the transfer also includes reimbursement for the purchase of the Mid-County Tax Collector Building, \$923,560 in FY21, \$2,942,690 in FY22. In FY23, the transfer includes \$950,000 for the renovation of the Mid-County Tax Collector Building. During the FY22 Budget Process it was decided to transfer a non-recurring amount of \$60,177,100. This transfer will fund \$10,177,100 for South County Service Center's acquisition, \$33,200,000 for North County Service Center's Construction, and \$16,800,000 for Future Facilities.

The CIP includes Advanced Traffic Management Systems (ATMS) projects funded by Local Option Fuel Taxes (LOFT). Tourist Development Tax (TDT), approximately half of the net proceeds from one of the six percent of the TDT, which provides funding for beach nourishment projects in the Coastal Management program. Multimodal Impact Fees (MMIF) contributes to the costs of authorized transportation projects in the 13 geographic multimodal impact fee districts of the county. Multi-Modal Impact Fees are collected throughout the county, thus assuring that new development bears a proportionate share of the cost of capital expenditures necessary to meet transportation needs of the county.

Enterprise projects support the Airport, Utilities systems of Water and Sewer, and Solid Waste. These areas are managed like businesses in which the revenues generated by these areas fully support their operations. These projects are funded by grants, airport fees, and user fee charges for water, sewer, and solid waste.

Overview of One-Year CIP Budget

The first year of the Capital Improvement Program, FY23, is the basis for actual appropriations authorized by the Board of County Commissioners for capital projects when adopting the annual budget. The total FY23 CIP budget is \$794.2M. This amount includes both Governmental and Enterprise projects as well as reserves.

Governmental CIP projects scheduled for completion in FY23 (not all inclusive):

General Government/Economic Environment/Human Services:

County Justice Center Judicial Consolidation #001109A: Facility design, renovation, and construction to consolidate judicial functions at the County Justice Center. Total project estimate \$64.6M funded by Penny.

Bayside Clinic Behavioral Health Expansion #001475E: Bayside Clinic Expansion to include additional 1,500 sq ft operational space to accommodate co-location of mental health and substance abuse treatment on site. Total project estimate is \$800,000 funded by a grant.

Culture and Recreation:

Lealman Community Campus Courtyard Improvement #003505H: Lealman Community Campus Courtyard Improvements. Total project estimate \$450,000 funded by Penny and grant.

Philippe Park Seawall Replacement #004178A: Enhancement of existing sea wall and sidewalk in Philippe Park in conjunction with Environmental Management Shoreline enhancement project 004178B. Total project estimate \$1.0M funded by Penny and grant.

Philippe Park Living Shoreline #004178B: The project will create a living shoreline at the southern end of Philippe Park through installation of oysters and native vegetation. Project done in conjunction with 004178A Philippe Park Seawall Replacement. Total project estimate \$550,000 funded by Penny and grant.

Weedon Island Preserve Salt Marsh Restoration #000083A: Removal of ditches will assist in restoring the coastal habitat to function more efficiently from a water quality and ecological perspective. Total project estimate \$1.5M funded by Penny and grant.

Ft. De Soto Bay Pier Replacement #000929A: Ft De Soto Bay Pier Replacement. Total project estimate \$6.4M funded by Penny and grant.

Taylor Homestead #002170A: Enhancement to Taylor Homestead Buildings and infrastructure. Total project estimate \$800,000 funded by Penny.

Physical Environment:

Lake Seminole Sediment Removal #000157A: Dredging of sediment from Lake Seminole to improve lake water quality. Total project estimate \$20.9M funded by Penny and grant.

Lakeshore Estates Phase 2 Roadway and Drainage Improvements #001177B: Lakeshore Estates Roadway & Drainage Improvements to the existing stormwater system and road are required to alleviate flooding in portions of Lakeshore Estates. Total project estimate \$5.2M funded by Penny.

Roosevelt Creek Channel 5 Improvements #002123A: Project addresses existing flooding to roads and structures and identifies water quality improvement alternatives for the Roosevelt Creek Channel 5 basin. Total project estimate \$6.7M funded by Penny, Surface Water Utility Fee, ARPA and grant.

Lealman Drainage Improvements #006028A: Drainage improvements on and around 33rd Way N and 33rd St N in Lealman. Total project estimate \$200,000 funded by ARPA.

Public Safety:

Public Safety Radio Sustainment Projects:

- **Radio Equipment Shelter Replacement #003901A:** Replace the radio equipment shelters, including security cameras and gates, at several radio towers. Includes two towers and inbuilding shelter at EMS facility. Total project estimate \$14.5M funded by Penny.
- **Public Safety Radio Compliance Mutual Aid #004968A:** The mutual aid replacement project updates an existing 3 channel analog radio system to current technology and allows for the decommission of T1 phone lines which are becoming obsolete and ineffective. Total project estimate \$868,000 funded by Penny.
- **Public Safety Radio Sustainment Hospital Microwave #004969A:** The hospital microwave project replaces an existing radio network providing radio communication between hospitals, Fire/Emergency Medical Services (EMS) first responders and the Sunstar dispatch center. Total project estimate \$1.5M funded by Penny.
- **Public Safety Radio Sustainment North Zone & Astro Site Repeater (ASR) #004970A:** Reestablishes a third zone of the radio system which provides an essential layer of redundancy to the northern half of the county for radio subscribers and enhances capacity for future growth. Total project estimate \$2.2M funded by Penny.

Palm Harbor Fire Station 68 replacement #004185A: Construction of new fire station to replace Palm Harbor Fire Station 68. Total County contribution estimated at \$6.0M funded by Penny and ARPA.

Economic Environment:

Tampa Bay Innovation Center Incubator #004251A: To design and construct a 45,000 sq ft state of the art business incubator to be built on a 2.5-acre site that will be conveyed by the City of St. Pete to Pinellas County. Total project estimate \$16.1M funded by Penny (Economic Development set aside #004149A), grant, and private contribution.

Transportation:

Pinellas Trail Loop North Segment #000967A: Pinellas Trail Extension Program: North loop gap. Total project estimate \$12.8M funded by Penny, Impact Fees, and grant.

Oakwood Drive over Stephanie's Channel Bridge Replacement #001035A: Oakwood Drive over Stephanie's Channel bridge reconstruction / replacement. Total project estimate \$3.9M funded by Penny.

62nd Avenue N & 25th Street N Sidewalk Intersection Improvements #002069A: Improvements to the intersection that also consist of incorporating turn lanes & bike lanes, sidewalk improvements, drainage improvements, and traffic signalization. Total project estimate \$2.4M funded by Penny.

46th Ave. N. Sidewalk Improvements from 49th St. N. to 55th St. N. #002927A: Design and construct sidewalk, driveways, and ADA ramps on both sides of the street. Total project estimate \$3.3M funded by Penny.

Countywide Traffic Signalization Improvements #004183A: Program is established for the replacement of span wire signals with mast arm signals. Projects may include installation of mast arms and minor intersection improvements including new curb ramps and pedestrian signals. Total project estimate \$12.6M funded by Penny and grant.

Local Group-Taylor Lake, Ridgecrest, Oak Village Subdivisions #006020A: Paving, sidewalk and drainage improvements for local group of Taylor Lake, Ridgecrest and Oak Village Subdivisions from 134th Ave N to Taylor Lake Place in Ridgecrest. Total project estimate \$1.5M funded by ARPA.

Local Group-Martin Terrace #006021A: Paving, sidewalk and drainage improvements for Ridgecrest local group from 118th Street N to 116th Lane. Total project estimate \$530,000 funded by ARPA.

Local Group-Gulf Terrace and Rainbow Village Subdivisions #006022A: Paving, sidewalk and drainage improvements for Ridgecrest local group from 20th Ave SW to 22nd Ave SW, and from Adams Circle W to Adams Circle E. Total project estimate \$420,000 funded by ARPA.

Local Group-Sunny Lawn Estates & Adjacent Subdivisions #006027A: Paving, sidewalk and drainage improvements for Lealman local group from 40th Ave N to 60th Ave N. Total project estimate \$3.1M funded by ARPA.

Local Group-Various High Point Subdivision #006029A: Paving, sidewalk and drainage improvements for High Point local group comprising various subdivisions from Roosevelt Blvd to 150th Ave N. Total project estimate \$880,000 funded by ARPA.

FY23 Enterprise CIP

The expenditure total (net of non-project items such as reserves) for the FY23 Enterprise CIP is \$170.6M. The pie chart below shows the percentage distribution of expenditures among the functional areas of the CIP.

Pie Chart titled FY23 Enterprise Funds net of reserves and non-project items \$170.6M consisting of Airport at \$23.0M, 13.5%; Water at \$49.9M, 29.3%; Sewer at \$71.9M, 42.1%; and Solid Waste at \$25.8M, 15.1%.

