Subject: Signers for North Loop of Pinellas Trail relocation Petition

Dear Commissioners, at the last BCC meeting I told you that I would send the emails of all the folks that signed the petition for the relocation of the Pinellas Trail North Loop. Since then I have found it impossible to do so, due to regulations within the petition site. I can however send you the names and comments from all, and I am able to contact everyone regarding the Workshop meeting via the petition site, so I will do so letting them know of the "Workshop" on June 20th and to please attend if possible. Here is the fact of the email addresses from the petition site:

The Pinellas County Transportation Dept. wants to place an expansion to the Pinellas Trail down the Duke Energy Power line easement between Enterprise Rd. and Tampa Rd. The placement of the trail here would cause a multitude of problems that we will list below. The solution is to either cancel the project and save tax money, or re-route the trail to run east on Enterprise Rd. to McMullen Booth Rd. and then along the side of McMullen Booth Rd. north to John Chestnut Park/Lake Tarpon. This plan will also make it possible to link/incorporate this trail by extending it south on McMullen Booth Rd. to Gulf to Bay to link Courtney Campbell Trail going to Hillsborough County and cost allot less than the proposed placement on the Duke Energy easement. (See recommended route in orange)

The following are many of the reasons NOT to place the trail on the Duke Energy easement:

Cost: the placement of the trail will cost far less along McMullen Booth Rd. It will only need to widen the existing sidewalk and route down East Lake Road at that exit off McMullen Booth Rd. This will save construction costs and a need for a bridge over the Tarpon channel.

Currently the design of the project is to put in crosswalks at Main St./580 and Curlew roads which would be highly dangerous to bicyclists and pedestrians using this trail. It would also cause large traffic jams on these roads that are very busy every day of the week at any hour. With the amount of traffic that goes over these roads there most certainly will be accidents and fatalities involved with automobiles at these crosswalks. The loss of just one life is too high a price to pay for an exercise trail that is intended to increase health. Pinellas County has made it on the list of "Smart Growth America" listing the most dangerous pedestrian areas, and these crossings will only add to the reputation pushing us to the top. The cost of two pedestrian bridges over these roads would exceed 6 million dollars which is the only solution to this problem. The construction costs far outweighs amount of people that would use this trail and any benefits it might bring.

Primary concern is safety, not everyone who rides a bike is in it for health reason. This will put riders within feet of homes in Chateaux Woods. How can you ensure the safety of our families and property? McMullin Booth sounds like a better, safer route for all.

My family and I live in Chateau Woods and one of the best things about this area is that it is quiet. This will be a major disruption to our neighborhood and it is totally unnecessary, not to mention the construction costs. Please use common sense and find another solution!

See someone started by mentioning the Catholic church on Curlew Rd - good point. Interestingly, although the church has a large piece of land abutting the power line and along Curlew Rd, neither portion of their land will have the trail (although it would be a natural continuation of the rest of the trail (beneath the power line)). Instead of the obvious path, Pinellas has conveniently chosen to run the trail through a quiet residential neighborhood Meadow Wood / Countryside Blvd... If anyone competent looked at what is occurring, problems are evident!

Safety is my major concern. Chateaux Woods already has a problem with cars driving thru our property to 'cut thru' for a short cut. Now we'll have bikers, walkers cutting thru to get to Countryside. This is not the way to go.

The intersection of Meadow Wood & Countryside Blvd is a major school bus stop. The trail would increase the danger for the students, At least 8 buses load and unloads students each day. Increased foot & bicycle traffic creates more opportunity for crime. The Enterprise Rd to McMullen Booth Rd. impacts fewer homeowners property & makes a more direct route to the existing trail.

I think it is EXTREMELY unfair and inconsiderate to upset the properties on Meadow Wood. No where else does the Pinellas Trail infringe on people's privacy! Shame on you using our tax money to invade our privacy and peaceful lifestyle that we are accustomed to.

I am opposed to the trail running down Meadow Wood Drive! It is planned to be just a few feet from Chateaux Woods Condos living area windows. Too close for comfort and a big hit to our property values. We don't want it to zigzag thru our little neighborhood. McMullen Booth Rd is a much better choice for this project.

First, expanding the Pinellas trail to block both entrances/exits of Château Woods will increase crime in our neighborhood. We already have too many criminals in our neighborhood, and it is not fair to add more crime. Second, expanding the trail to block both entrances/exits to our neighborhood will decrease our property values. Third, expanding the trail to block both entrances/exits to our neighborhood will make everyone in our neighborhood late to work. Residents will have to wait for all of the bikers and walkers to go by before we can leave and/or enter our property. The city and county should not be able to damage our property without our consent, and we do not consent!

Do not want Pinellas Trail expanded under the power lines behind Chateaux Woods due to safety, cost and a better place to locate it on McMullen Booth. So unsafe for pedestrians/bikers to have to cross Curlew! Also concerned with my property values and increased crime and privacy loss. This would be poor planning.

