Date/Time/Comments: 12/23/19 Approval and execution by the County Administrator of two Agreements, the Third Amendment to the Subrecipient Agreement with Operation Par, Inc. and new Subrecipient Agreement with the Florida Department of Health in Pinellas County (DOH) to provide services under the University of Baltimore's Fiscal Year 2019 Competitive Subaward for Combating Opioid Overdoses through Community-level intervention. Additional funding in amount not to exceed \$209,410.00 has been provided by Grant #G1999ONDCP06A from the COOCLI Grant (Total Grant Award is \$222,610.00 the outstanding \$13,200 will fund transitional housing services). (RK) Even though this is an amendment Sara Gordils confirmed they wanted to re-iterate insurance requirements as referenced in agreement. Scope of services remains similar. Limits above are the same as those in original agreement.

Notes: A multi-disciplinary team of partners (HOME Team) will include DOH, Pinellas County Safety and Emergency Services, law enforcement, Central Florida High Intensity Drug Trafficking Area (HIDTA) and community treatment partners. The DOH led Street Team will deploy staff from Operation PAR, public health, and law enforcement (where appropriate) to the various locations to provide outreach, education and a connection to treatment and/or housing for homeless individuals at risk of overdose.

The HOME Program will utilize a data-driven approach to target specific sites throughout the community with high concentrations of overdoses. Site specific strategies for outreach and education will include: letters to business owners regarding the frequency of "overdose" incidences at their sites, development and distribution of educational materials for sites regarding local substance use treatment options, purchase and distribution of naloxone spray for at-risk individuals at the sites. Case managers on the street teams will help individuals connect to existing community treatment options and even provide transitional housing options for eligible homeless clients.

Please note: The Insurance & Contractual Risk Division reviews requests to assess risk, assign insurance requirements and provide compliance reviews for insurance certificates. However, this review does not imply approval for any event, purchase, service or project. It is the requestor's responsibility to obtain all necessary approvals.