Enterprise CIP projects scheduled for completion in FY22 (not all inclusive):

Physical Environment (Solid Waste and Utilities):

Solid Waste:

000853A Air Pollution Controls Technical Recovery Program
001059A Electrical Systems Technical Recovery Program
001593A Mechanical Systems Technical Recovery Program
002135A Stoker, Grates, Boilers and Combustion Control Technical Recovery Program
002136A Turbine Generator Technical Recovery Program
002137A Instrumentation and Controls Technical Recovery Program
004917A Waste to Energy B101, B102, B103 Pass Primary Superheater Tubes Replacement

Utilities:

002747K Sanitary Sewer Pipe Seminole Bypass
002944A South Cross Bayou Grit Facility Improvements
003756A South Cross Bayou Plan Lighting Upgrades
003764A Water Ground Storage Tank Rehabilitation
004017A Water Main Improvements at Alt. U.S. 19 to Omaha St., Delaware Ave. to Nebraska Ave
004071A Rosery Road Phase I Water Main Relocation from Pinellas Trail to Missouri Avenue
004353A Replacement of the 10 Inch Water Main Subaqueous Crossing along 27th Ave and N. Tessier Drive
004450A Dolphin Drive Utility Relocation for City of Belleair Bluffs Roadway Improvements
004463A Crystal Island Utility Relocations
004532A CR 95 Force Main Replacement/Relocation

Enterprise CIP projects scheduled for completion in FY23 (not all inclusive):

Solid Waste:

Recycling Center Expansion Project #002585A: Design appropriately size slab and ingress/egress modifications to facilitate the container pickup and placement for four containers slots. Total project estimate \$580,000.

Visitor Information Kiosks and Claw Monument #002586A: Engineering design of bucket mounting system and mounting bucket. Layout, concept, and construct Kiosks. Total project estimate \$870,000.

Industrial Waste Treatment Facility Improvements #002423A: Evaluation of biological fouling. This includes phase II for new pond A intake and improvements to reverse osmosis feed tank and chemical injection. Total project estimate \$3.4M.

Industrial Waste Treatment Facility Clarifier #003347A: Replacement of the Industrial Waste Treatment Facility clarifier. Total project estimate \$12.5M.

Utilities:

Dunn Filtration and Disinfection Improvements #003122B: Upgrade W.E. Dunn Water Reclamation Facility plant disinfection and filtration systems. Total project estimate \$13.7M.

Pump Station 079 Improvements (North Redington Beach) #003205A: A new pump station will be designed and constructed to better facilitate flows from Redington Shores and North Redington Beach to the collection system. Total project estimate \$5.0M.

South Cross Bayou Digester Gas Flowmeter Installation #004358A: Installation of individual flow meters in the digester gas lines including mechanical, electrical, Supervisory Control And Data Acquisition (SCADA), and instrumentation work. Total project estimate \$1.1M.

South Cross Bayou Fiber Optic Upgrades #004903A: Replace fiber optics throughout the South Cross Bayou Water Treatment Plant. Total project estimate \$535,000.

S. K. Keller Polyphosphate Building Process Upgrades #004355A: This project will involve an entire retrofit and rehabilitation of the Polyphosphate Building located at the S.K. Keller Water Plant. Total Project estimate \$2.1M.

Pass A Grille Way and Gulf Way from 9th Ave. to 22nd Ave Water Improvement Project #004573A: The project will include relocating the pipe to the main streets, replace the cast iron pipe, galvanized pipes, new service lines, new Automatic Meter Readers (AMR), and additional fire hydrants for public safety. Total project estimate \$2.7M.

Transportation (Airport):

Construct New General Aviation Taxiways and Roads Airport #000034A: Design and construction for the new general aviation taxiways and ramps for the AIRCO parcel. Total project estimate \$9.2M.

Acquire Airport Rescue and Fire-Fighting Vehicles Airport #000037A: Replacement of Airport Rescue and Fire Fighting Vehicles for the Airport. Total project estimate \$1.9M.

Relocate Airfield Electric Vault #001064A: Design and construction costs to relocate and construct a new airfield electric vault. Total project estimate \$4.9M.

Canopy Passenger Walkway to Terminal Building #004466A: Design and installation of new covered canopy walkway from the new long-term parking lot to the terminal building. Total project estimate \$600,000.

Replace Airport Terminal Carpeting #006041B: This project consists of replacing the carpeting in various areas throughout PIE's terminal. Total project estimate \$750,000 to be funded by ARPA.

Please see the "Summary of Changes" section for complete information.

Overview of Six-Year CIP

In the CIP Six-Year work plan, only the first year, FY23, is appropriated. The remaining five years are a plan that is subject to change as the needs of the community become more defined and the adopted projects move closer to final approval. The total FY23 - FY28 CIP budget is \$2.6B. This amount includes both governmental and enterprise projects, as well as non-project items such as reserves.

FY23 - FY28 Governmental CIP

The expenditure total (net of reserves/non-project items) for the FY23 - FY28 Governmental CIP is \$1.3B. The pie chart below shows the percentage distribution of expenditures within the functional areas of the CIP.

Pie Chart titled FY23 to FY28 Governmental CIP net of reserves total \$1.3B. The pie chart shows the dollar amount and percentage distribution of expenditures within the functional areas of the Governmental CIP. Culture and Recreation at \$133.6M, 10.2%; Economic Environment at \$89.2M, 6.8%; General Government Services at \$92.4M, 7.0%; Human Services at \$76.7M, 5.8%; Physical Environment at \$250.1M, 19.0%; Public Safety at \$65.9M, 5.0%; and Transportation at \$607.7M, 46.2%

Major project highlights in the **Governmental Six-Year CIP** are listed below by functional area. The focus of this list are the projects that are scheduled for completion in the out years of FY24 through FY28.

Culture & Recreation:

Ray H. Neri Park Phase 1 #002201A: Engineering, design, and construction of park enhancements at Ray H. Neri Park. Total project estimate \$7.7M funded by Penny, ARPA and Community Development Block Grant (CDBG).

High Point Community Park #002998A: Ten acres of land located between Pinellas Technical Education Center and High Point Elementary will be developed for an outside recreation facility. Total project estimate \$3.5M funded by Penny and ARPA.

Brooker Creek Boardwalk Rehab #004452A: Brooker Creek Boardwalk Rehabilitation. Total project estimate \$3.1M funded by Penny.

Seminole Recreation Facilities in Unincorporated Area #004556A: Preliminary plan and design of a multi-faceted outdoor recreation complex with associated concession, office, and storage facilities. Total project estimate \$18.7M funded by Penny and ARPA.

Program 2049 - Airport Capital Projects Program

000033A Cargo Apron Rehab and Runway 9/27 Conversion: Schedule and cash flow was adjusted per Airport Engineer on 1/18/22. Project will be completed late in FY23, but some of the cash flow will shift to FY24.

000034A Construct New General Aviation Taxiways and Roads Airport: Scope of work (SOW) updated to include perimeter road and fence relocation.

000035A Runway 18/36 Rehabilitation Airport: No change.

000037A Acquire Airport Rescue and Fire-Fighting Vehicles Airport: FAA will not allow the Airport to use Passenger Facility Charges to pay for a "reserve" truck, so only one "active" truck was allowed to be purchased.

001064A Relocate Airfield Electric Vault: Project construction anticipated to complete August 2022.

002877A Multi-Level Airport Parking Garage: Project schedule pushed out to FY30 and FY31 to balance the forecast.

003343A New Passenger Terminal Improvements: Increase due to the inclusion of FY28 in the CIP plan. New funding has been committed, namely FDOT's Strategic Airport Investment Grant, FDOT SIS Grant. Increased Airport share in those years where a match is required. Had to adjust funding for SIS since we cannot use it until FY27-28.

004350A Upgrade Airport Lift Station Near Army Reserve Base: Increased due to revised estimates to rehab pump station. Schedule shifted out to start in FY23.

004351A Replace Passenger Portal Gates 7-11: This project has been awarded and construction is due to begin in April 2022, with completion to happen in late FY2022.

004352A Installation of New Service Elevator: Project was just awarded and the project should end in the last quarter of FY22.

004466A Canopy Passenger Walkway to Terminal Building: Project schedule adjusted to start FY23. No change to project budget.

County Transportation Trust

Summary of Resources and Requirements

The County Transportation Trust Fund is required by Florida Statute 336.022 to account for revenues and expenditures used for the operation and maintenance of transportation facilities and associated drainage infrastructure. Activities include road and right of way maintenance (e.g., patching, mowing); bridge maintenance and operation; traffic engineering; traffic signal operation, including Intelligent Transportation Systems; traffic control signage and striping; sidewalk repair and construction; and maintenance of ditches, culverts, and other drainage facilities. Major revenues to support these activities are provided from fuel taxes collected and distributed by the State of Florida, and local option fuel taxes levied by the County.