We have never had any crime, but now We are concerned with the proposal of the Trail, which will be a concern for those living on Meadowwood. They have no back yard now and with the proposal. Anyone can look into the backs of the condos. We have snowbirds and concerns of condo not occupied. A direct line down Curlew to McMullen would be safer, cheaper less traffic crossings and endangering those using the trail. My vote is No to the pros posed trail down Meadow Wood

I live part time with my daughters family. She has young children who play outside and love to play ball. Having the Pinellas trail right in front of her home would change their lifestyle. I live on Meadow Wood Dr., where the addition will be directly across the street from my house. I don't want this eyesore, added traffic, intersection on Countryside Blvd at Meadow Wood and loss of privacy. My condo neighbors across the street - they will probably wind up putting a fence and hedge to try to maintain some privacy, which will make things even uglier. 47	1/29/2019	Gail	Moore	Clearwater	Florida	United States	Safety issues such as an unfenced ponds on the trail that no one has addressed, traffic on nearby heavily traveled roadways. Probability of crime for homes bordering (not just crime on the trail) the proposed trail. Inability of access for first responders and devaluation of property value.
48	1/31/2019	Monica	Sparks	Clearwater	Florida	United States	Because of safety reasons. Our area is already very congested and I do not want this across from my house.
49	2/3/2019	SUZANNE	STORRS	CLEARWATER	Florida	United States	Im not comfortable with all the increased foot traffic that will cross my house if the trail is put in. My children wont be able to play in the front yard. I would be concerned of theft and property damage. It will not look nice. It should continue along the power easments to curlew rd or go up 580 to mcmullin as to not disrupt property owners. I also feel crossing Countryside Blvd would be an accident waiting to happen. People fly down Countryside all the time.
50	2/3/2019	NATHAN	STORRS	Clearwater	Florida	United States	I live on Meadow Wood Dr., where the addition will be directly across the street from my house. I don't want this eyesore, added traffic, intersection on Countryside Blvd at Meadow Wood and loss of privacy. My condo neighbors across the street - they will probably wind up putting a fence and hedge to try to maintain some privacy, which will make things even uglier. What a waste of money - there's already many many miles of Trail to use.
51	2/3/2019	Heather	Lukowski	Clearwater	Florida	United States	
52	2/3/2019	Kathryn	Errion	Clearwater	Florida	United States	I live part time with my daughters family. She has young children who play outside and love to play ball. Having the Pinellas trail right in front of her home would change their lifestyle. Many people walk or ride the pinellas trail. Safety issues would be a major concern. Move it so its not directly in front of family homes.
53	2/3/2019	Carolyn	Woodward	Clearwater	Florida	United States	Too many strangers will be passing right through a very kid friendly community. It will make the families feel unsafe
54	2/3/2019	Brooke	Frahn	Tarpon Springs	Florida	United States	My brother in law just bought a house a couple of years ago for he and his very young family. There was no mention of the proposed trail at that time. It would be directly out his front window and across the street from his front yard where he plays with his young boys.

57	2/3/2019	D	Williams	Clearwater	Florida	United States	I have concerns about the increase of noise levels and the lack of safety when construction begins. I support the idea of rerouting the trail.
58	2/3/2019	Mollie	Gilliard	Clearwater	Florida	United States	Worried about the accidents that could happen. Tampa Bay has a very high pedestrian accident rate as it is Should be on Mc Mullen Booth Rd which makes a lot of sense

59	2/3/2019	Dena	Ridgeway	Clearwater	Florida	United States	This will increase pedestrian traffic and parking for the trail issues in small quiet neighborhoods that purchased homes in this area for the quiet and privacy. The trail is not wanted in our neighborhood! If the extension is going to happen, please keep it on McMullen Booth as to lessen the damage to the small quiet neighborhoods.

118	2/7/2019	Elizabeth	Cason	Clearwater	Florida	United States	I live next to the proposed trail and do not want the increased foot traffic.
119	2/8/2019	Nicole	Shields	Clearwater	Florida	United States	First, expanding the Pinellas trail to block both entrances/exits of ChÃ¢teau Woods will increase crime in our neighborhood. We already have too many criminals in our neighborhood, and it is not fair to add more crime. Second, expanding the trail to block both entrances/exits to our neighborhood will decrease our property values. Third, expanding the trail to block both entrances/exits to our neighborhood will make everyone in our neighborhood late to work. Residents will have to wait for all of the bikers and walkers to go by before we can leave and/or enter our property. The city and county should not be able to damage our property without our consent, and we do not consent!
120	2/9/2019	Gloria	Woodrow	Clearwater	Florida	United States	I am opposed to the trail running down Meadow Wood Drive! It is planned to be just a few feet from Chateaux Woods Condos living area windows. Too close for comfort and a big hit to our property values. We don't want it to zigzag thru our little neighborhood. McMullen Booth Rd is a much better choice for this project.
121	2/9/2019	Frances	Minissale	Clearwater	Florida	United States	I think it is EXTREMELY unfair and inconsiderate to upset the properties on Meadow Wood. No where else does the Pinellas Trail infringe on peopleâ€™s privacy! Shame on you using our tax money to invade our privacy and peaceful lifestyle that we are accustomed to.

