## **Pinellas: Vacancies Announced on Emergency Medical Services Advisory Council**

Applications are now being accepted for four (4) citizen representative vacancies to serve a two-year term on the Pinellas County Emergency Medical Services Advisory Council.

The four vacancies represent:

- Pinellas County Commission District 3
- Pinellas County Commission District 4
- Pinellas County Commission District 5
- Pinellas County Commission District 6

Applicants must be registered to vote in Pinellas County. The citizen representative must be a full-time Pinellas County resident and should represent a balanced cross-section of the population to include business and industry, civic organizations as well as consumers and lay persons.

It is not mandatory, but *highly preferred*, that the applicant reside in the Commission District for the position that they are applying for.

The objectives of this Council are to study and analyze the procedures and protocols of emergency medical services throughout Pinellas County. The Council recommends to the Board of County Commissioners (the EMS Authority) and staff such actions as deemed necessary to ensure high-quality emergency medical services throughout the county.

Meetings of the Emergency Medical Services Advisory Council are held quarterly.

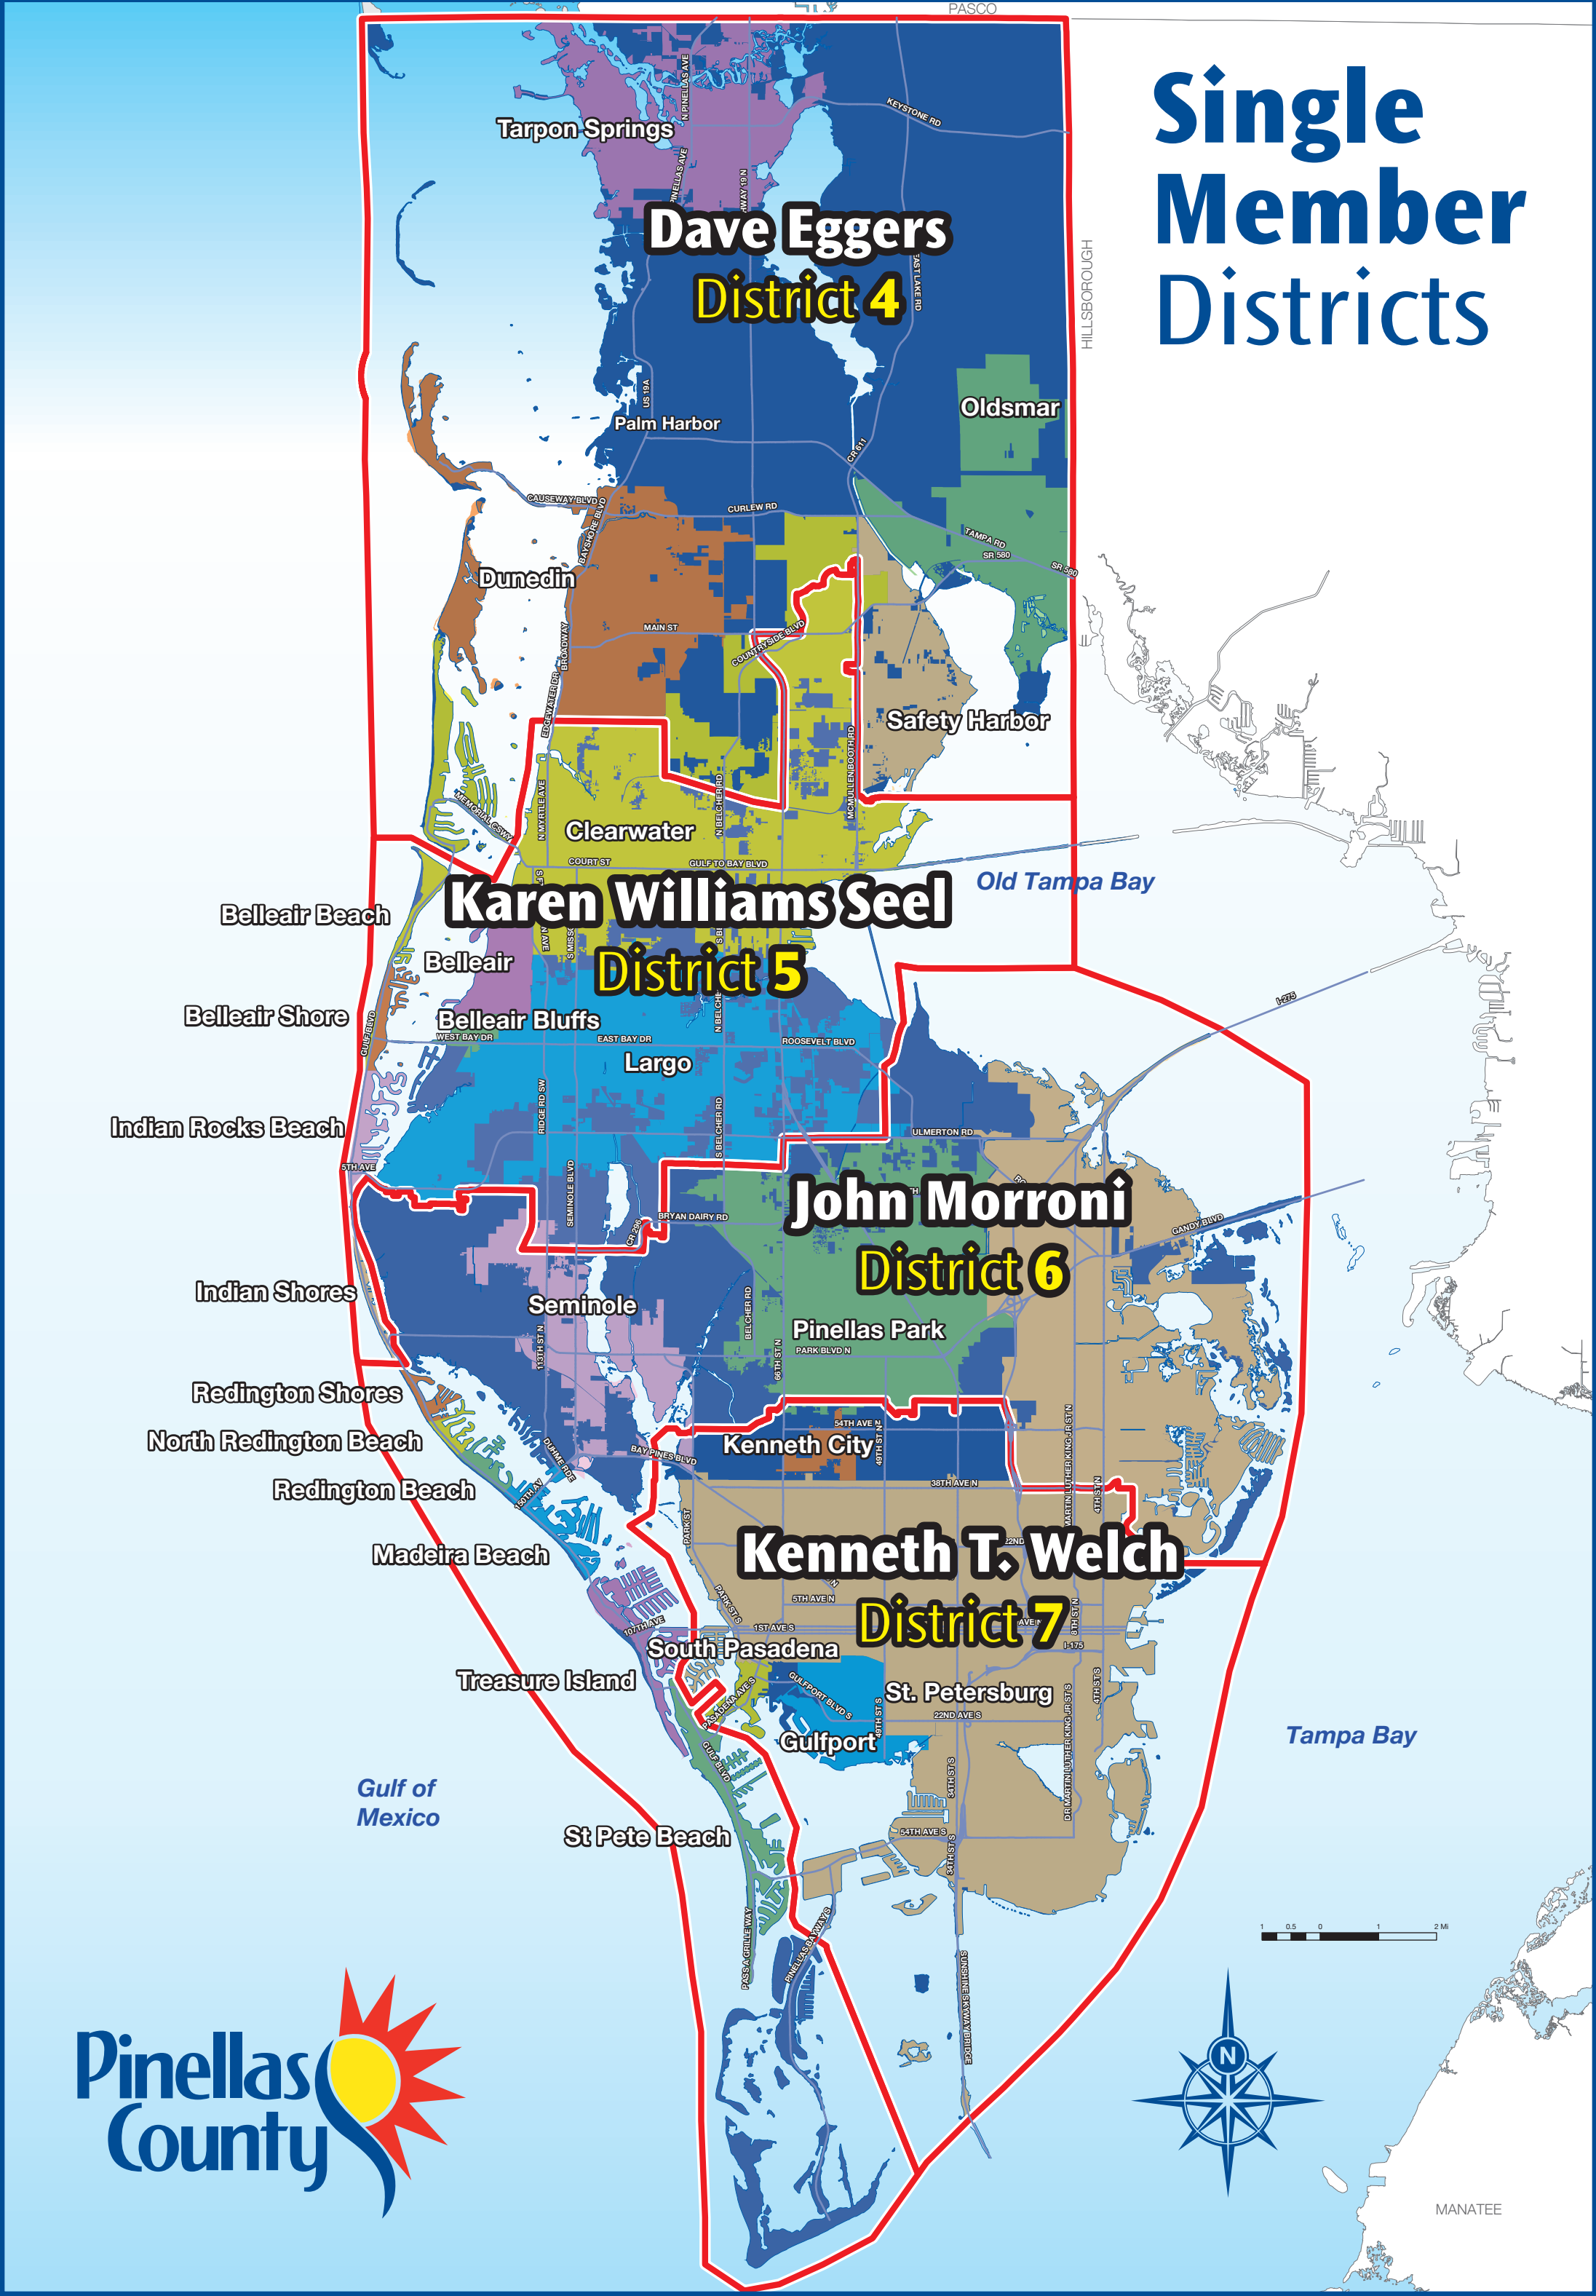

