

Large Projects, Round 2 Committee Recommendations

Summary: Round 2 of the ARPA Nonprofit Capital Project Fund Large Projects was launched on July 31 and was open until September 29, 2023. During this period, proposals were submitted to Pinellas Community Foundation for large capital projects, defined as “the acquisition of or modifications to real property.” Due to the large volume of proposals, committee members were given a month and a half to complete their reviews. Adjusting for the limited remaining funds, the maximum request amount was set at \$500,000.

For Round 2 of applications to the ARPA Nonprofit Capital Project Fund, the BCC indicated their consensus around prioritizing capital projects that would support programs in the following areas:

- Food Security
- Housing
- Individuals with Disability
- Specialized Health Care
 - Mental Health
 - Dental
 - Substance Disorders

Any organization in the report with an asterisk next to its name fits within the priority areas.

Eligible Proposals Received	Amount Requested	# of Proposals Recommended for Funding	Amount Recommended	# of Proposals Recommended as a Secondary Selection**
42	\$12,019,023.25	15	\$2,967,000.00	11

County Location*	Eligible Proposals	Recommended Awards
	Project Location	Project Location
North County	14	4
Mid-County	10	4
South County	18	7

*Definitions of “North,” “Mid,” and “South” County were derived from the Juvenile Welfare Board’s Community Council ZIP code boundaries.

** Secondary Selections are not included in the Amount Recommended. For more information see the Secondary Selections section below.

A list of funding recommendations, secondary selections, and denial recommendations are on the following pages. Each table is sorted by the ranking the applications received.

* Indicates the organization offers programming in one of the following priority areas: Food Security, Housing, Individuals with Disability, and Specialized Health Care (Mental Health, Dental, or Substance Disorders)

** Organizations recommended for partial funding indicated that they could successfully complete their projects with the amount recommended.

SECONDARY SELECTIONS

Background

Three rounds of contracts from the ARPA Nonprofit Capital Project Fund are currently active: Small Round 1, Small Round 2, and Large Round 1. Nonprofits were recommended for funding by an external selection committee and confirmed by the Pinellas County Board of County Commissioners. Purchases and projects are underway.

As these grantees complete their purchases and projects, there is likely to be some funding left over due to cost savings or other changes in project scope. Any leftover funding will be applied to the final round of the ARPA Nonprofit Capital Project Fund: Large Projects, Round 2.

Process and Next Steps

PCF staff asked committee members for Large Projects, Round 2, to recommend eleven projects for a “Secondary Selection” list. This list is in addition to the nonprofits that were recommended for funding using the \$2.9 million already designated for Large Projects, Round 2.

As any leftover funding is identified, projects on this Secondary Selection list will receive funding in order of their ranking, provided that a) they still have a need as outlined in their original application and b) the

project can be completed with the funding available. Any projects that receive funding will adhere to the same contracting and invoicing process for all other ARPA Nonprofit Capital Project Fund grantees.

SECONDARY SELECTIONS RECOMMENDATIONS

Rank	Organization Name	Amount Requested	Request	Location
16	Boley Centers Inc.*	\$500,000.00	Bathroom, kitchen, and building renovations for residential hall for individuals with severe mental health	South County
