Good Morning Everyone,

The Year 5 LOAs have been sent out to providers this morning and per the regulations, **they are due back to AHCA no later than October 1, 2023.** They are not using DocuSign this year.

The reason for the large increase in the LOA amounts is that FFCA and PCG advocated that the total MCO pool of funding be increased to \$200 million. This does mean that there would be a large increase in the federal revenue you would receive back as well. We are not sure if CMS will approve this level of funding, but we wanted to try as we know how critical this funding is for you all. **We have requested the final Year 5 MCO model from AHCA and as soon as we have it, we will send it to you all.**

If this is your first year receiving the LOA (meaning the first year you submitted a cost report was FY22), please let us know how we can assist in going over the LOA and how we can assist in filling out the IGT questionnaire. As a reminder, please put the amount in the LOA in your provider questionnaire for #3.

When both forms are completed, please send back to SupplementalPayments@ahca.myflorida.com and if you could please CC FLPEMT@pcgus.com when you send signed LOA and provider questionnaire back to AHCA that would be greatly appreciated for tracking purposes.

If you have any other questions, please let us know.

Thank you,
Alissa, Mary Pat, and Drew