Health Department Fund

Summary of Resources and Requirements

The Health Department fund for the collection and subsequent distribution of a dedicated ad valorem property tax for the delivery of health related services to County residents. Pursuant to Chapter 154.02, Florida Statutes, the County distributes proceeds from this special revenue fund to the Pinellas County Health Department (PCHD) through an annual contract for service. The annual budget is proposed by PCHD, based on projected revenue, and approved by the Board of County Commissioners (BCC). The current tax rate approved by the BCC is 0.0790 mills. The maximum millage cap is 0.5 mills.

Emergency Medical Service

Summary of Resources and Requirements

The Emergency Medical Services Fund was established by a referendum in 1980 which allows up to 1.5 mills to be levied annually on a countywide basis to finance a comprehensive countywide emergency medical service system. This special revenue fund is used to account for these tax monies and other earmarked revenues including user fee charges. The County contracts with various municipal providers of emergency medical services as well as the County's own SUNSTAR system. This fund is administered by the Safety and Emergency Services Department - EMS and Fire Administration Division.

Community Development Grant

Summary of Resources and Requirements

Accounts for revenues received from the Federal Department of Housing and Urban Development's (HUD) Block Grant Program to develop viable communities by providing decent housing, a suitable living environment and expanding economic opportunities for low- and moderate-income persons as authorized by Title 24 of the Code of Federal Regulations. HUD determines the amount of each grant by using a formula comprised of several measures of community need, including the extent of poverty, population, housing overcrowding, age of housing, and population growth lag in relationship to other metropolitan areas. Public hearings are held to engage stakeholders and the public regarding the community's needs which help determine the specific use of funds. The fund may receive supplemental support from the General Fund, and the Planning Department administers the fund.

State Housing Initiatives Partnership (SHIP)

Summary of Resources and Requirements

Accounts for revenues received from the State Housing Initiatives Partnership (SHIP). Pinellas County is eligible to participate in the SHIP program authorized pursuant to Section 420.907, Florida Statutes. Under Ordinance 93-30 the County is authorized to make affordable housing available for very low-income, low-income, and moderate-income persons including persons who have special housing needs, such as, but not limited to, homeless people and persons with disabilities. Funds are used for emergency repairs, new construction, rehabilitation, down payment and closing cost assistance, impact fees, construction and gap financing, mortgage buy-downs, acquisition of property for affordable housing, matching for federal housing grants and programs, and home ownership counseling. The fund is administered by Pinellas County's Planning Department.

STAR Center Fund

Summary of Resources and Requirements

This fund is used to account for the operation of the Pinellas County Young - Rainey Science, Technology and Research (STAR) Center. Rental and associated income generated from leasing space and land at the facility funds all its activities. The fund was initially established to monitor the U.S. Department of Energy (DOE) grant awarded to the Industry Council for the reconfiguration of the former Lockheed-Martin Nuclear facility to civilian uses.

Emergency Communications E911 System

Summary of Resources and Requirements

The Emergency Communications E911 System Fund (previously titled Emergency Phone Service & Equipment Fund) is used to account for revenues received from the monthly charge assessed on land based telephone lines and wireless communication services. This service charge was adopted at \$0.50 per month by the Legislature in 1999 and became effective October 1, 1999. In 2007, legislation was adopted to account for the wireless and wireline service fees, collected and distributed by the E911 Board in one fund. The State Legislature reduced the monthly service charge to \$0.40 effective January 1, 2015 and extended collection to include pre-paid wireless service. Legislation also changed the distribution formula of wireline fees from \$0.49 to \$0.38, and wireless fees from \$0.36 to \$0.30 (on contracted wireless services). The distribution on pre-paid wireless service is \$0.24. This fund is administered by the Safety and Emergency Services Department - Regional 911 Division.

Tourist Development Tax Fund

Summary of Resources and Requirements

The Tourist Development Tax Fund, formerly known as the Tourist Development Council Fund through September 30, 2017, accounts for the 6.0% tourist development tax (i.e., bed tax) on rents collected for temporary lodgings. This tax was initially approved by a voter referendum in 1978 as a 2.0% tax to promote tourism in Pinellas County. Over the years, the tax rate has been raised to help fund beach renourishment projects, contribute to tourist related capital projects throughout the county, and to give additional promotions, marketing, and advertising resources to the Pinellas County Convention and Visitors Bureau. The tax rate was raised to the current level on January 1, 2016.

American Rescue Plan Act

Summary of Resources and Requirements

Pinellas County Government's \$189,381,543 allocation of the Coronavirus State and Local Fiscal Recovery Funds (SLFRF), established by the American Rescue Plan Act of 2021 (ARPA), provides emergency funding for state, local, territorial, and Tribal governments. The ARPA SLFRF is intended to: support efforts to decrease spread of the virus and bring the pandemic under control; replace lost public sector revenue to strengthen support for vital public services and help retain jobs; support immediate economic stabilization for households and businesses; address systemic public health and economic challenges that have contributed to the unequal impact of the pandemic on certain populations; and invest in building, maintaining, or upgrading water, sewer, and broadband infrastructure.

Fire Districts

Summary of Resources and Requirements

The Fire Districts Fund accounts for the cost of operating 12 Fire Districts throughout the County which provide fire and suppression services to unincorporated areas of Pinellas County. Each fire district levies an ad valorem tax on real properties within the district. These funds are distributed via contract to cities and other independent agencies to finance the provision of fire protection services to the Fire Districts. The fund is administered by the Safety and Emergency Services Department - EMS and Fire Administration Division.

Fire District-Safety Harbor

Summary of Resources and Requirements

The Fire Districts Fund accounts for the cost of operating 12 Fire Districts throughout the County which provide fire and suppression services to unincorporated areas of Pinellas County. Each fire district levies an ad valorem tax on real properties within the district. These funds are distributed via contract to cities and other independent agencies to finance the provision of fire protection services to the Fire Districts. The fund is administered by the Safety and Emergency Services Department - EMS and Fire Administration Division.

Fire District-Tierra Verde

Summary of Resources and Requirements

The Fire Districts Fund accounts for the cost of operating 12 Fire Districts throughout the County which provide fire and suppression services to unincorporated areas of Pinellas County. Each fire district levies an ad valorem tax on real properties within the district. These funds are distributed via contract to cities and other independent agencies to finance the provision of fire protection services to the Fire Districts. The fund is administered by the Safety and Emergency Services Department - EMS and Fire Administration Division.

Construction Licensing Board

Summary of Resources and Requirements

The Construction Licensing Board Fund is used to account for the revenues and expenses associated with regulation of the construction and home improvement industry in Pinellas County, through uniform contractor competency licensing, code adoption, and code interpretations. In 2018, the State Legislature amended the Laws of Florida to make the formerly independent Pinellas County Construction Licensing Board (PCCLB) a dependent agency to the Board of County Commissioners (BCC). Staffing and operations became a responsibility of the Contractor Licensing Department, under the County Administrator as of July 1, 2018. The fund continues to be supported by revenue from licensing fees, fines, and citations.

Drug Abuse Trust Fund

Summary of Resources and Requirements

The Drug Abuse Trust fund is used to account for additional assessments levied by the court against drug offenders and is collected by the Clerk of the Circuit Court. The Drug Abuse Trust fund provides financial assistance grants for qualified local drug abuse treatment and education programs. The fund was established by the Board of County Commissioners pursuant to Section 893.165, Florida Statutes, as a separate depository. These funds are used for assistance grants to local drug abuse programs throughout the county.

Lealman Community Redevelopment Agency Trust

Summary of Resources and Requirements

Pinellas County Community Redevelopment Agency accounts for Tax Increment Financing (TIF) used to leverage public funds to promote private sector activity in the Lealman Community Redevelopment Area (CRA) district. The Pinellas County Board of County Commissioners (BCC) declared the Lealman Study Area of the County to be a slum or blighted area ("Lealman Community Redevelopment Area"). By its Resolution No. 16-40 on June 7, 2016, the BCC approved the Lealman Community Redevelopment Area Plan. As this district is in the County's unincorporated area, the General Fund contributes TIF resources based on both the Countywide and the Municipal Service Taxing Unit (MSTU) property tax collections. The County's obligation to annually appropriate to the fund shall continue until June 7, 2046. The creation of the CRA district is enabled by the Community Redevelopment Act of 1969 as amended and codified as Part III Chapter 163 Florida Statutes (the "Redevelopment Act").

Street Lighting Districts Fund

Summary of Resources and Requirements

The Street Lighting District Fund is used to account for the operation and maintenance of street lighting services for districts in the unincorporated areas of Pinellas County. All lighting services within the districts are provided by Duke Energy. The property owners in each district are assessed annually based on their pro-rata share of the costs of operation and maintenance.

Solid Waste Revenue & Operating Summary of Resources and Requirements

The Solid Waste Revenue and Operating Fund is used to account for revenues generated by Pinellas County's Waste-to-Energy facilities. The three main sources of revenue are: tipping fees charged for the disposal of refuse, proceeds from the sale of electricity generated by the facility to Duke Energy, and monies generated from the sale of recycled metals. The fund accounts for the expenses associated with operating and maintaining the facilities. This fund also accounts for any grant proceeds which may be received for the various recycling programs administered by the County.

