Topic Let the State of Emergency Expire

It's time to allow the State of Emergency (SOE) to expire instead of voting to end the mask mandate. If the state of emergency expires, the mask mandate will end with it. The Board will then have the opportunity to immediately implement a new state of emergency without the mask ordinance included. This allows you to continue to collect your precious Federal funds. On the other hand, if the Board votes to remove the mask mandate from the existing state of emergency, it would take a lot of time with the two-week public notice, stretching it out until past the election in November. We request the mask mandate to end as soon as possible. Many of the members of this community will still wear masks which is fine. We are only requesting the right to choose, and an end to this blatant government overreach.
