Purpose

This policy is designed to provide Pinellas County BTS employees and contractors with a documented and formalized process for obtaining and maintaining CJIS Security credentials.

The policy applies to all BTS exempt and classified employees, contractors and county temps.

Positions exempted from this policy:

- Accounting & Finance Technician (Reception and Travel)
- Management Analyst (Contract Administration)
- Accountant 2

1 Level 2 Background Check

1.1 Pursuant to the Florida Department of Law Enforcement (FDLE), a background check is a criminal history record check to determine if a person has been arrested and/or convicted of a crime. There are two categories of levels as explained below. Level 1 and Level 2 are terms that pertain only to Florida and are not used by the FBI or other states. They are defined in Chapter 435, Florida Statutes (F.S.), but are used elsewhere in statute without definition and appear not to be associated with all the provisions in Chapter 435, F.S.

1.1.1 Level 1 - generally refers to a state only name-based check AND an employment history check.

1.1.2 Level 2 - generally refers to a state and national fingerprint-based check and consideration of disqualifying offenses and applies to those employees designated by law as holding positions of responsibility or trust. Section 435.04, F.S., mandates Level 2 security background investigations be conducted on employees, defined as individuals required by law to be fingerprinted pursuant to Chapter 435, F.S.

BTS requires a Level 2 background check prior to employment. Fingerprints are submitted to Florida Department of Law Enforcement Criminal Justice Information Services Division/User Service Bureau. Employment is contingent upon successful completion of a Level 2 background check. Failure to maintain a clear background will result in termination of employment with Pinellas County BTS.

2 Level 4 CJIS Security Training

- 2.1 Immediately following the approval of the Level 2 background check, a representative from the Pinellas County Sheriff's Office will send the employee and/or contractor an email with instructions and log on information for completion of the Security and Awareness Training. This process is done online through the CJIS online portal.
- 2.1.1 **Training**: Read through the tutorial.
- 2.1.2 **Testing**: Click on the one-hour timed test. Scored when the test is completed.
- 2.1.3 **Certificate**: Send PDF of your certificate to person that sent you your logon credentials.

Failure to maintain a Level 4 CJIS certificate will result in termination of employment with Pinellas County BTS.

3 Disclosure

- 3.1 BTS reserves the right to change and modify the aforementioned document at any time and to provide notice to all users in a reasonable and acceptable timeframe and format.

SECTION A – GENERAL CONDITIONS

20. **PROCUREMENT POLICY FOR RECYCLED MATERIALS:**

Pinellas County wishes to encourage its proposer to use recycled products in fulfilling contractual obligations to the County and that such a policy will serve as a model for other public entities and private sector companies.

When awarding a purchase of five thousand dollars (\$5,000) or less, or recommending a purchase in excess of five thousand dollars (\$5,000) for products, materials, or services, the Director of Purchasing may allow a preference to a responsive proposer who certifies that their product or material contains the greatest percentage of postconsumer material. If they are submitting a proposal on paper products, they must certify that their materials and/or products contain at least the content recommended by the EPA guidelines.

On all proposals over fifty thousand dollars (\$50,000), or as required by law, the Director of Purchasing shall require vendors to specify which products have recycled materials, what percentage or amount is postconsumer material, and to provide certification of the percentages of recycled materials used in the manufacture of goods and commodities procured by the County.

Price preference is not the preferred practice the County wishes to employ in meeting the goals of this resolution. If a price preference is deemed to serve the best interest of the County and further supports the purchase of recycled materials, the Director of Purchasing will make a recommendation that a price preference be allowed up to an amount not to exceed 10% above the lowest complying proposal received.

DEFINITIONS:

Recovered Materials: Materials that have recycling potential, can be recycled, and have been diverted or removed from the solid waste stream for sale, use or reuse, by separation, collection, or processing.

The preferred method is PDF conversion from the Proposer's source files (to minimize file size and maximize quality and accessibility) rather than scanning.

Instructions for Providing Files in PDF Format to Pinellas County Government**How do I convert my files to PDF format?**

Answer- If you have a program such as Adobe Acrobat, creating a PDF of any file is a simple print function. Rather than printing to a traditional printer, the file converts to a PDF format copy of your original. Any program (such as Word, PowerPoint, Excel, etc.) can be converted this way by simply selecting the print command and choosing PDF as the printer.

SECTION B – SPECIAL CONDITIONS**Should I scan everything and save as PDF?**

Answer- Not unless you are scanning with OCR (optical character recognition). Scanning will create unnecessarily large files because a scan is just a picture of a page rather than actual page text. Furthermore, the result of scanning is that your pages will not look nearly as “clean” or professional as simply using the print to PDF method from the program from which the file originates. Additionally, since scan pages are pictures of text, not really text, they may not be considered accessible* under Federal ADA guidelines (*unless the scans are OCR.)

The County will review the Contractor's response and will determine in its sole discretion whether to negotiate a Work Assignment with Contractor based on Contractor's response.

Prior to the authorization of each Work Assignment, the Contractor shall submit for acceptance and approval by the County a detailed schedule of performance ("Performance Schedule"). The Performance Schedule shall show a breakdown of all tasks to be performed, and their relationship in achieving the completion of the work. These schedules will be used to evaluate Contractor's invoices to allow the County's Project Manager to monitor the Contractor's efforts. The Contractor shall be responsible for any updates to these schedules and for documenting in writing to the County any major deviations in the actual versus estimated Work Assignment time frames.

All Work Assignments shall be in writing and in a form determined by the County, and no Work Assignment shall be valid until it has been duly executed by each Party. The Contractor shall not be entitled to any compensation for work performed without an executed Work Assignment. No Work Assignment shall be awarded unless the Work Assignment shall reasonably be capable of being completed before the expiration of this Agreement. The County is not obligated to award any particular Work Assignment, or any particular number of Work Assignments, to Contractor.

Other than matters covered under the County's Dispute Resolution Process, the County shall reasonably decide all questions and disputes, of any nature whatsoever, that may arise in the execution and fulfillment of the services provided for under pursuant to a Work Assignment. The decision of the County upon all claims, questions, disputes, and conflicts shall be final and conclusive, and shall be binding upon all parties to this Agreement.