124	2/9/2019	Dan	Crean	Clearwater	Florida	United States	We fo not need people right next to our homes, loitering increases crime and lowers our property values.
125	2/9/2019	Jennifer	Chernay	San Diego	California	United States	I'm very familiar with the area, and it's not a great plan to run it so close to the home's in that area. A lot of seniors live there and I think it's not the right place to bring a trail.
126	2/9/2019	Thomas	Gibbs	Clearwater	Florida	United States	The intersection of Meadow Wood & Countryside Blvd is a major school bus stop. The trail would increase the danger for the students, At least 8 buses load and unloads students each day. Increased foot & bicycle traffic creates more opportunity for crime. The Enterprise Rd to McMullen Booth Rd. impacts fewer homeowners property & makes a more direct route to the existing trail.
127	2/9/2019	Monica	Taylor	North Redington beach	Florida	United States	It affects my mother's privacy and property value.
128	2/9/2019	Donna	Elliot	Clearwater	Florida	United States	I am extremely concerned about how this will effect our property values, as well as the increased number of strangers that this will bring to our neighborhood. We purchased at Chateaux Woods many years ago because it was a beautiful and safe neighborhood. I would hate to see this change!
129	2/9/2019	Walter	Elliot	Clearwater	Florida	United States	This will negatively impact both property values and our safety.
130	2/9/2019	Theresa	Taylor	CLEARWATER	Florida	United States	I will sell my house on Masters drive if this happens. I purchased my home 22 years ago because it is quiet and safe here. This would go right behind my house!
131	2/9/2019	Haley	H	Clearwater	Florida	United States	This trail would be 4 feet away from my grandmothers living room and dining room windows. Who wants constant traffic from a bunch of strangers in their front or back yard???

136	2/10/2019	Chris	Ashby	Palm Harbor	Florida	United States	I have been a park ranger, on the Upper Pinellas Trail, in Hillsborough County, and just bought this condo, in Palm Harbor, not knowing that this trail will go right past my front door. I am opposed to building a public trail, without regarding the privacy of property owners, such as myself and my neighbors, who also are ot in favor of this proposal. Please consider utilizing the Tarpon Canal channel, easement, instead.
137	2/11/2019	Carolyn	Hamm	Clearwater	Florida	United States	I live in Chateaux Woods and this trial would run along our association and would be within feet of our residences. Not good at all for safety reasons.
138	2/11/2019	RUTH	STRUM	CLEARWATER	Florida	United States	Safety is my major concern. Chateaux Woods already has a problem with cars driving thru our property to 'cut thru' for a short cut. Now we'll have bikers, walkers cutting thru to get to Countryside. This is not the way to go.

140	2/12/2019	David	Wade	Clearwater	Florida	United States	Trails should never be near, adjacent or though residential areas. Trails should be located on or adjacent to commercially zoned property or state roads.

143	2/17/2019	Benita	Cason	Oldsmar	Florida	United States	The trail invites unwanted criminal activity to the area. I have a daughter who lives next to this location. I dont want her to be in fear of her life anymore than usually.
144	2/17/2019	Sharlene	Clark	CLEARWATER	Florida	United States	This proposal would place the trail behind my home.
145	2/17/2019	Adam	Brown	Clearwater	Florida	United States	See someone started by mentioning the Catholic church on Curlew Rd - good point. Interestingly, although the church has a large piece of land abutting the power line and along Curlew Rd, neither portion of their land will have the trail (although it would be a natural continuation of the rest of the trail (beneath the power line)). Instead of the obvious path, Pinellas has conveniently chosen to run the trail through a quiet residential neighborhood Meadow Wood / Countryside Blvd... If anyone competent looked at what is occurring, problems are evident!

148	2/23/2019	Leslie	Ellis	Clearwater	Florida	United States	My family and I live in Chateau Woods and one of the best things about this area is that it is quiet. This will be a major disruption to our neighborhood and it is totally unnecessary, not to mention the construction costs. Please use common sense and find another solution!
149	2/23/2019	Phil	N.	Clearwater	Florida	United States	Primary concern is safety, not everyone who rides a bike is in it for health reason. This will put riders within feet of homes in Chateaux Woods. How can you ensure the safety of our families and property? McMullin Booth sounds like a better, safer route for all.

151	2/25/2019	Paul	Tillotson	Clearwater	Florida	United States	Do not want the increased traffic, crime and vagrancy. And it would very negatively affect home values.
