Topic	Mandatory masks
BCC Agenda Date	8-20-2020
Your Stand on the Issue	Oppose
Comments	I am opposed to mandatory masks. Wearing a mask all day is unsanitary and causing more health problems than the coronavirus is trying to prevent. Most people wear the same mask all day long touching it taking it on and off and spreading more germs. I also see people wearing them incorrectly. This is not something the government should be mandating.

Topic Mask mandate

BCC Agenda Date 8-20-2020

Your Stand on the Issue Oppose

Comments

I have not and cannot wear a mask due to health concerns. Even though the ordinance contains a medical exemption, I have been discriminated against by both individuals and multiple businesses since the ordinance began. This has caused me additional stress and anxiety anytime I have to go out but I have been limiting my trips out into the public not because of fear of catching the virus but because of how I'm being treated by my fellow citizens. As a healthy person, wearing a mask decreases oxygen which can lead to hypoxia, increases CO2 leading to hypercapnia and respiratory acidosis, increases blood pressure, suppresses the immune system increasing susceptibility for infection. This ordinance is unconstitutional and needs to be terminated immediately!

Topic Mask Mandate

BCC Agenda Date 8-20-2020

Your Stand on the Issue Oppose

Comments

Research is very clear on the low level of transmission for children. This mask mandate does not take into consideration the children that have sensory issues, asthma etc and are limited to what they can tolerate over their face. This mandate puts them at risk of "bullying" and retaliation due to an issue they have no control over. If they are mandating masks they should include the use of face shields for those who can not tolerate cloth. The county does not appear to be following the cdc guidelines and taking medical exemptions into consideration

Topic Mask Mandate

BCC Agenda Date 8-20-2020

Your Stand on the Issue Oppose

Comments

Please consider making the mask mandate optional for citizens of Pinellas especially for children. at this point people are tired of them and are not wearing them correctly or maintaining the cleanliness of them which is leading to many citizens having fungal and bacterial infections on their skin. many citizens are wearing valve and 95 mass which only protect the wearer and not the general public making it pointless for me to have on a cloth mask standing adjacent to them in line at the grocery store. If you want to protect citizens require hospitals, doctors offices and skilled nursing facilities to have their employees strip down in a clean room and change into street clothes prior to leaving their job for the day. I don't know how many times I have seen health care workers who I know the department that they work for out at Publix shopping after work when they have been in a covid unit all day. We need our economy to open back up. We need our jobs back in Pinellas and we need our citizens to be able to freely move about the county.

Topic Mask mandate for schools

BCC Agenda Date

Your Stand on the Issue Oppose

Comments

I oppose a mask mandate for children in school because I have two children who are both starting classes at new schools this year and masks will, well, mask their faces. It's very difficult for some children to go to school and meet new classmates, especially if they can't see each others faces. The data shows an incredibly low risk of contracting a virus, much lower than typical historical viruses we are used to, so we are overreacting based on a politics rather than actual measurable risk. The psychological damage children are facing by having to wear masks should be considered but that doesn't seem to matter to some. No matter how much you try to normalize masks by putting some cute characters on them or bedazzling them, it doesn't hide the fact that it's not right for our children. Do not mandate masks for our children while attending school.

BCC Agenda Date	8-20-2020
Your Stand on the Issue	Oppose
Comments	I oppose the mask mandate for Pinellas County. My child attends a Pinellas County school and we spend most of our time in Pinellas. I strongly oppose a mask mandate. It really don't feel we should be told what.to do. I truly don't believe that masks are even the answer but I don't feel we should be mandated to wear them. We should have the option to make our own decision.

It is proven we are past the curve of covid. Not just in our county but in the state of Florida. Look at the science. It is a pattern proven time and time again in other countries. The masks mandates pose risks especially to children to have to wear them 8 hours in school. It is detrimental to their health and has physiological impacts past what they have already sadly endured. Time to open back up, restore freedoms, remove the masks, get people working, children in school and get everyone back on their feet. Thank you.

