## Executive Summary: Lealman Community Redevelopment Area Establishment and Guiding Principles

The Pinellas Board of County Commissioners (Board) created the first Community Redevelopment Area (CRA) in the unincorporated jurisdictional boundary areas in Lealman via [Resolution 15-62](#), which directed five associated actions:

1. Finding that conditions of blight exist within the Lealman area;
2. Establishing the Lealman study area as the Lealman CRA;
3. Declaring the need for a Community Redevelopment Agency;
4. Providing authorization to proceed with preparation of the Lealman Redevelopment Plan; and
5. Directing the creation of the Lealman Community Redevelopment Area Advisory Committee.

Additional key steps taken by the Board regarding establishing the CRA include:

- [Ordinance 15-29](#) established the Pinellas County Board of County Commissioners as the Community Redevelopment Agency (Agency);
- [Ordinance 16-35](#) established the Lealman Trust Fund, appropriated TIF revenues for the Lealman CRA and provides criteria for a mid-term assessment for continued funding;
- [Resolution 16-40](#) approved [Lealman CRA Plan](#) specifying the use of TIF;
- [Resolution 19-10](#) delegated certain approval authority to the County Administrator, or his/her designee, in furtherance of implementing the Plan, including the ability to approve and execute any and all contracts that involve the receipt or payment or by the Agency of amounts not to exceed \$250,000 in a fiscal, contract, or calendar year.

### Guiding Redevelopment Principles

The Lealman CRA Plan calls for improving the quality of life for all Lealman residents, and supporting a dynamic and diverse community where people of all ages, ethnicities, and incomes have opportunities to find quality housing, jobs, goods, services, and cultural amenities. The Plan outlines the following objectives to accomplish these goals:

- **Objective 1 – Economic Development and Innovation**

Ultimately, the CRA's redevelopment goal is to become economically and socially self-sustaining in the long term. To accomplish this the CRA will support economic development to increase employment levels, raise the tax base, and improve the standard of living in Lealman through infrastructure improvements and investments in human capital (i.e., workforce development and educational programs).

- **Objective 2 – Commercial**

The CRA will cultivate and support commercial activity to support the residential base by identifying opportunities to improve the commercial building stock, support existing businesses, and attract a diverse mix of businesses such as retail, professional services, and other commercial uses to the community.

- **Objective 3 – Housing**

The CRA will improve the residential building stock to provide safe, well-designed, high-quality housing at both market-rate and workforce price points. The CRA will also support infill housing reinvestment to provide a diverse housing stock that provides livable, quality options for renters and homeowners.

- **Objective 4 – Infrastructure and Transportation**

Current infrastructure and transportation systems were identified as either deficient or non-existent in portions of the CRA, which creates significant obstacles in attracting or accommodating infill and redevelopment. Improvements are required to meet adequate utility and infrastructure demands across the CRA to achieve equity of services with the rest of the County, mitigate blighted conditions, accommodate economic development, and make the CRA more attractive for reinvestment.

- **Objective 5 – Urban Form**

Visual characteristics of the built environment offer the first impression of the overall quality of life in a community. In this way both the public realm and private properties contribute to the CRA's ability to attract new investment. Urban Form investments includes implementing Complete Streets initiatives to provide interconnected, walkable streets and blocks, provide street trees, sidewalks, decorative lighting fixtures, and other elements that improve both the functionality and aesthetics of corridors, as well as supporting public art and other cultural amenities.

- **Objective 6 – Healthy Community**

Healthy Community objectives include taking measures to reduce crime, medical and fire incidents. Improvements in these areas also provide an opportunity to engage citizens and renew a sense of community pride.

- **Objective 7 – Sustainability**

Attention to the social, economic, and environmental wellbeing of Lealman is critical to ensuring the CRA's investments will promote long-term sustainability. Green building practices (e.g., environmentally sensitive design, low impact development, etc.) that will protect and enhance Lealman's rich environmental resources, as well as projects and programs that will reduce maintenance and operating expenses for homeowner and business owners' properties are all examples of investments supporting sustainability.

- **Objective 8 – Branding, Marketing and Promotion**

The CRA will develop the community's brand, and market and promote it through initiatives and projects can help catalyze additional investment, create a sense of place and celebrate community pride.

- **Objective 9 – Funding, Financing, and Management**

The funding and financing portion of this plan call for creative, efficient, and equitable funding and financing mechanisms to fully implement the Plan. While Tax Increment Financing (TIF) is the primary funding source for redevelopment initiatives in Lealman, the CRA will seek to leverage these funds with outside funding opportunities such as grants, tax credits, bonding, and securing public-private partnerships.

## FY23 Proposed Programs & Projects

The following pages contain summary tables of programs and projects included in the FY22 Lealman Work Plan that are funded with CRA Tax Increment Financing (TIF) and are presented here for approval of the not-to-exceed budget estimate shown. The summary tables also include the specific TIF funding source – either the local MSTU or Countywide collection – consistent with Pinellas County policy applicable to all CRA's under the Board of County Commissioner's jurisdictional authority.

The full FY22 Lealman Work Plan is included as Appendix A to this report and includes these programs reflected below that are funded with TIF by the Agency, as well as additional projects applicable to the Lealman CRA but funded with non-TIF revenue such as Penny for Pinellas or external funding sources.

