107 E. Madison Street

Caldwell Building

Tallahassee, FL 32399-4120

OPUS Project Title

004571A Airco Site Preparation

Duration

Multi Year

Proposed Abstract (Project Scope of Work)

Obtain funding for infrastructure costs on the Airco (former golf course) property adjacent to PIE airport. County/PIE needs to help with infrastructure costs to make it more attractive to developers. Infrastructure could be fill dirt, power, sanitary sewer, Stoneybrook Drive improvements, access road improvements, stormwater ponds, or telecommunications.

Benefit Summary (How will this benefit the County, Dept, etc?)

Development of this property will bring more revenue and additional tax base to Pinellas County and will develop the last developable land in the County. The County will attract both aeronautical and non-aeronautical tenants when this property is developed.

Director Approval (Attach)

Yes

Is the proposal submitted for a different Department?

No

If submitting for a different department, what is that department name?

Grant Application Due Date

OMB Comments

10/4/22 AB: Dept updated information above and requested a new intent to apply approval email. Sent 10/4/22. Grant anticipated to be made available in FY23. Three year grant, will impact FY23-FY25.

11/15/21 KP: Airport will need to build an additional \$10M into the CIP. Based on the scope of work described above, a portion of the additional \$10M may be programmed into existing projects, 004569A-Construct Airco Acess Roads and 004571A-Airco Drainage Improvements, but a new project(s) will likely be needed for work that falls out of the scope of existing projects. Grants funds would be made available in FY22 but grant would impact FY22-FY24.
