Project will deploy technologies to assist the region with multi-modal and multi-agency			
strategies to improve mobility within the region. This includes data fusion/warehousing,			
Integrated Corridor Management, deploy connected vehicle technologies, transit			
technology enhancements. The north/south corridors include US 19 and CR 611. The			
east /west corridors include Keystone Rd, Curlew Rd, SR 580, SR 60. These			
enhancements will allow the County to utilize these planned projects to expand and			
include new management technologies.