Covid19 testing is not on every corner anymore, Our hospitals have stopped having floors dedicated to the virus and have gone back to normal operations and resumed elective surgeries. Pinellas is not in a crisis anymore. The mask mandate was and will always be useless, ineffective and an over step from power hungry leaders. Please remove the mask mandate. Our children need to return to schools with out being pawns subjected to such chaos. There is no need for well children to wear a mask 6-8 hrs a day five days a week and subject them to various mental and physical ailments and short/long term side effects from wearing masks for that long every day. This is abuse of power and our children will suffer. It is not ok and it must stop.

Thank you for the opportunity to write in. Given the fact that the numbers in Florida continue to go down and that there is a proven treatment for CV-19 as well as an increasingly high recovery and survival rate, I OPPOSE that healthy human beings should be required to wear a covering when they can attend to social distance and defer face coverings to those who feel MORE COMFORTABLE using one. It is perfectly acceptable for an individual who wants to use one, to use one. It is absolutely unacceptable to demand that any person with perfect health and a clear understanding of their wellbeing to be forced to wear one when they are observing proper hygiene and maintaining distance as needed. Dr Fauci himself as well as the WHO have repeatedly stated that face coverings are about personal comfort, not about preventing infection. Are we to continue to ignore the fact that face coverings do not prevent transmission? That world health experts have specifically said this more than once? That most people aren't even wearing them correctly? It is high time we got rid of this ordinance. We didn't have them during the peak when they "would've been useful". We do not need them now. Let each citizen decide for themselves. FREEDOM. AUTONOMY. We have the right to our bodies. Please note the EXTENSIVE medical research done by diligent medical professionals about what ACTUALLY treats CV19. Find us ONE credible scientific paper on the fact that masks work as they are claimed to. And BTW, right on the box of the medical masks most people are purchasing to wear it says clearly - does NOT prevent Covid 19 transmission - so WHY are we being forced to wear them exactly? Please consider these questions seriously. Please understand the precedent we have the capacity to set by laying down this ridiculous decree and allowing your citizens to decide how they feel MOST served. This should remain an individual choice. If the coverings work - let those that want one to wear one. The rest of us should not have to

bear that responsibility. Thank you again.

Comments I oppose the mask mandate as it is proven that our numbers are way down. If you choose to wear a mask then wear a mask. If I don't wear a mask and you do, aren't you protected? If not then why are you wearing a mask? If it makes you feel better then wear one. Forcing us all to wear them is not only unconstitutional it discriminates against those that don't. If you want to pay your doctor to get a note and carry that around you can do that but what a waste of our hard earned money when we already pay you to work for us.

As a tax paying citizen of Pinellas county for 30 plus years, I am respectfully asking that the mask mandate be dropped. The numbers of infected are way down according to the CDC, and even according to our Governor, the numbers were wrong. Defective tests, false positives, etc. If you choose to continue wearing one then that's your choice but to force everyone and every business is against our constitutional rights, not to mention some of us that suffer with PTSD are triggered with mask wearing. Science now proves they don't help anyway. More people are dying from unrelated covid deaths due to the false fear and isolation. They won't go anywhere because they can't wear a mask. Hopefully you will all realize that this scare tactic no longer works as the numbers prove otherwise. We want our beautiful county back to a free county. We elected all of you, and we can vote you out too. Not a threat, just reality. Thank you in advance for considering all of the people you work for and our concerns with this unnecessary mask mandate.

Comments	Three Questions, will be listening for your answers. 1. If the virus spreads from "saliva", and these Commissioners reason for mandating masks, why does the test involve a swab up the nose instead of a saliva sample???? 2. If a person tests "positive" and becomes a DAILY CASE, however that person has recovered and we request their plasma, why is it NEGATIVE? WHAT ARE THEY TRYING TO HIDE? \$100 to the Pinellas Community Foundation if this (#3) question is answered in tomorrows meeting with a specific, 3. "What is the specific, quantifiable criteria you are looking for that will trigger a repeal of your mask ordinance?"
