Capital Improvement Program (CIP)

The Pinellas County Capital Improvement Program (CIP) is a comprehensive six-year plan of proposed capital projects intended to identify and balance the capital needs of the community within the fiscal capabilities and limitations of the County. It is primarily a planning document that is updated annually and subject to change as the needs of the community are defined. The CIP Plan is presented as a six-year plan, FY23 - FY28.

The first year of the program is the basis for actual appropriations authorized by the Board of County Commissioners for capital projects when adopting the annual budget. The remaining five years are a guide for the future development of the County's new and replacement infrastructure needs. The overall CIP schedule is formulated to reflect County priorities and needs by taking into consideration the County's goals and policies, the Pinellas County Strategic Plan, project urgency, the County's ability to administer the project, involvement of outside agencies, and the potential for future project funding. This includes developing a realistic fiscal impact on the operating budget once a project is complete. To facilitate multi-year budgetary planning, information on each project's estimated fiscal impact on future operating budgets is vital. Estimating the fiscal impact of each project provides for the thoughtful integration of the capital and operating budgets.

The CIP brings together needs identified through many capital processes. Projects are established in the CIP based upon input from citizen requests, public discussions, engagement with partners, safety needs, planned rehabilitation cycles, grant funding processes, County staff and Commissioners, as well as the County's Comprehensive Plan, Community Redevelopment Area (CRA) Plans, the Long-Range Transportation Plan, and other County master plans. While capital projects originate from a variety of sources, projects most often come forward through the sponsoring department that is responsible for their implementation.

The CIP is divided into two categories: Enterprise projects and Governmental projects. Enterprise projects support the Airport, Utilities systems of Water and Sewer, and Solid Waste. These areas are managed like businesses in which the revenues generated by these areas fully support their operations. These projects are funded by grants, airport fees, and user fee charges for water, sewer, and solid waste. All other capital projects such as roads, drainage, public safety, buildings, and park projects are included in the Governmental section of the CIP. Funding for the Governmental projects include the "Penny for Pinellas" (a 1.0% local option sales surtax), grants and reimbursements, local option fuel taxes, and the tourist development tax.

CIP Project Definition and Criteria

Capital projects are defined as activities that lead to the acquisition, construction, or extension of the useful life of capital assets. Capital assets include land, buildings, parks, streets, utilities, and other items of value from which the community derives benefit for a minimum number of years.

The following criteria shall be utilized in determining the appropriateness of capital improvement project requests:

- 1. All projects in the Capital Improvement Program (CIP) Budget must have a total cost of \$50,000 or greater and a useful life of five or more years.
- 2. Capital projects are considered to be one-time outlays which are non-recurring in nature. Purchases involving ongoing debt service or lease/purchase costs are typically not budgeted in the CIP Budget.
- 3. Capital projects must add to, enhance the value of, or extend the life of the County's physical assets. Major equipment purchases must be associated with a capital project and must meet the definition of a capital item to be placed in the CIP Budget.
- 4. County Fleet appropriations are to be budgeted in a capital outlay account within the Operating Budget. Although vehicles in general are not considered as a Capital Improvement Project, pursuant to Florida Statute 212.055, public safety vehicles such as a fire department vehicle, emergency medical service vehicle, or a sheriff's office vehicle are allowable Penny for Pinellas (Penny) infrastructure sales surtax expenditures within the CIP Budget.
- 5. Expenditures for maintenance, supplies and materials, or replacement items shall be budgeted as an operating item. These items may not be expensed in the CIP Budget.

CIP Objectives

The objectives used to develop the CIP include:

- Preserve and improve the basic infrastructure of Pinellas County through public asset construction and rehabilitation;
- Maximize the useful life of capital investments by scheduling renovations and modifications at the appropriate time in the life cycle
 of the asset;
- Identify and examine current and future infrastructure needs and establish priorities among projects so that available resources are
 used to the community's best advantage; and

• Improve financial planning by comparing needs with resources, estimating future borrowing needs, and identifying fiscal implications.

The Board of County Commissioners conducts a review of the program at public budget workshops as part of the annual budget development process.

CIP Goals

The following are the goals of the County in developing its annual capital budget and associated CIP:

- Identify and prioritize infrastructure requirements based upon a coordinated needs assessment methodology. The CIP is a
 comprehensive guide for the allocation of financial resources and provision of public service for a six-year period. The CIP serves
 as a "blueprint" for the future of the community. It is a dynamic tool, not a static accounting document. The CIP requires each
 department to look to the future, anticipate the need for projects, and justify that need. This requires the thoughtful integration of
 financial, engineering, and planning functions.
- Classify projects to ensure that those submitted for inclusion in the CIP are capital projects, not operating requirements. An accurate CIP relies upon the proper classification of projects. Requests which do not meet the specified criteria for a capital project should be considered in the operating budget.
- Develop a realistic funding scenario for the CIP that identifies resources on a project specific basis.

CIP Policy

It is the policy of the Pinellas County Board of County Commissioners to maintain a continuing Capital Improvement Program (CIP) that will, when implemented, provide physical assets that are:

- Responsive to the needs and demands of the public and county government;
- Supportive of the long- and short-range economic, social, and environmental development policies of the County aligned with the Board's Strategic Plan;
- Necessary to achieve the level of service identified in the adopted Comprehensive Plan;
- Ensure asset preservation encompasses supportive infrastructure (processes and databases), intellectual capacity and effective use of human capital, as well as physical capital assets.

