i was appalled that Pat Gerard said in the last meeting that she did not care about the opinion of the people she represents and will do what she believes is in everyone's best interest. We the people decide, not you. You are paid by the citizens of the county, and you are willfully destroying our businesses and livelihood. You must consider the economy as well as social well being of citizens, not just health. You will suffer when the Trump Squad members vote in someone else. We will seek to prosecute you for your wilful violation of our constitutional rights. You have been warned.

Topic	The constitutionality of mandatory masks
BCC Agenda Date	
Your Stand on the Issue	Oppose
Comments	State representative Anthony Sabatini is currently suing the Pinellas County Commissioners for their most recent unconstitutional Mandate of mask-wearing inside businesses. Did the committee, before ruling, examine the constitutionality of this mandate? It appears to be in direct violation of not only the Florida Constitution, but also of the United States Constitution. Please advise.