Employee Health Benefits

Summary of Resources and Requirements

The Employee Health Benefits Fund is an internal service fund used to account for all employee-paid premiums, employer contributions, and claims for the employee health plans. In addition to health, this fund contains the revenue and appropriation for the County's self-insured dental plan. The fund is administered by the Human Resources Department.

BUDGET POLICIES

Pinellas County budget policy guidelines are based on the Government Finance Officers Association (GFOA) and the National Advisory Council on State and Local Budgeting Practice adopted, best practices. The policies below outline and reflect those best practices.

General Fund Reserve (Ending Balance)

The General Fund Reserve (Ending Balance) should be budgeted at a level of no less than 15.0% of total revenues. The Governmental Accounting Standards Board (GASB) has defined the following categories for fund balances:

- Non-spendable Fund Balance – amounts that are not in a spendable form (such as inventory and prepaid expenses) or are required to be maintained intact
- Restricted Fund Balance – amounts constrained to specific purposes by external providers (such as grantors, bondholders, and higher levels of government)
- Unrestricted Fund Balance – amounts that are not Non-spendable or Restricted are defined as unrestricted and divided into three categories:
Committed, Assigned, and Unassigned
 - **Committed Fund Balance** – amounts constrained to specific purposes by the Board of County Commissioners (BCC). To be reported as committed, amounts cannot be used for any other purpose unless the BCC approves a change by Board Budget Amendment.
 - Reserve for Contingencies shall be budgeted at a minimum of 5.0% operating expenditures. The total amount shall not exceed 10.0% of total appropriations pursuant to Florida Statute 129.01.
 - May be used, with BCC approval, for unanticipated expenditures or to address revenue shortfalls.
 - **Assigned Fund Balance** – amounts the County intends to use for a specific purpose. Intent can be expressed by the BCC or recommended by the County Administrator. Less formality is necessary to impose, remove, or modify assigned fund balance.
 - The Reserve - Fund Balance shall be budgeted in the following categories
 - Cash Flow Reserve:
 - Budgeted at a minimum of one-twelfth of budgeted revenue
 - May be used for any authorized expenditure, including supplementing the Disaster Response Reserve
 - Encumbered Contracts Reserve:
 - Calculated as the average month-end value of outstanding encumbrances over a preceding twelve- month period
 - May be used for any authorized expenditure, including supplementing the Disaster Response Reserve
 - Disaster Response Reserve:
 - May be used for any expenditure incurred as the result of an emergency event
 - The total amount budgeted shall not exceed 20.0% of total appropriations pursuant to Florida Statute 129.01.
 - For annual financial reporting purposes, specific amounts for each category in the Reserve - Fund Balance is determined by the County Administrator based on fiscal year end data.
 - **Unassigned Fund Balance** – The General Fund, as the principal operating fund of the government, often will have net resources in excess of the categories already described. One reason for this is the Florida Statutes requirement that most revenues are budgeted at 95.0% of the total estimated amount. If there are additional net resources, the surplus is presented as unassigned fund balance. Other funds, by their nature, are established to account for revenues that are expended for specific purposes and therefore do not have unassigned fund balances.
 - General Fund Balance in excess of that which is Non-spendable, Restricted, Committed, and Assigned at the end of the fiscal year shall be designated as Unassigned.
 - Unassigned Fund Balance should be used for non-recurring purposes whenever possible.
 - Preference should be given to expenditures that result in future efficiencies or other cost savings.
 - In the event of severe financial stress resulting from unanticipated revenue decreases or expenditure increases, Unassigned Fund Balance may be used to mitigate the negative impact on public services on a short- term basis.
 - **Restoration of General Fund Reserves:**
 - If General Fund Reserves are depleted below the levels established by policy, the County Administrator will develop a plan to restore the balances over time, which requires BCC approval.
 - The restoration plan should include such recommendations for rate or fee adjustments and/or expenditure reductions as may be appropriate.
 - The plan for restoration should be reviewed and updated on an annual basis until the policy level guidelines are achieved.

Other Operating Funds Reserves

- At a minimum, the Reserves (Unrestricted Balance) of Enterprise Funds should be budgeted at a level of 5.0% to 15.0% of regular operating revenues, or no less than one month of operating expenditures.
- Similar Reserve (Unrestricted Balance) amounts should be budgeted in other funds (i.e., one to two months of operating expenditures or an adequate working capital reserve) on a case-by-case basis.
- Fund reserve policy should be linked to a potential increase or decrease of rates/fees if reserve levels reach certain thresholds.

Balanced Budget

- Recurring expenditures should be equal to or less than recurring revenues.
- Annual operating expenditures should be fiscally balanced with revenues or income estimates that can reasonably and normally be projected to be received during the fiscal year.
- Disclosures should be provided when a deviation from a balanced operating budget is planned or when it occurs.
- Anticipate actions to be made to bring the budget into balance if adjustments are needed in the course of a fiscal period.
- Develop a structurally balanced operating budget that requires a balance be maintained between recurring expenditures and revenues over the long term, not just during the current operating period.
- The first year of the Capital Improvement Program (CIP) Six-Year Plan is the basis for actual appropriations and must be balanced when adopting the annual budget.

Long-range Planning

- Develop a financial planning process that assesses long-term financial implications of current and proposed policies, programs, and assumptions and develop appropriate strategies to achieve its goals.
- The forecast should extend at least six years and should be regularly monitored and periodically updated.
- The forecast should include fund forecasts for all significant funds.
- The forecast, along with its underlying assumptions and methodology, should be clearly stated and made available to participants in the budget process.
- Variances between previous forecast and actual amounts should be analyzed and identification made of the factors that influence revenue collections, expenditure levels, and forecast assumptions.

Physical Asset Inventory

- Accurate inventories of all physical assets, their condition, life spans, and cost should be created and maintained to ensure proper stewardship of public property.
- Maintain assets at an acceptable level to protect the County's capital investment and to minimize future maintenance and replacement costs.

Asset Preservation

- Ensure asset preservation encompasses supportive infrastructure (processes and databases), intellectual capacity, and effective use of human capital, as well as physical capital assets.
- Prioritize the inclusion of physical and non-physical asset maintenance in the budget process.

Revenue Diversification

- Encourage revenue diversification to the extent feasible; enhance flexibility within the constraints of available revenue sources (e.g. property tax- diversify the tax base on which the tax is levied).
- Whenever possible, pay general operating expenses from sources other than ad valorem taxes.
- Increase the level of self-support for new program initiatives and enhancements.
- The use of concession and licensing agreements (i.e. vendors operating in County parks) should be encouraged so long as these measures are consistent with the public good.

Fees and Charges

• Where appropriate, fees should be set to recover the direct and indirect costs associated with the service provided. County services that provide private benefit should be supported by fees and charges to provide maximum flexibility in the use of general revenues to meet the cost of services of broader public benefit.

- State whether the intention is to recover full or partial costs of providing goods and services.
- If the cost of a good or service is not recovered, then an explanation of the rationale should be provided.
- Charges and fees should be reviewed and updated periodically based on factors such as the impact of inflation, other cost increases, the adequacy of the coverage of costs, and current competitive rates.
- Seek to implement small, incremental increases to fees and charges annually as opposed to large increases periodically when justified based on increases in cost of service and other factors.
- Information on charges and fees should be available to the public.

- Enterprise Operating Funds should contribute to the General Fund their proportionate share of the cost of general administrative departments and a payment-in-lieu-of-taxes and other accepted reimbursement approaches as limited by outstanding Bonds or Bond resolutions.
- A review of the cost of service and rate structures for Enterprise operations should be performed on an annual basis.

Use of Grants

- To the degree that grant funds are relied upon to support recurring expenses, a provision should be made to allow expenditure reductions should the grant funding be reduced or eliminated.
- Revenues and expenditures associated with grants should only be budgeted after grant awards or letters of commitment have been received.
- Overhead or indirect costs should be included in all grant proposals where permitted.
- Local discretionary funds should not be relied upon to automatically replace lost grant funds.
- For grants with a required match, evaluate how costs exceeding the total cost estimated in the grant will be funded prior to applying for a grant.

Debt Capacity, Issuance, and Management

- Minimize debt service costs through the judicious use of available debt instruments, consistent with the desirability of maintaining stable current tax rates and distributing the costs of certain long-lived facilities among all users, present and future.
- Define appropriate uses for debt.
- Define the maximum amount of debt and debt service that should be outstanding at any one time (target financial ratios).
- Maintain a high credit rating while making attempts to strengthen credit rating; identify factors and strategies to address them.