The Capital Improvement Program represents the planned implementation of various comprehensive plans that serve as a guide for future growth and development as adopted and amended by the Board of County Commissioners.

Pay-As-You-Go Approach

The CIP is currently funded on a "Pay-As-You-Go" basis. The "Pay-As-You-Go" approach is recommended as the most prudent way of financing capital projects. The benefits of this approach include:

- o Being fiscally conservative helps avoid financing costs.
- o A "pay-as-you-go" plan can be a positive factor in future credit analysis of the County and its long-term debt rating.
- Providing a deliberate approach to the implementation of projects in accordance with the priorities and needs of the community.
- Specific projects can be considered for stand-alone bonding if warranted based on the priority and cost benefit.

The proposed Sewer CIP Plan may require borrowing in FY24. Various funding options will be considered based upon comparing needs with available resources and identifying fiscal implications.

Project Portfolio Management

The County has adopted a "portfolio" approach to Capital Improvement Program projects. All departments are required to view their projects in a systemic and holistic manner. Projects will be prioritized that can provide the County with multiple benefits; for example, projects that will improve drainage, prevent stormwater/wastewater overflows, and provide infrastructure to support economic development.

The goal of CIP Project Portfolio Management (PPM) is to adopt a portfolio approach that uses identified needs to prioritize capital projects and improve the process for managing projects to enhance delivery, reporting, and data-driven decision support. The focus is on improving project coordination, prioritization, management, delivery, and reporting Countywide. PPM is essentially managing our portfolio of hundreds of projects across all departments.

PPM Implementation Goals:

- Prioritized list of County projects
- Formalize generally consistent processes for project delivery
- · Provide tools and training for project managers to effectively manage projects
- Use a consistent project tracking tool
- Evaluate performance on project delivery
- Improve coordination with internal and external stakeholders

Projects submitted for review and approval are ranked by defined evaluation criteria as a tool to help prioritize projects. The evaluation criteria are: Asset Preservation, Criticality, Economic Outcome, Environmental Stewardship, Community Sustainability and Resiliency, Service Delivery, Project Coordination, Public Demand, Regulatory Requirements, Public Health, Safety, and Welfare, and Employee Health and Safety. Funding Criteria, including Funding Availability, Future Budget Outcomes (potential operating costs or savings in future years), and Cost of Project, are secondary to selecting priority projects.

When completing the Project Request Form (PRF), the project requestor selects a statement that describes the state of the asset being replaced or why the new asset is needed. For example, Asset Preservation, is one of the priority guidelines for the CIP – renewing or replacing our existing assets. The criteria statements allow the requestor to identify whether the asset is beyond or approaching the end of its useful life, or if it doesn't replace an existing asset. A score is applied in the background according to the respective statement selected. When viewing the completed form, each criteria has a score. The CIP review committees, Coordinating Committee (technical staff), Action Team (Directors), and Governance Committee (Administration), review what has been selected and can provide input. This provides for consistent consideration of all project requests for staff recommendation of which projects move forward for approval.

The CIP Project Portfolio Management Administrative Directive was issued in September 2019. Since that time, staff teams have led to successful efforts in GIS Mapping producing a public-facing map of projects and development of a Project Manager Handbook. These efforts are ongoing. Staff continues to build upon what has been developed and improving processes. Public Works is leading the effort to further develop the Project Manager Handbook with detailed procedures. Utilities is leading process improvements for project management technology and reporting. Staff continues to work with the County's eGIS team on mapping which will also enhance reporting.

Penny for Pinellas

Penny for Pinellas (Penny) revenues are proceeds of an additional 1.0% Local Government Infrastructure Surtax on sales, pursuant to Section 212.055(2), Florida Statutes, imposed in Pinellas County. The Penny surtax is collected on the first \$5,000 of all purchases excluding groceries and medications. The authorized use of these funds is generally restricted to infrastructure projects only and cannot be used for ongoing operation or maintenance costs. As a sales tax, the Penny is sensitive to general economic conditions. The revenue assumptions for the Penny have been updated and are consistent with the State sales tax revenue projections. Following a reduction of (3.3%) in FY20, the FY21 revenue reflecting a post-pandemic recovery increased 18.0%. Current year, FY22, is estimated to continue to increase at 6.2%, but then a slowdown and minor increase of 0.7% for FY23. Thereafter, Penny revenue is projected to increase an average of 3.2% in FY24-FY30.

The Penny became effective February 1, 1990 for an initial period of ten years and has been extended by referendums in 1997, 2007, and 2017 for additional ten-year periods (until December 31, 2029). In accordance with statutory requirements and interlocal agreements with each municipality in Pinellas County for the Penny ending December 31, 2019, the County received approximately 52.3% of the total monthly collections generated by this tax, following the deduction of a dedicated amount to fund capital projects for Court & Jail facilities which provide a countywide benefit. Beginning January 1, 2020, the interlocal agreement sets aside 11.3% of net proceeds for countywide investments consisting of Economic Development Capital Projects and Housing @ 8.3% and Court & Jail facilities @ 3.0%. The County's percentage for Penny ending December 31, 2029, referred to as Penny IV, is 51.75%, after the countywide investment distribution. The balance of collections is distributed to the 24 municipalities using a population-based formula.

