Topic Salons need a definitive date to reopen, May18th

BCC Agenda Date 5-1-2020

Your Stand on the Issue

Comments

In Pinellas County Hair Salons were the last businesses ordered to close. As you watched footage of photos inside salons that were doing all the requirements set forth by the Sheriff it was clear we were taking safety seriously. After last nights choice of who to open back up this is no longer a nonessential issue. May 18th gives the Gov 3 weeks to watch Georgia. If things go bad we would be the first workers to agree with staying closed. This was wrong to throw us to the back burner with no definitive date to get prepared or organized with many people in our community who see us as essential to mental health. If the Governor received a great haircut he would look less tired and be able to think clearer. There are people doing hair out of their homes and going into others home traveling from door to door, this is way more dangerous to the possible spread of Covid than a controlled environment of a licensed business who will generate tax dollars also. Please help this industry open May18th, that is all we are asking. Valerie Arnold