Strategic and Work Planning and Performance Management

- Establish work plans to document and track initiatives and projects that are aligned with strategic objectives.
- Where possible and appropriate, define the resources dedicated to each work plan item, and the performance measures the activity seeks to impact.
- Institute meaningful measures of performance efficiency, effectiveness, and outcomes and analyze results.
- Define levels of service and review annually considering identified priorities and any changed conditions that may afford an opportunity to modify the frequency of service and reduce costs.
- Link work plans, performance metrics, and levels of services with the most relevant goal of the County Strategic Plan to organize and structure items.

Operating/Capital Expenditure Budget Formulation and Accountability

- Consider whether programs and services and associated levels of service are mandated or discretionary when evaluating the prioritization of limited resources.
- Seek expenditure reductions whenever possible through efficiencies, reorganization of services, and through the reduction or elimination of programs, policies, and practices that have outlived their usefulness.
- Encourage productivity improvements through training, technology, and incentives.
- Leverage efficiency savings to enable inflationary increases in expenditures without requiring increases in taxes, rates, fees, and other supporting revenues.
- Seek inter-department and inter-agency opportunities to improve efficiency and productivity through sharing resources and other strategies.
- Analyze multi-year expenditure and revenue trends and compare to current - year estimates and new year budget requests.
- Analyze appropriation lapses from prior years and justify continuing appropriations where lapses have been historically experienced.
- Consider outsourced services to manage workload needs that vary over time to minimize long term costs or provide maximum flexibility to accomplish tasks. Create appropriate proficiency measures to be accountable for justifying workloads needs.
- Permanent County positions should support the performance of recurring activities while temporary positions and contract labor should support activities that are not recurring and/or subject to variations in workload.
- Consider an investment in equipment, land or facilities, and other expenditure actions, in the present, to reduce or avoid costs in the future.
- Capital project proposals should include cost estimates that are as complete, reliable, and attainable as possible.
- Prior to undertaking a capital project, all ongoing operation and maintenance costs should be identified and considered as part of the policy discussion.
- For agreements with partners (e.g. – joint participation agreement), evaluate how costs exceeding the total cost

- estimated in the agreement will be funded prior to the execution of the agreement.
- Capital Improvement Program (CIP) projects will be submitted, reviewed, and managed through the CIP Project Portfolio Management (PPM) processes.

Internal Service Funds

- Internal Service Funds may be used for allocating the costs of central service functions and for risk financing.
- Cost allocations of central service functions are charged ratably to other funds, departments, and agencies of the primary government. The goals are to measure the full cost of providing the central service and to fully recover that cost through fees and charges.

Risk financing internal service funds are used to account for all risks of a given type in individual funds of each type. Interfund premiums are charged to other funds to cover both current costs and provide a reserve for anticipated future losses.

BASIS OF ACCOUNTING – FINANCIAL STATEMENTS

The **modified accrual** basis of accounting is utilized for the Governmental Funds. Under this basis, revenues are recognized when they become both measurable and available. "Available" means collectible within the current period and thereafter available to be used to pay liabilities of the current period. Expenditures are generally recognized in the period that the liability is incurred. The exception to this general rule is that expenditures for principal and interest on general long-term debt are recognized when due, and expenditures for compensated absences are recorded when paid.

The **accrual** basis of accounting is utilized for the Proprietary Funds. Under this basis, revenues are recognized in the period earned, and expenses are recognized in the period the liability is incurred. In contrast to Governmental Funds, depreciation is recorded.

Encumbrance accounting commits and reserves appropriations under purchase orders for contracts and other commitments for the expenditure of monies and is employed as an extension of formal budgetary integration. Although encumbrances outstanding at fiscal yearend are carried forward if not cancelled, the corresponding budget is not carried forward and must be re-appropriated in the following year if not anticipated in that year's approved budget.

BASIS OF ACCOUNTING – BUDGET

Budgets presented for Governmental Funds are prepared in accordance with generally accepted accounting principles (GAAP), using the modified accrual basis of accounting. Budgets presented for proprietary funds are also prepared using the modified accrual basis of accounting, which is not in accordance with GAAP for proprietary funds. Proprietary fund budgets differ from GAAP in the following areas: depreciation and amortization are not included in budgetary statements since these do not use spendable resources, and payments for debt service and capital outlay are also budgeted to be expensed under the modified accrual basis.

BUDGET PROCESS

The County's budgetary process is governed by Florida Statutes (F.S.) chapters 129 and 200. Chapter 129 sets forth specific requirements for the form and content of county budgets and their execution and amendment. Chapter 200 details the requirements for adoption of local government ad valorem millage rates.

In addition to Florida State Statute, the County Charter and the County Code of Ordinances define the County's budget approval process. It includes additional steps designed to provide the Board of County Commissioners (BCC) and the public with opportunities for early input into budgetary decisions. State law requires that the budget be balanced. Further, there are very specific and detailed rules known collectively as the "Truth in Millage" or "TRIM" law. These rules dictate the approval process for the budget in general, and particularly, property taxes. The TRIM law sets the timetable for the County Property Appraiser to deliver estimated and certified tax rolls to the taxing authorities, including the County. It further requires that a tentative millage rate be approved by the County by a certain date; that the Property Appraiser mail notices of proposed taxes (TRIM notices) to all property owners by a certain date; that two public hearings be held within certain specific time periods; and that the County run newspaper advertisements which follow exact specifications for wording, size, and placement prior to the final public hearing. The public hearings must be conducted in accordance with the prescribed format and sequence of BCC actions. This includes the calculation and announcement of "rolled back" millage rates which result in no additional property tax revenue (for comparison purposes), and the percentage change in property tax revenue from the prior year resulting from the actual proposed millage rate. Finally, the County must document its compliance with the TRIM rules and submit this documentation to the State for review and approval.

Article IV, Section 4.01c(5) of the County Charter, approved by referendum in 2004, designates the County Administrator as the county budget officer. F.S.129.03(3) specifies that the county budget officer must submit a recommended budget to the BCC after estimated taxable values are certified by the Property Appraiser. This budget must contain information outlined in F.S.129.02. In addition to the budget document, supplemental information is provided to the BCC and the public and posted on the County's website.

The budgets of the Constitutional Officers are approved by the BCC and are subject to the control of those elected officials. Additionally, the budgets of the Tax Collector and Property Appraiser are submitted to the State Department of Revenue for approval. The Sheriff's budget may be appealed to the State cabinet.

Special committees of County Commissioners, other elected officials, staff, or citizens recommend allocations in some programs. These include the Business Technology Services (BTS) Board, the Unified Personnel System (UPS), and

the Social Action Funding Committee.

Major planning processes which may impact the budget include the County Comprehensive Plan, which defines infrastructure requirements and levels of service according to Florida State statutes. The Comprehensive Plan includes a Capital Improvements Element, which is updated in conjunction with the Capital Improvement Program and budget. Many of the County's operations also have ongoing planning activities which can affect both operations and capital projects. Examples of these are the Airport Master Plan and the BTS Strategic Plan.

BUDGETARY CONTROL AND ADJUSTMENTS

The operating funds are subject to budgetary control by combined major object expenditure categories (e.g., Personal Services + Operating Expenses + Capital Outlay + Grants & Aids) on a cost center basis in each fund. The cost center structure was modified in FY12 and FY13 to accommodate program budgeting. In FY19, the BCC formally adopted a budgetary control policy and modified the budgetary control to include debt service accounts. To protect bond and loan holders, debt service appropriations for bonds and loans financed by external entities and any such intra-fund loans utilized as alternative financing vehicles to same are excluded from this grouping. The BCC approves supplemental appropriations by Resolution and Board Budget Amendments between departments during the fiscal year. The County Administrator is authorized to execute Budget Amendments between cost centers within individual departments provided that the amendment does not realign more than 50% of the department's total budget. These amendments are reported quarterly to the BCC.

Major capital facilities and improvements are accounted for within the Capital Projects Funds and are subject to budgetary control on a cost center basis. The County Administrator is authorized to execute Budget Amendments between cost centers within functional categories (e.g., Transportation) if the amendment does not realign more than 50% of the total functional category budget. As with administrative operating amendments, these are reported quarterly to the BCC. Reallocations between functional categories require Board Budget Amendments.

Any budgetary action that involves the Reserve for Contingencies in a fund requires a Board Budget Amendment. A budgetary action that involves the Reserve for Future Years requires a Board Resolution. A budgetary action that involves the Reserve - Fund Balance and transfers between funds requires a public hearing in conjunction with a Board Resolution.

Budgetary supplements require the preparation of a Board Resolution. Budgetary supplements are needed when actual receipts or revenues from a source not anticipated in the budget are received for a particular purpose (i.e., grants) and recognized, and these receipts increase the bottom line of the budget. The Board Resolution recognizes the unanticipated receipts and appropriates the funds accordingly for the purpose intended and to maintain budgetary balance.