A Joint Review Committee (JRC) was formed during 2019 in accordance with the interlocal agreement to establish guidelines for the net proceeds dedicated to Economic Development Capital Projects and Housing. The JRC consisted of professional staff with subject matter expertise in economic development, planning, and/or housing representing the County and municipalities. The twelve-member JRC approved the Penny IV Affordable Housing and Economic Development Program Guidelines at its October 25, 2019 meeting. In December 2019, the Board of County Commissioners approved Resolution 19-99 "adopting guidelines for the expenditure of a percentage of the 2020-2029 Local Government Infrastructure Surtax for Affordable Housing and Economic Development Capital Projects."

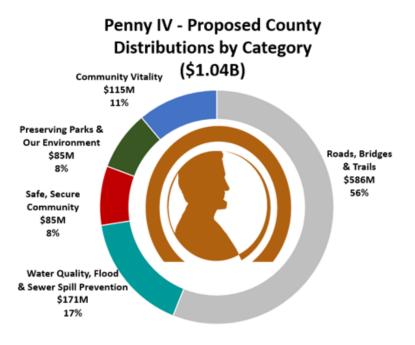

Applications for Penny IV affordable housing funding are accepted on an ongoing basis. Since the program was initiated in 2020, approximately \$22.8 Million has been committed to seven affordable housing development projects that have been completed or are under development. The projects will produce a combined total of 1,162 units of which 870 units will be restricted to affordable rents.

There have been several rounds of applications for the Economic Development Employment Sites Program. Four projects have approved agreements in place for a total of \$2.9M and three projects have conditional approval for another \$3.7M. The Penny funding provides the financial gap for applicants' total project cost estimates of \$54.6M.

Without the Penny, the County's governmental capital improvements would require another funding source, potentially property taxes in the General Fund. It is estimated that property owners would have to pay another 2.2 mills on their property taxes to generate the equivalent funding, or many public projects would not be completed until years into the future or not done at all. Besides allowing for funding of capital projects without relying on property taxes, another benefit of the Penny is that non-residents pay about a third of the Penny, which relieves County residents of much of the tax burden. The Penny funds approximately 70% of the Governmental CIP.

During the 2017 Penny renewal education campaign, priority projects were identified. Over the past year, OMB has worked with the departments and agency partners to prioritize the identified projects, determine realistic schedules, and build in preliminary construction estimates in the CIP. Nearly all the projects on the "2017 list" are included in the CIP, with updated estimates. The exceptions are the Sheriff's vehicles and hazmat vehicles which have other funding sources, and several watershed management plan projects that are pending completion of project development studies. The projects are funded based upon current estimates and the Penny Ten-Year Plan is balanced within projected revenues.

The graphic below shows the Penny IV distributions by category. The table following is a comparison of the May 2017 projections prior to the approval of Penny IV, and current projections/ funded projects. Although the percentage of Penny for Community Vitality projects has decreased, these projects are still being done but with a new funding source, the American Rescue Plan Act (ARPA). Please note, this is the County's distribution of the Penny, after the distribution to the countywide investment categories of Economic Development Capital Projects and Housing, and Jail and Court Facilities.

	May 2017	May 2022
Roads, Bridges & Trails	45%	56%
Water Quality, Flood & Sewer Spill Prevention	20%	17%
Safe, Secure Community	10%	8%
Preserving Parks & Our Environment	7%	8%
Community Vitality	18%	11%

Other Revenues

The second largest source of revenue for Governmental CIP projects is grants. The CIP includes local, state, and federal grants from agencies such as the Southwest Florida Water Management District, Florida Department of Environmental Protection, and the Florida Department of Transportation. Grant revenues are highly variable. The CIP includes grants that have either been awarded or are highly anticipated to be awarded.

The County has received \$189.4M from the American Rescue Plan Act (ARPA) State and Local Fiscal Recovery Fund (SLFRF). In May, the Board approved a revised spending plan which provides funding of \$139.7M for CIP projects. The ARPA funding will offset some projects that would have been Penny funded. It will also enable the county to complete other projects that weren't previously programmed in the CIP.

Other funding sources for Governmental CIP projects include General Fund transfers, Local Option Fuel Taxes, Tourist Development Tax, and Multi-Modal Impact Fees.

In FY22 and beyond, the General Fund transfer provides funding of \$650,000 for the Municipal Services Taxing Unit (MSTU) paving projects which began in FY14 to address the needs of secondary roads in unincorporated neighborhoods. In FY21 and FY22, the transfer also includes reimbursement for the purchase of the Mid-County Tax Collector Building, \$923,560 in FY21, \$2,942,690 in FY22. In FY23, the transfer includes \$950,000 for the renovation of the Mid-County Tax Collector Building. During the FY22 Budget Process it was decided to transfer a non-recurring amount of \$60,177,100. This transfer will fund \$10,177,100 for South County Service Center's acquisition, \$33,200,000 for North County Service Center's Construction, \$15,500,000 for Future Facilities, and \$1,300,000 for Pinellas Suncoast Fire Rescue (PSFR) Ladder Truck 28.

The CIP includes Advanced Traffic Management Systems (ATMS) projects funded by Local Option Fuel Taxes (LOFT). Tourist Development Tax (TDT), approximately half of the net proceeds from one of the six percent of the TDT, provides funding for beach nourishment projects in the Coastal Management program. Multimodal Impact Fees (MMIF) contributes to the costs of authorized transportation projects in the 13 geographic multimodal impact fee districts of the county. Multi-Modal Impact Fees are collected throughout the county, thus assuring that new development bears a proportionate share of the cost of capital expenditures necessary to meet transportation needs of the county.