Mandatory online applications can be found at [www.pinellascounty.org/boards](http://www.pinellascounty.org/boards) and must be received no later than the close of business on Monday, November 27. The Board of County Commissioners will review all applications and make its selection at a future Board of County Commissioners meeting.

Please Note: All materials submitted to Pinellas County is subject to the public records law of the State of Florida under Chapter 119, Florida Statutes.

I have a BSN from Minnesota State University Mankato. Over the last ten years, I have been practicing critical care nursing in Minnesota, Florida and Washington state. I deal directly with EMS personnel on a regular basis. I believe my position will add a unique perspective to the EMS advisory council. I am not currently involved with any committees or councils but I would like to change that. Thank you for your time, Amber Granger

I have resided in the Pinellas County area for the past 46 years. During this time, I have seen the tremendous evolution of the EMS system that we have in place today. During my high school years, my brother worked as a Paramedic/FF for the Pinellas Suncoast Fire Rescue, Sunstar Paramedics, and Seminole Fire Rescue Department. Since that time, I have been intrigued at the workings of a quality, high-tech but economical EMS system. Currently, I am also involved as a volunteer for the Pinellas County Emergency Operations Center's Auxiliary Communication Service. This allows me to work on a regular basis as an Amateur Radio Operator and prepare in times of disasters, ie. Shelter operations, EOC support. I also frequently assist with local events needing logistical/communication support and currently serve as a board member and instructor for the City of Seminole Community Emergency Response Team (CERT). For the past 13 years, I have been working as an infusion pharmacy for the BayCare Health System. For almost the past 3 years, I have also been operating the social media account and website for IONTB.COM which focuses primarily on the work done by our local first responders. This site allow me to get an appreciation and exposure to the various views of our diverse community. I believe that my familiarity with our EMS system, while not being part of the system, would allow me to provide valuable input to the advisory council.

I had 32 years with the Florida department of corrections. I worked at all levels. Rising to the rank of Major. Supervised over 400 officers and staff. Anything a city had we had . We had one of the largest Medical departments in the state. Worked with Lake City Florida in making sure we had access to EMS 24 hours a day and Medical helicopter flights stationed at Lake city air port. I handled a lot of medical issues . One of the largest medical institutions in the state. I have been retired for 5 years and look forward to putting my experience to work. Thank you

On February 5th, 2011 I was arrested in Ripley County, Missouri for Class A Misdemeanor Possession of a Controlled Substance - Marijuana. The State Attorney later amended the charges, and I plead guilty to the amended charge of Class A Misdemeanor Littering. I was fined \$200, and ordered to pay \$300 in restitution. The Final Judgment was entered on March 9th, 2011. Additionally, approximately 10 -14 years ago, I received approximately two speeding tickets that resulted in fines in excess of \$150.

I served as a Nationally Registered Emergency Medical Technician and an EMS Station Manager for Regional Ambulance service in West Columbia, South Carolina for approximately two and one half years. Regional Ambulance, a private ambulance company, also served as backup to the publicly ran Richland County Emergency Medical Services. I believe that this experience allows me to better understand the complex interactions that take place between public EMS services, such as the local fire/rescue squads, and the private services that operate throughout the county, including Sunstar Paramedics, in order to provide services to our local community in a fast, efficient, and effective manner.