FUND ACCOUNTING AND FUND TYPES

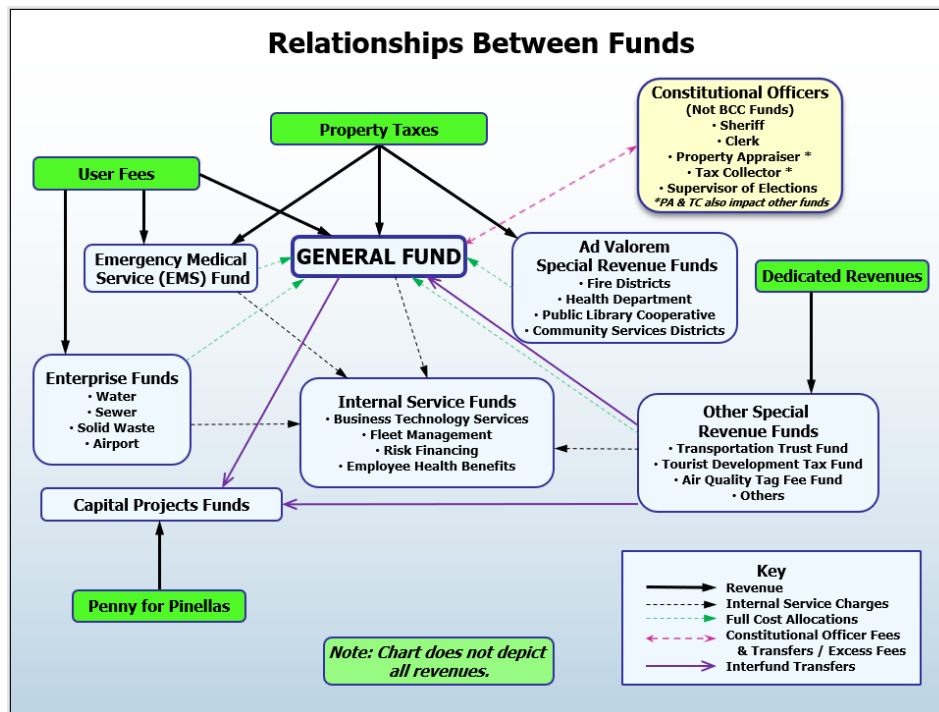

To track financial activity, governments and nonprofit organizations use **Fund Accounting** systems. Fund Accounting Systems emphasize **accountability** in contrast to private business accounting systems, which focus on **profitability**. In a fund accounting system, a **Fund** is an entity with a complete set of self-balancing accounts that monitors the financing of a specific function or activity. The resources and uses are segregated from other resources and uses for the purpose of carrying on specific activities or attaining specific objectives in accordance with special regulations, restrictions, or limitations. There are two primary types of funds. **Governmental Funds** account for “governmental” activities not fully supported by charges for the services received. Pinellas County’s governmental funds include the General Fund, Special Revenue Funds, and Capital Project Funds. **Proprietary Funds** account for “business-like” activities supported by charges for the services received. Pinellas County has two types of proprietary funds: Enterprise Funds and Internal Service Funds.

The **General Fund** accounts for all financial transactions except those required to be accounted for in other funds. The fund’s resources, ad valorem taxes, and other revenues provide services or benefits to all Pinellas County residents as well as specific revenues and expenditures for the unincorporated area known as the Countywide Municipal Services Taxing Unit (MSTU). **Special Revenue Funds** account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes. **Capital Project Funds** account for revenues and expenditures related to the Capital Improvement Program (CIP), which is a plan for financing long-term work projects. Pinellas County defines Capital Improvement Projects as improvements or acquisitions of major facilities, roads, bridges, buildings, or land with a useful life of at least five years and a projected cost of \$50,000 or more.

Pinellas County does not currently have any Governmental **Debt Service Funds** for the payment of debt service requirements (i.e., principal and interest) because there are no outstanding bond issues that are supported by property taxes, utility taxes, or other general (non-enterprise) revenue.

Enterprise Funds account for operations financed and operated like private business enterprises. The costs of providing goods and services to the general public are financed and recovered primarily through user charges. **Internal Service Funds** finance and account for services and commodities furnished by one department to another department on a cost reimbursement basis.

While activities are accounted for within each fund, which must balance resources with requirements, the funds interact with each other in various ways. The following illustrates the key relationships between funds.

This chart illustrates the relationships between the funds and revenue sources. Property taxes are a key source of revenue for the General Fund, the Emergency Medical Service (EMS) Fund, and the Fire Districts Fund. User fees are the primary revenue source for the self-supporting Enterprise Funds and are also important to the General Fund and the EMS Fund. Other funds have revenue sources that are specifically designated for certain types of expenditures, such as fuel taxes for the Transportation Trust Fund and Penny for Pinellas revenues for capital projects.

The Internal Service Funds are supported by charges to the various operating funds for information technology, fleet maintenance, and other provided services. The General Fund receives Full Cost Allocation revenues from the Enterprise and other funds to ensure that these funds pay their fair share of administrative costs such as purchasing and building maintenance. In some cases, transfers between funds are made for specific purposes, as in the case of beach renourishment projects. Beach renourishment projects are supported by transfers from the Tourist Development Tax Fund to the Capital Projects Fund.

The independently elected Constitutional Officers maintain their own accounting systems and are not part of the County Budget. The Pinellas County Sheriff, Clerk of the Circuit Court & Comptroller, and Supervisor of Elections receive payments from the General Fund to support their operations based on budget requests. Budgets for the Pinellas County Tax Collector and Property Appraiser are approved by the State Department of Revenue and receive fees and commissions from the General Fund and other funds based on statutory formulas. At the end of each fiscal year, revenues that are not needed to support the Constitutional Officers' expenditures are returned to Pinellas County's funds in the form of excess fees.

Forward Pinellas

(Pinellas Planning Council / Metropolitan Planning Organization)

The Pinellas Planning Council is a dependent agency to the Board of County Commissioners. The Board of County Commissioners (BCC) approves its budget and certifies its millage. In September 2014, the Pinellas Planning Council (PPC) unified its membership with the Pinellas County Metropolitan Planning Organization (MPO), as stipulated by Chapter 2012-245, Laws of Florida. The merged board is responsible for addressing both countywide land use and transportation concerns within the boundaries of Pinellas County, and it has rebranded itself Forward Pinellas. Both the PPC and the MPO continue to exist as regulated, separate organizations. The agency's staff are PPC employees; and the PPC is reimbursed by the MPO for applicable operating costs and staff services.

The PPC is a component unit of Pinellas County. The Board of County Commissioners approves the Forward Pinellas Budget and certifies its millage. The maximum tax levy authorized by the Special Act (Chapter 2012-245, Laws of Florida) is one-sixth of one mill (0.1666), with the current millage levy of 0.0235 at 14.1% of the authorized levy.

Pinellas County Grants at a Glance

What is a Grant?

A grant is a multi-defined instrument used by government or private entities to support programs and projects that fit within the funding criteria of each respective Grantor. Due to their multi-defined characteristic, "grants" can be awarded in the form of: cash, loan contracts, loan guarantees, cooperative agreements, joint participation agreements, contracts for services, services received, interlocal agreements, and other types of contractual documents. Grants are intended to support a public purpose and are usually categorized as competitive, entitlement, or discretionary. Grant funding sources include federal, state, or municipal governments; other public entities; foundations; 501(c)(3) non-profit organizations; trusts; and other groups.

Alignment with the Strategic Plan

Goal	Strategies
Ensure Public Health, Safety, and Welfare	
2.2 Be a facilitator, convener, and purchaser of services for those in need	Support programs and services to provide greater resources for the community
Deliver First Class Services to the Public and Our Customers	
5.2 Be responsible stewards of the public's resources	Utilize grant funding to reduce the need for County financial resources to implement, maintain, and improve programs

County Grant Funding

Pinellas County Government receives grant funding from various sources annually. The FY23 Budget anticipates \$80.6M in grant revenue to fund various projects. This reflects a \$38.7M (92.2%) increase from the FY22 Estimate of \$42.0M in grant revenue. The County's use of grant funds is in accordance with the budget policies outlined in this Appendix. The following chart represents the County's current grant funding remaining balance as of **June 30, 2022**, which includes multi-year awards received in prior years that are still ongoing.

GLOSSARY

ACCELA CIVIC PLATFORM - The Accela Civic Platform enables the County to develop, maintain, and regulate a comprehensive, manageable, and sustainable land use plan, which serves to protect and enhance economic growth, land development, transportation impacts, property values, life safety, construction, and ordinance enforcement. This tool allows the County to better serve its customers and the public by creating a central data repository that functions as an enterprise-wide source of land management information. This central database allows the County's customers to access parcel specific information and obtain a wide range of project/permit/case history.

AD VALOREM TAX - A tax levied in proportion to the value of the property against which it is levied.

ADOPTED BUDGET - The financial plan for the fiscal year beginning October 1, required by law to be approved by the Board of County Commissioners (BCC) at the second of two public hearings.