Enterprise projects support the Airport, Utilities systems of Water and Sewer, and Solid Waste. These areas are managed like businesses in which the revenues generated by these areas fully support their operations. These projects are funded by grants, airport fees, and user fee charges for water, sewer, and solid waste.

Overview of One-Year CIP Budget

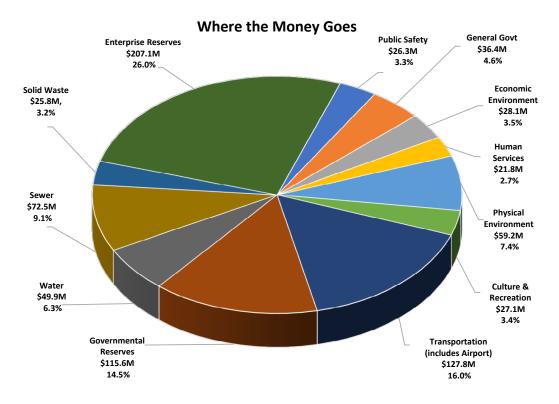

The first year of the Capital Improvement Program, FY23, is the basis for actual appropriations authorized by the Board of County Commissioners for capital projects when adopting the annual budget. The total FY23 CIP budget is \$797.6M. This amount includes both Governmental and Enterprise projects as well as reserves.

Governmental CIP projects scheduled for completion in FY23 (not all inclusive):

General Government/Economic Environment/Human Services:

County Justice Center Judicial Consolidation #001109A: Facility design, renovation, and construction to consolidate judicial functions at the County Justice Center. Total project estimate \$64.6M funded by Penny.

Bayside Clinic Behavioral Health Expansion #001475E: Bayside Clinic Expansion to include additional 1,500 sq ft operational space to accommodate co-location of mental health and substance abuse treatment on site. Total project estimate is \$800,000 funded by a grant.

Culture and Recreation:

Lealman Community Campus Courtyard Improvement #003505H: Lealman Community Campus Courtyard Improvements. Total project estimate \$450,000 funded by Penny and grant.

Philippe Park Seawall Replacement #004178A: Enhancement of existing sea wall and sidewalk in Philippe Park in conjunction with Environmental Management Shoreline enhancement project 004178B. Total project estimate \$1.0M funded by Penny and grant.

Philippe Park Living Shoreline #004178B: The project will create a living shoreline at the southern end of Philippe Park through installation of oysters and native vegetation. Project done in conjunction with 004178A Philippe Park Seawall Replacement. Total project estimate \$550,000 funded by Penny and grant.

Weedon Island Preserve Salt Marsh Restoration #000083A: Removal of ditches will assist in restoring the coastal habitat to function more efficiently from a water quality and ecological perspective. Total project estimate \$1.5M funded by Penny and grant.

Ft. De Soto Bay Pier Replacement #000929A: Ft De Soto Bay Pier Replacement. Total project estimate \$6.4M funded by Penny and grant.

Taylor Homestead #002170A: Enhancement to Taylor Homestead Buildings and infrastructure. Total project estimate \$800,000 funded by Penny.

Physical Environment:

Lake Seminole Sediment Removal #000157A: Dredging of sediment from Lake Seminole to improve lake water quality. Total project estimate \$20.9M funded by Penny and grant.

Lakeshore Estates Phase 2 Roadway and Drainage Improvements #001177B: Lakeshore Estates Roadway & Drainage Improvements to the existing stormwater system and road are required to alleviate flooding in portions of Lakeshore Estates. Total project estimate \$5.2M funded by Penny.

Roosevelt Creek Channel 5 Improvements #002123A: Project addresses existing flooding to roads and structures and identifies water quality improvement alternatives for the Roosevelt Creek Channel 5 basin. Total project estimate \$6.7M funded by Penny, Surface Water Utility Fee, ARPA and grant.

Lealman Drainage Improvements #006028A: Drainage improvements on and around 33rd Way N and 33rd St N in Lealman. Total project estimate \$490,000 funded by ARPA.

Public Safety:

Public Safety Radio Sustainment Projects:

- Radio Equipment Shelter Replacement #003901A: Replace the radio equipment shelters, including security cameras and gates, at several radio towers. Includes two towers and inbuilding shelter at EMS facility. Total project estimate \$14.5M funded by Penny.
- Public Safety Radio Compliance Mutual Aid #004968A: The mutual aid replacement project updates an existing 3 channel analog
 radio system to current technology and allows for the decommission of T1 phone lines which are becoming obsolete and ineffective.
 Total project estimate \$868,000 funded by Penny.
- Public Safety Radio Sustainment Hospital Microwave #004969A: The hospital microwave project replaces an existing radio network providing radio communication between hospitals, Fire/Emergency Medical Services (EMS) first responders and the Sunstar dispatch center. Total project estimate \$1.5M funded by Penny.
- Public Safety Radio Sustainment North Zone & Astro Site Repeater (ASR) #004970A: Reestablishes a third zone of the radio system which provides an essential layer of redundancy to the northern half of the county for radio subscribers and enhances capacity for future growth. Total project estimate \$2.2M funded by Penny.

Economic Environment:

Tampa Bay Innovation Center Incubator #004251A: To design and construct a 45,000 sq ft state of the art business incubator to be built on a 2.5-acre site that will be conveyed by the City of St. Pete to Pinellas County. Total project estimate \$16.1M funded by Penny (Economic Development set aside #004149A), grant, and private contribution.

Transportation:

Pinellas Trail Loop North Segment #000967A: Pinellas Trail Extension Program: North loop gap. Total project estimate \$12.8M funded by Penny, Impact Fees, and grant.

