Comments	Please continue the mask ordinance. It is an easy and effective tool to help slow or stop the spread of coronavirus, which is especially essential during this time as we cope with unprecedented positive tests and tragic deaths. In particular, as kids likely return to school next month, we will need to work together as a community to create as safe of an environment as possible. This is a small but meaningful effort all of us can make together.

### Comments

Grateful that the BOCC made Face Mask mandatory. My shopping trip to Publix and other businesses are now safe. Those businesses like Publix did not make it mandatory which showed me that this was a political decision. The recommendation not being followed by BOCC which is based on science, wearing face masks outside in public. The ordinance is weak as it relates wearing face masks outside only reference to wear face mask when not able to be socially distant. Please make this ordinance specific as it relates to walking outside in a shopping center or downtown Dunedin. I noticed this part of the ordinance not being followed. I for one will not enter an area that is not enforced. How many others will not visit a business in a shopping center or downtown Dunedin because it is not safe from COVID19. The only way businesses are to survive with COVID19 is to limit the spread of the disease, wear a face mask outside in public areas.

Comments I strongly urge you to extend the mask ordinance until August 31, as the number of Covid deaths in Pinellas County is still rising. We need to stop that rise before the children, teachers and support staff are forced to return to school in order to give all of them a chance to survive.

Comments	I strongly support continuing the ordinance requiring masks in Pinellas County. Please do not allow the objections of a loud but small minority distract you from doing the right thing to keep our citizens safe. We are nowhere near flattening the curve. This should not even require a vote. Follow the advice of health experts. Mandate masks in Pinellas County.

Comments  
It looks like our case number might be leveling off which means the masks are helping even though a large number of people are still struggling to fully comply. If we take away the policy we will be moving in the wrong direction. The masks are truly the only weapon we have in this fight. Our entire state is in a tail spin and we have to keep fighting to pullout of it. In Texas doctors are turning away sick people to go home to die because they dont have room in the hospitals. If we cant fight this everyday possible we will be there too, soon. Please don't take our one simple weapon away.

Topic Mask Mandate

BCC Agenda Date 7-30-2020

Your Stand on the Issue Support

Comments I very strongly support the extension of the mask mandate in Pinellas County. Wearing a mask is an easy, common sense act. I am beyond tired of folks not wanting to make a minor accomodation for the health of their fellow citizens. I also feel that lifting the mandate will give people a false sense of security, and cause them to think that things can simply go back to normal.

Comments	We do not have the right to risk the lives of others. The reality of the way this virus spreads demands that mandatory mask usage continues so that we might best defend the health and safety of those around us and, in doing so, also protect our communities and ourselves. It is not right to ignore the responsibility we have to each other, nor is it reasonable to believe mask-wearing is too great an inconvenience in light of the clear need for--and benefits from--consistent implementation of the practice.
