Description & Comments			
(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)			
Approval and execution by the County Administrator of the Medicaid Public Emergency Medical Transportation Letter of Agreement with the Agency for Health Care Administration to participate in the PEMT Medicaid Managed Assistance plan via an Intergovernmental Transfer program.			
The PEMT IGT is an annual program that supplements unreimbursed costs associated with emergency ambulance transportation services. Eligibility of the program is associated with emergency ambulance transportation provided by public entities to Medicaid recipients enrolled in MMA plans. Projected net revenue is \$13,926,233.74 to the Emergency Medical Services Fund in Fiscal Year 2024.			
The \$13,926,233.74 is partially included and is consistent with the FY24 Tentative Budget. Total distributions received from MMA plans are projected at \$24,027,318.39, which will be offset by a projected expenditure of \$10,101,084.65, resulting in net revenue of \$13,926,233.74. Based on historical actuals, the IGT transfer was included in the FY24 proposed budget at \$4,728,000 and the Gross Revenues were budgeted at \$7,964,520.00. The significant increase in the IGT may necessitate a budget amendment.