Oakwood Drive over Stephanie's Channel Bridge Replacement #001035A: Oakwood Drive over Stephanie's Channel bridge reconstruction / replacement. Total project estimate \$3.9M funded by Penny.

62nd Avenue N & 25th Street N Sidewalk Intersection Improvements #002069A: Improvements to the intersection that also consist of incorporating turn lanes & bike lanes, sidewalk improvements, drainage improvements, and traffic signalization. Total project estimate \$2.4M funded by Penny.

46th Ave. N. Sidewalk Improvements from 49th St. N. to 55th St. N. #002927A: Design and construct sidewalk, driveways, and ADA ramps on both sides of the street. Total project estimate \$3.3M funded by Penny.

Countywide Traffic Signalization Improvements #004183A: Program is established for the replacement of span wire signals with mast arm signals. Projects may include installation of mast arms and minor intersection improvements including new curb ramps and pedestrian signals. Total project estimate \$12.6M funded by Penny and grant.

Local Group-Taylor Lake, Ridgecrest, Oak Village Subdivisions #006020A: Paving, sidewalk and drainage improvements for local group of Taylor Lake, Ridgecrest and Oak Village Subdivisions from 134th Ave N to Taylor Lake Place in Ridgecrest. Total project estimate \$1.6M funded by ARPA.

Local Group-Martin Terrace #006021A: Paving, sidewalk and drainage improvements for Ridgecrest local group from 118th Street N to 116th Lane. Total project estimate \$575,000 funded by ARPA.

Local Group-Gulf Terrace and Rainbow Village Subdivisions #006022A: Paving, sidewalk and drainage improvements for Ridgecrest local group from 20th Ave SW to 22nd Ave SW, and from Adams Circle W to Adams Circle E. Total project estimate \$460,000 funded by ARPA.

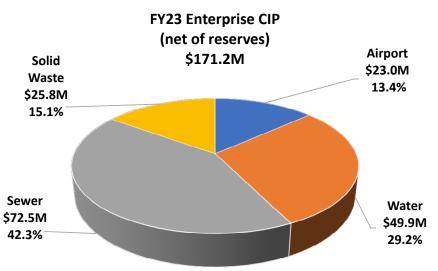

Local Group-Sunny Lawn Estates & Adjacent Subdivisions #006027A: Paving, sidewalk and drainage improvements for Lealman local group from 40th Ave N to 60th Ave N. Total project estimate \$3.6M funded by ARPA.

Local Group-Various High Point Subdivision #006029A: Paving, sidewalk and drainage improvements for High Point local group comprising various subdivisions from Roosevelt Blvd to 150th Ave N. Total project estimate \$960,000 funded by ARPA.

Overview of Six-Year CIP

In the CIP Six-Year work plan, only the first year, FY23, is appropriated. The remaining five years are a plan that is subject to change as the needs of the community become more defined and the adopted projects move closer to final approval. The total FY23 - FY28 CIP budget is \$2.6B. This amount includes both governmental and enterprise projects, as well as non-project items such as reserves.

FY23 - FY28 Governmental CIP

The expenditure total (net of reserves/non-project items) for the FY23 - FY28 Governmental CIP is \$1.3B. The pie chart below shows the percentage distribution of expenditures within the functional areas of the CIP.

Pie Chart titled FY23 to FY28 Governmental CIP net of reserves total \$1.3B. The pie chart shows the dollar amount and percentage distribution of expenditures within the functional areas of the Governmental CIP. Culture and Recreation at \$134.2M, 10.0%; Economic Environment at \$109.2M, 8.1%; General Government at \$91.1M, 6.7%; Human Services at \$76.7M, 5.7%; Physical Environment at \$261.3M, 19.4%; Public Safety at \$67.2M, 5.0%; and Transportation at \$609.2M, 45.1%

Major project highlights in the **Governmental Six-Year CIP** are listed below by functional area. The focus of this list are the projects that are scheduled for completion in the out years of FY24 through FY28.

Culture & Recreation:

Ray H. Neri Park Phase 1 #002201A: Engineering, design, and construction of park enhancements at Ray H. Neri Park. Total project estimate \$7.7M funded by Penny, ARPA and Community Development Block Grant (CDBG).

High Point Community Park #002998A: Ten acres of land located between Pinellas Technical Education Center and High Point Elementary will be developed for an outside recreation facility. Total project estimate \$4.2M funded by Penny and ARPA.

Brooker Creek Boardwalk Rehab #004452A: Brooker Creek Boardwalk Rehabilitation. Total project estimate \$3.1M funded by Penny.

Seminole Recreation Facilities in Unincorporated Area #004556A: Preliminary plan and design of a multi-faceted outdoor recreation complex with associated concession, office, and storage facilities. Total project estimate \$18.7M funded by Penny and ARPA.

East Lake Library Expansion Phase II #004559A: East Lake Library Expansion Phase II to expand the only community and cultural center for the East Lake communities and visitors. Total project estimate \$4.5M funded by Penny.

General Government:

Fueling System Retrofits #002153A: This project involves the design and retrofit of County fuel storage and dispensing systems to maintain fuel accountability and regulatory compliance. Total project estimate \$7.2M funded by Penny and ARPA.

Pinellas County, Florida

North County Service Center Design and Construction #003904A: North County Service Center Design and construction to house the Tax Collector, Property Appraiser, and Clerk. Total project estimate \$36.3M funded by Penny and General Fund.

