Description & Comments

(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)

This Agreement between the County and Pinellas Suncoast Fire & Rescue District is the result of a collaborative effort to manage the growth of Emergency Medical Service (EMS) incidents and to make sure that appropriate resources are dispatched to each incident. The agreement is designed to keep Advanced Life Support (ALS) First Responders available for incidents such as life-threatening emergencies, fire suppression and other hazardous emergencies. Incidents that are not life-threatening and do not require ALS First Responders would have ambulance only responses that would allow ALS First Responders to remain ready to respond to other life-threatening or fire and hazard related emergencies.

This agreement also looks to use public education and community outreach to reduce the demand on EMS services

This agreement becomes effective upon execution and expires on September 30, 2020. This agreement also provides for three (3) additional one (1) year term extensions.
