Qualification Requirements:

Pinellas County Commissioners appoint 8 members. Members serve two-year terms and will expire March 31, 2021.

A Health Care Provider is someone who provides health care services, such as a doctor.

A Health Care Consumer is defined as an individual who is neither a purchaser nor provider, who receives medical care from licensed practitioners, resides in or receives services from a health care facility and who may or may not access public and/or private health insurance coverage.

A Health Care Purchaser is defined as an individual licensed to provide or who provides health care services to individuals and/or groups, such as insurance executives. A Purchaser may also purchase health care services on behalf of others, provided they don't also provide direct medical care. Examples include human resource managers and business owners purchasing health coverage for employees.