Economic Environment / Human Services:

Economic Development Capital Projects #004149A and Housing Projects Aligned with Economic Development #004150A: Economic Development Capital Projects and Housing Projects aligned with the 8.3% countywide investment for Economic Development Capital Projects and Housing per the Interlocal Agreement between the County and municipalities for the distribution of the Penny. Individual projects will be approved based upon the guidelines established by the Joint Review Committee per the Penny Interlocal Agreement with the municipalities. Total estimated funding per year on average is \$9.4M in each category, based on estimated Penny revenue.

Physical Environment:

Cross Bayou Estates Drainage Phase 1 #001328A: Phase 1 of drainage improvements to alleviate residential structural and street flooding in the vicinity of Cross Bayou Estates. Total project estimate is \$3.3M funded by Penny.

Cross Bayou Estates Drainage Phase 2 #001328B: Phase 2 of drainage improvements to alleviate residential structural and street flooding in the vicinity of Cross Bayou Estates. Total project estimate is \$2.9M funded by Penny.

Cross Bayou Improvements Phase 1 #002124A: Phase 1 to improve conveyance through Cross Bayou Canal and reduce duration of flooding. Removed material should be tested to account for pollutant removal. Total project estimate is \$11.7M funded by Penny.

Joe's Creek Greenway Trail and Stormwater Management #004116A: This project is for preliminary engineering, design and construction of the Joe's Creek Greenway Trail, adjacent channel, and implementation of other projects identified by Watershed Management Program (WMP). Total project estimate is \$51.4M funded by Penny, ARPA, and grant.

Starkey Road Channel 5 Bank Stabilization Improvements #004135A: Bank stabilization and erosion control for approximately 2100' of Starkey Road Channel 5 from Starkey Road northeasterly to the CSX railroad crossing. Total project estimate is \$5.3M funded by Penny.

Long Key-Pass a Grille Nourishment 2022 #002573A: Construction, monitoring and management of beach nourishment for the Pass a Grille portion of Long Key. Total project estimate is \$2.4M funded by Tourist Development Tax.

Long Key-Upham 2024 Beach Nourishment #004487A: Construction, monitoring and management of beach nourishment for the Upham portion of Long Key. Total project estimate is \$2.4M funded by Tourist Development Tax.

Public Safety:

New Jail Checkpoint Building and Parking #004179A: Construct a new jail checkpoint building and associated parking for visitors and staff on the Jail Campus. Total project estimate \$15.2M funded by Penny.

Emergency Sheltering (including special needs shelters) #004180A: Project consists of increasing power generation capabilities at three Pinellas County schools to increase our capability to support our special needs clients. Total project estimate \$6.4M funded by Penny.

Transportation:

22nd Ave S - 58th St S to 34th St S Roadway Improvement #000087A: Sidewalk and roadway improvements along 22nd Ave S. Total project estimate \$4.9M funded by Penny and Impact Fees.

62nd Avenue N Roadway Improvement from 34th Street N to 49th Street N #000097A: 62nd Avenue N Roadway Improvement from 34th Street N to 49th Street N. Total project estimate \$18.0M funded by Penny and Impact Fees.

Old Coachman Road over Alligator Creek Bridge Replacement #001034A: Old Coachman Road over Alligator Creek bridge reconstruction/replacement. Total project estimate \$6.6M funded by Penny and Impact Fees.

San Martin Blvd. over Riviera Bay Bridge Replacement #001036A: San Martin Blvd. over Riviera Bay bridge reconstruction / replacement. Total project estimate \$15.9M funded by Penny.

Beckett Bridge Replacement #001037A: Design and construction of Beckett Bridge replacement after PD&E is completed. Total project estimate \$22.0M funded by Penny and Impact Fees.

Mehlenbacher Road Sidewalk Improvements from Palm Avenue to the Pinellas Trail #001976A: Sidewalk Improvements on the north side of Mehlenbacher Road from Palm Avenue to the Pinellas Trail. Total project estimate \$2.5M funded by Penny.

Starkey Road Reconstruction & Widening from Flamevine to Bryan Dairy Road #002063A: Road reconstruction and widening from 4 lanes divided to 6 lanes divided. Pond construction, storm pipe upgrade, traffic signalization and pavement markings. Total project estimate \$22.6M funded by Penny.

Whitney Road and Wolford Road intersection and Roadway Improvements # 002109A: Intersection and roadway improvements including major drainage work to address road subsidence and ditch erosion. Total project estimate \$6.7M funded by Penny and Impact Fees.

42nd Avenue from 35th Street N to 46th Street N Drainage and Sidewalk # 002128A: Drainage and sidewalk improvement project; replace deep ditches with shallow/piped collection systems. Total project estimate \$3.3M funded by Penny, Impact Fees, and grant.

46th Ave N from 49th St N. (CR 611) to 38th St N. Roadway Improvements #002131A: Design and construction of a sidewalk project within the Lealman Community Redevelopment Area. Total project estimate \$5.3M funded by Penny and ARPA.

102nd Ave from 137th St to 113th St Roadway Improvements #003880A: Roadway project to improve roadway, provide bike lanes and sidewalks. Enhance multi-modal transportation options. Total project estimate \$4.6M funded by Penny and Impact Fees.

102nd Ave 113th to 125th St Roadway Improvements Phase 2 #003880B: Roadway project to improve roadway, provide bike lanes and sidewalks. Enhance multi-modal transportation options Phase B. Total project estimate \$6.1M funded by Penny.