ANNUAL MARKET SURVEY or **MARKET SURVEY** - Each year the Unified Personnel System (UPS), utilizes a rigorous method for collecting, analyzing, and reporting labor market data to ensure that the County's pay administration practices and salaries are reflective of changes occurring in the labor market. The annual market survey report draws upon a comprehensive array of data collected from numerous reputable salary data sources and wage growth indices representing both private and public sector industries. The UPS uses this data to examine trends affecting salary increase budgets, pay structure adjustments, wage growth, and variations in the cost of labor, and to formulate recommendations for the County's compensation and pay range adjustments for the next fiscal year.

APPROPRIATION - The legal authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in the amount and as to the time when it may be expended. It is the act of appropriation that funds the budget.

ASSESSED VALUE - A valuation set upon real estate or other property by a government as basis for levying taxes. Taxable value is then calculated based on the assessed value. The assessed value is set by the County Property Appraiser, an independent elected official. *See also Taxable Value.*

BOARD OF COUNTY COMMISSIONERS (BCC) - The seven-member legislative and governing body for Pinellas County.

BOND - Written evidence of the issuer's obligation to repay a specified principal amount on a certain date (maturity date), together with interest at a stated rate, or according to a formula for determining that rate.

BUDGET - A financial plan containing an estimate of proposed revenues and expenditures for a given period (typically a fiscal year).

BUDGET AMENDMENT - A change to the adopted budget that does not increase or decrease the total amount of appropriations in a fund. The change must be approved by the BCC, although authority for some changes (e.g., within a department) has been delegated to the County Administrator. *See also Budget Supplement.*

BUDGET CALENDAR - Schedule of key dates in adopting and executing the annual County budget.

BUDGET HEARINGS - Public hearings conducted by the BCC to consider and adopt the County budget as required by Florida Statutes.

BUDGET SUPPLEMENT - A change to the adopted budget that increases the total amount of appropriations in a fund. The change must be approved by the BCC, generally in a resolution. *See also Budget Amendment.*

CAPITAL BUDGET - The financial plan of capital project expenditures for the fiscal year beginning October 1. It incorporates anticipated revenues and appropriations included in the first year of the six year Capital Improvements Program (CIP), and any anticipated unspent appropriation balances from the previous fiscal year. The Capital Budget is adopted by the Board of County Commissioners as a part of the annual County Budget.

CAPITAL IMPROVEMENT PROGRAM (CIP) - A proposed plan, covering each year of a fixed period of years, for financing long-term work projects that lead to the physical development of the county.

CAPITAL OUTLAY or CAPITAL EQUIPMENT - Items such as office furniture, fleet equipment, data processing equipment, and other operating equipment with a unit cost greater than a prescribed amount. The capital outlay threshold is defined as \$1,000 by the State of Florida.

CAPITAL PROJECT - An improvement or acquisition of major facilities, roads, bridges, buildings, or land with a useful life of at least five years and a projected cost of \$50,000 or more.

CHARGE FOR SERVICES - Charges for a specific governmental service which cover all or part of the cost of providing that service to the user (e.g., building permits, animal licenses, park fees).

CONSTITUTIONAL OFFICERS - Persons elected to administer a specific function of county government and are directly accountable to the public for its proper operation. Constitutional Officers include the Clerk of the Circuit Court, the Property Appraiser, the Sheriff, the Supervisor of Elections, and the Tax Collector.

CONTINGENCY - Sometimes referred to as "Rainy Day Funds," these Reserves are set aside for emergency or unanticipated events during the fiscal year. *See also Reserves.*

COST CENTER - A budgeting entity which encompasses object level accounts (appropriations) that are used to monitor organization or program level expenditures.

DEBT SERVICE - The dollars required to repay funds borrowed by means of an issuance of bonds or a bank loan. The components of the debt service payment typically include an amount to retire a portion of the principal amount borrowed (i.e., amortization), as well as interest on the remaining outstanding unpaid principal balance.

DEBT SERVICE FUND - An account into which the issuer makes periodic deposits to assure the timely availability of sufficient monies for the payment of debt service requirements (i.e., principal and interest). The revenues to be deposited into the debt service fund and payments there from are determined by terms of the bond covenants.

DEPARTMENT - Organizational unit that is responsible for carrying out specific governmental functions or services, such as Emergency Management.

DEPENDENT SPECIAL DISTRICT - A special district, whose governing body or whose budget is established by the governing body of the county or municipality to which it is dependent.

DESIGNATED FUNDS - Funds that are set apart for a specific purpose to fund ongoing or one-time expenditures. Examples are bond proceeds, reserves for fund balance, reserve for contingencies ("Rainy Day Fund") and "pay-as-you-go" reserves for future facility renewal & replacement found mostly in the Enterprise Funds.

ELECTED OFFICIALS - Elected Officials include the BCC, the Judiciary, the State Attorney, the Public Defender, and five constitutional officers: the Pinellas County Clerk of the Circuit Court, the Property Appraiser, the Sheriff, the Supervisor of Elections, and the Tax Collector.

ENTERPRISE ASSET MANAGEMENT GEOGRAPHIC INFORMATION SYSTEM (GIS) - Geographical technology that manages, analyzes, layers, and disseminates information about facilities, equipment, and natural resources as part of the many data sets needed to support and integrate County resources and operations.

ENTERPRISE FUND - A fund used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

EXPENDITURE - The use of funds financial resources for the cost of goods received or services rendered.

FIRE PROTECTION DISTRICT - A designated area in the county where ad valorem revenues are collected from property owners and distributed to local cities and other agencies to finance fire suppression services to the area.

FISCAL YEAR - A twelve-month period of time to which the annual budget applies. At the end of this time, a governmental unit determines its financial position and the results of its operations. The Pinellas County fiscal year begins on October 1

and ends on September 30 of the subsequent calendar year. Fiscal Years are generally referred to by the year in which they end; therefore, FY19 is the year ending September 30, 2019.

FULL-TIME EQUIVALENT (FTE) - Full-time equivalent positions listed in the budget documents equal the number of full-time positions (see following definition) plus the number of employees on part-time or seasonal schedules converted to a full-time basis. For example, if the standard work week is 40 hours, a position authorized for 20 hours a week would equal 0.5 FTE.

FULL-TIME POSITION - An authorization to employ a staff member for an entire year. In most cases, this consists of 40 hours per week for 52 weeks, or 2,080 hours per year.

FUND - An accounting entity with a complete set of self-balancing accounts established to account for finances of a specific function or activity. The resources and uses are segregated from other resources and uses for the purpose of carrying on specific activities or attaining specific objectives in accordance with special regulations, restrictions, or limitations.

FUND BALANCE - Within a fund, the resources on hand at the beginning of the fiscal year, plus revenues received during the year, less expenses, equals ending fund balance. The **Ending Fund Balance** of one fiscal year becomes the **Beginning Fund Balance** in the next fiscal year.

FUNDING SOURCES - The type or origination of funds to finance ongoing or one-time expenditures. Examples are ad valorem taxes, user fees, licenses, permits, and grants.

GENERAL FUND - This fund accounts for all financial transactions except those required to be accounted for in other funds. The fund's resources, ad valorem taxes, and other revenues provide services or benefits to all residents of Pinellas County. Revenues and expenditures for the Countywide Municipal Services Taxing Unit (MSTU) are also included in the General Fund.

GOALS - Broad statements that communicate the long-term operational aspirations an organization hopes to achieve. The Pinellas County Strategic Plan has five goals.

GOVERNMENT ACCOUNTING STANDARDS BOARD (GASB) - An independent, private-sector, not-for-profit organization that establishes and improves standards of state and local governmental accounting and financial reporting. The federal government does not fund GASB, and its standards are not federal laws or rules. The GASB does not have enforcement authority to require governments to comply with its standards. However, Section 218.39(2) Florida Statutes requires the County to submit audited financial statements following rules established by the Florida State Auditor General. The Auditor General's rules include generally accepted accounting principles (GAAP) compliance, and designate GASB standards as GAAP.

GASB 34 - A Statement issued by the GASB in 1999. A significant provision of this standard includes the preparation of government-wide financial statements that summarize the information of the government as a whole using the accrual basis of accounting (in addition to the continuing requirements for fund financial statements using the modified accrual basis of accounting). The County has selected the "modified approach" for the accounting of these assets. Under the "modified approach," the County records infrastructure assets at estimated original cost, but does not record depreciation against these assets. Instead of recording depreciation, the County is committed to incur the maintenance expenses necessary to preserve its infrastructure assets at specified levels of condition. Infrastructure assets such as streets, bridges, and sidewalks are also to be included in the government-wide financial statements. There are also expanded disclosure requirements.

GASB 45 - A Statement issued by the GASB in 2004. This standard addresses accounting and financial reporting for post-employment benefits other than pensions.

GASB 54 - A Statement issued by the GASB in 2009. This standard redefined how Reserves (Fund Balances) are to be reported and changed the definition of Special Revenue funds and other fund types.

