Any changes in applicable laws and regulations which govern this Agreement will necessitate a change in Agreement terms and conditions which may be affected thereby, at the time such changes occur.

ARTICLE 4 - CHARGES AND FEES

Section 4.1 General. In consideration of the privilege of using the Airport and its facilities, AIRLINE agrees to pay charges and fees to COUNTY as contained in Exhibits "A" and "B," hereto, which may be amended from time-to-time by COUNTY.

Section 4.2 Security Fee Increases and Exit Lane Staffing Reimbursement. It is understood that if the federal government mandates new security measures at the Airport resulting in a substantial increase in Airport operating costs, it may be necessary for the COUNTY to institute a security surcharge or increase charges and fees to AIRLINE to recover these costs. The creation of a security surcharge or changes to the above-referenced rates because of new security costs may be imposed by the COUNTY immediately following a courtesy notice to AIRLINE.

Section 4.3 Additional Charges.

(1) There are no third party concession fees payable to the COUNTY from the AIRLINE for services such as ground handling, into-plane fueling, catering, ticket

counter personnel, skycaps, wheelchairs, fuel supply (fuel flowage fees not included), and other services typically purchased by airlines from third parties. Nothing herein will restrict the COUNTY from charging third party service providers permit fees and rent for facilities and areas they occupy.

(2) Use of the Airport's Federal Inspection Station Facility (FIS) to clear international flights may result in a per flight charge to the AIRLINE based on use of the facility by AIRLINE. AIRLINE shall be solely responsible for coordinating with the US Department of Homeland Security (DHS), and/or other governmental agencies, for FIS staffing during hours of AIRLINE operations, and for payment of any fees hereunder, or reimbursed, over time to the DHS for FIS staffing.

Section 4.4 Passenger Facility Charge (PFC). COUNTY currently imposes and collects PFC as permitted under federal law. The COUNTY reserves the right to increase or decrease the collection rate in accordance with FAA regulations.

Section 4.5 Payment for Additional Services. In the event COUNTY provides AIRLINE, at AIRLINE's request, with services other than the normal use of runway and taxiway surfaces, which may include, but not be limited to, special security services, janitorial services, environmental containment or remediation, maintenance and repair of AIRLINE's facilities or equipment, severe weather operations, foreign object debris removal, or utilities, AIRLINE shall pay all charges within thirty (30) days after receipt of a statement for said additional services. Should these same services be required under emergency circumstances or in order to comply with applicable governmental rules and regulations, or required for public health, safety or welfare, AIRLINE shall, at the request of COUNTY, perform the necessary services in a manner and within a time frame acceptable to COUNTY. If AIRLINE does not perform as may be applicable herein, COUNTY reserves the right to provide for the performance of those services necessary, and AIRLINE shall pay all charges within thirty (30) days after receipt of a statement for said additional services.

Section 4.6 Information to be Supplied by Airline. No later than the tenth calendar day of each month, AIRLINE shall file with the Airport written reports using the attached form as “Exhibit C” hereto, or on such other forms as may be provided by the Airport from time-to-time, for activity conducted by AIRLINE at the Airport during the previous month. The reports shall include such statistical data on AIRLINE activities at the Airport as COUNTY reasonably may request.

Section 4.7 Payment. Based on the written reports required herein, the Airport will issue monthly invoices to AIRLINE, and AIRLINE will pay all invoices within thirty (30) days from the date of each invoice. Should AIRLINE dispute any invoiced charge(s), AIRLINE must notify the COUNTY in writing within seven (7) calendar days of invoice receipt as to the dispute. Failing such notice, all invoices will be considered due and payable as set forth above. Notwithstanding the AIRLINE’s right to dispute invoiced charges in accordance with the provisions herein, AIRLINE shall tender within thirty (30) days from the date of receipt of such invoice the payment due under the invoice. Both Parties will make a good faith effort to resolve any invoice dispute within thirty (30) calendar days after notice is received from AIRLINE. If a disputed invoice is settled in favor of AIRLINE, COUNTY shall reimburse the AIRLINE any monies erroneously paid.

In the event AIRLINE fails to provide any required written report within the time specified herein, or if the data set forth on said written report submitted to COUNTY appears to be inaccurate, COUNTY may, based on previous reports or other information available to COUNTY, estimate AIRLINE’s activity for the previous month and issue invoices based thereon. AIRLINE shall be liable to COUNTY for any deficiencies in payments based upon such estimates once written report is submitted. If such estimates result in an overpayment by AIRLINE, the COUNTY shall remit, or at Airport’s option, credit such overpayment to AIRLINE.

