Hello,

I want to briefly show my disgust for this commissions inappropriate behavior and refusal to answer the public's questions. How did you not know about the new mask ad campaign when you were there on the news promoting it. We the people do not believe you.

Your own Facebook comments are very political as well even though you say this is not a political issue.

Thank you all for voicing your opinion. Please continue to express yourselves. Yes, it is ridiculous that we have to do this every week, but (please forgive me) "it is what it is".

We the people know the truth and do not believe this commissions rhetoric. We also know the truth about masks and this virus.
We have done our research.

Thank you

Commissioner Gerard,

Every week I watch the Commission meeting, and am disgusted at what I see. You and your colleagues care more about getting federal money than you do what you citizens want. I would like to remind you that you work for us. I see you every week, roll your eyes when the citizens call in to voice what's on their mind. You try to restrict us, you try to censor what we will say. This will not work. I will call in every week, and I will say what is on my mind. If that includes mentioning one or both of your colleagues getting voted out and replace then "it is what it is".

We need to end this current state of emergency, and let the mask ordinance die with it. Then if the county needs the federal money, you can vote on a new state of emergency that would allow you to get the federal funds. That is the quick and easy way for everyone to get what they want.

Also, I find the response that you left on Facebook about having to listen to us when we call very disturbing. If you do not like listening to the people, perhaps find another line of work.

...NOT

Oh Pat.

We see you and this is unacceptable. Listening to your constituents is literally your job, yet you call it “ridiculous.” I am part of an organized group of citizens practicing civil disobedience. Your mask mandate is a ridiculous overreach. You set the tone for PCSB to mandate masks all day for children as young as 3 years old. I have the privilege to send my children to private schools where they can breath, but not everyone shares my privilege. I fight for them. I will happily vote you out.