GOVERNMENTAL FUNDS - Funds generally used to account for "governmental" activities that are not fully supported by charges for the services received. Pinellas' governmental funds include the General Fund, Special Revenue funds, Debt Service funds, and Capital Projects funds.

GRANTS & AIDS - Contributions of assets (usually cash) for a specified purpose from one governmental unit or other organization to another.

HOMESTEAD EXEMPTION - Floridians are currently eligible for up to two constitutional benefits of \$25,000 to reduce the assessed value of their permanent residence. *See also Assessed Value.*

IMPACT FEES - Charges assessed by local governments against new development, generally at the building permit stage. Impact fees are a means for local governments to cover the cost of providing capital facilities to serve new developments. These fees are usually based on a formula (an amount per square foot of new construction), a land use criteria (different fees for single-family and commercial office construction), or a use-based criteria (water meter size). Impact fees are meant to assist in the construction or expansion of infrastructure to keep pace with new growth. Impact fees do not provide funds for public facility operating costs. Pinellas county adopted a countywide multimodal impact fee. This impact fee applies to all development activity that generates additional traffic and which require a certificate of occupancy, land use permit, or occupational license.

INDEPENDENT AGENCIES - A variety of agencies, councils, and other organizational entities responsible for administering public policy functions independently of the Constitutional Officers and County Administrator. These entities are subject to BCC appropriation but operate under the purview of a legislative/policy making body other than the BCC.

INFRASTRUCTURE - Infrastructure is a permanent installation such as a building, road, or water transmission system that provides public services.

INTERFUND TRANSFERS - *See Transfers.*

INTERGOVERNMENTAL REVENUE - Revenue collected by one government and distributed (usually through some predetermined formula) to another government.

INTERNAL SERVICE FUND - A fund established to finance and account for services and commodities furnished by one department to other departments on a cost reimbursement basis.

LEVY - To impose taxes, special assessments, or service charges for the support of County activities.

LINE ITEM - A specific sub-category of expenditure which is identified within an object category of a cost center for the purpose of providing additional detailed justification (e.g., Fuel).

MANDATE - A requirement imposed by a legal act of the federal, state, or local government.

MILLAGE RATE - A rate applied to a property's taxable value to determine property tax due. As used with ad valorem (property) taxes, the rate expresses the dollars of tax per one thousand dollars of taxable value (i.e., a 5-mill tax on \$1,000 equals \$5.00).

MISSION - A concise statement of an organization's fundamental purpose that communicates the reason the organization exist - what it does, why it does it, and for whom.

MUNICIPAL SERVICES TAXING UNIT (MSTU) - A special district authorized by the State Constitution Article VII and Florida Statutes 125.01. The MSTU is the legal and financial mechanism for providing specific services and/or improvements to a defined geographical area. An MSTU may levy ad valorem taxes without a referendum. An MSTU may also use assessments, service charges, or other revenue to provide its sources of income. In Pinellas County, the MSTU includes all the unincorporated areas of the County. *See also Unincorporated Area.*

OBJECT or OBJECT CATEGORY - An expenditure classification, such as Personal Services, defined by the State Uniform Chart of Accounts for accounting and budgeting purposes. The Object Category is the level of budgetary control for the Pinellas County Operating Budget. Within certain defined limits, departments have the flexibility to expend dollars within a cost center's object category total without amending their budget.

OPERATING BUDGET - The operating budget includes appropriations for recurring and certain one-time expenditures that will be consumed in a fixed period of time to provide for day-to-day operations (e.g., salaries and related benefits, operating supplies, contractual services, and equipment).

OPERATING EXPENSES - Services provided to the County by private firms or other County departments (e.g., utilities, maintenance, legal services). Also includes purchase of materials and supplies (other than Capital Outlay).

PENNY FOR PINELLAS - The one cent Local Option Sales Surtax for infrastructure was originally approved for a ten-year period by the voters of Pinellas County in 1989. The Penny has been extended for three additional ten-year periods, through 2030, by a 1997 referendum, a 2007 referendum and a 2017 referendum.

PERFORMANCE MEASURES - Data about an organization's efficiency and effectiveness in delivering a program or service. The major performance measure types are input, output, process, and outcome (or results) measures.

PERMANENT POSITIONS - Full-time staff positions listed in the budget. Permanent positions do not include part-time or seasonal positions. Partially funded full-time positions are included.

PERSONAL SERVICES - Expenses for salaries, wages, and related employee benefits provided for all persons, whether full-time, part-time, temporary, or seasonal.

PROGRAM - A budgeting entity which encompasses appropriations and expenditures associated with a defined set of services and results or outcomes that are strategically aligned and meaningful to policymakers and the public.

PROPERTY TAX - See **Ad Valorem Tax**.

PROPRIETARY FUND - Funds that are used to account for "business-like" activities that are supported by charges for the services received. Pinellas has two types of proprietary funds: Enterprise funds and Internal Service funds.

PRO-RATE - A budgetary convention (used in Community Development and Fire Administration) that allows for centralized departmental services to be budgeted in one cost center, with the actual costs being allocated to the specific users of the service in other cost centers. This is accomplished by appropriating a negative amount for the total central departmental service. An allocation of the central service's total appropriation is then budgeted in each of the user cost centers, thereby reflecting the total cost to that particular function.

PURPOSE – See **Mission**.

RESERVES - Included in this category are funds required to meet both anticipated and unanticipated needs; the balance of anticipated earmarked revenues not required for operation in the budget year; those required to be set aside by bond covenants; and accumulated funds set aside to finance capital construction on a pay-as-you-go basis. See *also* **Contingency**.

REVENUE - The amount estimated to be received from taxes, fees, permits, or other sources during a fiscal year.

REVISED BUDGET - The current year adopted budget adjusted to reflect all budget amendments and supplements approved by the BCC.

ROLLED-BACK RATE - As specified by the Truth in Millage (TRIM) Law, the "rolled-back rate" is that millage rate which, when applied to the total amount of taxable value of property (excluding new construction), would produce the same amount of tax dollars as the previous year.

SCHOOL DISTRICT - The Pinellas County School District is an independent taxing authority which encompasses the same geographic area as Pinellas County. The District is governed by an independently elected School Board.

SPECIAL ASSESSMENT FUND - A fund used to account for the financing of public improvements or services deemed to benefit the properties against which special assessments are levied.

SPECIAL REVENUE FUND - A fund used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

STATUTE - A written law enacted by a duly organized and constituted legislative body.

STRATEGIES - Brief descriptions of the direction in which the organization is headed. Strategies support each of the goals in the Pinellas County Strategic Plan and help indicate what County success looks like.

SUPPLEMENTAL APPROPRIATION - See **Budget Supplement**.

SUPPORT FUNDING - Support funding is provided by the BCC for those activities for which costs do not apply solely to any specific department's function but are either applicable to the operation of County government as a whole or are provided for the public good.

Southwest Florida Water Management District (SWFMD or Swiftmud) - SWFMD is an independent taxing authority that encompasses the geographic area of Pinellas and other regional counties.

TAX INCREMENT FINANCING (TIF) - A geographically targeted economic development tool which captures the increase in property taxes, and sometimes other taxes, resulting from new development, and diverts that revenue to subsidize redevelopment, infrastructure, or other community-improvement projects.

TAXES - Compulsory charges levied by a government for the purpose of financing services performed for the common benefit.

TAXABLE VALUE - The assessed value of property minus any authorized exemptions (e.g. agricultural, homestead exemption). This value is used to determine the amount of property (ad valorem) tax to be levied. *See also Assessed Value.*

TRANSFERS - Because of legal or other restrictions, monies collected in one fund may need to be expended in other funds. This is accomplished through Transfer-In (a source of funds) for the recipient fund and an equal Transfer-Out (a use of funds) for the donor fund. When this movement occurs between different funds, it is known as an **Interfund Transfer**.

TRUTH IN MILLAGE LAW (TRIM) - A 1980 Florida Law which provides specific requirements for local government budget and millage rate approval, including dates, times, and content of public hearings. The law was intended to keep the public informed about the taxing intentions of the various local taxing authorities.

UNIFIED PERSONNEL SYSTEM (UPS) - A program of public personnel administration for its members. The UPS was established in 1975 by a special legislative act to provide equal employment opportunities, efficiency, and economy in County employment practices. The UPS is composed of 11 different members or Appointing Authorities, including most of the Pinellas constitutional officers except for the Sheriff's Office, which maintains its own independent personnel system.

UNINCORPORATED AREA – The portion of the county that is not within the boundaries of any municipality. *See also Municipal Services Taxing Unit.*

VALUES - Core principles that guide an organization in delivering on its mission and moving toward its Vision. Values define what the organization believes in and how members of an organization are expected to behave.

VISION - A concise statement of the aspirational future state of an organization.

WORK PLAN - A set of non-capital projects or initiatives, each with a defined objective and end date. Work plans may include policy and planning initiatives, process improvement projects, and other key department or agency commitments.
