

# TAX COLLECTOR

**FY17 Budget Request - BCC Funds**  
(Fees Paid)

**General Fund Budget History**

The Tax Collector receives fees for services based on statutory formulas. Revenues that are not required to support operations are returned to the funds in the form of excess fees. As a result, the size of the Tax Collector's budget to pay fees in the General Fund has historically been much larger than the Tax Collector's actual expenditures. **The Tax Collector has met the requested target guidelines for FY17.** The Tax Collector's budget is actually approved by the Florida Department of Revenue, not the Board of County Commissioners.

## TAX COLLECTOR

The Tax Collector bills, collects and distributes all taxes for the County, Municipalities, Tourist Development Council, School Board, and taxing districts. The Tax Collector issues licenses and titles for cars, trucks, boats and mobile homes, issues fishing and hunting licenses, processes applications for Concealed Weapons Licenses, and issues Drivers Licenses and Birth Certificates. This budget reflects the funds associated with the Tax Collector fees related to the collection of the Countywide and Unincorporated area (MSTU) millage. In addition, in accordance with Florida Statute 192.091, the fees associated with the School Board and Municipalities are paid for by the County and are included in the appropriations shown below. The amount the Board must budget as fees and commissions for the Tax Collector is set by statutory formula. In general, the formula calls for fees of 3% on taxes collected up to an assessed valuation of \$50.0M, and 2% on the balance above \$50.0M. The Tax Collector's total budget request is approved by the Florida Department of Revenue (not the Board of County Commissioners). Statutory fees and commissions shown below reflect those in the General Fund only. Those of other property tax levying funds (EMS, Fire Districts, etc.) are shown separately within their fund budgets. Statutory fees and commissions not expended by the Tax Collector are returned proportionately to the taxing authorities.