54th Ave. N. Roadway Improvements from 49th St. N. to 34th St. N. #003882A: Design, and construction of a Complete Streets roadway improvement. Total project estimate \$5.7M funded by Penny.

Pinellas Trail South Gap - 126th Ave N to Ulmerton Rd #003883A: This Project consists of the design, permitting, and construction of Pinellas Trail Loop South Segment – Shared-Use Non-motorized. Total project estimate \$3.1M funded by Penny and grant.

Pinellas Trail South Gap - Ulmerton Rd to Belleair Rd #003883B: This Project consists of the design, permitting, and construction of Pinellas Trail Loop South Segment – Shared-Use Non-motorized (SUN) Trail from Ulmerton Rd to Belleair Rd. Total project estimate \$13.2M funded by Penny and grant.

Nebraska Ave Roadway Improvement from Alt US 19 to West Lake Blvd #004182A: Nebraska Ave improvements to include curb, gutter, sidewalks, storm drainage, and minor intersection improvements at certain cross streets with mast arms at Westlake Blvd. Total project estimate \$6.3M funded by Penny.

West Bay Complete Streets project from the Belleair Bridge to Clearwater-Largo Road #004540A: The two-mile corridor connects the beaches to the Pinellas Trail and toward downtown Largo. Stretching from Belleair Causeway to Clearwater Largo Road, the study area connects portions of Belleair Bluffs, the County and Largo. Total project estimate \$5.6M funded by Penny and Impact Fees.

Riviere Rd. from Tampa Rd. to Nebraska Ave. S/W Improvements #004616A: Design and construction for sidewalk needs along Riviere Rd (Tampa Rd-Nebraska Ave), filling in sidewalk gaps with drainage improvements. Total project estimate \$4.2M funded by Penny.

ATMS Pinellas County ATCMTD Connected Community Project #004974A: Planned system enhancements for the County's existing Advanced Transportation Management System/Intelligent Transportation System (ATMS/ITS) include accelerating deployment of connected vehicle infrastructure along several key corridors. Total project estimate is \$6.7M funded by Local Option Fuel Tax (LOFT) and grant.

Keystone Road and Eastlake Road Emergency Access Improvements #005208A: This project looks to improve emergency access along Keystone Road from Eastlake Fire & Rescue Station 58 to East Lake Road. Total project estimate \$1.2M funded by Penny.

Ridgemoor Blvd Access Management Safety Improvements from East Lake Rd to Pine Ridge Blvd #005209A: Improve the safety of Ridgemoor Blvd through access management and land reconfiguration to reduce conflict points. Total project estimate \$1.2M funded by Penny.

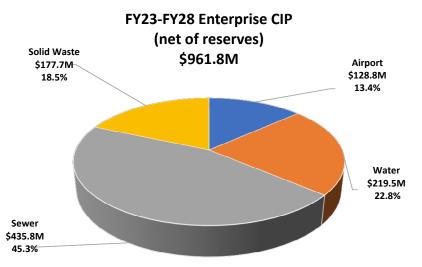

Bay Pines Blvd & 95th St N Intersection Improvements #005538A: Intersection improvements for Bay Pines Blvd. (US 19/SR 595) and 95th St. N. Conduct intersection study to identify needed functional and operational improvements to turning and ADA accessibility. Total project estimate \$1.5M funded by Penny.

Highpoint: Russell Ave Connection #006030A: This project will construct a pedestrian connection through Russell Avenue in the Highpoint Community. See attached for full description. Total project estimate \$605,000 funded by ARPA.

Safe Routes to School #006033A: This project prioritizes new sidewalk segments based on factors such as the population density served, ability to complete gaps. See attached for full description. Total project estimate \$6.2M funded by ARPA.

FY23 - FY28 Enterprise CIP

The expenditure total (net of reserves/non-project items) for the FY23 - FY28 Enterprise CIP is \$961.8M. The pie chart below shows the percentage distribution of expenditures within the functional areas of the CIP.

Pie Chart titled FY23-FY28 Enterprise Funds net of reserves \$961.8M. The pie chart shows the percentage distribution of expenditures within the functional areas of the Enterprise CIP: Airport at \$128.8M, 13.4%; Water at \$219.5M, 22.8%; Sewer at \$435.8M, 45.3%; and Solid Waste at \$177.7M, 18.5%.

Major project highlights in the Enterprise Six-Year CIP are listed below by functional area. The focus of this list are the projects that are scheduled for completion in the out years of FY24 through FY28.

Physical Environment (Solid Waste and Utilities):

Solid Waste:

Side Slope Closures #000748A: Begin closure activities for Bridgeway Acres (BWA) landfill for areas that have reached final elevation on side slopes. Total project estimate \$23.0M.

New Canopy at Solid Waste Scale House #003350A: Replace existing canopy over the scales and booths. Total project estimate \$3.9M.

Sod Farm Slurry Wall #003363A: Reconstruct sod farm slurry wall. Total project estimate \$12.7M.

Waste to Energy Enhancements #004915A: Application of enhanced technology for Metals Recovery from Waste to Energy combustion ash residue. Total project estimate \$20.0M

Solar Floating Array at solid Waste #004920A: Design and construction of a floating solar panel generating facility to be installed on portions of Pond A. Total project estimate \$10.5M.

Bulky Waste Processing Station at Solid Waste #004922A: Design and construction of a facility to process bulky portions of the MSW Waste stream to allow acceptance into the WTE facility. Total project estimate \$63.0M.

