Comments Many residents in our community would like the opportunity to speak up during your weekly meetings. Many of us have submitted comment cards or sent emails in lieu of calling with the understanding the Board would read these comments also. However, during the last meeting, only those who called in were considered as public comment and decisions from the Board were admittedly made based on the number of callers who spoke. If you are not going to consider what we write to you as our comment of record, then I ask you to schedule an evening meeting so those of us who actually work during the day, are able to participate in the meeting.