AIRLINE shall make all payments payable to Pinellas County, and forward to: Airport Director’s Office, St. Pete-Clearwater International Airport, 14700 Terminal Boulevard, Suite 221, Clearwater, Florida, 33762, (or electronically by credit transfer to

COUNTY's bank account, if available), for all fees incurred and invoiced by the Airport under the provisions hereinabove for the preceding month, plus Florida State Sales Tax thereon, if applicable. All fees are stated and shall be paid in US dollars.

Section 4.8 Interest. All payments required to be made to COUNTY hereunder shall bear interest at the rate of eighteen percent (18%) per year, from the date due, to the date of payment, if not paid within thirty (30) days from the date due. Said interest shall be calculated on a daily basis and shall be due and payable when billed. In addition to payment of interest at said rate for any delinquency, an administrative fee of Twenty-Five Dollars (\$25.00) shall also be paid to COUNTY for its additional accounting and recording expenses occasioned by such delinquent payments. In accordance with the approved Airport Rules and Regulations, which may be amended from time-to-time by the COUNTY, the Airport Director may waive the imposition of interest and administrative fees.

Section 4.9 Auditing. AIRLINE shall keep all books of accounts and records related to all aircraft landings for aircraft operating on Airport and marketing support funds provided by the COUNTY, in accordance with generally accepted accounting principles prescribed by the American Institute of Certified Public Accountants or any successor agency thereto. Such books of accounts and records shall be retained and be available for three (3) years from the end of each contract year, including three (3) years following the expiration or termination of this Agreement.

Upon prior written notice, the COUNTY shall have the right to audit and examine at its expense, during normal business hours, all such books of accounts and records relating to AIRLINE's aircraft landings and use of marketing support funds. If the books of accounts and records are kept at locations other than the Airport, AIRLINE shall, at its cost and expense, arrange for them to be brought to a location convenient to the COUNTY auditors in order for the COUNTY to conduct the audits and inspections as requested. If, as a result of such audit, it is established that AIRLINE has not used the funds for marketing support as defined in this Agreement, then the entire expense of said audit shall be borne by the AIRLINE.

The acceptance by COUNTY of any payment made by AIRLINE shall not preclude COUNTY from verifying the accuracy of AIRLINE's report or from recovering any additional payment actually due from AIRLINE. Should AIRLINE underpay COUNTY, COUNTY shall have the right to charge late fees and interest from the due date of the payment.

ARTICLE 5 - MARKETING SUPPORT

Section 5.1 Marketing. Subject to the terms, conditions, and definitions of this Agreement, including "Exhibit E" hereto, the COUNTY in its sole discretion, may provide the AIRLINE direct marketing support of up to \$75,000 per new city, per fiscal year, not to exceed a total of \$150,000 per year for the term of this Agreement. St. Pete-Clearwater International Airport

**AIRCRAFT & DEPARTURE GATE
STANDARD OPERATING PROCEDURES**

PURPOSE: To establish guidelines for assigning scheduled and unscheduled flights to common-use aircraft and departure gates at the St. Pete-Clearwater International Airport (Airport).

BACKGROUND: All aircraft and departure gate assignments are designated as "common-use"; therefore, no airline shall have exclusive rights to a particular gate. Scheduling aircraft and departure gates are determined based on the criterion that follows.

FLIGHT SCHEDULE: Airline flight schedules are maintained and updated by Airport Operations for tenant distribution. Any changes to an airline's flight schedule must be submitted to Airport Operations no later than close of business on Wednesday of the preceding week. Airport Operations shall assign aircraft and departure gates based on preference and established guidelines. Please note that any and all gate changes require prior approval by Airport Operations.

AIRCRAFT GATE SCHEDULING: Gate scheduling is based on the following criteria, in descending order of priority.

- A. **International Flights** - International flights will be assigned to aircraft gate positions adjacent to the Federal Inspection Station (Customs) and utilize departure Gates 2-6 to provide access to the Duty Free Shop.
- B. **Type of Aircraft** - Not all aircraft parking gates are the same dimension. Only aircraft parking positions 4, 5, 8, 9, 10, and 11 can accommodate wide-body aircraft (i.e. L1011, B767, etc.).
- C. **Multiple Flights** - If an airline has more than one flight scheduled during the same interval and an adjacent gate is available, Airport Operations will make a good faith effort to schedule the aircraft on a contiguous gate to contain the airline's operations.
- D. **Preferences** - Each airline's preference as best as possible, will be taken into consideration when assigning gates.