Utilities:

North County Force Main Improvements #003760A: Construction of approximately 3.6 miles of new 14" force main pipe along East Lake Road. Total project estimate \$7.3M.

Force Main Capacity Improvements - Highland Lakes FM 003761A: Construction of approximately 4.3 miles of new 24" force main near and through the Highland Lakes community area. Total project estimate \$7.6M.

Advanced Metering Infrastructure (AMI) Water Meter Replacement #001601A: This project includes converting analog meters (manually read) to an electronic meter network for the County's potable water system. Total project estimate \$66.0M.

Advanced Metering Infrastructure (AMI) Reclaimed Water Meters #003769A: This project includes the new installation of Advanced Metering Infrastructure (AMI) meters for our residential customers and converting commercial reclaimed analog meters (manually read) to an electronic meter network for the reclaimed water system. Total project estimate \$11.3M.

Logan Laboratory Improvements #002149A: Hurricane-hardened Water & Sewer System Monitoring & Administration Building to replace the aging facility currently sharing the Logan Pump Station building. Total project estimate \$12.9M, partially grant funded.

Logan Utilities Operations Center Building #005222A: This project includes the planning, design, and construction of a multi-purpose facility that will be located at the existing Logan Campus. Total project estimate \$11.8M.

North Booster Pump Station Hardening #005218A: Increase resiliency at the North Booster Pumping Station by hardening the building to withstand either a Category IV or V storm. Total project estimate \$11.8M.

Building Hardening - General Maintenance Building South #004578A: The General Maintenance Building South recently was evaluated as to how much wind resistance the structure can carry. Results of the study is that there is insufficient wind resistance capacity in this building. Total project estimate \$1.4M, partially grant funded.

Manufactured Home Communities Wastewater Collection System Improvements #005015A: Project will include replacing up to fifteen (15) manufactured home communities wastewater collection systems in unincorporated southern Pinellas County. Total project estimate \$27.0M funded by grants.

Manufactured Home Communities (MHC) Potable Water Systems Improvements #005015D: Design and construction of a new potable water systems at 13 of the 14 manufactured home communities parallel to the MHC Wastewater Collection Systems project (005015A). Total project estimate \$13.9M funded by ARPA.

South Cross Bayou Aeration Improvements #002937A: Provide necessary improvements to the air header system. Improvements to include air flow meters, modulation valves and upgrade the micro air diffusers. Total project estimate \$7.7M.

South Cross Bayou Influent Pump Station Improvements #003758A: Improvements to the influent pump station, inclusive of pump replacement, variable frequency drive replacement, grinder removal, and wet well coatings. Total project estimate \$3.0M.

South Cross Bayou Dewatering Improvements #002166A: Evaluate dewatering system and design and construct new upgraded system to replace the old equipment that has ended its useful lifecycle. Total project estimate \$11.5M funded by ARPA.

South Cross Bayou Denitrification Filter Rehab # 003408A: Rehabilitate South Cross Bayou denitrification filter to increase treatment. Total project estimate \$10.7M funded by ARPA.

Septic to Sewer Program Phase 1 #006052A: First phase in a multiyear septic to sewer conversion project that will extend Pinellas County Utilities' wastewater collection system into neighborhoods that are within PCU's service area but 100 ft away from the collection system. Total project estimate \$10.0M funded by ARPA.

Pinellas Park Interceptor Collection System Improvements #003147A: Replace the existing 42-inch interceptor at 54-inch interceptor at 62nd Ave. Total project estimate \$8.6M.

Transportation (Airport):

Cargo Apron Rehab and Runway 9/27 Conversion #000033A: Design and construct new cargo apron and the conversion of old Runway 09/27 to a Taxiway. Total Project estimate \$10.1M.

New Passenger Terminal Improvements # 003343A: Expansion and improvement of existing terminal. Total project estimate \$88.6M

Airco Site Preparation #004571A: Facilitate the development of the Airco Property at the St. Pete-Clearwater International Airport by developing a portion of the stormwater infrastructure upfront. Total project estimate \$11.7M.

Renovate Airport Terminal Restrooms #006041C: This project consists of replacing the terrazzo, toilets, sinks and toilet partitions in two restrooms in PIE's terminal near ticketing A and restrooms located in Gates 2-6. Total project estimate \$500,000 to be funded by ARPA.

Terminal Mitigation of Water Intrusion #006041D: This project will replace skylights, roof membranes, and windows and surrounding sheetrock or window flashing. Total project estimate \$1.5M to be funded by ARPA.

Overall, there are more than 350 projects or program areas that comprise the six-year CIP. A complete listing of CIP expenditure allocations is included in the "CIP Budget Report by Function & Program" within the Capital Improvement Section. A "Revisions from Previous Year" report between this year's CIP and last year's CIP is also included, as well as a report of the Operating Budget Impacts by project. The budget document is available on the County's website at: http://www.pinellascounty.org/budget/

006041C Renovate Airport Terminal Restrooms: New project. ARPA funded.

006041D Terminal Mitigation of Water Intrusion: New project. ARPA funded.

Operating Budget Impact by Fund by Year

Capital Projects Operating Budget Impacts by Fund by Year A CIP Goal: Develop a realistic operating budget fiscal impact for the project upon its completion. To facilitate multi-year budgetary planning, information on each project's estimated fiscal impact on future operating budgets is vital. This information is used to forecast additional funding needed in the operating budget for projects completed in an outer year. If we build it, how much will it cost to operate and maintain it?
