## **5F. Map Adjustment – Pinellas County**

---

### **SUMMARY**

The Countywide Rules include a procedure allowing local governments within Pinellas County to submit for Countywide Plan Map boundary adjustments that are minor in nature and include only the following categories: Preservation and Recreation/Open Space.

These categories are often generalized on the Countywide Plan Map and, after site plan review at the local level or other action such as completion of a wetland jurisdictional determination, a more specific area can be delineated. To qualify for this process, the Countywide Rules require submission of one of the following: a letter of determination with accompanying legal description, a wetland jurisdictional survey, or final site plan.

More specifically, as per subsection 7.3.8.5 of the Countywide Rules, adjustments can be:

- Related to and consistent with a jurisdictional boundary determination under state agency rules which is consistent with such rules; or
- Related to and consistent with the purpose and characteristics of the particular plan category being adjusted and, absent a determination by the Executive Director to the contrary, based upon a finding by the local government with jurisdiction or its designee that such adjustment is diminimus in extent and effect.
