I don't know if there is a different process for docusign, but at least you have this AATF to paper the file with.

Subject: Granicus 22-1437A Medicaid PEMT IGT
Importance: High

Jason,

This will be coming your way via noted Granicus item – this is a rush item as the state did not provide much turn around time and is due back to state by the 10/1.

The first document is what the chairman will need to sign via docusign. I'm not sure how this process works since he will need to sign through this platform but I'm guessing it still must be "approved as to form". Can you do this via first attachment and I can upload to Granicus? Or if there is a different process for DocuSign, please advise. Also attached are the instructions/new policy from AHCA. This language is the same as the state has used for the past 3 years. Let me know if you have any questions. Related Granicus items were 19-2371A, 20-1747A, 21-1621A.

Thank you,
Jodie