- E. Market Share - If two or more airlines request the identical gate not served by Passenger Boarding Bridges, the airline with the higher overall market share will receive priority. However, an airline that requests use of a Passenger Boarding Bridge gate and pays a Boarding Bridge fee shall be assigned solely at the discretion of Airport Operations.
- F. Overnight or Extended Parking - Aircraft that Remain Over Night (RON) will be permitted to stay on the arriving gate so long as, at the sole discretion of Airport Operations, it does not conflict with another inbound flight scheduled on the same gate. Aircraft may be required to be towed to an alternative location on the airfield at the sole direction of Airport Operations. Aircraft that are scheduled to park on the terminal ramp in excess of 4 (four) hours may be subject to terminal ramp fees.
- G. Private Charters - Private charters will receive the lowest priority for gate assignments. If adequate parking is not available on the terminal ramp, the Fixed Based Operator shall be required to provide alternative accommodations or park the aircraft on their ramp.
- H. Passenger Ramps - See Exhibit "F".
- I. Boarding Bridges - See Exhibit "G".

FLIGHT DELAYS: If flight delays are inevitable due to a number of reasons (i.e. weather, mechanical, etc.). In the event that a flight is delayed and a gate conflict occurs, the following criteria shall apply:

- A. If a delayed flight is inbound and scheduled to park on a gate that is already occupied, they will be required to park on an alternative gate, unless the other airline is willing to relocate.
- B. If the delayed flight is already parked on a conflicting gate, that airline will be required to reposition their aircraft, unless the other airline is willing to relocate.

AIRCRAFT POWER-OUT: The powering out of turbo-jet aircraft is prohibited due to ramp conditions and safety.

PASSENGER BOARDING/DEPLANING: Notwithstanding the use of any County property to assist in the boarding or deplaning of passengers, the Airline shall be responsible for ensuring the safe and secure passage of passengers between the aircraft and terminal building.

FEDERAL INSPECTION STATION (CUSTOMS): In the event that more than one scheduled international arrival requires Customs, the first arrival will have priority and clear their passengers first. The second arrival will be required to hold passengers onboard the aircraft until the Customs supervisor has authorized the airline to deplane passengers into Customs. Scheduled international arrivals will have priority over unscheduled international flights.

UNSCHEDULED CHARTERS: All gate assignments for unscheduled charters (*i.e.* sports teams, VIP's, celebrities, government officials, etc.) shall require coordination and approval through Airport Operations, including vehicle escorts or special security measures. The airline or ground handler contracted to service the flight is responsible for providing pedestrian and vehicle escorts.

AIRPORT OPERATIONS: An Airport Operations Supervisor is available daily to allow for immediate on-site coordination and supervision of terminal ramp operations. Under the authority of the Airport Director, the Airport Operations Supervisor shall have final authority on all aircraft and passenger gate assignments. Airport Operations can be reached via cell phone at (727) 409-3815 (**NOT FOR PUBLIC USE**) or (727) 453-7814.

TERMINAL RAMP CAPACITY: If a situation occurs where all aircraft gates are occupied, Gate 6 in front of Customs may be utilized by smaller narrow bodied aircraft (*i.e.* B-737s, DC-9s, A-320s, etc.). The use of Gate 6 requires prior approval from Airport Operations, who will coordinate with the United States Customs and Border Protection Agency (USCB)..

DUTY FREE: Departure Gates 2-6 shall be used for all international flights in order to provide passengers access to Duty Free shopping. Departure Gates 7-11 are intended for domestic flights only and do not offer Duty Free shopping. In the event that operational needs require international flights to be moved to Gates 7-11, Airport Operations shall make the final determination. Simultaneous domestic and international flights in Departure Gates 2-6 are permitted.

DEPARTURE LOBBIES: All passenger Departure Gates are designated as common-use. No airline shall have exclusive rights to a particular gate. Following a departure, the airline shall remove all signage, brochures, and flight information from the departure gate counter for the next airline.

The assignment of passenger gates will be based on aircraft parking and the criteria listed thereunder.