<b>Project Name</b>	<b>Lealman CRA Alley Program</b>
<b>Primary Objective Served</b>	Objective 4 – Infrastructure and Transportation
<b>Secondary Objective(s) Served</b>	Objective 6 – Healthy Community; Objective 5 – Urban Form
<b>New or Existing Project/Program</b>	Existing
<b>Project Location</b>	CRA-wide
<b>Project Description</b>	The FY21 Alleyway Action Plan analyzed conditions of the 176 total alleyways in the CRA and identified strategies to improve them. In FY22 staff issued an Invitation to Bid procurement process to maintain alleys which has previously been identified as clear (94) and to begin clearing alleys that were classified as semi-clear (51). Island Way was selected to maintain cleared alleys and the Florida Dream Center was selected to begin clearing semi-clear and potentially alleys that were determined to be completely obstructed (31).
<b>Project Status</b>	In Progress: FY23 funding is proposed to continue this work, and discussions are underway about expanding this program to help activate and enhance some of our alleys.

<b>Implement Home Investment (HIP) and Home Rehabilitation Programs (HRP)</b>	
<b>Primary Objective Served</b>	Objective 3 – Housing
<b>Secondary Objective(s) Served</b>	Objective 4 – Urban Form; Objective 9 – Funding, Financing, and Management
<b>New or Existing Project/Program</b>	Existing
<b>Project Location</b>	CRA-wide
<b>Project Description</b>	In FY22 staff issued a Letter of Interest procurement process seeking Housing Services Providers to implement the Home Investment Program (HIP) and Home Rehabilitation Programs (HRP). Habitat for Humanity of Pinellas and West Pasco was selected to administer the HIP and Rebuilding Together Tampa Bay was selected for the HRP. Both programs are available to any property in the CRA and represent a balanced approach to supporting affordable housing needs while also offering a two-pronged strategy to address heavily, liened, blighted properties by offering residents who desire to remain in their homes but simply can't afford to address the liens an opportunity to participate in the HRP, while the HIP can address properties that may be bank-owned or owned by some other private real estate corporate entity that is incentivized to remedy the liens and sell the parcel to an interested developer.
<b>Project Status</b>	In Progress: Habitat for Humanity has acquired 10 contiguous properties near 28 <sup>th</sup> St. N. and 54 <sup>th</sup> Ave. and was conveyed five County-owned parcels through the procurement process. These fifteen properties have been earmarked for funding in the first year of the Agreement. Rebuilding Together Tampa Bay is developing an outreach strategy to work in tandem with Habitat on the liened properties while also supporting a targeted approach to areas surrounding the Lealman Exchange to provide a more noticeable impact on the neighborhood while also capitalizing on the significant investments the County is making in the area with the Lealman Exchange, Neri Park, and on 46 <sup>th</sup> Ave. N. with a sidewalk and two multi-family affordable housing developments.

<b>Primary Objective Served</b>	Objective 4 – Infrastructure and Transportation
<b>Secondary Objective(s) Served</b>	Objective 5 - Urban Form
<b>New or Existing Project/Program</b>	Existing
<b>Project Location</b>	CRA-wide
<b>Project Description</b>	The Lealman CRA Sidewalk Program is intended to make strategic sidewalk connections identified in the Linking Lealman Mobility Plan as well as those identified to support other capital projects. FY22 funding was provided for a connection from 40th St. N. to 46th Ave. to support improvements made to a Neri Park entrance at the intersection of Lown St. and 40th St.
<b>Project Status</b>	In Design: Construction is anticipated to begin mid-July and last 8 weeks.

<b>Secondary Objective(s) Served</b>	Objective 1 – Economic Development and Innovation; Objective 6 – Healthy Community
<b>New or Existing Project/Program</b>	Existing
<b>Project Location</b>	CRA-wide
<b>Project Description</b>	Partnership with Creative Pinellas to implement up to five murals on public or private property located within the CRA. (Site specific conditions such as mural subsurface, structure height, square footage/number of walls ultimately determine total number of murals painted.)
<b>Project Status</b>	In Progress: Four murals were painted in FY22. Two were on the 28 <sup>th</sup> St. corridor adjacent to the Joe’s Creek Industrial Park, one was at the Lealman Exchange and the fourth was at Neri Park.

Project Location	CRA-wide
Program Description	Installation of bus stop shelters in collaboration with PSTA, which has a 50%/50% matching grant fund for eligible stops meeting certain ridership criteria. U.S. 19 and 46 <sup>th</sup> Ave. N. was the first shelter completed.
Project Status	In Progress: Low ridership and right of way constraints has limited the number of shelters eligible for the 50%/50% matching funds from PSTA. Staff has had discussions with PSTA to relocate the shelter in front of the Lealman Exchange in FY23 but it would not be eligible for the 50%/50% match due to not meeting ridership criteria.

Secondary Objective(s) Served	Objective 5 – Urban Form
New or Existing Project/Program	Existing
Project Location	CRA-wide
Project Description	Project includes designing a Lealman logo and gateway and wayfinding signage and identification of appropriate locations throughout the CRA. Intent is to help support the community’s identity, create a “sense of place” and foster community pride.
Project Status	In Progress: In FY22 staff created the logo for Lealman after an intensive public outreach process with residents, community stakeholders and the CRA Advisory Committee. Staff has completed the procurement process for the gateway and wayfinding signs and fabrication has begun. Four locations have been identified as construction ready with installation anticipated prior to end of FY22.

Project Description	Public/Private Partnership with St. Petersburg Foundation to manage maintenance operations and programming consistent with the facility’s strategic plan, which calls for supporting economic empowerment, educational advancement, health and wellness, character and leadership and community connectivity through a Collective Impact model. Community Foundation of Tampa Bay has pledged \$210,000 to support the effort and the Tampa Bay Partnership has provided a \$25,000 grant.
Project Status	In Progress: Lealman partner outreach has begun, and 45 additional organizations have expressed interest in participating in the Collective Impact model. Community partners have been identified to support the kitchen build out and programming. Partnership with Pinellas Public Library Cooperative (PPLC) has been expanded to include the Exchange as a pickup/drop off location, providing residents access to check out books from any participating member library in addition to the electronic resources (e-books, databases, etc.) currently available in the computer lab.
